By Representative DeBolt

1            AN ACT Relating to the capital budget; making appropriations and  
2 authorizing expenditures for capital improvements; amending RCW  
3 70.340.130, 28B.10.027, and 28B.50.360; amending 2015 3rd sp.s. c 3

7 amending RCW 43.19.501; adding new sections to 2015 3rd sp.s. c 3  
8 (uncodified); creating new sections; making appropriations; providing  
9 an expiration date; and declaring an emergency.

10 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

11            NEW SECTION.    **Sec. 1.**    (1) A capital budget is hereby adopted  
12 and, subject to the provisions set forth in this act, the several  
13 dollar amounts hereinafter specified, or so much thereof as shall be  
14 sufficient to accomplish the purposes designated, are hereby  
15 appropriated and authorized to be incurred for capital projects  
16 during the period beginning with the effective date of this act and  
17 ending June 30, 2019, out of the several funds specified in this act.

18            (2) The definitions in this subsection apply throughout this act  
19 unless the context clearly requires otherwise.

20            (a) "Fiscal year 2018" or "FY 2018" means the period beginning  
21 July 1, 2017, and ending June 30, 2018.

1 (b) "Fiscal year 2019" or "FY 2019" means the period beginning  
2 July 1, 2018, and ending June 30, 2019.

3 (c) "Lapse" or "revert" means the amount shall return to an  
4 unappropriated status.

5 (d) "Provided solely" means the specified amount may be spent  
6 only for the specified purpose.

7 (3) Unless otherwise specifically authorized in this act, any  
8 portion of an amount provided solely for a specified purpose that is  
9 not expended subject to the specified conditions and limitations to  
10 fulfill the specified purpose shall lapse.

11 (4) The amounts shown under the headings "Prior Biennia," "Future  
12 Biennia," and "Total" in this act are for informational purposes only  
13 and do not constitute legislative approval of these amounts. "Prior  
14 biennia" typically refers to the immediate prior biennium for  
15 reappropriations, but may refer to multiple biennia in the case of  
16 specific projects. A "future biennia" amount is an estimate of what  
17 may be appropriated for the project or program in the 2019-2021  
18 biennium and the following three biennia; an amount of zero does not  
19 necessarily constitute legislative intent to not provide funding for  
20 the project or program in the future.

21 (5) "Reappropriations" in this act are appropriations and, unless  
22 the context clearly provides otherwise, are subject to the relevant  
23 conditions and limitations applicable to appropriations.  
24 Reappropriations shall be limited to the unexpended balances  
25 remaining on June 30, 2017, from previous biennial appropriations for  
26 each project.

21 and health services and the department of health and must only select

25 the state hospitals;

26 (ii) The facility is not subject to federal funding restrictions  
27 that apply to institutions of mental diseases;

12 projects that offer a higher percentage of nonstate match funds.

13 (7) (~~(\$6,600,000)~~) \$100,000 of the state taxable building  
14 construction account is provided solely for credit enhancements of  
15 advanced solar and renewable energy manufacturing within Washington

17 competitively select projects.

18 (8)(a) \$13,000,000 of the state building construction account is  
19 provided solely for grants to advance clean and renewable energy  
20 technologies and advance transmission and distribution control system  
21 improvements for increased reliability, resiliency, and enabling  
22 integration of distributed and renewable resources and technology by

24 in the state. Eligible utilities may partner with other public and  
25 private sector research organizations and businesses in applying for  
26 funding.

27 (b) The department shall develop a grant application process to  
28 competitively select projects for grant awards, to include scoring  
29 conducted by a group of qualified experts with application of

36 priorities and long term goals.

37 (d) Applications for grants must disclose all sources of public  
38 funds invested in a project.

39 (e) Grant funds must be used for research, development, or  
40 demonstration projects that integrate intermittent renewables through

1 energy storage, information technology or other smart grid  
2 technologies, dispatch energy storage resources from utility control  
3 rooms, use demand response, transactive control, or the thermal  
4 properties and electric load of commercial buildings and district  
5 energy systems to store energy, reduce transmission congestion or  
6 otherwise improve system reliability and resiliency and enable  
7 integration of distributed and renewable energy sources.

