PART II
HUMAN SERVICES

Sec. 201. 2019 c 415 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the

1 federal government, historical utilization, economic data, and
2 clinical input constitute reliable data upon which to determine the
3 payment rates.

4 (4) The department shall to the maximum extent practicable use
5 the same system for delivery of spoken-language interpreter services
6 for social services appointments as the one established for medical
7 appointments in the health care authority. When contracting directly
8 with an individual to deliver spoken language interpreter services,
9 the department shall only contract with language access providers who
10 are working at a location in the state and who are state-certified or
11 state-authorized, except that when such a provider is not available,
12 the department may use a language access provider who meets other
13 certifications or standards deemed to meet state standards, including
14 interpreters in other states.

15 (5) Information technology projects or investments and proposed
16 projects or investments impacting time capture, payroll and payment
17 processes and systems, eligibility, case management, and
18 authorization systems within the department of social and health
19 services are subject to technical oversight by the office of the
20 chief information officer.

21 (6) (a) The department shall facilitate enrollment under the
22 medicaid expansion for clients applying for or receiving state funded
23 services from the department and its contractors. Prior to open
24 enrollment, the department shall coordinate with the health care
25 authority to provide referrals to the Washington health benefit
26 exchange for clients that will be ineligible for medicaid.

27 (b) To facilitate a single point of entry across public and
28 medical assistance programs, and to maximize the use of federal
29 funding, the health care authority, the department of social and
30 health services, and the health benefit exchange will coordinate
31 efforts to expand HealthPlanfinder access to public assistance and
32 medical eligibility staff. The department shall complete medicaid
33 applications in the HealthPlanfinder for households receiving or

28 appropriations that are provided solely for a specified purpose
29 except as expressly provided in (b) of this subsection.

30 (b) To the extent that transfers under (a) of this subsection are
31 insufficient to fund actual expenditures in excess of fiscal year
32 2020 caseload forecasts and utilization assumptions in the long-term
33 care, developmental disabilities, and public assistance programs, the
34 department may transfer state appropriations that are provided solely
35 for a specified purpose. The department may not transfer funds, and
36 the director of the office of financial management may not approve
37 the transfer, unless the transfer is consistent with the objective of
38 conserving, to the maximum extent possible, the expenditure of state
39 funds. The director of the office of financial management shall
40 notify the appropriate fiscal committees of the legislature in

1 writing seven days prior to approving any allotment modifications or
2 transfers under this subsection. The written notification shall
3 include a narrative explanation and justification of the changes,

13 fiscal year 2021 are provided solely for the development and
14 implementation of thirteen community respite beds across the state
15 for adults. These services are intended to provide families and
16 caregivers with a break in caregiving and the opportunity for
17 stabilization of the individual in a community-based setting as an
18 alternative to using a residential habilitation center to provide
19 planned or emergent respite. The department must provide the
20 legislature with a respite utilization report by January of each year
21 that provides information about the number of individuals who have
22 used community respite in the preceding year, as well as the location

39 services to meet the unique needs of each client. It is the

1 expectation that, in most cases, staffing ratios in all community
2 alternative placement options described in (i)(i) of this subsection
3 will need to increase to meet the needs of clients leaving the state
4 psychiatric hospitals. If specialized training is necessary to meet
5 the needs of a client before he or she enters a community placement,
6 then the person centered service plan must also identify and
7 authorize this training.

8 (iii) When reviewing placement options, the department must
9 consider the safety of other residents, as well as the safety of
10 staff, in a facility. An initial evaluation of each placement,
11 including any documented safety concerns, must occur within thirty
12 days of a client leaving one of the state psychiatric hospitals and
13 entering one of the community placement options described in (i)(i)
14 of this subsection. At a minimum, the department must perform two
15 additional evaluations of each placement during the first year that a
16 client has lived in the facility.

17 (iv) In developing bed capacity, the department shall consider

20 this subsection to purchase goods and supplies through hospital group
21 purchasing organizations when it is cost-effective to do so.

1 authorization systems within the health care authority are subject to
2 technical oversight by the office of the chief information officer.

3 The health care authority shall not initiate any services that
4 require expenditure of state general fund moneys unless expressly
5 authorized in this act or other law. The health care authority may
6 seek, receive, and spend, under RCW 43.79.260 through 43.79.282,
7 federal moneys not anticipated in this act as long as the federal
8 funding does not require expenditure of state moneys for the program
9 in excess of amounts anticipated in this act. If the health care
10 authority receives unanticipated unrestricted federal moneys, those
11 moneys shall be spent for services authorized in this act or in any
12 other legislation providing appropriation authority, and an equal
13 amount of appropriated state general fund moneys shall lapse. Upon
14 the lapsing of any moneys under this subsection, the office of
15 financial management shall notify the legislative fiscal committees.
16 As used in this subsection, "unrestricted federal moneys" includes
17 block grants and other funds that federal law does not require to be
18 spent on specifically defined projects or matched on a formula basis
19 by state funds.

20 The health care authority, the health benefit exchange, the
21 department of social and health services, the department of health,
22 and the department of children, youth, and families shall work
23 together within existing resources to establish the health and human
24 services enterprise coalition (the coalition). The coalition, led by
25 the health care authority, must be a multi-organization collaborative
26 that provides strategic direction and federal funding guidance for
27 projects that have cross-organizational or enterprise impact,
28 including information technology projects that affect organizations
29 within the coalition. By October 31, 2019, the coalition must submit
30 a report to the governor and the legislature that describes the
31 coalition's plan for projects affecting the coalition organizations.
32 The report must include any information technology projects impacting
33 coalition organizations and, in collaboration with the office of the
34 chief information officer, provide: (1) The status of any information
35 technology projects currently being developed or implemented that
36 affect the coalition; (2) funding needs of these current and future
37 information technology projects; and (3) next steps for the
38 coalition's information technology projects. The office of the chief
39 information officer shall maintain a statewide perspective when
40 collaborating with the coalition to ensure that the development of

1 projects identified in this report are planned for in a manner that
2 ensures the efficient use of state resources and maximizes federal
3 financial participation. The work of the coalition is subject to the
4 conditions, limitations, and review provided in (~~section 719 of this~~
5 ~~act~~) section 701 of this act.

6 The appropriations to the health care authority in this act shall
7 be expended for the programs and in the amounts specified in this
8 act. However, after May 1, 2020, unless prohibited by this act, the
9 authority may transfer general fund—state appropriations for fiscal
10 year 2020 among programs after approval by the director of the office
11 of financial management. To the extent that appropriations in
12 sections 211 through 215 are insufficient to fund actual expenditures
13 in excess of caseload forecast and utilization assumptions, the
14 authority may transfer general fund—state appropriations for fiscal
15 year 2020 that are provided solely for a specified purpose. The
16 authority may also transfer general fund—state appropriations for
17 fiscal year 2020 that are provided solely for a specified purpose
18 within section 215 of this act to cover any deficits in section 215
19 of this act resulting from assumptions related to the return of
20 \$35,000,000 in general fund—state behavioral health organization
21 reserves in fiscal year 2020. The authority may not transfer funds,
22 and the director of the office of financial management shall not
23 approve the transfer, unless the transfer is consistent with the
24 objective of conserving, to the maximum extent possible, the
25 expenditure of state funds. The director of the office of financial
26 management shall notify the appropriate fiscal committees of the
27 legislature in writing seven days prior to approving any allotment
28 modifications or transfers under this section. The written
29 notification must include a narrative explanation and justification
30 of changes, along with expenditures and allotments by budget unit and
31 appropriation, both before and after any allotment modifications and
32 transfers.

24 The appropriations in this section are subject to the following
25 conditions and limitations:

26 (1) The authority shall not accept or expend any federal funds
27 received under a medicaid transformation waiver under healthier
28 Washington except as described in subsections (2) and (3) of this
29 section until specifically approved and appropriated by the
30 legislature. To ensure compliance with legislative directive budget
31 requirements and terms and conditions of the waiver, the authority
32 shall implement the waiver and reporting requirements with oversight
33 from the office of financial management. The legislature finds that
34 appropriate management of the innovation waiver requires better
35 analytic capability, transparency, consistency, timeliness, accuracy,
36 and lack of redundancy with other established measures and that the
37 patient must be considered first and foremost in the implementation
38 and execution of the demonstration waiver. In order to effectuate
39 these goals, the authority shall: (a) Require the Dr. Robert Bree

1 collaborative and the health technology assessment program to reduce
2 the administrative burden upon providers by only requiring
3 performance measures that are nonduplicative of other nationally
4 established measures. The joint select committee on health care
5 oversight will evaluate the measures chosen by the collaborative and
6 the health technology assessment program for effectiveness and
7 appropriateness; (b) develop a patient satisfaction survey with the
8 goal to gather information about whether it was beneficial for the
9 patient to use the center of excellence location in exchange for
10 additional out-of-pocket savings; (c) ensure patients and health care
11 providers have significant input into the implementation of the
12 demonstration waiver, in order to ensure improved patient health
13 outcomes; and (d) in cooperation with the department of social and
14 health services, consult with and provide notification of work on
15 applications for federal waivers, including details on waiver
16 duration, financial implications, and potential future impacts on the
17 state budget, to the joint select committee on health care oversight
18 prior to submitting waivers for federal approval. By federal
19 standard, the medicaid transformation demonstration waiver shall not
20 exceed the duration originally granted by the centers for medicare
21 and medicaid services and any programs created or funded by this
22 waiver do not create an entitlement. Beginning May 15, 2019, and
23 continuing through December 15, 2019, by the 15th of each month, the
24 director in consultation with the secretary shall report to the
25 fiscal chair of the appropriate committees of the legislature in the
26 manner and form requested the status of the medicaid transformation
27 waiver, including any anticipated or proposed changes to accruals or
28 expenditures.

