By Representative Walsh

NOT ADOPTED 02/28/2020

1 Strike everything after the enacting clause and insert the
2 following:

3 "NEW SECTION. **Sec. 1.** INTENT. Under the February forecast of
4 the economic and revenue forecast council, for the accounts subject
5 to the outlook process and four-year balanced budget requirement in
6 RCW 43.88.055, revenues are expected to increase by \$606,000,000 for
7 the remainder of the 2019-2021 fiscal biennium and by an additional
8 \$535,700,000 in the 2021-2023 biennium.

9 Rather than spend this windfall in the 2020 supplemental budget,
10 it is the intent of the legislature to return this revenue increase
11 to the taxpayers in the form of a state property tax reduction of
12 approximately \$300 million in the 2019-2021 fiscal biennium and \$1.3
13 billion in the 2021-2023 fiscal biennium as required by House Bill
14 No. 2954. For this reason, the legislature intends to enact a
15 supplemental operating budget based on the lower state revenues
16 assumed by the governor when he prepared his supplemental budget
17 request. The total appropriations in this supplemental operating
18 budget therefore consist of the 2020 supplemental appropriations
19 proposed by the governor, revised for updated caseload and other
20 maintenance level adjustments, with certain transfers eliminated, and
21 with the governor's proposed appropriations from the budget
22 stabilization account replaced by appropriations from the state
23 general fund. The appropriations in this act for funds subject to the
24 four-year balanced budget requirement total \$283.6 million less than
25 the appropriations in Proposed Substitute House Bill No. 2325
26 (H-5077.1/20).

PART II
HUMAN SERVICES

Sec. 201. 2019 c 415 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the

1 federal government, historical utilization, economic data, and
2 clinical input constitute reliable data upon which to determine the
3 payment rates.

4 (4) The department shall to the maximum extent practicable use
5 the same system for delivery of spoken-language interpreter services
6 for social services appointments as the one established for medical
7 appointments in the health care authority. When contracting directly
8 with an individual to deliver spoken language interpreter services,
9 the department shall only contract with language access providers who
10 are working at a location in the state and who are state-certified or
11 state-authorized, except that when such a provider is not available,
12 the department may use a language access provider who meets other
13 certifications or standards deemed to meet state standards, including
14 interpreters in other states.

15 (5) Information technology projects or investments and proposed
16 projects or investments impacting time capture, payroll and payment
17 processes and systems, eligibility, case management, and
18 authorization systems within the department of social and health
19 services are subject to technical oversight by the office of the
20 chief information officer.

21 (6) (a) The department shall facilitate enrollment under the
22 medicaid expansion for clients applying for or receiving state funded
23 services from the department and its contractors. Prior to open
24 enrollment, the department shall coordinate with the health care
25 authority to provide referrals to the Washington health benefit
26 exchange for clients that will be ineligible for medicaid.

27 (b) To facilitate a single point of entry across public and
28 medical assistance programs, and to maximize the use of federal
29 funding, the health care authority, the department of social and
30 health services, and the health benefit exchange will coordinate
31 efforts to expand HealthPlanfinder access to public assistance and
32 medical eligibility staff. The department shall complete medicaid
33 applications in the HealthPlanfinder for households receiving or
34 applying for public assistance benefits.

35 (7) The health care authority, the health benefit exchange, the
36 department of social and health services, the department of health,
37 and the department of children, youth, and families shall work
38 together within existing resources to establish the health and human
39 services enterprise coalition (the coalition). The coalition, led by
40 the health care authority, must be a multi-organization collaborative

1 that provides strategic direction and federal funding guidance for
2 projects that have cross-organizational or enterprise impact,
3 including information technology projects that affect organizations
4 within the coalition. By October 31, 2019, the coalition must submit
5 a report to the governor and the legislature that describes the
6 coalition's plan for projects affecting the coalition organizations.
7 The report must include any information technology projects impacting
8 coalition organizations and, in collaboration with the office of the
9 chief information officer, provide: (a) The status of any information
10 technology projects currently being developed or implemented that
11 affect the coalition; (b) funding needs of these current and future
12 information technology projects; and (c) next steps for the
13 coalition's information technology projects. The office of the chief
14 information officer shall maintain a statewide perspective when
15 collaborating with the coalition to ensure that the development of
16 projects identified in this report are planned for in a manner that
17 ensures the efficient use of state resources and maximizes federal
18 financial participation. The work of the coalition is subject to the
19 conditions, limitations, and review provided in (~~section 719 of this~~
20 ~~act~~) section 701 of this act.

21 (8) (a) The appropriations to the department of social and health
22 services in this act must be expended for the programs and in the
23 amounts specified in this act. However, after May 1, 2020, unless
24 prohibited by this act, the department may transfer general fund—
25 state appropriations for fiscal year 2020 among programs and
26 subprograms after approval by the director of the office of financial
27 management. However, the department may not transfer state
28 appropriations that are provided solely for a specified purpose
29 except as expressly provided in (b) of this subsection.

30 (b) To the extent that transfers under (a) of this subsection are
31 insufficient to fund actual expenditures in excess of fiscal year
32 2020 caseload forecasts and utilization assumptions in the long-term
33 care, developmental disabilities, and public assistance programs, the
34 department may transfer state appropriations that are provided solely
35 for a specified purpose. The department may not transfer funds, and
36 the director of the office of financial management may not approve
37 the transfer, unless the transfer is consistent with the objective of
38 conserving, to the maximum extent possible, the expenditure of state
39 funds. The director of the office of financial management shall
40 notify the appropriate fiscal committees of the legislature in

1 writing seven days prior to approving any allotment modifications or
2 transfers under this subsection. The written notification shall
3 include a narrative explanation and justification of the changes,
4 along with expenditures and allotments by budget unit and
5 appropriation, both before and after any allotment modifications or
6 transfers.

29 department must also continue to update, in collaboration with the
30 office of financial management's labor relations office, the staffing
31 committees, and state labor unions, an overall state hospital

13 authority receives unanticipated unrestricted federal moneys, those
14 moneys shall be spent for services authorized in this act or in any
15 other legislation providing appropriation authority, and an equal
16 amount of appropriated state general fund moneys shall lapse. Upon
17 the lapsing of any moneys under this subsection, the office of
18 financial management shall notify the legislative fiscal committees.
19 As used in this subsection, "unrestricted federal moneys" includes
20 block grants and other funds that federal law does not require to be
21 spent on specifically defined projects or matched on a formula basis
22 by state funds.

23 The health care authority, the health benefit exchange, the
24 department of social and health services, the department of health,
25 and the department of children, youth, and families shall work
26 together within existing resources to establish the health and human
27 services enterprise coalition (the coalition). The coalition, led by
28 the health care authority, must be a multi-organization collaborative
29 that provides strategic direction and federal funding guidance for
30 projects that have cross-organizational or enterprise impact,
31 including information technology projects that affect organizations
32 within the coalition. By October 31, 2019, the coalition must submit
33 a report to the governor and the legislature that describes the
34 coalition's plan for projects affecting the coalition organizations.
35 The report must include any information technology projects impacting
36 coalition organizations and, in collaboration with the office of the
37 chief information officer, provide: (1) The status of any information
38 technology projects currently being developed or implemented that
39 affect the coalition; (2) funding needs of these current and future
40 information technology projects; and (3) next steps for the

1 coalition's information technology projects. The office of the chief
2 information officer shall maintain a statewide perspective when
3 collaborating with the coalition to ensure that the development of
4 projects identified in this report are planned for in a manner that
5 ensures the efficient use of state resources and maximizes federal
6 financial participation. The work of the coalition is subject to the
7 conditions, limitations, and review provided in (~~section 719 of this~~
8 ~~act~~) section 701 of this act.