8 (9)(a) \$10,000,000 of the state building construction account is  
9 provided solely for grants to match federal funds or other nonstate  
10 funding sources used to research, develop, and demonstrate clean  
11 energy technologies.

12 (b) The department shall consult with the University of  
13 Washington, Washington State University, the Pacific Northwest  
14 national laboratory and other clean energy organizations to design  
15 the program. The program shall offer matching funds for competitively  
16 selected clean energy projects including, but not limited to:  
17 Advancing energy storage and solar technologies, advancing bioenergy,  
18 developing new lightweight materials, and advancing renewable energy  
19 and energy efficiency technologies.

20 (10) \$400,000 of the state building construction account—state is  
21 provided solely for capital funding of competitively selected wood  
22 energy conversion projects at public facilities.

23 (11) The department must report on number and results of projects  
24 that receive grants or loans through the clean energy fund, including  
25 the number of job hours created and the number of jobs maintained and  
26 created, to the governor and the legislature, by November 1, 2016.

27 (12) The department shall develop metrics that indicate the  
28 performance of energy efficiency efforts and provide a report of the  
29 metrics, including at a minimum the current energy used by the  
30 building, the energy use after efficiencies are completed, and cost  
31 of energy saved, to the house of representatives technology &  
32 economic development committee and the senate energy, environment &  
33 telecommunications committee. The report must include these metrics  
34 from other states.

35 (13) \$3,250,000 of the state building construction account—state  
36 appropriation is provided for the Pacific Northwest national  
37 laboratory to use demand side management and analyze electricity use  
38 by the department of corrections. After the analysis is performed any  
39 remaining funds may be used for reducing energy use of the department  
40 of corrections. The department must make energy records available.

11 **Sec. 6004.** 2016 sp.s. c 35 s 1008 (uncodified) is amended to  
12 read as follows:

13 **FOR THE DEPARTMENT OF COMMERCE**

14 2017 Local and Community Projects (30000846)

15 The appropriation in this section is subject to the following  
16 conditions and limitations:

17 (1) Except as directed otherwise prior to the effective date of  
18 this section, the department may not expend the appropriation in this  
19 section unless and until the nonstate share of project costs have  
20 been either expended, or firmly committed, or both, in an amount  
21 sufficient to complete the project or a distinct phase of the project  
22 that is useable to the public for the purpose intended by the  
23 legislature. This requirement does not apply to projects where a  
24 share of the appropriation is released for design costs only.

25 (2) Prior to receiving funds, project recipients must demonstrate  
26 that the project site is under control for a minimum of ten years,  
27 either through ownership or a long-term lease. This requirement does  
28 not apply to appropriations for preconstruction activities or  
29 appropriations whose sole purpose is to purchase real property that  
30 does not include a construction or renovation component.

31 (3) Projects funded in this section may be required to comply  
32 with Washington's high performance building standards as required by  
33 chapter 39.35D RCW.

34 (4) Project funds are available on a reimbursement basis only,  
35 and shall not be advanced under any circumstances.

36 (5) Projects funded in this section must be held by the recipient  
37 for a minimum of ten years and used for the same purpose or purposes  
38 intended by the legislature as required in RCW 43.63A.125(6).

1 (6) Projects funded in this section, including those that are  
2 owned and operated by nonprofit organizations, are generally required  
3 to pay state prevailing wages.