29 (2) No more than (~~(\$305,659,000)~~) \$236,792,000 of the general
30 fund—federal appropriation and no more than (~~(\$157,284,000)~~)
31 \$169,627,000 of the general fund—local appropriation may be expended
32 for transformation through accountable communities of health
33 described in initiative 1 of the medicaid transformation
34 demonstration wavier under healthier Washington, including preventing
35 youth drug use, opioid prevention and treatment, and physical and
36 behavioral health integration. Under this initiative, the authority
37 shall take into account local input regarding community needs. In
38 order to ensure transparency to the appropriate fiscal committees of
39 the legislature, the authority shall provide fiscal staff of the
40 legislature query ability into any database of the fiscal

1 intermediary that authority staff would be authorized to access. The
2 authority shall not increase general fund—state expenditures under
3 this initiative. The director shall also report to the fiscal
4 committees of the legislature all of the expenditures under this
5 subsection and shall provide such fiscal data in the time, manner,
6 and form requested by the legislative fiscal committees. By December
7 15, 2019, the authority in collaboration with each accountable
8 community of health shall demonstrate how it will be self-sustaining
9 by the end of the demonstration waiver period, including sources of
10 outside funding, and provide this reporting to the joint select
11 committee on health care oversight. If by the third year of the
12 demonstration waiver there are not measurable, improved patient
13 outcomes and financial returns, the Washington state institute for
14 public policy will conduct an audit of the accountable communities of
15 health, in addition to the process set in place through the
16 independent evaluation required by the agreement with centers for
17 medicare and medicaid services.

18 (3) (a) No more than \$79,829,000 of the general fund—federal
19 appropriation may be expended for supported housing and employment
20 services described in initiative 3a and 3b of the medicaid
21 transformation demonstration waiver under healthier Washington. Under
22 this initiative, the authority and the department of social and
23 health services shall ensure that allowable and necessary services
24 are provided to eligible clients as identified by the department or
25 its third party administrator. The authority and the department in
26 consultation with the medicaid forecast work group, shall ensure that
27 reasonable reimbursements are established for services deemed
28 necessary within an identified limit per individual. The authority
29 shall not increase general fund—state expenditures under this
30 initiative. The director shall report to the joint select committee
31 on health care oversight no less than quarterly on financial and
32 health outcomes. The director shall also report to the fiscal
33 committees of the legislature all of the expenditures of this
34 subsection and shall provide such fiscal data in the time, manner,
35 and form requested by the legislative fiscal committees.

36 (b) No more than \$169,676,000 of the general fund—federal
37 appropriation and no more than \$69,306,000 of the general fund—local
38 appropriation may be expended for the medicaid quality improvement
39 program. Under federal regulations, the medicaid quality improvement

1 program is authorized and allows states to design quality improvement
2 programs for the medicaid population in ways that support the state's
3 quality goals. Medicaid quality improvement program payments will not
4 count against initiative 1 of the medicaid transformation
5 demonstration waiver spending limit and are excluded from the
6 waiver's budget neutrality calculation. Apple health managed care
7 organizations and their partnering providers will receive medicaid
8 quality improvement program payments as they meet designated
9 milestones. Partnering providers and apple health managed care
10 organizations will work together to achieve medicaid quality
11 improvement program goals according to the performance period
12 timelines and reporting deadlines as set forth by the authority. The
13 authority shall only utilize the medicaid quality improvement program
14 to support the transformation waiver and shall not pursue its use for
15 other purposes. Any programs created or funded by the medicaid
16 quality improvement program do not create an entitlement. The
17 authority shall not increase general fund—state expenditures under
18 this program. The director shall report to the joint select committee
19 on health care oversight not less than quarterly on financial and
20 health outcomes. The director shall report to the fiscal committees
21 of the legislature all of the expenditures under this subsection and
22 shall provide such fiscal data in the time, manner, and form
23 requested by the legislative fiscal committees.

24 (4) Annually, no later than November 1st, the authority shall
25 report to the governor and appropriate committees of the legislature:
26 (a) Savings attributed to behavioral and physical integration in
27 areas that are scheduled to integrate in the following calendar year,
28 and (b) savings attributed to behavioral and physical health
29 integration and the level of savings achieved in areas that have
30 integrated behavioral and physical health.

31 (5) Sufficient amounts are appropriated in this subsection to
32 implement the medicaid expansion as defined in the social security
33 act, section 1902(a)(10)(A)(i)(VIII).

34 (6) The legislature finds that medicaid payment rates, as
35 calculated by the health care authority pursuant to the
36 appropriations in this act, bear a reasonable relationship to the
37 costs incurred by efficiently and economically operated facilities
38 for providing quality services and will be sufficient to enlist
39 enough providers so that care and services are available to the
40 extent that such care and services are available to the general

1 population in the geographic area. The legislature finds that the
2 cost reports, payment data from the federal government, historical
3 utilization, economic data, and clinical input constitute reliable
4 data upon which to determine the payment rates.

5 (7) Based on quarterly expenditure reports and caseload
6 forecasts, if the health care authority estimates that expenditures
7 for the medical assistance program will exceed the appropriations,
8 the health care authority shall take steps including but not limited
9 to reduction of rates or elimination of optional services to reduce
10 expenditures so that total program costs do not exceed the annual
11 appropriation authority.

12 (8) In determining financial eligibility for medicaid-funded
13 services, the health care authority is authorized to disregard
14 recoveries by Holocaust survivors of insurance proceeds or other
15 assets, as defined in RCW 48.104.030.

16 (9) The legislature affirms that it is in the state's interest
17 for Harborview medical center to remain an economically viable
18 component of the state's health care system.

19 (10) When a person is ineligible for medicaid solely by reason of
20 residence in an institution for mental diseases, the health care
21 authority shall provide the person with the same benefits as he or
22 she would receive if eligible for medicaid, using state-only funds to
23 the extent necessary.

24 (11) \$4,261,000 of the general fund—state appropriation for
25 fiscal year 2020, \$4,261,000 of the general fund—state appropriation
26 for fiscal year 2021, and \$8,522,000 of the general fund—federal
27 appropriation are provided solely for low-income disproportionate
28 share hospital payments.

29 (12) Within the amounts appropriated in this section, the health
30 care authority shall provide disproportionate share hospital payments
31 to hospitals that provide services to children in the children's
32 health program who are not eligible for services under Title XIX or
33 XXI of the federal social security act due to their citizenship
34 status.

35 (13) (~~(\$6,000,000)~~) (a) \$7,000,000 of the general fund—federal
36 appropriation is provided solely for supplemental payments to nursing
37 homes operated by public hospital districts. The public hospital
38 district shall be responsible for providing the required nonfederal
39 match for the supplemental payment, and the payments shall not exceed

1 the maximum allowable under federal rules. It is the legislature's
2 intent that the payments shall be supplemental to and shall not in
3 any way offset or reduce the payments calculated and provided in
4 accordance with part E of chapter 74.46 RCW. It is the legislature's
5 further intent that costs otherwise allowable for rate-setting and
6 settlement against payments under chapter 74.46 RCW shall not be
7 disallowed solely because such costs have been paid by revenues
8 retained by the nursing home from these supplemental payments. The
9 supplemental payments are subject to retrospective interim and final
10 cost settlements based on the nursing homes' as-filed and final
11 medicare cost reports. The timing of the interim and final cost
12 settlements shall be at the health care authority's discretion.
13 During either the interim cost settlement or the final cost
14 settlement, the health care authority shall recoup from the public
15 hospital districts the supplemental payments that exceed the medicaid
16 cost limit and/or the medicare upper payment limit. The health care
17 authority shall apply federal rules for identifying the eligible
18 incurred medicaid costs and the medicare upper payment limit.

19 (b) The authority, in consultation with the department of social
20 and health services and the nursing homes operated by public
21 hospitals described in (a) of this subsection, must develop
22 recommendations for an upper payment limit calculation and the
23 supplemental payment model for nursing homes operated by a public
24 hospital district. The group shall consider how to restructure
25 payments under (a) of this subsection, taking into consideration
26 alternate upper payment limit models, and submit a report to the
27 appropriate committees of the legislature no later than September 30,

29 (c) \$193,000 of the general fund—state appropriation for fiscal
30 year 2020 is provided solely for the authority to provide a one-time
31 grant to a standalone skilled nursing facility operated by a public
32 hospital district in Grant county. This grant is provided as a one-
33 time offset to address the impact of the recoupment requirements of
34 this subsection (13).