9 The appropriations to the health care authority in this act shall
10 be extended for the programs and in the amounts specified in this
11 act. However, after May 1, 2020, unless prohibited by this act, the
12 authority may transfer general fund—state appropriations for fiscal
13 year 2020 among programs after approval by the director of the office
14 of financial management. To the extent that appropriations in this
15 section are insufficient to fund actual expenditures in excess of
16 caseload forecast and utilization assumptions, the authority may
17 transfer general fund—state appropriations for fiscal year 2020 that
18 are provided solely for a specified purpose. The authority may not
19 transfer funds, and the director of the office of financial
20 management shall not approve the transfer, unless the transfer is
21 consistent with the objective of conserving, to the maximum extent
22 possible, the expenditure of state funds. The director of the office
23 of financial management shall notify the appropriate fiscal
24 committees of the legislature in writing seven days prior to
25 approving any allotment modifications or transfers under this
26 subsection. The written notification must include a narrative
27 explanation and justification of changes, along with expenditures and
28 allotments by budget unit and appropriation, both before and after
29 any allotment modifications and transfers.

19 The appropriations in this section are subject to the following
20 conditions and limitations:

21 (1) The authority shall not accept or expend any federal funds
22 received under a medicaid transformation waiver under healthier
23 Washington except as described in subsections (2) and (3) of this
24 section until specifically approved and appropriated by the
25 legislature. To ensure compliance with legislative directive budget
26 requirements and terms and conditions of the waiver, the authority
27 shall implement the waiver and reporting requirements with oversight
28 from the office of financial management. The legislature finds that
29 appropriate management of the innovation waiver requires better
30 analytic capability, transparency, consistency, timeliness, accuracy,
31 and lack of redundancy with other established measures and that the
32 patient must be considered first and foremost in the implementation
33 and execution of the demonstration waiver. In order to effectuate
34 these goals, the authority shall: (a) Require the Dr. Robert Bree
35 collaborative and the health technology assessment program to reduce
36 the administrative burden upon providers by only requiring
37 performance measures that are nonduplicative of other nationally
38 established measures. The joint select committee on health care
39 oversight will evaluate the measures chosen by the collaborative and

1 the health technology assessment program for effectiveness and
2 appropriateness; (b) develop a patient satisfaction survey with the
3 goal to gather information about whether it was beneficial for the
4 patient to use the center of excellence location in exchange for
5 additional out-of-pocket savings; (c) ensure patients and health care
6 providers have significant input into the implementation of the
7 demonstration waiver, in order to ensure improved patient health
8 outcomes; and (d) in cooperation with the department of social and
9 health services, consult with and provide notification of work on
10 applications for federal waivers, including details on waiver
11 duration, financial implications, and potential future impacts on the
12 state budget, to the joint select committee on health care oversight
13 prior to submitting waivers for federal approval. By federal
14 standard, the medicaid transformation demonstration waiver shall not
15 exceed the duration originally granted by the centers for medicare
16 and medicaid services and any programs created or funded by this
17 waiver do not create an entitlement. Beginning May 15, 2019, and
18 continuing through December 15, 2019, by the 15th of each month, the
19 director in consultation with the secretary shall report to the
20 fiscal chair of the appropriate committees of the legislature in the
21 manner and form requested the status of the medicaid transformation
22 waiver, including any anticipated or proposed changes to accruals or
23 expenditures.

24 (2) No more than (~~(\$305,659,000)~~) \$236,792,000 of the general
25 fund—federal appropriation and no more than (~~(\$157,284,000)~~)
26 \$169,627,000 of the general fund—local appropriation may be expended
27 for transformation through accountable communities of health
28 described in initiative 1 of the medicaid transformation
29 demonstration wavier under healthier Washington, including preventing
30 youth drug use, opioid prevention and treatment, and physical and
31 behavioral health integration. Under this initiative, the authority
32 shall take into account local input regarding community needs. In
33 order to ensure transparency to the appropriate fiscal committees of
34 the legislature, the authority shall provide fiscal staff of the
35 legislature query ability into any database of the fiscal
36 intermediary that authority staff would be authorized to access. The
37 authority shall not increase general fund—state expenditures under
38 this initiative. The director shall also report to the fiscal
39 committees of the legislature all of the expenditures under this

1 subsection and shall provide such fiscal data in the time, manner,
2 and form requested by the legislative fiscal committees. By December
3 15, 2019, the authority in collaboration with each accountable
4 community of health shall demonstrate how it will be self-sustaining
5 by the end of the demonstration waiver period, including sources of
6 outside funding, and provide this reporting to the joint select
7 committee on health care oversight. If by the third year of the
8 demonstration waiver there are not measurable, improved patient
9 outcomes and financial returns, the Washington state institute for
10 public policy will conduct an audit of the accountable communities of
11 health, in addition to the process set in place through the
12 independent evaluation required by the agreement with centers for
13 medicare and medicaid services.

14 (3) (a) No more than \$79,829,000 of the general fund—federal
15 appropriation may be expended for supported housing and employment
16 services described in initiative 3a and 3b of the medicaid
17 transformation demonstration waiver under healthier Washington. Under
18 this initiative, the authority and the department of social and
19 health services shall ensure that allowable and necessary services
20 are provided to eligible clients as identified by the department or
21 its third party administrator. The authority and the department in
22 consultation with the medicaid forecast work group, shall ensure that
23 reasonable reimbursements are established for services deemed
24 necessary within an identified limit per individual. The authority
25 shall not increase general fund—state expenditures under this
26 initiative. The director shall report to the joint select committee
27 on health care oversight no less than quarterly on financial and
28 health outcomes. The director shall also report to the fiscal
29 committees of the legislature all of the expenditures of this
30 subsection and shall provide such fiscal data in the time, manner,
31 and form requested by the legislative fiscal committees.

32 (b) No more than \$169,676,000 of the general fund—federal
33 appropriation and no more than \$69,306,000 of the general fund—local
34 appropriation may be expended for the medicaid quality improvement
35 program. Under federal regulations, the medicaid quality improvement
36 program is authorized and allows states to design quality improvement
37 programs for the medicaid population in ways that support the state's
38 quality goals. Medicaid quality improvement program payments will not
39 count against initiative 1 of the medicaid transformation

1 demonstration waiver spending limit and are excluded from the
2 waiver's budget neutrality calculation. Apple health managed care
3 organizations and their partnering providers will receive medicaid
4 quality improvement program payments as they meet designated
5 milestones. Partnering providers and apple health managed care
6 organizations will work together to achieve medicaid quality
7 improvement program goals according to the performance period
8 timelines and reporting deadlines as set forth by the authority. The
9 authority shall only utilize the medicaid quality improvement program
10 to support the transformation waiver and shall not pursue its use for
11 other purposes. Any programs created or funded by the medicaid
12 quality improvement program do not create an entitlement. The
13 authority shall not increase general fund—state expenditures under
14 this program. The director shall report to the joint select committee
15 on health care oversight not less than quarterly on financial and
16 health outcomes. The director shall report to the fiscal committees
17 of the legislature all of the expenditures under this subsection and
18 shall provide such fiscal data in the time, manner, and form
19 requested by the legislative fiscal committees.

20 (4) Annually, no later than November 1st, the authority shall
21 report to the governor and appropriate committees of the legislature:
22 (a) Savings attributed to behavioral and physical integration in
23 areas that are scheduled to integrate in the following calendar year,
24 and (b) savings attributed to behavioral and physical health
25 integration and the level of savings achieved in areas that have
26 integrated behavioral and physical health.