4 (7) As the most trade dependent state in the nation, the  
5 legislature recognizes the significant statewide benefits to be  
6 gained from the proposed Asia Pacific cultural center. The  
7 multipurpose facility will serve as a needed cultural resource for  
8 Washington's Asian and Pacific Islander community; provide affordable  
9 housing and educational opportunities; strengthen relations with our  
10 Asia-Pacific trading partners; and deliver economic growth as a  
11 commercial and tourist destination. The legislature intends to  
12 support the development of the project through a grant to be used for  
13 project coordination and development of a sustainable financial plan,  
14 which the legislature intends as a prerequisite to consideration of

PART 7

MISCELLANEOUS PROVISIONS

1  
2  
3       NEW SECTION.     **Sec. 7001.**     To ensure that major construction  
4 projects are carried out in accordance with legislative and executive  
5 intent, appropriations in this act in excess of \$5,000,000, or  
6 \$10,000,000 for higher education institutions, may not be expended or  
7 encumbered until the office of financial management has reviewed and  
8 approved the agency's predesign. The predesign document must include,  
9 but not be limited to, program, site, and cost analysis, and an  
10 analysis of the life-cycle costs of the alternatives explored, in  
11 accordance with the predesign manual adopted by the office of  
12 financial management. The results of life-cycle cost analysis must be  
13 a primary consideration in the selection of a building design.  
14 Construction may proceed only upon providing to the office of  
15 financial management the life-cycle costs. To improve monitoring of  
16 major construction projects, progress reports must be submitted by  
17 the agency administering the project to the office of financial  
18 management and to the fiscal committees of the house of  
19 representatives and senate. Reports must be submitted on July 1st and  
20 December 31st each year in a format to be developed by the office of  
21 financial management.

22       NEW SECTION.     **Sec. 7002.**     (1) The legislature finds that use of  
23 life-cycle cost analysis will aid public entities, architects,  
24 engineers, and contractors in making design and construction  
25 decisions that positively impact both the initial construction cost  
26 and the ongoing operating and maintenance cost of a project. To  
27 ensure that the total cost of a project is accounted for and the most  
28 reasonable and cost efficient design is used, agencies shall develop  
29 life-cycle costs for any construction project over \$10,000,000. The  
30 life-cycle costs must represent the present value sum of capital  
31 costs, installation costs, operating costs, and maintenance costs  
32 over the life expectancy of the project. The legislature further  
33 finds the most effective approach to the life-cycle cost analysis is  
34 to integrate it into the early part of the design process.

35       (2) Agencies shall develop a minimum of three project  
36 alternatives for use in the life-cycle cost analysis. These  
37 alternatives must be both distinctly different and viable solutions  
38 to the issue being addressed. The chosen alternative must be the most

1 reasonable and cost-effective solution. A brief description of each  
2 project alternative and why it was chosen must be included in the  
3 life-cycle cost analysis section of the predesign.

4 (3) The office of financial management shall: (a) Make available  
5 a life-cycle cost model to be used for analysis; (b) in consultation  
6 with the department of enterprise services, provide assistance in  
7 using the life-cycle cost model; and (c) update the life-cycle cost  
8 model annually including assumptions for inflation rates, discount  
9 rates, and energy rates.

10 (4) Agencies shall consider architectural and engineering firms'  
11 and general contractors' experience using life-cycle costs, operating  
12 costs, and energy efficiency measures when selecting an architectural  
13 and engineering firm, or when selecting contractors using alternative  
14 contracting methods.

15 NEW SECTION. **Sec. 7003.** To improve monitoring of major  
16 construction projects, progress reports must be submitted by the  
17 agency administering the project to the office of financial  
18 management and to the fiscal committees of the house of  
19 representatives and senate. Reports must be submitted on July 1st and  
20 December 31st each year in a format to be determined by the office of  
21 financial management.

22 NEW SECTION. **Sec. 7004.** (1) Allotments for appropriations in  
23 this act shall be provided in accordance with the capital project  
24 review requirements adopted by the office of financial management and  
25 in compliance with RCW 43.88.110. Projects that will be employing  
26 alternative public works construction procedures under chapter 39.10  
27 RCW are subject to the allotment procedures defined in this section  
28 and RCW 43.88.110.

29 (2) Each project is defined as proposed in the legislative budget  
30 notes or in the governor's budget document.

