

**2SSB 6027 - H AMD 1932**

By Representative Lekanoff

**ADOPTED 03/05/2020**

1        On page 2, line 32, after "residence" insert ". All  
2 replacements and remodels which add one hundred twenty square feet  
3 or more to the living space must require on-board gray-water  
4 containment or a waste-water connection that disposes of the gray  
5 water to a waste-water disposal system"  
6

EFFECT: Requires that all replacements or remodels of floating on-water residences that add 120 or more square feet to the living space must also include an on-board gray-water containment system or a waste-water connection that disposes of gray water to a waste-water disposal system.