27 (5) Sufficient amounts are appropriated in this subsection to
28 implement the medicaid expansion as defined in the social security
29 act, section 1902(a)(10)(A)(i)(VIII).

30 (6) The legislature finds that medicaid payment rates, as
31 calculated by the health care authority pursuant to the
32 appropriations in this act, bear a reasonable relationship to the
33 costs incurred by efficiently and economically operated facilities
34 for providing quality services and will be sufficient to enlist
35 enough providers so that care and services are available to the
36 extent that such care and services are available to the general
37 population in the geographic area. The legislature finds that the
38 cost reports, payment data from the federal government, historical
39 utilization, economic data, and clinical input constitute reliable
40 data upon which to determine the payment rates.

1 (7) Based on quarterly expenditure reports and caseload
2 forecasts, if the health care authority estimates that expenditures
3 for the medical assistance program will exceed the appropriations,
4 the health care authority shall take steps including but not limited
5 to reduction of rates or elimination of optional services to reduce
6 expenditures so that total program costs do not exceed the annual
7 appropriation authority.

8 (8) In determining financial eligibility for medicaid-funded
9 services, the health care authority is authorized to disregard
10 recoveries by Holocaust survivors of insurance proceeds or other
11 assets, as defined in RCW 48.104.030.

12 (9) The legislature affirms that it is in the state's interest
13 for Harborview medical center to remain an economically viable
14 component of the state's health care system.

15 (10) When a person is ineligible for medicaid solely by reason of
16 residence in an institution for mental diseases, the health care
17 authority shall provide the person with the same benefits as he or
18 she would receive if eligible for medicaid, using state-only funds to
19 the extent necessary.

20 (11) \$4,261,000 of the general fund—state appropriation for
21 fiscal year 2020, \$4,261,000 of the general fund—state appropriation
22 for fiscal year 2021, and \$8,522,000 of the general fund—federal
23 appropriation are provided solely for low-income disproportionate
24 share hospital payments.

25 (12) Within the amounts appropriated in this section, the health
26 care authority shall provide disproportionate share hospital payments
27 to hospitals that provide services to children in the children's
28 health program who are not eligible for services under Title XIX or
29 XXI of the federal social security act due to their citizenship
30 status.

31 (13) \$6,000,000 of the general fund—federal appropriation is
32 provided solely for supplemental payments to nursing homes operated
33 by public hospital districts. The public hospital district shall be
34 responsible for providing the required nonfederal match for the
35 supplemental payment, and the payments shall not exceed the maximum
36 allowable under federal rules. It is the legislature's intent that
37 the payments shall be supplemental to and shall not in any way offset
38 or reduce the payments calculated and provided in accordance with
39 part E of chapter 74.46 RCW. It is the legislature's further intent

1 that costs otherwise allowable for rate-setting and settlement
2 against payments under chapter 74.46 RCW shall not be disallowed
3 solely because such costs have been paid by revenues retained by the
4 nursing home from these supplemental payments. The supplemental
5 payments are subject to retrospective interim and final cost
6 settlements based on the nursing homes' as-filed and final medicare
7 cost reports. The timing of the interim and final cost settlements
8 shall be at the health care authority's discretion. During either the
9 interim cost settlement or the final cost settlement, the health care
10 authority shall recoup from the public hospital districts the
11 supplemental payments that exceed the medicaid cost limit and/or the
12 medicare upper payment limit. The health care authority shall apply
13 federal rules for identifying the eligible incurred medicaid costs
14 and the medicare upper payment limit.

15 (14) The health care authority shall continue the inpatient
16 hospital certified public expenditures program for the 2019-2021
17 fiscal biennium. The program shall apply to all public hospitals,
18 including those owned or operated by the state, except those
19 classified as critical access hospitals or state psychiatric
20 institutions. The health care authority shall submit reports to the
21 governor and legislature by November 1, 2020, and by November 1,
22 2021, that evaluate whether savings continue to exceed costs for this
23 program. If the certified public expenditures (CPE) program in its
24 current form is no longer cost-effective to maintain, the health care
25 authority shall submit a report to the governor and legislature
26 detailing cost-effective alternative uses of local, state, and
27 federal resources as a replacement for this program. During fiscal
28 year 2020 and fiscal year 2021, hospitals in the program shall be
29 paid and shall retain one hundred percent of the federal portion of
30 the allowable hospital cost for each medicaid inpatient fee-for-
31 service claim payable by medical assistance and one hundred percent
32 of the federal portion of the maximum disproportionate share hospital
33 payment allowable under federal regulations. Inpatient medicaid
34 payments shall be established using an allowable methodology that
35 approximates the cost of claims submitted by the hospitals. Payments
36 made to each hospital in the program in each fiscal year of the
37 biennium shall be compared to a baseline amount. The baseline amount
38 will be determined by the total of (a) the inpatient claim payment
39 amounts that would have been paid during the fiscal year had the
40 hospital not been in the CPE program based on the reimbursement rates

1 developed, implemented, and consistent with policies approved in the
2 2019-2021 biennial operating appropriations act and in effect on July
3 1, 2015, (b) one-half of the indigent assistance disproportionate
4 share hospital payment amounts paid to and retained by each hospital
5 during fiscal year 2005, and (c) all of the other disproportionate
6 share hospital payment amounts paid to and retained by each hospital
7 during fiscal year 2005 to the extent the same disproportionate share
8 hospital programs exist in the 2019-2021 fiscal biennium. If payments
9 during the fiscal year exceed the hospital's baseline amount, no
10 additional payments will be made to the hospital except the federal
11 portion of allowable disproportionate share hospital payments for
12 which the hospital can certify allowable match. If payments during
13 the fiscal year are less than the baseline amount, the hospital will
14 be paid a state grant equal to the difference between payments during
15 the fiscal year and the applicable baseline amount. Payment of the
16 state grant shall be made in the applicable fiscal year and
17 distributed in monthly payments. The grants will be recalculated and
18 redistributed as the baseline is updated during the fiscal year. The
19 grant payments are subject to an interim settlement within eleven
20 months after the end of the fiscal year. A final settlement shall be
21 performed. To the extent that either settlement determines that a
22 hospital has received funds in excess of what it would have received
23 as described in this subsection, the hospital must repay the excess
24 amounts to the state when requested. (~~(\$537,000)~~) \$754,000 of the
25 general fund—state appropriation for fiscal year 2020 and
26 (~~(\$522,000)~~) \$739,000 of the general fund—state appropriation for
27 fiscal year 2021 are provided solely for state grants for the
28 participating hospitals.

29 (15) The health care authority shall seek public-private
30 partnerships and federal funds that are or may become available to
31 provide on-going support for outreach and education efforts under the
32 federal children's health insurance program reauthorization act of
33 2009.

34 (16) The health care authority shall target funding for maternity
35 support services towards pregnant women with factors that lead to
36 higher rates of poor birth outcomes, including hypertension, a
37 preterm or low birth weight birth in the most recent previous birth,
38 a cognitive deficit or developmental disability, substance abuse,
39 severe mental illness, unhealthy weight or failure to gain weight,
40 tobacco use, or African American or Native American race. The health

1 care authority shall prioritize evidence-based practices for delivery
2 of maternity support services. To the extent practicable, the health
3 care authority shall develop a mechanism to increase federal funding
4 for maternity support services by leveraging local public funding for
5 those services.

6 (17) The authority shall submit reports to the governor and the
7 legislature by September 15, 2020, and no later than September 15,
8 2021, that delineate the number of individuals in medicaid managed
9 care, by carrier, age, gender, and eligibility category, receiving
10 preventative services and vaccinations. The reports should include
11 baseline and benchmark information from the previous two fiscal years
12 and should be inclusive of, but not limited to, services recommended
13 under the United States preventative services task force, advisory
14 committee on immunization practices, early and periodic screening,
15 diagnostic, and treatment (EPSDT) guidelines, and other relevant
16 preventative and vaccination medicaid guidelines and requirements.