35 (14) The health care authority shall continue the inpatient
36 hospital certified public expenditures program for the 2019-2021
37 fiscal biennium. The program shall apply to all public hospitals,
38 including those owned or operated by the state, except those
39 classified as critical access hospitals or state psychiatric
40 institutions. The health care authority shall submit reports to the

1 governor and legislature by November 1, 2020, and by November 1,
2 2021, that evaluate whether savings continue to exceed costs for this
3 program. If the certified public expenditures (CPE) program in its
4 current form is no longer cost-effective to maintain, the health care
5 authority shall submit a report to the governor and legislature
6 detailing cost-effective alternative uses of local, state, and
7 federal resources as a replacement for this program. During fiscal
8 year 2020 and fiscal year 2021, hospitals in the program shall be
9 paid and shall retain one hundred percent of the federal portion of
10 the allowable hospital cost for each medicaid inpatient fee-for-
11 service claim payable by medical assistance and one hundred percent
12 of the federal portion of the maximum disproportionate share hospital
13 payment allowable under federal regulations. Inpatient medicaid
14 payments shall be established using an allowable methodology that
15 approximates the cost of claims submitted by the hospitals. Payments
16 made to each hospital in the program in each fiscal year of the
17 biennium shall be compared to a baseline amount. The baseline amount
18 will be determined by the total of (a) the inpatient claim payment
19 amounts that would have been paid during the fiscal year had the
20 hospital not been in the CPE program based on the reimbursement rates
21 developed, implemented, and consistent with policies approved in the
22 2019-2021 biennial operating appropriations act and in effect on July
23 1, 2015, (b) one-half of the indigent assistance disproportionate
24 share hospital payment amounts paid to and retained by each hospital
25 during fiscal year 2005, and (c) all of the other disproportionate
26 share hospital payment amounts paid to and retained by each hospital
27 during fiscal year 2005 to the extent the same disproportionate share
28 hospital programs exist in the 2019-2021 fiscal biennium. If payments
29 during the fiscal year exceed the hospital's baseline amount, no
30 additional payments will be made to the hospital except the federal
31 portion of allowable disproportionate share hospital payments for
32 which the hospital can certify allowable match. If payments during
33 the fiscal year are less than the baseline amount, the hospital will
34 be paid a state grant equal to the difference between payments during
35 the fiscal year and the applicable baseline amount. Payment of the
36 state grant shall be made in the applicable fiscal year and
37 distributed in monthly payments. The grants will be recalculated and
38 redistributed as the baseline is updated during the fiscal year. The
39 grant payments are subject to an interim settlement within eleven
40 months after the end of the fiscal year. A final settlement shall be

1 performed. To the extent that either settlement determines that a
2 hospital has received funds in excess of what it would have received
3 as described in this subsection, the hospital must repay the excess
4 amounts to the state when requested. (~~(\$537,000)~~) \$759,000 of the
5 general fund—state appropriation for fiscal year 2020 and

18 a cognitive deficit or developmental disability, substance abuse,
19 severe mental illness, unhealthy weight or failure to gain weight,

21 care authority shall prioritize evidence-based practices for delivery

24 for maternity support services by leveraging local public funding for
25 those services.

26 (17) The authority shall submit reports to the governor and the
27 legislature by September 15, 2020, and no later than September 15,
28 2021, that delineate the number of individuals in medicaid managed
29 care, by carrier, age, gender, and eligibility category, receiving
30 preventative services and vaccinations. The reports should include
31 baseline and benchmark information from the previous two fiscal years
32 and should be inclusive of, but not limited to, services recommended
33 under the United States preventative services task force, advisory
34 committee on immunization practices, early and periodic screening,
35 diagnostic, and treatment (EPSDT) guidelines, and other relevant
36 preventative and vaccination medicaid guidelines and requirements.

11 funding, the health care authority, the department of social and
12 health services, and the health benefit exchange will coordinate
13 efforts to expand HealthPlanfinder access to public assistance and
14 medical eligibility staff. The health care authority shall complete

2 clients, and it is the intent of the legislature that this policy
3 will be continued in subsequent fiscal biennia.

37 (A) At least one common measure must be weighted towards having
38 the potential to impact managed care costs; and

1 (B) At least one common measure must be weighted towards

28 care organization may earn back the annual withhold if the external
29 quality improvement organization finds that the managed care
30 organization:

31 (i) Made statistically significant improvement in the seven
32 performance measures as compared to the preceding plan year; or

33 (ii) Scored in the top national medicaid quartile of the
34 performance measures.

38 a managed care organization.

39 (g) For no more than two of the four quality focus performance
40 measures, the authority may use an alternate methodology to

1 approximate top national medicaid quartile performance where top
2 quartile performance data is unavailable.

The appropriations in this section are subject to the following conditions and limitations:

(1) For the purposes of this section, "behavioral health entities" means managed care organizations and administrative services organizations in regions where the authority is purchasing medical and behavioral health services through fully integrated contracts pursuant to RCW 71.24.380, and behavioral health organizations in regions that have not yet transitioned to fully integrated managed care.

(2) Within the amounts appropriated in this section, funding is provided for implementation of the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. In addition to amounts provided solely for implementation of the settlement agreement, class members must have access to supports and services funded throughout this section for which they meet eligibility and medical necessity requirements. The authority must include language in contracts that requires regional behavioral health entities to develop and implement plans for improving access to timely and appropriate treatment for individuals with behavioral health needs and current or prior criminal justice involvement who are eligible for services under these contracts.

(3) \$15,605,000 of the general fund—state appropriation for fiscal year 2020, \$15,754,000 of the general fund—state appropriation for fiscal year 2021, and \$4,789,000 of the general fund—federal appropriation are provided solely for the phase-in of the settlement agreement under *Trueblood, et al. v. Department of Social and Health Services, et al.*, United States District Court for the Western District of Washington, Cause No. 14-cv-01178-MJP. The department, in collaboration with the health care authority and the criminal justice training commission, must implement the provisions of the settlement agreement pursuant to the timeline and implementation plan provided for under the settlement agreement. This includes implementing provisions related to competency evaluations, competency restoration, crisis diversion and supports, education and training, and workforce development.

1 (4) (~~(\$8,777,000)~~) \$8,100,000 of the general fund—state
2 appropriation for fiscal year 2020, (~~(\$10,424,000)~~) \$11,322,000 of
3 the general fund—state appropriation for fiscal year 2021, and
4 \$20,197,000 of the general fund—federal appropriation are provided
5 solely for the authority and behavioral health entities to continue
6 to contract for implementation of high-intensity programs for
7 assertive community treatment (PACT) teams. In determining the
8 proportion of medicaid and nonmedicaid funding provided to behavioral
9 health entities with PACT teams, the authority shall consider the
10 differences between behavioral health entities in the percentages of
11 services and other costs associated with the teams that are not
12 reimbursable under medicaid. The authority may allow behavioral
13 health entities which have nonmedicaid reimbursable costs that are
14 higher than the nonmedicaid allocation they receive under this
15 section to supplement these funds with local dollars or funds
16 received under subsection (7) of this section. The authority and
17 behavioral health entities shall maintain consistency with all
18 essential elements of the PACT evidence-based practice model in
19 programs funded under this section.

20 (5) From the general fund—state appropriations in this section,
21 the authority shall assure that behavioral health entities reimburse
22 the department of social and health services aging and long term
23 support administration for the general fund—state cost of medicaid
24 personal care services that enrolled behavioral health entity
25 consumers use because of their psychiatric disability.

26 (6) \$3,520,000 of the general fund—federal appropriation is
27 provided solely for the authority to maintain a pilot project to
28 incorporate peer bridging staff into behavioral health regional teams
29 that provide transitional services to individuals returning to their
30 communities.

31 (7) (~~(\$81,930,000)~~) \$83,978,000 of the general fund—state
32 appropriation for fiscal year 2020 and (~~(\$81,930,000)~~) \$86,027,000 of
33 the general fund—state appropriation for fiscal year 2021 are
34 provided solely for persons and services not covered by the medicaid
35 program. To the extent possible, levels of behavioral health entity
36 spending must be maintained in the following priority order: Crisis
37 and commitment services; community inpatient services; and
38 residential care services, including personal care and emergency

1 housing assistance. These amounts must be distributed to behavioral
2 health entities as follows:

3 (a) \$2,048,000 of the fiscal year 2020 amounts must be
4 distributed to behavioral health administrative service
5 organizations. Of the remaining amounts for fiscal year 2020, seventy
6 percent must be distributed to behavioral health administrative
7 service organizations and thirty percent to managed care
8 organizations. The percentage of funding provided to each behavioral
9 health administrative services organization must be proportionate to
10 the fiscal year 2019 regional allocation of flexible nonmedicaid
11 funds.

12 (b) \$4,097,000 of the fiscal year 2021 amounts must be
13 distributed to behavioral health administrative service
14 organizations. Of the remaining amounts for fiscal year 2021, eighty
15 percent must be distributed to behavioral health administrative
16 service organizations and twenty percent to managed care
17 organizations. The percentage of funding provided to each behavioral
18 health administrative services organization must be proportionate to
19 the fiscal year 2020 regional allocation of flexible nonmedicaid
20 funds.

