8 (2) A salmon charter license designating a vessel is required to
9 operate a charter boat from which persons may, for a fee, fish for
10 salmon, other fish, and shellfish. The director may issue a salmon
11 charter license only to a person who meets the qualifications of RCW
12 77.70.050.

13 (3) A nonsalmon charter license designating a vessel is required
14 to operate a charter boat from which persons may, for a fee, fish for

35 The provisions of this subsection shall be in effect as long as the
36 state of Oregon has reciprocal laws and regulations.

37 (6) A salmon charter license under subsection (1)(b) of this
38 section may be renewed if the license holder notifies the department
39 by May 1st of that year that he or she will not participate in the

1 fishery during that calendar year. The license holder must pay the
 2 one hundred dollar enhancement surcharge, a thirty-five dollar
 3 surcharge to be deposited in the rockfish research account created in
 4 RCW 77.12.702, plus a one hundred five dollar application fee, in

31 fishery during that calendar year. A commercial salmon gill net, reef
32 net, or seine fishery license may be renewed under this section if
33 the license holder notifies the department before the third Monday in
34 September of that year that he or she will not participate in the
35 fishery during that calendar year. The license holder must pay the
36 one hundred dollar enhancement surcharge, plus a one hundred five
37 dollar application fee before the third Monday in September, in order
38 to be considered a valid renewal and eligible to renew the license
39 the following year.

1 (7) Notwithstanding the annual license fees and surcharges
2 established in subsection (1) of this section, a person who holds a
3 resident commercial salmon fishery license shall pay an annual
4 license fee of one hundred dollars plus the surcharge and application
5 fee if all of the following conditions are met:

18 offshore waters to a place or port in the state. As used in this
19 section, "deliver" and "delivery" mean arrival at a place or port,
20 and include arrivals from offshore waters to waters within the state
21 and arrivals ashore from offshore waters. The annual fee for a salmon
22 delivery license is four hundred thirty dollars for residents and

6 for commercial purposes in offshore waters. As used in this section,
7 "delivery" means arrival at a place or port, and include arrivals
8 from offshore waters to waters within the state and arrivals ashore
9 from offshore waters. The director shall not issue an emergency
10 salmon delivery license unless, as determined by the director, a bona
11 fide emergency exists. The license fee is two hundred seventy-five
12 dollars for residents and (~~three hundred fifty~~) six hundred sixty
13 dollars for nonresidents. The application fee is one hundred five

15 amended to read as follows:

16 (1) The limited fish seller endorsement permits a license holder
17 or alternate operator to clean, dress, and sell his or her
18 commercially harvested catch directly to consumers at retail. The
19 limited (~~(fish)~~) fish seller endorsement may be issued as an
20 optional addition to all holders of a commercial fishing license
21 issued by the department and may be purchased at the time of the
22 underlying license sale or any time thereafter.

23 (2) The holder of a limited fish seller endorsement selling their
24 own catch directly to consumers is exempt from the permitting
25 requirements of chapter 246-215 WAC. To ensure food safety for
26 consumers, the holder of a limited fish seller endorsement must
27 follow these requirements: (a) Only sell fresh, whole fish or fresh
28 fish that has been cleaned and dressed; (b) use ice from a commercial
29 source to hold the fish; and (c) provide the buyer with a receipt
30 stating the date of purchase, Washington fish-receiving ticket number
31 documenting the original delivery, name, address, and phone number of
32 the holder of the limited fish seller endorsement from whom the fish
33 or shellfish was purchased, and the species and weight or number of
34 fish or shellfish sold. Failure to satisfy these food safety
35 requirements is punishable as an infraction under RCW 77.15.160. A
36 licensed commercial fisher holding a limited fish seller endorsement
37 may allow a designated alternate to sell under the authority of that
38 endorsement.

2 endorsement to his or her license portfolio. If a limited fish seller
3 endorsement is selected by an individual holding more than one
4 commercial fishing license issued by the department, an endorsement

6 that individual, and is the only endorsement required for the

8 underlying endorsed licenses.

19 license is transferred, the limited fish seller endorsement
20 immediately becomes void, and the transferor is not eligible for a

22 fish seller endorsement. Upon becoming void, the holder of a limited
23 fish seller endorsement must surrender the physical endorsement to
24 the department.