17 (18) Managed care contracts must incorporate accountability
18 measures that monitor patient health and improved health outcomes,
19 and shall include an expectation that each patient receive a wellness
20 examination that documents the baseline health status and allows for
21 monitoring of health improvements and outcome measures.

22 (19) Sufficient amounts are appropriated in this section for the
23 authority to provide an adult dental benefit.

24 (20) The health care authority shall coordinate with the
25 department of social and health services to provide referrals to the
26 Washington health benefit exchange for clients that will be
27 ineligible for medicaid.

28 (21) To facilitate a single point of entry across public and
29 medical assistance programs, and to maximize the use of federal
30 funding, the health care authority, the department of social and
31 health services, and the health benefit exchange will coordinate
32 efforts to expand HealthPlanfinder access to public assistance and
33 medical eligibility staff. The health care authority shall complete
34 medicaid applications in the HealthPlanfinder for households
35 receiving or applying for medical assistance benefits.

36 (22) \$90,000 of the general fund—state appropriation for fiscal
37 year 2020, \$90,000 of the general fund—state appropriation for fiscal
38 year 2021, and \$180,000 of the general fund—federal appropriation are
39 provided solely to continue operation by a nonprofit organization of

1 a toll-free hotline that assists families to learn about and enroll
2 in the apple health for kids program.

3 (23) Within the amounts appropriated in this section, the
4 authority shall reimburse for primary care services provided by
5 naturopathic physicians.

6 (24) Within the amounts appropriated in this section, the
7 authority shall continue to provide coverage for pregnant teens that
8 qualify under existing pregnancy medical programs, but whose
9 eligibility for pregnancy related services would otherwise end due to
10 the application of the new modified adjusted gross income eligibility
11 standard.

12 (25) Sufficient amounts are appropriated in this section to
13 remove the mental health visit limit and to provide the shingles
14 vaccine and screening, brief intervention, and referral to treatment
15 benefits that are available in the medicaid alternative benefit plan
16 in the classic medicaid benefit plan.

17 (26) The authority shall use revenue appropriated from the
18 dedicated marijuana fund for contracts with community health centers
19 under RCW 69.50.540 in lieu of general fund—state payments to
20 community health centers for services provided to medical assistance
21 clients, and it is the intent of the legislature that this policy
22 will be continued in subsequent fiscal biennia.

23 (27) Beginning no later than January 1, 2018, for any service
24 eligible under the medicaid state plan for encounter payments,
25 managed care organizations at the request of a rural health clinic
26 shall pay the full published encounter rate directly to the clinic.
27 At no time will a managed care organization be at risk for or have
28 any right to the supplemental portion of the claim. Payments will be
29 reconciled on at least an annual basis between the managed care
30 organization and the authority, with final review and approval by the
31 authority.

32 (28) Sufficient funds are provided for the authority to remove
33 payment and billing limitations identified during the review process
34 required for implementation of chapter 226, Laws of 2017 (behavioral
35 health care - primary care integration) for health and behavior
36 codes, psychotherapy codes, and to continue to offer face-to-
37 face tobacco cessation counseling only for pregnant individuals.
38 Additional funding is provided to increase the rates for the health
39 and behavior codes and psychotherapy codes identified through the

1 stakeholder work group process required under chapter 226, Laws of
2 2017 (SSB 5779) by ten percent.

3 (29) By October 15, 2019, the authority shall report to the
4 governor and relevant committees of the legislature the status of
5 rural health clinic reconciliations for calendar years 2011-2013,
6 including any use of available unliquidated prior period accrual
7 balances to refund the federal government for those calendar years.
8 Additionally, the report shall include the status of rural health
9 clinic reconciliations for calendar years 2014-2017, including
10 anticipated amounts owed to or from rural health clinics from the
11 reconciliation process for those fiscal years. The authority shall
12 not recover the state portion of rural health reconciliations for
13 calendar years 2011-2013 for which no general fund state accrual was
14 made. The authority shall not pursue recoveries for calendar years
15 2014-2017 until after the legislature has an opportunity to take
16 action during the 2020 legislative session. If the legislature does
17 not take any action on rural health clinic reconciliations for
18 calendar years 2014-2017, recoveries shall commence per
19 administrative rule.

20 (30) Sufficient amounts are appropriated in this section for the
21 authority to provide a medicaid equivalent adult dental benefit to
22 clients enrolled in the medical care service program.

23 (31) \$300,000 of the general fund—state appropriation for fiscal
24 year 2020 and \$300,000 of the general fund—state appropriation for
25 fiscal year 2021 are provided solely for the Bree collaborative to
26 support collaborative learning and targeted technical assistance for
27 quality improvement initiatives. The collaborative must use these
28 amounts to hire one full-time staff person to promote the adoption of
29 Bree collaborative recommendations and to hold two conferences
30 focused on the sharing of best implementation practices.

31 (32) Within the amounts appropriated in this section, the
32 authority shall reimburse for maternity (~~support~~) services provided
33 by doulas.

34 (33) The authority shall facilitate a home health work group
35 consisting of home health provider associations, hospital
36 associations, managed care organizations, the department of social
37 and health services, and the department of health to develop a new
38 medicaid payment methodology for home health services. The authority
39 must submit a report with final recommendations and a proposed
40 implementation timeline to the appropriate committees of the

1 legislature by November 30, 2019. The work group must consider the
2 following when developing the new payment methodology:

3 (a) Reimbursement for telemedicine;

4 (b) Reimbursement for social work for clients with behavioral
5 health needs;

6 (c) An additional add-on for services in rural or underserved
7 areas;

8 (d) Quality metrics for home health providers serving medical
9 assistance clients including reducing hospital readmission;

10 (e) The role of home health in caring for individuals with
11 complex, physical, and behavioral health needs who are able to
12 receive care in their own home, but are unable to be discharged from
13 hospital settings; and

14 (f) Partnerships between home health and other community
15 resources that enable individuals to be served in a cost-effective
16 setting that also meets the individual's needs and preferences.

17 (34) \$969,000 of the general fund—state appropriation for fiscal
18 year 2020, \$2,607,000 of the general fund—state appropriation for
19 fiscal year 2021, and \$1,268,000 of the general fund—federal
20 appropriation are provided solely to create and operate a tele-
21 behavioral health video call center staffed by the University of
22 Washington's department of psychiatry and behavioral sciences. The

22 billed for January benefits and a detailed list of school districts,
23 educational service districts, and charter schools that have not
24 remitted payment for January coverage as of January 31, 2020.

25 (2) \$2,000 of the appropriation in this section is provided
26 solely for implementation of Engrossed Second Substitute Senate Bill
27 No. 5497 (immigrants in the workplace). (~~If the bill is not enacted~~
28 ~~by June 30, 2019, the amount in this subsection shall lapse.~~)

29 (3) The health care authority must study the potential cost
30 savings and improved efficiency in providing insurance benefits to
31 the employers and employees participating in the public employees'
32 and school employees' benefits board systems that could be gained by
33 consolidating the systems. The consolidation options studied must
34 maintain separate risk pools for medicare-eligible and non-medicare
35 eligible employees and retirees, assume a consolidation date of
36 January 1, 2022, and incorporate the experiences gained by health
37 care authority during the initial implementation and operation of the
38 school employees' benefits board program. The study must be submitted

1 to the committees of the house of representatives and the senate
2 overseeing health care and the omnibus operating budget by November

26 **Sec. 215.** 2019 c 415 s 215 (uncodified) is amended to read as
27 follows:

28 **FOR THE STATE HEALTH CARE AUTHORITY—COMMUNITY BEHAVIORAL HEALTH**

38	Problem Gambling Account—State Appropriation	\$1,461,000

1 collaboration with the health care authority and the criminal justice
2 training commission, must implement the provisions of the settlement
3 agreement pursuant to the timeline and implementation plan provided
4 for under the settlement agreement. This includes implementing
5 provisions related to competency evaluations, competency restoration,
6 crisis diversion and supports, education and training, and workforce
7 development.

