2 superintendent of public instruction,"

3

4   On page 59, beginning on line 21, strike all of subsection (d)

5

6

     <u>EFFECT:</u>   Removes the provisions requiring the cross agency work
group to endorse career launch programs.

Requires the grant program administrator to consult with the Office
of the Superintendent of Public Instruction (OSPI), as well as the
Governor's office and the work group, when developing a formal
request for proposals for regional networks and program
intermediaries.

Requires that the data enclave for career connected learning (CCL)
be jointly led by the Education Research and Data Center (ERDC) and
the OSPI (rather than led just by the ERDC). Requires that, for
purposes of the data enclave and tracking CCL programs, "common"
program codes must be developed.

Adds language referencing work-integrated learning in various
provisions dealing with the grant program.
