

**HB 2497 - DIGEST**

(SEE ALSO PROPOSED 1ST SUB)

Prohibits the port district from undertaking any of the programs prescribed in chapter 53.54 RCW (aircraft noise abatement) in an area which is: (1) More than twelve miles beyond the paved end of a runway;

(2) More than two miles from the centerline of a runway or from an imaginary runway centerline extending twelve miles from the paved end of the runway; or

(3) Outside of the area contained by a parabola where the parabola is located at the terminal end of each runway and whose shape and outer limits are denoted at a point two miles away from the vertex along an x-axis, and at a point twelve miles away from the vertex along a y-axis.