8 (4) \$8,777,000 of the general fund—state appropriation for fiscal
9 year 2020, \$10,424,000 of the general fund—state appropriation for
10 fiscal year 2021, and \$20,197,000 of the general fund—federal
11 appropriation are provided solely for the authority and behavioral
12 health entities to continue to contract for implementation of high-
13 intensity programs for assertive community treatment (PACT) teams. In
14 determining the proportion of medicaid and nonmedicaid funding
15 provided to behavioral health entities with PACT teams, the authority
16 shall consider the differences between behavioral health entities in
17 the percentages of services and other costs associated with the teams
18 that are not reimbursable under medicaid. The authority may allow
19 behavioral health entities which have nonmedicaid reimbursable costs
20 that are higher than the nonmedicaid allocation they receive under
21 this section to supplement these funds with local dollars or funds
22 received under subsection (7) of this section. The authority and
23 behavioral health entities shall maintain consistency with all
24 essential elements of the PACT evidence-based practice model in
25 programs funded under this section.

26 (5) From the general fund—state appropriations in this section,
27 the authority shall assure that behavioral health entities reimburse
28 the department of social and health services aging and long term
29 support administration for the general fund—state cost of medicaid
30 personal care services that enrolled behavioral health entity
31 consumers use because of their psychiatric disability.

32 (6) \$3,520,000 of the general fund—federal appropriation is
33 provided solely for the authority to maintain a pilot project to
34 incorporate peer bridging staff into behavioral health regional teams
35 that provide transitional services to individuals returning to their
36 communities.

37 (7) (~~(\$81,930,000)~~) \$83,978,000 of the general fund—state
38 appropriation for fiscal year 2020 and (~~(\$81,930,000)~~) \$86,027,000 of
39 the general fund—state appropriation for fiscal year 2021 are

1 provided solely for persons and services not covered by the medicaid
2 program. To the extent possible, levels of behavioral health entity
3 spending must be maintained in the following priority order: Crisis
4 and commitment services; community inpatient services; and
5 residential care services, including personal care and emergency
6 housing assistance. These amounts must be distributed to behavioral
7 health entities proportionate to the fiscal year 2019 allocation of
8 flexible nonmedicaid funds. The authority must include the following
9 language in medicaid contracts with behavioral health entities unless
10 they are provided formal notification from the center for medicaid
11 and medicare services that the language will result in the loss of
12 federal medicaid participation: "The contractor may voluntarily
13 provide services that are in addition to those covered under the
14 state plan, although the cost of these services cannot be included
15 when determining payment rates unless including these costs are
16 specifically allowed under federal law or an approved waiver."

17 (8) The authority is authorized to continue to contract directly,
18 rather than through contracts with behavioral health entities for
19 children's long-term inpatient facility services.

20 (9) \$1,204,000 of the general fund—state appropriation for fiscal
21 year 2020 and \$1,204,000 of the general fund—state appropriation for
22 fiscal year 2021 are provided solely to reimburse Pierce and Spokane
23 counties for the cost of conducting one hundred eighty-day commitment
24 hearings at the state psychiatric hospitals.

25 (10) Behavioral health entities may use local funds to earn
26 additional federal medicaid match, provided the locally matched rate
27 does not exceed the upper-bound of their federally allowable rate
28 range, and provided that the enhanced funding is used only to provide
29 medicaid state plan or waiver services to medicaid clients.
30 Additionally, behavioral health entities may use a portion of the
31 state funds allocated in accordance with subsection (7) of this
32 section to earn additional medicaid match, but only to the extent
33 that the application of such funds to medicaid services does not
34 diminish the level of crisis and commitment, community inpatient,
35 residential care, and outpatient services presently available to
36 persons not eligible for medicaid.

37 (11) \$2,291,000 of the general fund—state appropriation for
38 fiscal year 2020 and \$2,291,000 of the general fund—state
39 appropriation for fiscal year 2021 are provided solely for mental

1 health services for mentally ill offenders while confined in a county
2 or city jail and for facilitating access to programs that offer
3 mental health services upon release from confinement. The authority
4 must collect information from the behavioral health entities on their
5 plan for using these funds, the numbers of individuals served, and
6 the types of services provided and submit a report to the office of
7 financial management and the appropriate fiscal committees of the
8 legislature by December 1st of each year of the biennium.

9 (12) Within the amounts appropriated in this section, funding is
10 provided for the authority to develop and phase in intensive mental
11 health services for high needs youth consistent with the settlement
12 agreement in *T.R. v. Dreyfus and Porter*.

13 (13) The authority must establish minimum and maximum funding
14 levels for all reserves allowed under behavioral health organization
15 and administrative services organization contracts and include
16 contract language that clearly states the requirements and
17 limitations. The authority must monitor and ensure that behavioral
18 health organization and administrative services organization reserves
19 do not exceed maximum levels. The authority must monitor revenue and
20 expenditure reports and must require a behavioral health organization
21 or administrative services organization to submit a corrective action
22 plan on how it will spend its excess reserves within a reasonable
23 period of time, when its reported reserves exceed maximum levels
24 established under the contract. The authority must review and approve
25 such plans and monitor to ensure compliance. If the authority
26 determines that a behavioral health organization or administrative
27 services organization has failed to provide an adequate excess
28 reserve corrective action plan or is not complying with an approved
29 plan, the authority must reduce payments to the entity in accordance
30 with remedial actions provisions included in the contract. These
31 reductions in payments must continue until the authority determines
32 that the entity has come into substantial compliance with an approved
33 excess reserve corrective action plan.

34 (14) During the 2019-2021 fiscal biennium, any amounts provided
35 in this section that are used for case management services for
36 pregnant and parenting women must be contracted directly between the
37 authority and providers rather than through contracts with behavioral
38 health organizations.

39 (15) Within the amounts appropriated in this section, the
40 authority may contract with the University of Washington and

1 community-based providers for the provision of the parent-child
2 assistance program or other specialized chemical dependency case
3 management providers for pregnant, post-partum, and parenting women.
4 For all contractors: (a) Service and other outcome data must be
5 provided to the authority by request; and (b) indirect charges for
6 administering the program must not exceed ten percent of the total
7 contract amount.

8 (16) \$3,500,000 of the general fund—federal appropriation (from
9 the substance abuse prevention and treatment federal block grant) is
10 provided solely for the continued funding of existing county drug and
11 alcohol use prevention programs.

12 (17) Within the amounts provided in this section, behavioral
13 health entities must provide outpatient chemical dependency treatment
14 for offenders enrolled in the medicaid program who are supervised by
15 the department of corrections pursuant to a term of community
16 supervision. Contracts with behavioral health entities must require
17 that behavioral health entities include in their provider network
18 specialized expertise in the provision of manualized, evidence-based
19 chemical dependency treatment services for offenders. The department
20 of corrections and the authority must develop a memorandum of
21 understanding for department of corrections offenders on active
22 supervision who are medicaid eligible and meet medical necessity for
23 outpatient substance use disorder treatment. The agreement will
24 ensure that treatment services provided are coordinated, do not
25 result in duplication of services, and maintain access and quality of
26 care for the individuals being served. The authority must provide all
27 necessary data, access, and reports to the department of corrections
28 for all department of corrections offenders that receive medicaid
29 paid services.