21 (c) The authority must include the following language in medicaid
22 contracts with behavioral health entities unless they are provided
23 formal notification from the center for medicaid and medicare
24 services that the language will result in the loss of federal
25 medicaid participation: "The contractor may voluntarily provide
26 services that are in addition to those covered under the state plan,
27 although the cost of these services cannot be included when
28 determining payment rates unless including these costs are
29 specifically allowed under federal law or an approved waiver."

30 (8) The authority is authorized to continue to contract directly,
31 rather than through contracts with behavioral health entities for
32 children's long-term inpatient facility services.

33 (9) \$1,204,000 of the general fund—state appropriation for fiscal
34 year 2020 and \$1,204,000 of the general fund—state appropriation for
35 fiscal year 2021 are provided solely to reimburse Pierce and Spokane
36 counties for the cost of conducting one hundred eighty-day commitment
37 hearings at the state psychiatric hospitals.

38 (10) Behavioral health entities may use local funds to earn
39 additional federal medicaid match, provided the locally matched rate
40 does not exceed the upper-bound of their federally allowable rate

1 range, and provided that the enhanced funding is used only to provide
2 medicaid state plan or waiver services to medicaid clients.
3 Additionally, behavioral health entities may use a portion of the
4 state funds allocated in accordance with subsection (7) of this
5 section to earn additional medicaid match, but only to the extent
6 that the application of such funds to medicaid services does not
7 diminish the level of crisis and commitment, community inpatient,
8 residential care, and outpatient services presently available to
9 persons not eligible for medicaid.

10 (11) \$2,291,000 of the general fund—state appropriation for
11 fiscal year 2020 and \$2,291,000 of the general fund—state
12 appropriation for fiscal year 2021 are provided solely for mental
13 health services for mentally ill offenders while confined in a county
14 or city jail and for facilitating access to programs that offer
15 mental health services upon release from confinement. The authority
16 must collect information from the behavioral health entities on their
17 plan for using these funds, the numbers of individuals served, and
18 the types of services provided and submit a report to the office of
19 financial management and the appropriate fiscal committees of the
20 legislature by December 1st of each year of the biennium.

21 (12) Within the amounts appropriated in this section, funding is
22 provided for the authority to develop and phase in intensive mental
23 health services for high needs youth consistent with the settlement
24 agreement in *T.R. v. Dreyfus and Porter*.

25 (13) The authority must establish minimum and maximum funding
26 levels for all reserves allowed under behavioral health organization
27 and administrative services organization contracts and include
28 contract language that clearly states the requirements and
29 limitations. The authority must monitor and ensure that behavioral
30 health organization and administrative services organization reserves
31 do not exceed maximum levels. The authority must monitor revenue and
32 expenditure reports and must require a behavioral health organization
33 or administrative services organization to submit a corrective action
34 plan on how it will spend its excess reserves within a reasonable
35 period of time, when its reported reserves exceed maximum levels
36 established under the contract. The authority must review and approve
37 such plans and monitor to ensure compliance. If the authority
38 determines that a behavioral health organization or administrative
39 services organization has failed to provide an adequate excess
40 reserve corrective action plan or is not complying with an approved

1 plan, the authority must reduce payments to the entity in accordance
2 with remedial actions provisions included in the contract. These
3 reductions in payments must continue until the authority determines
4 that the entity has come into substantial compliance with an approved
5 excess reserve corrective action plan.

6 (14) During the 2019-2021 fiscal biennium, any amounts provided
7 in this section that are used for case management services for
8 pregnant and parenting women must be contracted directly between the
9 authority and providers rather than through contracts with behavioral
10 health organizations.

11 (15) Within the amounts appropriated in this section, the
12 authority may contract with the University of Washington and
13 community-based providers for the provision of the parent-child
14 assistance program or other specialized chemical dependency case
15 management providers for pregnant, post-partum, and parenting women.
16 For all contractors: (a) Service and other outcome data must be
17 provided to the authority by request; and (b) indirect charges for
18 administering the program must not exceed ten percent of the total
19 contract amount.

20 (16) \$3,500,000 of the general fund—federal appropriation (from
21 the substance abuse prevention and treatment federal block grant) is
22 provided solely for the continued funding of existing county drug and
23 alcohol use prevention programs.

24 (17) Within the amounts provided in this section, behavioral
25 health entities must provide outpatient chemical dependency treatment
26 for offenders enrolled in the medicaid program who are supervised by
27 the department of corrections pursuant to a term of community
28 supervision. Contracts with behavioral health entities must require
29 that behavioral health entities include in their provider network
30 specialized expertise in the provision of manualized, evidence-based
31 chemical dependency treatment services for offenders. The department
32 of corrections and the authority must develop a memorandum of
33 understanding for department of corrections offenders on active
34 supervision who are medicaid eligible and meet medical necessity for
35 outpatient substance use disorder treatment. The agreement will
36 ensure that treatment services provided are coordinated, do not
37 result in duplication of services, and maintain access and quality of
38 care for the individuals being served. The authority must provide all
39 necessary data, access, and reports to the department of corrections

1 for all department of corrections offenders that receive medicaid
2 paid services.

3 (18) The criminal justice treatment account—state appropriation
4 is provided solely for treatment and treatment support services for
5 offenders with a substance use disorder pursuant to RCW 71.24.580.
6 The authority must offer counties the option to administer their
7 share of the distributions provided for under RCW 71.24.580(5)(a). If
8 a county is not interested in administering the funds, the authority
9 shall contract with behavioral health entities to administer these
10 funds consistent with the plans approved by local panels pursuant to
11 RCW 71.24.580(5)(b). The authority must provide a report to the
12 office of financial management and the appropriate committees of the
13 legislature which identifies the distribution of criminal justice
14 treatment account funds by September 30, 2019.

15 (19) No more than \$27,844,000 of the general fund—federal
16 appropriation may be expended for supported housing and employment
17 services described in initiative 3a and 3b of the medicaid
18 transformation demonstration waiver under healthier Washington. Under
19 this initiative, the authority and the department of social and
20 health services shall ensure that allowable and necessary services
21 are provided to eligible clients as identified by the authority or
22 its providers or third party administrator. The department and the
23 authority in consultation with the medicaid forecast work group,
24 shall ensure that reasonable reimbursements are established for
25 services deemed necessary within an identified limit per individual.
26 The authority shall not increase general fund—state expenditures
27 under this initiative. The secretary in collaboration with the
28 director of the authority shall report to the joint select committee
29 on health care oversight no less than quarterly on financial and
30 health outcomes. The secretary in cooperation with the director shall
31 also report to the fiscal committees of the legislature all of the
32 expenditures of this subsection and shall provide such fiscal data in
33 the time, manner, and form requested by the legislative fiscal
34 committees.

35 (20) \$6,858,000 of the general fund—state appropriation for
36 fiscal year 2020, \$6,858,000 of the general fund—state appropriation
37 for fiscal year 2021, and \$8,046,000 of the general fund—federal
38 appropriation are provided solely to maintain new crisis triage or
39 stabilization centers. Services in these facilities may include

1 crisis stabilization and intervention, individual counseling, peer
2 support, medication management, education, and referral assistance.
3 The authority shall monitor each center's effectiveness at lowering
4 the rate of state psychiatric hospital admissions.

5 (21) \$1,125,000 of the general fund—federal appropriation is
6 provided solely for the authority to develop a memorandum of
7 understanding with the department of health for implementation of
8 chapter 297, Laws of 2017 (opioid treatment programs). The authority
9 must use these amounts to reimburse the department of health for
10 costs incurred through the implementation of the bill.

11 (22) \$6,655,000 of the general fund—state appropriation for
12 fiscal year 2020, \$10,015,000 of the general fund—state appropriation
13 for fiscal year 2021, and \$12,965,000 of the general fund—federal
14 appropriation are provided solely for the operation of secure
15 withdrawal management and stabilization facilities. The authority may
16 not use any of these amounts for services in facilities that are
17 subject to federal funding restrictions that apply to institutions
18 for mental diseases, unless they have received a waiver that allows
19 for full federal participation in these facilities. Within these
20 amounts, funding is provided to increase the fee for service rate for
21 these facilities up to \$650 per day. The authority must require in
22 contracts with behavioral health entities that, beginning in calendar
23 year 2020, they pay no lower than the fee for service rate. The
24 authority must coordinate with regional behavioral health entities to
25 identify and implement purchasing strategies or regulatory changes
26 that increase access to services for individuals with complex
27 behavioral health needs at secure withdrawal management and
28 stabilization facilities.