31 NEW SECTION. **Sec. 7005.** (1) The office of financial management  
32 may authorize a transfer of appropriation authority provided for a  
33 capital project that is in excess of the amount required for the  
34 completion of such project to another capital project for which the  
35 appropriation is insufficient. No such transfer may be used to expand  
36 the capacity of any facility beyond that intended in making the  
37 appropriation. Such transfers may be effected only between capital

1 appropriations to a specific department, commission, agency, or  
2 institution of higher education and only between capital projects  
3 that are funded from the same fund or account. No transfers may occur  
4 between projects to local government agencies except where the grants  
5 are provided within a single omnibus appropriation and where such  
6 transfers are specifically authorized by the implementing statutes  
7 that govern the grants.

8 (2) The office of financial management may find that an amount is  
9 in excess of the amount required for the completion of a project only  
10 if: (a) The project as defined in the notes to the budget document is  
11 substantially complete and there are funds remaining; or (b) bids  
12 have been let on a project and it appears to a substantial certainty  
13 that the project as defined in the notes to the budget document can  
14 be completed within the biennium for less than the amount  
15 appropriated in this act.

16 (3) For the purposes of this section, the intent is that each  
17 project be defined as proposed to the legislature in the governor's  
18 budget document, unless it clearly appears from the legislative  
19 history that the legislature intended to define the scope of a  
20 project in a different way.

21 (4) A report of any transfer effected under this section, except  
22 emergency projects or any transfer under \$250,000, shall be filed  
23 with the legislative fiscal committees of the senate and house of  
24 representatives by the office of financial management at least thirty  
25 days before the date the transfer is effected. The office of  
26 financial management shall report all emergency or smaller transfers  
27 within thirty days from the date of transfer.

28 (5) The transfer authority granted in this section does not apply  
29 to appropriations for projects for the state parks and recreation  
30 commission. Appropriations for commission projects may be spent only  
31 for the specified projects, and funding may not be transferred from  
32 one commission project to another or from other sources to a  
33 commission project.

34 NEW SECTION. **Sec. 7006.** (1) It is expected that projects be  
35 ready to proceed in a timely manner depending on the type or phase of  
36 the project or program that is the subject of the appropriation in  
37 this act. Except for major projects that customarily may take more  
38 than two biennia to complete from predesign to the end of  
39 construction, or large infrastructure grant or loan programs

1 supporting projects that often take more than two biennia to  
2 complete, the legislature generally does not intend to reappropriate  
3 funds more than once, particularly for smaller grant programs, local/  
4 community projects, and minor works.

5 (2) Agencies shall expedite the expenditure of reappropriations  
6 and appropriations in this act in order to: (a) Rehabilitate  
7 infrastructure resources; (b) accelerate environmental rehabilitation  
8 and restoration projects for the improvement of the state's natural  
9 environment; (c) reduce additional costs associated with acquisition  
10 and construction inflationary pressures; and (d) provide additional  
11 employment opportunities associated with capital expenditures.

12 (3) To the extent feasible, agencies are directed to accelerate  
13 expenditure rates at their current level of permanent employees and  
14 shall use contracted design and construction services wherever  
15 necessary to meet the goals of this section.

16 NEW SECTION. **Sec. 7007.** State agencies, including institutions  
17 of higher education, shall allot and report full-time equivalent  
18 staff for capital projects in a manner comparable to staff reporting  
19 for operating expenditures.

20 NEW SECTION. **Sec. 7008.** Executive Order No. 05-05,  
21 archaeological and cultural resources, was issued effective November  
22 10, 2005. Agencies shall comply with the requirements set forth in  
23 this executive order.

24 NEW SECTION. **Sec. 7009.** FOR THE ARTS COMMISSION—ART WORK  
25 ALLOWANCE. (1) One-half of one percent of moneys appropriated in this  
26 act for original construction of school plant facilities is provided  
27 solely for the purposes of RCW 28A.335.210.

