

# SENATE BILL REPORT

## SB 5729

---

As of February 15, 2017

**Title:** An act relating to legislative technology.

**Brief Description:** Concerning legislative technology.

**Sponsors:** Senators Lias, Miloscia and Kuderer; by request of Joint Legislative Systems Committee.

**Brief History:**

**Committee Activity:** State Government: 2/15/17.

**Brief Summary of Bill**

- Renames the committees that oversee legislative technology.
- Changes the Legislative Service Center to Legislative Technology Solutions Agency.
- Changes the committee coordinator to legislative technology director.

---

### SENATE COMMITTEE ON STATE GOVERNMENT

**Staff:** Melissa Van Gorkom (786-7491)

**Background:** In 1986, the Joint Legislative Systems Committee (JLSC) was created to oversee the direction of the information processing and communications systems of the Legislature. JLSC consists of four legislative members, one from each of the two largest caucuses in each chamber of the Legislature. JLSC is advised by an administrative committee, the Joint Legislative Systems Administrative Committee (JLSAC), consisting of five members: two from Senate administration, two from House administration, and one from the Office of the Code Reviser.

Among other duties, JLSAC is responsible for adopting policies and standards regarding information processing and communications systems of the Legislature.

---

*This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.*

JLSC employs the Legislative Systems Coordinator, who is the executive head of the Legislative Service Center (LSC). LSC provides data processing services, equipment, training, and support to the Legislature.

Among other duties, the coordinator must enter into contracts for the sale or acquisition of equipment, supplies, services, and facilities, and for the distribution of legislative information.

**Summary of Bill:** The committees that oversee legislative technology are renamed:

1. Joint Legislative Systems Committee is changed to the Joint Legislative Technology Committee (Technology Committee).
2. Joint Legislative Systems Administrative Committee is changed to Joint Legislative Technology Administrative Committee (Administrative Committee).

The Technology Committee must employ a legislative technology director, rather than committee coordinator.

The Administrative Committee must establish the Legislative Technology Solutions Agency, rather than a Legislative Service Center.

**Appropriation:** None.

**Fiscal Note:** Not requested.

**Creates Committee/Commission/Task Force that includes Legislative members:** No.

**Effective Date:** Ninety days after adjournment of session in which bill is passed.

**Staff Summary of Public Testimony:** PRO: The Joint Legislative Systems Committee decided that the name does not align with the mission anymore. This bill renames these entities to reflect the mission and the critical component technology plays in support of the legislative mission and highlights the great work that technology professionals provide in support of the Legislature.

**Persons Testifying:** PRO: Senator Marko Liias, Prime Sponsor; Mike Rohrbach, Director/Legislative Service Center (LEG-TECH).

**Persons Signed In To Testify But Not Testifying:** No one.