29 (23) \$23,090,000 of the general fund—state appropriation for
30 fiscal year 2020, \$23,090,000 of the general fund—state appropriation
31 for fiscal year 2021, and \$92,444,000 of the general fund—federal
32 appropriation are provided solely to maintain the enhancement of
33 community-based behavioral health services that was funded in fiscal
34 year 2019. Twenty percent of the general fund—state appropriation
35 amounts for each regional service area must be used to increase their
36 nonmedicaid funding and the remainder must be used to increase
37 medicaid rates above FY 2018 levels. Effective January 2020, the
38 medicaid funding is intended to increase rates for behavioral health
39 services provided by licensed and certified community behavioral

1 health agencies as defined by the department of health. This funding
2 must be allocated to the managed care organizations proportionate to
3 their medicaid enrollees. The authority must require the managed care
4 organizations to provide a report on their implementation of this
5 funding. The authority must submit a report to the legislature by
6 December 1, 2020, summarizing how this funding was used and provide
7 information for future options of increasing behavioral health
8 provider rates through directed payments. The report must identify
9 different mechanisms for implementing directed payment for behavioral
10 health providers including but not limited to minimum fee schedules,
11 across the board percentage increases, and value-based payments. The
12 report must provide a description of each of the mechanisms
13 considered, the timeline that would be required for implementing the
14 mechanism, and whether and how the mechanism is expected to have a
15 differential impact on different providers. The report must also
16 summarize the information provided by managed care organizations in
17 implementing the funding provided under this section.

18 (24) \$27,917,000 of the general fund—state appropriation for
19 fiscal year 2020, \$36,095,000 of the general fund—state appropriation

21 appropriation are provided solely for the department to contract with
22 community hospitals or freestanding evaluation and treatment centers
23 to provide long-term inpatient care beds as defined in RCW 71.24.025.
24 Within these amounts, the authority must meet the requirements for
25 reimbursing counties for the judicial services for patients being
26 served in these settings in accordance with RCW 71.05.730. The
27 authority must coordinate with the department of social and health
28 services in developing the contract requirements, selecting
29 contractors, and establishing processes for identifying patients that
30 will be admitted to these facilities.

31 (a) Sufficient amounts are provided in fiscal year 2020 for the
32 authority to reimburse community hospitals serving medicaid clients
33 in long-term inpatient care beds as defined in RCW 71.24.025 at a
34 rate of \$1,171 per day, or the hospital's current psychiatric
35 inpatient per diem rate, whichever is higher. ((The)) In fiscal year
36 2020, the rate paid to hospitals in this subsection cannot exceed
37 one-hundred percent of the hospitals eligible costs based on their
38 most recently completed medicare cost report. ((The authority in
39 collaboration with the Washington state hospital association must

1 ~~convene a work group to develop a methodology for reimbursing~~
2 ~~community hospitals serving these clients. In developing this~~
3 ~~methodology, the authority must account for cost structure~~
4 ~~differences between teaching hospitals and other hospital types. The~~
5 ~~authority must provide a report to the appropriate committees of the~~
6 ~~legislature by December 1, 2019. The report must:~~

17 authority to reimburse providers serving medicaid clients in long-
18 term inpatient care beds as defined in RCW 71.24.025 as follows: (i)
19 Community hospitals whose costs exceed their current rates based on
20 their most recently completed medicare cost report at one hundred
21 percent of the hospitals eligible costs documented in the most
22 recently completed medicare cost report; (ii) community hospitals
23 whose costs do not exceed their current rates based on their most
24 recently completed medicare cost report at a rate that reflects a
25 five percent increase from their fiscal year 2020 psychiatric per
26 diem rate for serving medicaid clients; and (iii) nonhospital

30 operation of services during the contract period and do not result in
31 overpayment to providers. If the nonfederal share of reserves
32 returned during fiscal year 2020 exceeds \$35,000,000, the authority
33 shall use some of the amounts in excess of \$35,000,000 to support the

7 from organizations that the department has determined to have
8 substantially equivalent standards to those of the department,
9 including but not limited to the joint commission on accreditation of
10 health care organizations, the commission on accreditation of
11 rehabilitation facilities, and the council on accreditation. To
12 reflect the reduced costs associated with regulation of accredited
13 programs, the department's fees for organizations with such proof of

21 better statewide performance on ecological health and endangered
22 specifies recovery, including the recovery of salmon in order to
23 fulfill tribal treaty obligations and achieve the delisting of
24 threatened or endangered runs. The report must address each
25 environmental, development, or land use law or rule where the
26 existing standard is less protective of ecological integrity than the
27 standard of net ecological gain, including the shoreline management
28 act, chapter 90.58 RCW; the growth management act, chapter 36.70A
29 RCW; and construction projects in state waters regulated under 77.55
30 RCW.

31 (b) In developing the report under this subsection, the
32 department must consult with the appropriate local governments, state

8 including legal issues and costs for state and local governments to
9 achieve net ecological gain through both:

10 (A) Implementation of a standard of net ecological gain under
11 different environmental, development, and land use laws; and

12 (B) An enhanced approach to implementing and monitoring no net
13 loss in existing environmental, development, and land use laws;

14 (iii) Recommendations on funding, incentives, technical
15 assistance, legal issues, monitoring, and use of scientific data, and

17 gain into each environmental, developmental, and land use law or
18 rule;

19 (iv) Assessments of how applying a standard of net ecological
20 gain in the context of each environmental, land use, or development
21 law is likely to achieve substantial additional environmental or
22 social co-benefits; and

23 (v) Assessments of why existing standards of ecological
24 protectiveness, such as no net loss standards, have been sufficient
25 or insufficient to protect ecological health and achieve endangered
26 species recovery.

Calculated benefit units are staff units multiplied by the benefit allocation factors established in the collective bargaining agreement referenced in (~~section 938 of this act~~) section 908 of this act. These factors are intended to adjust allocations so that, for the purpose of distributing insurance benefits, full-time equivalent employees may be calculated on the basis of 630 hours of work per year, with no individual employee counted as more than one full-time equivalent. 19 project's approved technology budget and investment plan.

20 (11) The office of the state chief information officer may
21 suspend or terminate a project at any time if it determines that the
22 project is not meeting or not expected to meet anticipated
23 performance and technology outcomes. Once suspension or termination

25 make any expenditure for the project without the approval of the
26 office of financial management.

27 (12) The office of the state chief information officer, in
28 consultation with the office of financial management, may identify

11 2020, are cost-beneficial; and

12 (B) Up to fifteen percent of the funds appropriated under (a)(i)
13 of this subsection for new programs and new services may be directed
14 to proven and tested practices, emerging best practices, or promising
15 practices.

16 (ii) In deciding which programs and practices to fund, the
17 director of the health care authority must consult, at least
18 annually, with the University of Washington's social development
19 research group and the University of Washington's alcohol and drug
20 abuse institute.

21 (iii) For each fiscal year, the legislature must appropriate a
22 minimum of twenty-five million five hundred thirty-six thousand
23 dollars under this subsection (2)(a);

24 (b)(i) Up to ten percent to the department of health for the
25 following, subject to (b)(ii) of this subsection (2):

26 (A) Creation, implementation, operation, and management of a
27 marijuana education and public health program that contains the
28 following:

29 (I) A marijuana use public health hotline that provides referrals
30 to substance abuse treatment providers, utilizes evidence-based or
31 research-based public health approaches to minimizing the harms
32 associated with marijuana use, and does not solely advocate an
33 abstinence-only approach;

34 (II) A grants program for local health departments or other local
35 community agencies that supports development and implementation of
36 coordinated intervention strategies for the prevention and reduction
37 of marijuana use by youth; and

38 (III) Media-based education campaigns across television,
39 internet, radio, print, and out-of-home advertising, separately
40 targeting youth and adults, that provide medically and scientifically

1 accurate information about the health and safety risks posed by
2 marijuana use; and

3 (B) The Washington poison control center.

4 (ii) For each fiscal year, the legislature must appropriate a
5 minimum of nine million seven hundred fifty thousand dollars under
6 this subsection (2)(b);

7 (c)(i) Up to six-tenths of one percent to the University of
8 Washington and four-tenths of one percent to Washington State
9 University for research on the short and long-term effects of
10 marijuana use, to include but not be limited to formal and informal
11 methods for estimating and measuring intoxication and impairment, and
12 for the dissemination of such research.

13 (ii) For each fiscal year, except for the 2017-2019 and 2019-2021
14 fiscal biennia, the legislature must appropriate a minimum of one
15 million twenty-one thousand dollars to the University of Washington.
16 For each fiscal year, except for the 2017-2019 and 2019-2021 fiscal
17 biennia, the legislature must appropriate a minimum of six hundred
18 eighty-one thousand dollars to Washington State University under this
19 subsection (2)(c). It is the intent of the legislature that this
20 policy will be continued in the 2019-2021 fiscal biennium;

21 (d) Fifty percent to the state basic health plan trust account to
22 be administered by the Washington basic health plan administrator and
23 used as provided under chapter 70.47 RCW;

24 (e) Five percent to the Washington state health care authority to
25 be expended exclusively through contracts with community health
26 centers to provide primary health and dental care services, migrant
27 health services, and maternity health care services as provided under
28 RCW 41.05.220;

29 (f)(i) Up to three-tenths of one percent to the office of the
30 superintendent of public instruction to fund grants to building
31 bridges programs under chapter 28A.175 RCW.

32 (ii) For each fiscal year, the legislature must appropriate a
33 minimum of five hundred eleven thousand dollars to the office of the
34 superintendent of public instruction under this subsection (2)(f);
35 and

36 (g) At the end of each fiscal year, the treasurer must transfer
37 any amounts in the dedicated marijuana account that are not
38 appropriated pursuant to subsection (1) of this section and this
39 subsection (2) into the general fund, except as provided in (g)(i) of
40 this subsection (2).