28 (2) One-half of one percent of moneys appropriated in this act  
29 for original construction or any major renovation or remodel work  
30 exceeding \$200,000 by colleges or universities is provided solely for  
31 the purposes of RCW 28B.10.027.

32 (3) One-half of one percent of moneys appropriated in this act  
33 for original construction of any public building by a state agency  
34 identified in RCW 43.17.020 is provided solely for the purposes of  
35 RCW 43.17.200.

36 (4) At least eighty-five percent of the moneys spent by the  
37 Washington state arts commission during the 2017-2019 biennium for

1 the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be  
2 expended solely for direct acquisition of works of art. Art  
3 allocations not expended within the ensuing two biennia will lapse.  
4 The commission may use up to \$150,000 of this amount to conserve or  
5 maintain existing pieces in the state art collection pursuant to RCW  
6 28A.335.210.

7 (5) The executive director of the arts commission shall appoint a  
8 study group to review the operations of the one-half of one percent  
9 for works of art purchased or commissioned as required by RCW  
10 28A.335.210, 28B.10.027, and 43.17.200. The findings of the review  
11 must be reported annually to the office of financial management and  
12 the fiscal committees of the legislature by September 15th. The  
13 review must include, but is not limited to, the following: (a)  
14 Projects purchased or commissioned per biennium; (b) partner  
15 agencies; (c) funding sources by fiscal year; (d) artwork costs; (e)  
16 administrative costs; (f) collection care costs; and (g) project  
17 status.

18 **Sec. 7010.** RCW 28B.10.027 and 2016 sp.s. c 35 s 6008 are each  
19 amended to read as follows:

20 (1) All universities and colleges shall allocate as a  
21 nondeductible item, out of any moneys appropriated for the original  
22 construction or any major renovation or remodel work exceeding two  
23 hundred thousand dollars of any building, an amount of one-half of  
24 one percent of the appropriation to be expended by the Washington  
25 state arts commission with the approval of the board of regents or  
26 trustees for the acquisition of works of art.

27 (2) For projects funded in the 2015-2017 capital budget and the  
28 2017-2019 capital budget, an institution of higher education, working  
29 with the Washington arts commission, may expend up to ten percent of  
30 the projected art allocation for a project during the design phase in  
31 order to select an artist and design art to be integrated in the  
32 building design. The one-half of one percent to be expended by the  
33 Washington arts commission must be adjusted downward by the amount  
34 expended by a university or college during the design phase of the  
35 capital project.

36 (3) The works of art may be placed on public lands of  
37 institutions of higher education, integral to or attached to a public  
38 building or structure of institutions of higher education, detached  
39 within or outside a public building or structure of institutions of

1 higher education, part of a portable exhibition or collection, part  
2 of a temporary exhibition, or loaned or exhibited in other public  
3 facilities.

4 (4) In addition to the cost of the works of art, the one-half of  
5 one percent of the appropriation shall be used to provide for the  
6 administration of the visual arts program, including conservation of  
7 the state art collection, by the Washington state arts commission and  
8 all costs for installation of the work of art. For the purpose of  
9 this section building shall not include sheds, warehouses, and other  
10 buildings of a temporary nature.

11 **Sec. 7011.** RCW 28B.50.360 and 2015 3rd sp.s. c 3 s 7030 are each  
12 amended to read as follows:

13 Within thirty-five days from the date of start of each quarter  
14 all collected building fees of each such community and technical  
15 college shall be paid into the state treasury, and shall be credited  
16 as follows:

17 (1) On or before June 30th of each year the college board if  
18 issuing bonds payable out of building fees shall certify to the state  
19 treasurer the amounts required in the ensuing twelve-month period to  
20 pay and secure the payment of the principal of and interest on such  
21 bonds. The state treasurer shall thereupon deposit the amounts so  
22 certified in the community and technical college capital projects  
23 account. Such amounts of the funds deposited in the community and  
24 technical college capital projects account as are necessary to pay  
25 and secure the payment of the principal of and interest on the  
26 building bonds issued by the college board as authorized by this  
27 chapter shall be devoted to that purpose. If in any twelve-month  
28 period it shall appear that the amount certified by the college board  
29 is insufficient to pay and secure the payment of the principal of and  
30 interest on the outstanding building bonds, the state treasurer shall  
31 notify the college board and such board shall adjust its certificate  
32 so that all requirements of moneys to pay and secure the payment of  
33 the principal and interest on all such bonds then outstanding shall  
34 be fully met at all times.