30 (18) The criminal justice treatment account—state appropriation
31 is provided solely for treatment and treatment support services for
32 offenders with a substance use disorder pursuant to RCW 71.24.580.
33 The authority must offer counties the option to administer their
34 share of the distributions provided for under RCW 71.24.580(5) (a). If
35 a county is not interested in administering the funds, the authority
36 shall contract with behavioral health entities to administer these
37 funds consistent with the plans approved by local panels pursuant to
38 RCW 71.24.580(5) (b). The authority must provide a report to the
39 office of financial management and the appropriate committees of the

1 legislature which identifies the distribution of criminal justice
2 treatment account funds by September 30, 2019.

3 (19) No more than \$27,844,000 of the general fund—federal
4 appropriation may be expended for supported housing and employment
5 services described in initiative 3a and 3b of the medicaid
6 transformation demonstration waiver under healthier Washington. Under
7 this initiative, the authority and the department of social and
8 health services shall ensure that allowable and necessary services
9 are provided to eligible clients as identified by the authority or
10 its providers or third party administrator. The department and the
11 authority in consultation with the medicaid forecast work group,
12 shall ensure that reasonable reimbursements are established for
13 services deemed necessary within an identified limit per individual.
14 The authority shall not increase general fund—state expenditures
15 under this initiative. The secretary in collaboration with the
16 director of the authority shall report to the joint select committee
17 on health care oversight no less than quarterly on financial and
18 health outcomes. The secretary in cooperation with the director shall
19 also report to the fiscal committees of the legislature all of the
20 expenditures of this subsection and shall provide such fiscal data in
21 the time, manner, and form requested by the legislative fiscal
22 committees.

23 (20) \$6,858,000 of the general fund—state appropriation for
24 fiscal year 2020, \$6,858,000 of the general fund—state appropriation
25 for fiscal year 2021, and \$8,046,000 of the general fund—federal
26 appropriation are provided solely to maintain new crisis triage or
27 stabilization centers. Services in these facilities may include
28 crisis stabilization and intervention, individual counseling, peer
29 support, medication management, education, and referral assistance.
30 The authority shall monitor each center's effectiveness at lowering
31 the rate of state psychiatric hospital admissions.

32 (21) \$1,125,000 of the general fund—federal appropriation is
33 provided solely for the authority to develop a memorandum of
34 understanding with the department of health for implementation of
35 chapter 297, Laws of 2017 (opioid treatment programs). The authority
36 must use these amounts to reimburse the department of health for
37 costs incurred through the implementation of the bill.

38 (22) \$6,655,000 of the general fund—state appropriation for
39 fiscal year 2020, \$10,015,000 of the general fund—state appropriation

1 for fiscal year 2021, and \$12,965,000 of the general fund—federal
2 appropriation are provided solely for the operation of secure
3 withdrawal management and stabilization facilities. The authority may
4 not use any of these amounts for services in facilities that are
5 subject to federal funding restrictions that apply to institutions
6 for mental diseases, unless they have received a waiver that allows
7 for full federal participation in these facilities. Within these
8 amounts, funding is provided to increase the fee for service rate for
9 these facilities up to \$650 per day. The authority must require in
10 contracts with behavioral health entities that, beginning in calendar
11 year 2020, they pay no lower than the fee for service rate. The
12 authority must coordinate with regional behavioral health entities to
13 identify and implement purchasing strategies or regulatory changes
14 that increase access to services for individuals with complex
15 behavioral health needs at secure withdrawal management and
16 stabilization facilities.

17 (23) \$23,090,000 of the general fund—state appropriation for
18 fiscal year 2020, \$23,090,000 of the general fund—state appropriation
19 for fiscal year 2021, and \$92,444,000 of the general fund—federal
20 appropriation are provided solely to maintain the enhancement of
21 community-based behavioral health services that was funded in fiscal
22 year 2019. Twenty percent of the general fund—state appropriation
23 amounts for each regional service area must be used to increase their
24 nonmedicaid funding and the remainder must be used to increase
25 medicaid rates above FY 2018 levels. Effective January 2020, the
26 medicaid funding is intended to increase rates for behavioral health
27 services provided by licensed and certified community behavioral
28 health agencies as defined by the department of health. This funding
29 must be allocated to the managed care organizations proportionate to
30 their medicaid enrollees. The authority must require the managed care
31 organizations to provide a report on their implementation of this
32 funding. The authority must submit a report to the legislature by
33 December 1, 2020, summarizing how this funding was used and provide
34 information for future options of increasing behavioral health
35 provider rates through directed payments. The report must identify
36 different mechanisms for implementing directed payment for behavioral
37 health providers including but not limited to minimum fee schedules,
38 across the board percentage increases, and value-based payments. The
39 report must provide a description of each of the mechanisms

1 considered, the timeline that would be required for implementing the
2 mechanism, and whether and how the mechanism is expected to have a
3 differential impact on different providers. The report must also
4 summarize the information provided by managed care organizations in
5 implementing the funding provided under this section.

6 (24) \$27,917,000 of the general fund—state appropriation for
7 fiscal year 2020, \$36,095,000 of the general fund—state appropriation
8 for fiscal year 2021, and \$60,644,000 of the general fund—federal
9 appropriation are provided solely for the department to contract with
10 community hospitals or freestanding evaluation and treatment centers
11 to provide long-term inpatient care beds as defined in RCW 71.24.025.
12 Within these amounts, the authority must meet the requirements for
13 reimbursing counties for the judicial services for patients being
14 served in these settings in accordance with RCW 71.05.730. The
15 authority must coordinate with the department of social and health
16 services in developing the contract requirements, selecting
17 contractors, and establishing processes for identifying patients that
18 will be admitted to these facilities. Sufficient amounts are provided
19 in fiscal year 2020 for the authority to reimburse community
20 hospitals serving medicaid clients in long-term inpatient care beds
21 as defined in RCW 71.24.025 at a rate of \$1,171 per day, or the
22 hospital's current psychiatric inpatient per diem rate, whichever is
23 higher. The rate paid to hospitals in this subsection cannot exceed
24 one-hundred percent of the hospitals eligible costs based on their
25 most recently completed medicare cost report. The authority in
26 collaboration with the Washington state hospital association must
27 convene a work group to develop a methodology for reimbursing
28 community hospitals serving these clients. In developing this
29 methodology, the authority must account for cost structure
30 differences between teaching hospitals and other hospital types. The
31 authority must provide a report to the appropriate committees of the
32 legislature by December 1, 2019. The report must:

33 (a) Describe the methodology developed by the work group;

34 (b) Identify cost differences between teaching hospitals and
35 other hospital types;

36 (c) Provide options for incentivizing community hospitals to
37 offer long-term inpatient care beds day beds including a rate
38 recommendation;

1 (d) Identify the cost associated with any recommended changes in
2 rates or rate setting methodology; and

3 (e) Outline an implementation plan.

4 (25) \$1,455,000 of the general fund—state appropriation for
5 fiscal year 2020, \$1,401,000 of the general fund—state appropriation
6 for fiscal year 2021, and \$3,210,000 of the general fund—federal
7 appropriation are provided solely for the implementation of intensive
8 behavioral health treatment facilities within the community
9 behavioral health service system pursuant to Second Substitute House
10 Bill No. 1394 (behavioral health facilities).