1 (i) Beginning in fiscal year 2018, if marijuana excise tax
2 collections deposited into the general fund in the prior fiscal year
3 exceed twenty-five million dollars, then each fiscal year the
4 legislature must appropriate an amount equal to thirty percent of all
5 marijuana excise taxes deposited into the general fund the prior
6 fiscal year to the treasurer for distribution to counties, cities,
7 and towns as follows:

8 (A) Thirty percent must be distributed to counties, cities, and
9 towns where licensed marijuana retailers are physically located. Each
10 jurisdiction must receive a share of the revenue distribution under
11 this subsection (2)(g)(i)(A) based on the proportional share of the
12 total revenues generated in the individual jurisdiction from the
13 taxes collected under RCW 69.50.535, from licensed marijuana
14 retailers physically located in each jurisdiction. For purposes of
15 this subsection (2)(g)(i)(A), one hundred percent of the proportional
16 amount attributed to a retailer physically located in a city or town
17 must be distributed to the city or town.

18 (B) Seventy percent must be distributed to counties, cities, and
19 towns ratably on a per capita basis. Counties must receive sixty
20 percent of the distribution, which must be disbursed based on each
21 county's total proportional population. Funds may only be distributed
22 to jurisdictions that do not prohibit the siting of any state
23 licensed marijuana producer, processor, or retailer.

24 (ii) Distribution amounts allocated to each county, city, and
25 town must be distributed in four installments by the last day of each
26 fiscal quarter.

27 (iii) By September 15th of each year, the state liquor and
28 cannabis board must provide the state treasurer the annual
29 distribution amount, if any, for each county and city as determined
30 in (g)(i) of this subsection (2).

31 (iv) The total share of marijuana excise tax revenues distributed
32 to counties and cities in (g)(i) of this subsection (2) may not
33 exceed fifteen million dollars in fiscal years 2018, 2019, and 2020,
34 ~~((and))~~ eighteen million five hundred thousand dollars for fiscal
35 year 2021, and twenty million dollars per fiscal year thereafter. It
36 is the intent of the legislature that the policy for the maximum
37 distributions in the subsequent fiscal biennia will be no more than
38 ~~((fifteen))~~ eighteen million five hundred thousand dollars per fiscal
39 year.

1 For the purposes of this section, "marijuana products" means
2 "useable marijuana," "marijuana concentrates," and "marijuana-infused
3 products" as those terms are defined in RCW 69.50.101.

4 **Sec. 917.** RCW 71A.20.170 and 2011 1st sp.s. c 30 s 12 are each
5 amended to read as follows:

6 (1) The developmental disabilities community trust account is
7 created in the state treasury. All net proceeds from the use of
8 excess property identified in the 2002 joint legislative audit and
9 review committee capital study or other studies of the division of
10 developmental disabilities residential habilitation centers that
11 would not impact current residential habilitation center operations
12 must be deposited into the account.

13 (2) Proceeds may come from the lease of the land, conservation
14 easements, sale of timber, or other activities short of sale of the
15 property, except as permitted under section 7 of this act.

16 (3) "Excess property" includes that portion of the property at
17 Rainier school previously under the cognizance and control of
18 Washington State University for use as a dairy/forage research
19 facility.

20 (4) Only investment income from the principal of the proceeds
21 deposited into the trust account may be spent from the account. For
22 purposes of this section, "investment income" includes lease
23 payments, rent payments, or other periodic payments deposited into
24 the trust account. For purposes of this section, "principal" is the
25 actual excess land from which proceeds are assigned to the trust
26 account.

27 (5) Moneys in the account may be spent only after appropriation.
28 Expenditures from the account shall be used exclusively to provide
29 family support and/or employment/day services to eligible persons
30 with developmental disabilities who can be served by community-based
31 developmental disability services. It is the intent of the
32 legislature that the account should not be used to replace, supplant,
33 or reduce existing appropriations.

34 (6) The account shall be known as the Dan Thompson memorial
35 developmental disabilities community trust account.

36 (7) During the 2019-2021 fiscal biennium, moneys appropriated
37 from the general fund for expenditure into the Dan Thompson memorial
38 developmental disabilities community trust account may be spent from
39 the account for the purposes specified in subsection (5) of this

1 section. It is the intent of the legislature that this policy will
2 continue in subsequent biennia.

3 **Sec. 918.** RCW 82.19.040 and 2019 c 415 s 989 are each amended to
4 read as follows:

5 (1) To the extent applicable, all of the definitions of chapter
6 82.04 RCW and all of the provisions of chapter 82.32 RCW apply to the
7 tax imposed in this chapter.

8 (2) Beginning June 30, 2019, taxes collected under this chapter
9 shall be deposited in the waste reduction, recycling, and litter
10 control account under RCW 70.93.180, except that until June 30,
11 ~~((2021))~~ 2020, one million two hundred fifty thousand dollars ~~((per~~
12 ~~fiscal year))~~ must be deposited in equal monthly amounts in the state
13 parks renewal and stewardship account, with the remainder deposited
14 in the waste reduction, recycling, and litter control account. ~~((It~~
15 ~~is the intent of the legislature to continue this policy in the~~
16 ~~ensuing biennium.))~~

17 **Sec. 919.** RCW 90.56.510 and 2019 c 415 s 994 are each amended to
18 read as follows:

19 (1) The oil spill prevention account is created in the state
20 treasury. All receipts from RCW 82.23B.020(2) shall be deposited in
21 the account. Moneys from the account may be spent only after
22 appropriation. The account is subject to allotment procedures under
23 chapter 43.88 RCW. If, on the first day of any calendar month, the
24 balance of the oil spill response account is greater than nine
25 million dollars and the balance of the oil spill prevention account
26 exceeds the unexpended appropriation for the current biennium, then
27 the tax under RCW 82.23B.020(2) shall be suspended on the first day
28 of the next calendar month until the beginning of the following
29 biennium, provided that the tax shall not be suspended during the
30 last six months of the biennium. If the tax imposed under RCW
31 82.23B.020(2) is suspended during two consecutive biennia, the
32 department shall by November 1st after the end of the second
33 biennium, recommend to the appropriate standing committees an
34 adjustment in the tax rate. For the biennium ending June 30, 1999,
35 and the biennium ending June 30, 2001, the state treasurer may
36 transfer a total of up to one million dollars from the oil spill
37 response account to the oil spill prevention account to support

1 appropriations made from the oil spill prevention account in the
2 omnibus appropriations act adopted not later than June 30, 1999.

3 (2) Expenditures from the oil spill prevention account shall be
4 used exclusively for the administrative costs related to the purposes
5 of this chapter, and chapters 90.48, 88.40, and 88.46 RCW. In
6 addition, until June 30, 2021, expenditures from the oil spill
7 prevention account may be used, subject to amounts appropriated
8 specifically for this purpose, for the development and annual review
9 of local emergency planning committee emergency response plans in RCW
10 38.52.040(3). Starting with the 1995-1997 biennium, the legislature
11 shall give activities of state agencies related to prevention of oil
12 spills priority in funding from the oil spill prevention account.
13 Costs of prevention include the costs of:

14 (a) Routine responses not covered under RCW 90.56.500;

15 (b) Management and staff development activities;

16 (c) Development of rules and policies and the statewide plan
17 provided for in RCW 90.56.060;

18 (d) Facility and vessel plan review and approval, drills,
19 inspections, investigations, enforcement, and litigation;

20 (e) Interagency coordination and public outreach and education;

21 (f) Collection and administration of the tax provided for in
22 chapter 82.23B RCW; and

23 (g) Appropriate travel, goods and services, contracts, and
24 equipment.

25 (3) Before expending moneys from the account for a response under
26 subsection (2)(a) of this section, but without delaying response
27 activities, the director shall make reasonable efforts to obtain
28 funding for response costs under this section from the person
29 responsible for the spill and from other sources, including the
30 federal government.

31 (4) During the 2019-2021 fiscal biennium, the legislature may
32 appropriate moneys from the oil spill prevention account to the oil
33 spill response account.

34 **Sec. 920.** RCW 70.105D.190 and 2019 c 422 s 202 are each amended
35 to read as follows:

36 (1) The model toxics control operating account is hereby created
37 in the state treasury.