35 (2) The community and technical college capital projects account  
36 is hereby created in the state treasury. The sums deposited in the  
37 capital projects account shall be appropriated and expended to pay  
38 and secure the payment of the principal of and interest on bonds  
39 payable out of the building fees and for the construction,

1 reconstruction, erection, equipping, maintenance, demolition and  
2 major alteration of buildings and other capital assets owned by the  
3 state board for community and technical colleges in the name of the  
4 state of Washington, and the acquisition of sites, rights-of-way,  
5 easements, improvements or appurtenances in relation thereto,  
6 engineering and architectural services provided by the department of  
7 enterprise services, and for the payment of principal of and interest  
8 on any bonds issued for such purposes. (~~However, during the~~  
9 ~~2013-2015 biennium, sums in the capital projects account shall also~~  
10 ~~be used for routine facility maintenance and utility costs.~~)  
11 However, during the 2015-2017 biennium, sums in the capital projects  
12 account shall also be used for routine facility maintenance and  
13 utility costs. However, during the 2017-2019 biennium, sums in the  
14 capital products account may also be used for project management  
15 staff.

16 (3) Funds available in the community and technical college  
17 capital projects account may also be used for certificates of  
18 participation under chapter 39.94 RCW.

19 NEW SECTION. Sec. 7012. To carry out the provisions of this  
20 act, the governor may assign responsibility for predesign, design,  
21 construction, and other related activities to any appropriate agency.

22 NEW SECTION. Sec. 7013. If any federal moneys appropriated by  
23 this act for capital projects are not received by the state, the  
24 department or agency to which the moneys were appropriated may  
25 replace the federal moneys with funds available from private or local  
26 sources. No replacement may occur under this section without the  
27 prior approval of the director of financial management in  
28 consultation with the senate ways and means committee and the house  
29 of representatives capital budget committee.

30 NEW SECTION. Sec. 7014. (1) Unless otherwise stated, for all  
31 appropriations under this act that require a match of nonstate money  
32 or in-kind contributions, the following requirement, consistent with  
33 RCW 43.88.150, shall apply: Expenditures of state money shall be  
34 timed so that the state share of project expenditures never exceeds  
35 the intended state share of total project costs.

36 (2) Provision of the full amount of required matching funds is  
37 not required to permit the expenditure of capital budget

1 appropriations for phased projects if a proportional amount of the  
2 required matching funds is provided for each distinct, identifiable  
3 phase of the project.

4 NEW SECTION. **Sec. 7015.** NONTAXABLE AND TAXABLE BOND PROCEEDS.  
5 Portions of the appropriation authority granted by this act from the  
6 state building construction account, or any other account receiving  
7 bond proceeds, may be transferred to the state taxable building  
8 construction account as deemed necessary by the state finance  
9 committee to comply with the federal internal revenue service rules  
10 and regulations pertaining to the use of nontaxable bond proceeds.  
11 Portions of prior authorized general obligation bond proceeds for  
12 deposit into the state taxable building construction account that are  
13 in excess of amounts required to comply with the federal internal  
14 revenue service rules and regulations shall be deposited into the  
15 state building construction account. The state treasurer shall submit  
16 written notification to the director of financial management if it is  
17 determined that a shift of appropriation authority between the state  
18 building construction account, or any other account receiving bond  
19 proceeds, and the state taxable building construction account is  
20 necessary, or that a shift of appropriation authority from the state  
21 taxable building construction account to the state building  
22 construction account may be made.