11 (26) \$21,000 of the general fund—state appropriation for fiscal
12 year 2020, \$152,000 of the general fund—state appropriation for
13 fiscal year 2021, and \$173,000 of the general fund—federal
14 appropriation are provided solely to implement chapter 70, Laws of
15 2019 (SHB 1199) (health care/disability).

16 (27)(a) \$12,878,000 of the dedicated marijuana account—state
17 appropriation for fiscal year 2020 and \$12,878,000 of the dedicated
18 marijuana account—state appropriation for fiscal year 2021 are
19 provided for:

20 (i) A memorandum of understanding with the department of
21 children, youth, and families to provide substance abuse treatment
22 programs;

23 (ii) A contract with the Washington state institute for public
24 policy to conduct a cost-benefit evaluation of the implementations of
25 chapter 3, Laws of 2013 (Initiative Measure No. 502);

26 (iii) Designing and administering the Washington state healthy
27 youth survey and the Washington state young adult behavioral health
28 survey;

29 (iv) Maintaining increased services to pregnant and parenting
30 women provided through the parent child assistance program;

31 (v) Grants to the office of the superintendent of public
32 instruction for life skills training to children and youth;

33 (vi) Maintaining increased prevention and treatment service
34 provided by tribes and federally recognized American Indian
35 organization to children and youth;

36 (vii) Maintaining increased residential treatment services for
37 children and youth;

1 (viii) Training and technical assistance for the implementation
2 of evidence-based, research based, and promising programs which
3 prevent or reduce substance use disorder;

4 (ix) Expenditures into the home visiting services account; and

5 (x) Grants to community-based programs that provide prevention
6 services or activities to youth.

7 (b) The authority must allocate the amounts provided in (a) of
8 this subsection amongst the specific activities proportionate to the
9 fiscal year 2019 allocation.

10 (28) (a) \$1,125,000 of the general fund—state appropriation for
11 fiscal year 2020 and \$1,125,000 of the general fund—state
12 appropriation for fiscal year 2021 is provided solely for Spokane
13 behavioral health entities to implement services to reduce
14 utilization and the census at eastern state hospital. Such services
15 must include:

16 (i) High intensity treatment team for persons who are high
17 utilizers of psychiatric inpatient services, including those with co-
18 occurring disorders and other special needs;

19 (ii) Crisis outreach and diversion services to stabilize in the
20 community individuals in crisis who are at risk of requiring
21 inpatient care or jail services;

22 (iii) Mental health services provided in nursing facilities to
23 individuals with dementia, and consultation to facility staff
24 treating those individuals; and

25 (iv) Services at the sixteen-bed evaluation and treatment
26 facility.

27 (b) At least annually, the Spokane county behavioral health
28 entities shall assess the effectiveness of these services in reducing
29 utilization at eastern state hospital, identify services that are not
30 optimally effective, and modify those services to improve their
31 effectiveness.

32 (29) \$24,819,000 of the general fund—state appropriation for
33 fiscal year 2020 is provided solely to assist behavioral health
34 entities with the costs of providing services to medicaid clients
35 receiving services in psychiatric facilities classified as
36 institutions of mental diseases. The authority must distribute these
37 amounts proportionate to the number of bed days for medicaid clients
38 in institutions for mental diseases that were excluded from
39 behavioral health organization calendar year 2019 capitation rates

1 because they exceeded the amounts allowed under federal regulations.
2 The authority must also use these amounts to directly pay for costs
3 that are ineligible for medicaid reimbursement in institutions of
4 mental disease facilities for American Indian and Alaska Natives who
5 opt to receive behavioral health services on a fee-for-service basis.
6 The amounts used for these individuals must be reduced from the
7 allocation of the behavioral health organization where the individual
8 resides. If a behavioral health organization receives more funding
9 through this subsection than is needed to pay for the cost of their
10 medicaid clients in institutions for mental diseases, they must use
11 the remainder of the amounts to provide other services not covered
12 under the medicaid program. The authority must submit an application
13 for a waiver to allow, by July 1, 2020, for full federal
14 participation for medicaid clients in mental health facilities
15 classified as institutions of mental diseases. The authority must
16 submit a report on the status of the waiver to the office of
17 financial management and the appropriate committees of the
18 legislature by December 1, 2019.

19 (30) The authority must require all behavioral health
20 organizations transitioning to full integration to either spend down
21 or return all reserves in accordance with contract requirements and
22 federal and state law. Behavioral health organization reserves may
23 not be used to pay for services to be provided beyond the end of a
24 behavioral health organization's contract or for startup costs in
25 full integration regions except as provided in this subsection. The
26 authority must ensure that any increases in expenditures in
27 behavioral health reserve spend-down plans are required for the
28 operation of services during the contract period and do not result in
29 overpayment to providers. If the nonfederal share of reserves
30 returned during fiscal year 2020 exceeds \$35,000,000, the authority

12 are excluded from the total central office staff units calculation in
13 (a) of this subsection.

14 (d) For students in approved career-technical and skill center
15 programs, central office classified units are allocated at the same
16 staff unit per student rate as those generated for general education
17 students of the same grade in this subsection (5), and central office
18 administrative staff units are allocated at staff unit per student
19 rates that exceed the general education rate established for students
20 in the same grade in this subsection (5) by 12.51 percent in the
21 2019-20 school year and 12.53 percent in the 2020-21 school year for
22 career and technical education students, and 17.84 percent in the

30 24.33 percent in the 2019-20 school year and (~~(24.33)~~) 24.37 percent
31 in the 2020-21 school year for classified salary allocations provided
32 under subsections (4) and (5) of this section.

5 (b) Beginning January 1, 2020, and except for nonrepresented
6 employees of educational service districts for the 2020-21 school
7 year, the number of calculated benefit units determined below.
8 Calculated benefit units are staff units multiplied by the benefit
9 allocation factors established in the collective bargaining agreement
10 referenced in (~~section 938 of this act~~) section 908 of this act.
11 These factors are intended to adjust allocations so that, for the
12 purpose of distributing insurance benefits, full-time equivalent
13 employees may be calculated on the basis of 630 hours of work per
14 year, with no individual employee counted as more than one full-time
15 equivalent. The number of benefit units is determined as follows:

16 (i) The number of certificated staff units determined in
17 subsections (2), (3), and (5) of this section multiplied by 1.02; and

21 benefits provided to school employees in January 2020, school
22 districts must provide payment to the health care authority within
23 three business days of receiving the January 2020 allocation for

27 consistent with this subsection.

12 (14) Any school district board of directors may petition the
13 superintendent of public instruction by submission of a resolution
14 adopted in a public meeting to reduce or delay any portion of its
15 basic education allocation for any school year. The superintendent of
16 public instruction shall approve such reduction or delay if it does
17 not impair the district's financial condition. Any delay shall not be
18 for more than two school years. Any reduction or delay shall have no
19 impact on levy authority pursuant to RCW 84.52.0531 and local effort
20 assistance pursuant to chapter 28A.500 RCW.

21 (15) The superintendent may distribute funding for the following
22 programs outside the basic education formula during fiscal years 2020

5 career launch enrollment exceeding those appropriations is provided
6 in this section.

7 (18) Students participating in running start programs may be
8 funded up to a combined maximum enrollment of 1.2 FTE including
9 school district and institution of higher education enrollment
10 consistent with the running start course requirements provided in
11 chapter 202, Laws of 2015 (dual credit education opportunities). In
12 calculating the combined 1.2 FTE, the office of the superintendent of
13 public instruction may average the participating student's September
14 through June enrollment to account for differences in the start and
15 end dates for courses provided by the high school and higher
16 education institution. Additionally, the office of the superintendent
17 of public instruction, in consultation with the state board for
18 community and technical colleges, the student achievement council,
19 and the education data center, shall annually track and report to the
20 fiscal committees of the legislature on the combined FTE experience

29 basic education formula staff units shall not be less than the number
30 of basic education formula staff units received by the districts in
31 the school year prior to the consolidation; and

32 (b) For the fourth through eighth school years following
33 consolidation, the difference between the basic education formula
34 staff units received by the districts for the school year prior to
35 consolidation and the basic education formula staff units after
36 consolidation pursuant to subsection (13) of this section shall be
37 reduced in increments of twenty percent per year.