1 (2) Moneys in the model toxics control operating account must be
2 used only to carry out the purposes of this chapter, including but
3 not limited to the following:

4 (a) The state's responsibility for hazardous waste planning,
5 management, regulation, enforcement, technical assistance, and public
6 education required under chapter 70.105 RCW;

7 (b) The state's responsibility for solid waste planning,
8 management, regulation, enforcement, technical assistance, and public
9 education required under chapter 70.95 RCW;

10 (c) The hazardous waste clean-up program required under this
11 chapter;

12 (d) State matching funds required under federal cleanup law;

13 (e) Financial assistance for local programs and plans, including
14 local solid waste financial assistance, in accordance with chapters
15 70.76, 70.95, 70.95C, 70.95I, and 70.105 RCW;

16 (f) State government programs for the safe reduction, recycling,
17 or disposal of paint and hazardous wastes from households, small
18 businesses, and agriculture;

20 training, and response activities;

21 (h) Water and environmental health protection and monitoring
22 programs;

23 (i) Programs authorized under chapter 70.146 RCW;

24 (j) A public participation program;

25 (k) Development and demonstration of alternative management
26 technologies designed to carry out the hazardous waste management
27 priorities of RCW 70.105.150;

28 (l) State agriculture and health programs for the safe use,
29 reduction, recycling, or disposal of pesticides;

30 (m) Funding requirements to maintain receipt of federal funds
31 under the federal solid waste disposal act (42 U.S.C. Sec. 6901 et
32 seq.);

33 (n) Air quality programs and actions for reducing public exposure
34 to toxic air pollution; ~~((and))~~

35 (o) Petroleum-based plastic or expanded polystyrene foam debris
36 clean-up activities in fresh or marine waters; and

37 (p) During the 2019-2021 fiscal biennium, forest practices
38 regulation at the department of natural resources.

1 (3) Except for unanticipated receipts under RCW 43.79.260 through
2 43.79.282, moneys in model toxics control operating account may be
3 spent only after appropriation by statute.

4 (4) One percent of the moneys collected under RCW 82.21.030 must
5 be allocated only for public participation grants to persons who may
6 be adversely affected by a release or threatened release of a
7 hazardous substance and to not-for-profit public interest
8 organizations. The primary purpose of these grants is to facilitate
9 the participation by persons and organizations in the investigation
10 and remedying of releases or threatened releases of hazardous
11 substances and to implement the state's solid and hazardous waste
12 management priorities. No grant may exceed sixty thousand dollars.
13 Grants may be renewed annually. Moneys appropriated for public
14 participation that are not expended at the close of any biennium
15 revert to the model toxics control operating account.

16 (5) The department must adopt rules for grant or loan issuance
17 and performance.

18 **Sec. 921.** RCW 74.46.561 and 2019 c 301 s 1 are each amended to
19 read as follows:

20 (1) The legislature adopts a new system for establishing nursing
21 home payment rates beginning July 1, 2016. Any payments to nursing
22 homes for services provided after June 30, 2016, must be based on the
23 new system. The new system must be designed in such a manner as to
24 decrease administrative complexity associated with the payment
25 methodology, reward nursing homes providing care for high acuity
26 residents, incentivize quality care for residents of nursing homes,
27 and establish minimum staffing standards for direct care.

28 (2) The new system must be based primarily on industry-wide
29 costs, and have three main components: Direct care, indirect care,
30 and capital.

31 (3) The direct care component must include the direct care and
32 therapy care components of the previous system, along with food,
33 laundry, and dietary services. Direct care must be paid at a fixed
34 rate, based on one hundred percent or greater of statewide case mix
35 neutral median costs, but shall be set so that a nursing home
36 provider's direct care rate does not exceed one hundred eighteen
37 percent of its base year's direct care allowable costs except if the
38 provider is below the minimum staffing standard established in RCW
39 74.42.360(2). Direct care must be performance-adjusted for acuity

1 every six months, using case mix principles. Direct care must be
2 regionally adjusted using county wide wage index information
3 available through the United States department of labor's bureau of
4 labor statistics. There is no minimum occupancy for direct care. The
5 direct care component rate allocations calculated in accordance with
6 this section must be adjusted to the extent necessary to comply with
7 RCW 74.46.421.

8 (4) The indirect care component must include the elements of
9 administrative expenses, maintenance costs, and housekeeping services
10 from the previous system. A minimum occupancy assumption of ninety
11 percent must be applied to indirect care. Indirect care must be paid
12 at a fixed rate, based on ninety percent or greater of statewide
13 median costs. The indirect care component rate allocations calculated
14 in accordance with this section must be adjusted to the extent
15 necessary to comply with RCW 74.46.421.

16 (5) The capital component must use a fair market rental system to
17 set a price per bed. The capital component must be adjusted for the
18 age of the facility, and must use a minimum occupancy assumption of
19 ninety percent.

20 (a) Beginning July 1, 2016, the fair rental rate allocation for
21 each facility must be determined by multiplying the allowable nursing
22 home square footage in (c) of this subsection by the RSMeans rental
23 rate in (d) of this subsection and by the number of licensed beds
24 yielding the gross unadjusted building value. An equipment allowance
25 of ten percent must be added to the unadjusted building value. The
26 sum of the unadjusted building value and equipment allowance must
27 then be reduced by the average age of the facility as determined by
28 (e) of this subsection using a depreciation rate of one and one-half
29 percent. The depreciated building and equipment plus land valued at
30 ten percent of the gross unadjusted building value before
31 depreciation must then be multiplied by the rental rate at seven and
32 one-half percent to yield an allowable fair rental value for the
33 land, building, and equipment.

34 (b) The fair rental value determined in (a) of this subsection
35 must be divided by the greater of the actual total facility census
36 from the prior full calendar year or imputed census based on the
37 number of licensed beds at ninety percent occupancy.

38 (c) For the rate year beginning July 1, 2016, all facilities must
39 be reimbursed using four hundred square feet. For the rate year
40 beginning July 1, 2017, allowable nursing facility square footage

1 must be determined using the total nursing facility square footage as
2 reported on the medicaid cost reports submitted to the department in
3 compliance with this chapter. The maximum allowable square feet per
4 bed may not exceed four hundred fifty.

5 (d) Each facility must be paid at eighty-three percent or greater
6 of the median nursing facility RSMeans construction index value per
7 square foot. The department may use updated RSMeans construction
8 index information when more recent square footage data becomes
9 available. The statewide value per square foot must be indexed based
10 on facility zip code by multiplying the statewide value per square
11 foot times the appropriate zip code based index. For the purpose of
12 implementing this section, the value per square foot effective July
13 1, 2016, must be set so that the weighted average fair rental value
14 rate is not less than ten dollars and eighty cents per patient day.
15 The capital component rate allocations calculated in accordance with
16 this section must be adjusted to the extent necessary to comply with
17 RCW 74.46.421.

18 (e) The average age is the actual facility age reduced for
19 significant renovations. Significant renovations are defined as those
20 renovations that exceed two thousand dollars per bed in a calendar
21 year as reported on the annual cost report submitted in accordance
22 with this chapter. For the rate beginning July 1, 2016, the
23 department shall use renovation data back to 1994 as submitted on
24 facility cost reports. Beginning July 1, 2016, facility ages must be
25 reduced in future years if the value of the renovation completed in
26 any year exceeds two thousand dollars times the number of licensed
27 beds. The cost of the renovation must be divided by the accumulated
28 depreciation per bed in the year of the renovation to determine the
29 equivalent number of new replacement beds. The new age for the
30 facility is a weighted average with the replacement bed equivalents
31 reflecting an age of zero and the existing licensed beds, minus the
32 new bed equivalents, reflecting their age in the year of the
33 renovation. At no time may the depreciated age be less than zero or
34 greater than forty-four years.

35 (f) A nursing facility's capital component rate allocation must
36 be rebased annually, effective July 1, 2016, in accordance with this
37 section and this chapter.

38 (g) For the purposes of this subsection (5), "RSMeans" means
39 building construction costs data as published by Gordian.

1 (6) A quality incentive must be offered as a rate enhancement
2 beginning July 1, 2016.

3 (a) An enhancement no larger than five percent and no less than
4 one percent of the statewide average daily rate must be paid to
5 facilities that meet or exceed the standard established for the
6 quality incentive. All providers must have the opportunity to earn
7 the full quality incentive payment.

8 (b) The quality incentive component must be determined by
9 calculating an overall facility quality score composed of four to six
10 quality measures. For fiscal year 2017 there shall be four quality
11 measures, and for fiscal year 2018 there shall be six quality
12 measures. Initially, the quality incentive component must be based on
13 minimum data set quality measures for the percentage of long-stay
14 residents who self-report moderate to severe pain, the percentage of
15 high-risk long-stay residents with pressure ulcers, the percentage of
16 long-stay residents experiencing one or more falls with major injury,
17 and the percentage of long-stay residents with a urinary tract
18 infection. Quality measures must be reviewed on an annual basis by a
19 stakeholder work group established by the department. Upon review,
20 quality measures may be added or changed. The department may risk
21 adjust individual quality measures as it deems appropriate.

22 (c) The facility quality score must be point based, using at a
23 minimum the facility's most recent available three-quarter average
24 centers for medicare and medicaid services quality data. Point
25 thresholds for each quality measure must be established using the
26 corresponding statistical values for the quality measure point
27 determinants of eighty quality measure points, sixty quality measure
28 points, forty quality measure points, and twenty quality measure
29 points, identified in the most recent available five-star quality
30 rating system technical user's guide published by the center for
31 medicare and medicaid services.

32 (d) Facilities meeting or exceeding the highest performance
33 threshold (top level) for a quality measure receive twenty-five
34 points. Facilities meeting the second highest performance threshold
35 receive twenty points. Facilities meeting the third level of
36 performance threshold receive fifteen points. Facilities in the
37 bottom performance threshold level receive no points. Points from all
38 quality measures must then be summed into a single aggregate quality
39 score for each facility.

