SENATE COMMITTEE ON STATE GOVERNMENT

Majority Report: Do pass.

Signed by Senators Miloscia, Chair; Zeiger, Vice Chair; Hunt, Ranking Minority Member; Kuderer and Pearson.

Staff: Melissa Van Gorkom (786-7491)

Background: Revised Code of Washington (RCW) Generally. State laws are found in the RCW, which is codified and published by the Code Reviser under the supervision of the Statute Law Committee, a legislative agency.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.

Decodification. Decodified statutes are removed from publication in the RCW, but remain in effect. This is commonly used in situations where a statute lays out nonsubstantive language, such as an effective date, emergency clause, or severability clause, or the statute no longer has any effect going forward.

Repeal. Repealed statutes are invalid going forward and are removed from publication in the RCW and disappear altogether. This is commonly used in situations where the Legislature wants to eliminate an authority or directive, a specific statutory task has already been completed, or a specific statutory authority has not been used in a number of years.

Summary of Engrossed Bill: A number of statutes are decodified, repealed, or amended, such as:

- decodification of intent sections, codification instructions, effective date clauses, rules requirements, repeal of laws, severability clauses, savings clauses, and transfers of functions;
- repeal of duplicate definitions, completed reporting requirements, one-time funding disbursements, pilot projects, program function transfers, taskforces or boards that no longer exist, workgroups, and accounts or programs that have been unused for a substantial period or were terminated; and
- amendments to statutes to correct statutory references, eliminate language referencing completed reports or expired moratoriums, account for the decodification and repeal of other statutes, and remove language that is past the timeframe specified for applicability.

Appropriation: None.

Fiscal Note: Not requested.

Creates Committee/Commission/Task Force that includes Legislative members: No.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Staff Summary of Public Testimony: None.

Persons Testifying: No one.

Persons Signed In To Testify But Not Testifying: No one.

EFFECT OF HOUSE AMENDMENT(S):

- Removes amendments to RCW 21.20.880 that are identical in relevant part to those made by HB 1593 (2017).
- Removes references to the transportation fund, which is repealed by section 40 of the bill, and modifies references to accounts created within the transportation fund accordingly.
- Removes reference to the drinking water assistance repayment account which was eliminated in 2ESB 5251 (2016).
