EFFECT: Specifies that the Department of Commerce and the Utilities and Transportation Commission must adopt rules defining requirements, including appropriate specification, verification, and reporting requirements, for retail electric load met with market purchases and the Western Energy Imbalance Market or other centralized market administered by a market operator for the purposes of the Washington Clean Energy Transformation Act. Makes a sales and use tax exemption for solar energy systems capable of generating less than 100 kilowatts AC effective July 1, 2019, rather than January 1, 2020. Makes changes to documentation requirements and rule-making timelines for the Department of Labor and Industries under the sales

and use tax preference for certain alternative energy systems. Makes technical changes.