1 (e) Facilities receiving an aggregate quality score of eighty
2 percent of the overall available total score or higher must be placed
3 in the highest tier (tier V), facilities receiving an aggregate score
4 of between seventy and seventy-nine percent of the overall available
5 total score must be placed in the second highest tier (tier IV),
6 facilities receiving an aggregate score of between sixty and sixty-
7 nine percent of the overall available total score must be placed in
8 the third highest tier (tier III), facilities receiving an aggregate
9 score of between fifty and fifty-nine percent of the overall
10 available total score must be placed in the fourth highest tier (tier
11 II), and facilities receiving less than fifty percent of the overall
12 available total score must be placed in the lowest tier (tier I).

13 (f) The tier system must be used to determine the amount of each
14 facility's per patient day quality incentive component. The per
15 patient day quality incentive component for tier IV is seventy-five
16 percent of the per patient day quality incentive component for tier
17 V, the per patient day quality incentive component for tier III is
18 fifty percent of the per patient day quality incentive component for
19 tier V, and the per patient day quality incentive component for tier
20 II is twenty-five percent of the per patient day quality incentive
21 component for tier V. Facilities in tier I receive no quality
22 incentive component.

23 (g) Tier system payments must be set in a manner that ensures
24 that the entire biennial appropriation for the quality incentive
25 program is allocated.

26 (h) Facilities with insufficient three-quarter average centers
27 for medicare and medicaid services quality data must be assigned to
28 the tier corresponding to their five-star quality rating. Facilities
29 with a five-star quality rating must be assigned to the highest tier
30 (tier V) and facilities with a one-star quality rating must be
31 assigned to the lowest tier (tier I). The use of a facility's five-
32 star quality rating shall only occur in the case of insufficient
33 centers for medicare and medicaid services minimum data set
34 information.

35 (i) The quality incentive rates must be adjusted semiannually on
36 July 1 and January 1 of each year using, at a minimum, the most
37 recent available three-quarter average centers for medicare and
38 medicaid services quality data.

39 (j) Beginning July 1, 2017, the percentage of short-stay
40 residents who newly received an antipsychotic medication must be

1 added as a quality measure. The department must determine the quality
2 incentive thresholds for this quality measure in a manner consistent
3 with those outlined in (b) through (h) of this subsection using the
4 centers for medicare and medicaid services quality data.

5 (k) Beginning July 1, 2017, the percentage of direct care staff
6 turnover must be added as a quality measure using the centers for
7 medicare and medicaid services' payroll-based journal and nursing
8 home facility payroll data. Turnover is defined as an employee
9 departure. The department must determine the quality incentive
10 thresholds for this quality measure using data from the centers for
11 medicare and medicaid services' payroll-based journal, unless such
12 data is not available, in which case the department shall use direct
13 care staffing turnover data from the most recent medicaid cost
14 report.

15 (7) Reimbursement of the safety net assessment imposed by chapter
16 74.48 RCW and paid in relation to medicaid residents must be
17 continued.

18 (8) (a) The direct care and indirect care components must be
19 rebased in even-numbered years, beginning with rates paid on July 1,
20 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar
21 year cost report. On a percentage basis, after rebasing, the
22 department must confirm that the statewide average daily rate has
23 increased at least as much as the average rate of inflation, as
24 determined by the skilled nursing facility market basket index
25 published by the centers for medicare and medicaid services, or a
26 comparable index. If after rebasing, the percentage increase to the
27 statewide average daily rate is less than the average rate of
28 inflation for the same time period, the department is authorized to
29 increase rates by the difference between the percentage increase
30 after rebasing and the average rate of inflation.

31 (b) It is the intention of the legislature that direct and
32 indirect care rates paid in fiscal year 2022 will be rebased using
33 the calendar year 2019 cost reports. For fiscal year 2021, in
34 addition to the rates generated by (a) of this subsection, an
35 additional adjustment is provided as established in this subsection
36 (8)(b). For fiscal year 2021, the calendar year costs must be
37 adjusted for inflation by a twenty-four month consumer price index,
38 based on the most recently available monthly index for all urban
39 consumers, as published by the bureau of labor statistics. It is also
40 the intent of the legislature that, starting in fiscal year 2022, a

1 facility-specific rate add-on equal to the inflation adjustment that
2 facilities received in fiscal year 2021, must be added to the rate.

3 (c) To determine the necessity of regular inflationary
4 adjustments to the nursing facility rates, by December 1, 2020, the
5 department shall provide the appropriate policy and fiscal committees
6 of the legislature with a report that provides a review of rates paid
7 in 2017, 2018, and 2019 in comparison to costs incurred by nursing
8 facilities.

9 (9) The direct care component provided in subsection (3) of this
10 section is subject to the reconciliation and settlement process
11 provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to
12 rules established by the department, funds that are received through
13 the reconciliation and settlement process provided in RCW
14 74.46.022(6) must be used for technical assistance, specialized
15 training, or an increase to the quality enhancement established in
16 subsection (6) of this section. The legislature intends to review the
17 utility of maintaining the reconciliation and settlement process
18 under a price-based payment methodology, and may discontinue the
19 reconciliation and settlement process after the 2017-2019 fiscal
20 biennium.

21 (10) Compared to the rate in effect June 30, 2016, including all
22 cost components and rate add-ons, no facility may receive a rate
23 reduction of more than one percent on July 1, 2016, more than two
24 percent on July 1, 2017, or more than five percent on July 1, 2018.
25 To ensure that the appropriation for nursing homes remains cost
26 neutral, the department is authorized to cap the rate increase for
27 facilities in fiscal years 2017, 2018, and 2019.

28 NEW SECTION. Sec. 922. (1) A work group is established to
29 create a family engagement framework for early learning through
30 school.

31 (2) At a minimum, the work group must review family engagement
32 policies and practices in Washington and in other states, with a
33 focus on identifying best practices that can be adopted throughout
34 Washington.

35 (3) The members of the work group must represent the following
36 groups: The department of children, youth, and families; the office
37 of the superintendent of public instruction; the state board of
38 education; parents of children in the state early childhood education
39 and assistance program or the federal head start program; parents of

1 students in elementary or secondary school; parents of students who
2 are English learners, with at least one parent with a student in
3 preschool and at least one parent with a student in elementary or
4 secondary school; parents of students who are in special education;
5 parents of students in foster care; the office of the education
6 ombuds; the educational opportunity gap oversight and accountability
7 committee; the state commission on Asian Pacific American affairs;
8 the state commission on Hispanic affairs; the state commission on
9 African American affairs; the governor's office of Indian affairs;
10 the Washington state school directors' association; a state
11 organization of school principals; a state organization of teachers;
12 early childhood teachers; elementary and postsecondary teachers; and
13 a state organization representing school counselors.

14 (b) The members of the work group must elect cochairs. One of the
15 cochairs must be a parent and the other cochair must represent a
16 state agency.

17 (4) The work group must meet monthly. At each meeting of the work
18 group, members must have the option to participate remotely. In
19 addition, the work group must hold at least three meetings in central
20 Washington and at least three meetings in eastern Washington.

21 (5) Staff support for the work group must be provided by the
22 office of the superintendent of public instruction and the department
23 of children, youth, and families.

24 (6) Members are not entitled to be reimbursed for meal or travel
25 expenses if they are elected officials or are participating on behalf
26 of an employer, governmental entity, or other organization. Any
27 reimbursement for other members is subject to chapter 43.03 RCW.

28 (7) By June 30, 2021, and in compliance with RCW 43.01.036, the
29 office of the superintendent of public instruction must report to the
30 appropriate committees of the legislature with a summary of the
31 activities of the work group and its recommendations for a family
32 engagement framework for early learning through high school.

33 NEW SECTION. **Sec. 923.** The legislature intends to consider
34 legislation in the 2021 session separating the joint superior court
35 in Benton and Franklin counties into independent superior courts for
36 each county, provided the legislative authorities of each county
37 adopt a resolution requesting that the legislature separate their
38 superior court system. By December 1, 2020, the legislative
39 authorities of Benton and Franklin counties must provide a statement

1 of intent to support or oppose the proposed dissolution of the joint
2 court system, to the administrative office of the courts and the
3 appropriate committees of the legislature. An indication of intent to
4 support shall be accompanied with an operation plan indicating how
5 this separation could be accomplished and the approximate costs to
6 the counties to implement this separation. The superior court judges
7 and each county clerk must provide all necessary assistance in the
8 development of the plan, and the legislative authorities must consult
9 with the superior court judges and each county clerk. The plan must
10 be accompanied by legislative recommendations necessary for
11 implementation.

12 NEW SECTION. **Sec. 924.** If any provision of this act or its
13 application to any person or circumstance is held invalid, the
14 remainder of the act or the application of the provision to other
15 persons or circumstances is not affected.

16 NEW SECTION. **Sec. 925.** This act is necessary for the immediate
17 preservation of the public peace, health, or safety, or support of
18 the state government and its existing public institutions, and takes
19 effect immediately."