23 NEW SECTION. **Sec. 7016.** COLUMBIA RIVER BASIN NONTAXABLE AND  
24 TAXABLE BOND PROCEEDS. Portions of the appropriation authority  
25 granted by this act from the Columbia river basin water supply  
26 development account may be transferred to the Columbia river basin  
27 taxable bond water supply development account as deemed necessary by  
28 the state finance committee to comply with the federal internal  
29 revenue service rules and regulations pertaining to the use of  
30 nontaxable bond proceeds. The state treasurer shall submit written  
31 notification to the director of financial management if it is  
32 determined that a shift of appropriation authority between the  
33 Columbia river basin water supply development account and the  
34 Columbia river basin taxable bond water supply development account is  
35 necessary, or that a shift of appropriation authority from the  
36 Columbia river basin taxable bond water supply development account to  
37 the Columbia river basin water supply development account may be  
38 made.

1           NEW SECTION.   **Sec. 7017.**   (1) Funds appropriated in this act for  
2 minor works may not be allotted until final project lists are  
3 submitted to the office of financial management. Revisions to the  
4 project lists are allowed for projects not anticipated at the time of  
5 budget development but must be submitted to the office of financial  
6 management, the house of representatives capital budget committee,  
7 and the senate ways and means committee for review and comment and  
8 must include an explanation of variances from the prior lists before  
9 funds may be expended on the revisions. Any project list revisions  
10 must be approved by the office of financial management before funds  
11 may be expended from the minor works appropriation.

12           (2)(a) Minor works project lists are single line appropriations  
13 that include multiple projects of a similar nature and that are  
14 valued between \$25,000 and \$1,000,000 each, with the exception of  
15 higher education minor works projects that may be valued up to  
16 \$2,000,000. All projects must meet the criteria included in this  
17 subsection (2)(a). These projects should be completed within two  
18 years of the appropriation with the funding provided. Agencies are  
19 prohibited from including projects on their minor works lists that  
20 are a phase of a larger project, and that if combined over a  
21 continuous period of time, would exceed \$1,000,000, or \$2,000,000 for  
22 higher education minor works projects. Improvements for accessibility  
23 in compliance with the Americans with disabilities act may be  
24 included in any of the minor works categories.

25           (b) Minor works appropriations may not be used for the following:  
26 Studies, except for technical or engineering reviews or designs that  
27 lead directly to and support a project on the same minor works list;  
28 planning; design outside the scope of work on a minor works list;  
29 movable, temporary, and traditionally funded operating equipment not  
30 in compliance with the equipment criteria established by the office  
31 of financial management; software not dedicated to control of a  
32 specialized system; moving expenses; land or facility acquisition;  
33 rolling stock; computers; or to supplement funding for projects with  
34 funding shortfalls unless expressly authorized. The office of  
35 financial management may make an exception to the limitations  
36 described in this subsection (2)(b) for exigent circumstances after  
37 notifying the legislative fiscal committees and waiting ten days for  
38 comments by the legislature regarding the proposed exception.

1 (c) Minor works preservation projects may include program  
2 improvements of no more than twenty-five percent of the individual  
3 minor works preservation project cost.

4 NEW SECTION. **Sec. 7018.** To the extent that any appropriation  
5 authorizes expenditures of state funds from the state building  
6 construction account, or from any other capital project account in  
7 the state treasury, for a capital project or program that is  
8 specified to be funded with proceeds from the sale of bonds, the  
9 legislature declares that any such expenditures for that project or  
10 program made prior to the issue date of the applicable bonds are  
11 intended to be reimbursed from proceeds of those bonds in a maximum  
12 amount equal to the amount of such appropriation.

13 **Sec. 7019.** RCW 43.19.501 and 2016 c 202 s 58 are each reenacted  
14 and amended to read as follows:

15 The Thurston county capital facilities account is created in the  
16 state treasury. The account is subject to the appropriation and  
17 allotment procedures under chapter 43.88 RCW. Moneys in the account