3 secondary career and technical education programs are considered
4 separate programs for funding and financial reporting purposes under
5 this section.

6 (b) Career and technical education program full-time equivalent
7 enrollment shall be reported on the same monthly basis as the
8 enrollment for students eligible for basic support, and payments
9 shall be adjusted for reported career and technical education program
10 enrollments on the same monthly basis as those adjustments for
11 enrollment for students eligible for basic support.

12 ~~((20))~~ (21) Funding in this section is sufficient to provide
13 full general apportionment payments to school districts eligible for
14 federal forest revenues as provided in RCW 28A.520.020. For the
15 2019-2021 biennium, general apportionment payments are not reduced

5 school district regionalization factors for certificated
6 instructional, certificated administrative, and classified staff, as
7 developed by the legislative evaluation and accountability program
8 committee on December (~~(10, 2018, at 8:24 hours)~~) 12, 2019, at 11:12

36 school year, the annual inflationary adjustments pursuant to RCW
37 28A.400.205.

1 (2)(a) In addition to salary allocations (~~specified in this~~
2 ~~subsection (1) funding~~), the appropriations in this (subsection
3 ~~includes two days of)~~ section include funding for professional
4 learning as defined in RCW 28A.415.430, 28A.415.432, and 28A.415.434.
5 Funding for this purpose is calculated as the equivalent of two days
6 of salary and benefits for each of the funded full-time equivalent

8 three days (~~of professional learning~~) of salary and benefits for
9 each of the funded full-time equivalent certificated instructional
10 staff units in school year 2020-21. Nothing in this section entitles
11 an individual certificated instructional staff to any particular

26 (b) The appropriations in this section include the increased or
27 decreased portion of salaries and incremental fringe benefits for all

29 for general apportionment (basic education) are based on the salary
30 allocations and methodology in (~~sections 504 and 505 of this act~~)
31 sections 503 and 504 of this act. Changes for special education
32 result from changes in each district's basic education allocation per
33 student. Changes for educational service districts and institutional
34 education programs are determined by the superintendent of public
35 instruction using the methodology for general apportionment salaries
36 and benefits in (~~sections 504 and 505 of this act~~) sections 503 and
37 504 of this act. Changes for pupil transportation are determined by
38 the superintendent of public instruction pursuant to RCW 28A.160.192,
39 and impact compensation factors in sections 504, 505, and 506 of this
40 act.

1 (c) The appropriations in this section include no salary

13 benefits for the 2021-2023 fiscal biennium, any proposal agreed upon
14 must assume the imposition of a twenty-five dollar per month
15 surcharge payment from members who use tobacco products and a

18 year 2021 is provided solely for the Washington state institute for
19 public policy to study special education services in public K-12
20 education systems. Since fiscal year 2018, Washington has made large
21 investments in special education programs both through increases in
22 the education system as a whole and through targeted increases in the
23 special education funding formula. These investments were spread
24 across the education system rather than directed to meet specific
25 student and district needs. An appropriation is provided for this
26 study in the interest of addressing ongoing concerns about funding
27 and service gaps with future investments. The institute will review
28 the available research literature with a focus on evidence from
29 rigorous research regarding impacts of specific special education
30 services on student outcomes. Where available, the study will focus
31 on student success outcomes including successful transitions to life
32 post-high school, student engagement, disciplinary action, and
33 academic outcomes. To the extent possible, the institute will study
34 the cost effectiveness of various successful approaches to service
35 delivery, including both broad strategies and specific services. The
36 institute shall submit an interim report summarizing preliminary
37 findings on special education strategies to the appropriate
38 committees of the legislature and the governor by June 30, 2021, with
39 the intent that a final report be submitted to the appropriate
40 committees of the legislature and the governor by June 30, 2022.

1 (g) Notwithstanding other provisions in this subsection, the
2 board of directors for the Washington state institute for public
3 policy may adjust due dates for projects included on the institute's
4 2019-21 work plan as necessary to efficiently manage workload.

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for expenditure into the information technology investment revolving account created in RCW 43.41.433. Funds in the account are provided solely for the information technology projects shown in LEAP omnibus document IT-2019, dated April 25, 2019, which is hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus document IT-2019, dated April 25, 2019, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. However, restricted federal funds and qualified employee benefit and pension funds may be transferred only to the extent permitted by law, and will otherwise remain outside the information technology investment account. The projects affected remain subject to the other provisions of this section.

(2) Agencies must apply to the office of financial management and the office of the chief information officer to receive funding from the information technology investment revolving account. The office of financial management must notify the fiscal committees of the legislature of the receipt of each application and may not approve a funding request for ten business days from the date of notification.

(3) Allocations and allotments of information technology investment revolving account must be made for discrete stages of

16 computation as to each employer shall be made on a percentage rate of
17 salary established by the department. However, the department may at
18 its discretion establish a system of billing based upon calendar year
19 quarters in which event the said billing shall be at the end of each
20 such quarter.

21 (4) The director may adjust the expense fund contribution rate
22 for each system at any time when necessary to reflect unanticipated
23 costs or savings in administering the department.

24 (5) An employer who fails to submit timely and accurate reports
25 to the department may be assessed an additional fee related to the
26 increased costs incurred by the department in processing the
27 deficient reports. Fees paid under this subsection shall be deposited
28 in the retirement system expense fund.

29 (a) Every six months the department shall determine the amount of
30 an employer's fee by reviewing the timeliness and accuracy of the
31 reports submitted by the employer in the preceding six months. If
32 those reports were not both timely and accurate the department may
33 prospectively assess an additional fee under this subsection.

34 (b) An additional fee assessed by the department under this
35 subsection shall not exceed fifty percent of the standard fee.

36 (c) The department shall adopt rules implementing this section.

37 (6) Expenses other than those under RCW 41.34.060(4) shall be

During the 2015-2017 fiscal biennium, state contributions to the judicial retirement system may be made in part by appropriations from the department of retirement systems expense fund)) 2019-2021 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the department of retirement systems expense fund to the general fund.~~

Sec. 917. RCW 43.185C.060 and 2018 c 85 s 6 are each amended to read as follows:

(1) The home security fund account is created in the state treasury, subject to appropriation. The state's portion of the surcharge established in RCW 36.22.179 and 36.22.1791 must be deposited in the account. Expenditures from the account may be used only for homeless housing programs as described in this chapter.

(2) The department must distinguish allotments from the account made to carry out the activities in RCW 43.330.167, 43.330.700 through 43.330.715, 43.330.911, 43.185C.010, 43.185C.250 through 43.185C.320, and 36.22.179(1)(b).

(3) The office of financial management must secure an independent expenditure review of state funds received under RCW 36.22.179(1)(b) on a biennial basis. The purpose of the review is to assess the consistency in achieving policy priorities within the private market rental housing segment for housing persons experiencing homelessness. The independent reviewer must notify the department and the office of financial management of its findings. The first biennial expenditure review, for the 2017-2019 fiscal biennium, is due February 1, 2020. Independent reviews conducted thereafter are due February 1st of each even-numbered year.

(4) During the 2019-2021 fiscal biennium, the expenditures from the account may also be used for (a) improvements to the aged, blind, or disabled assistance program, (b) the development of affordable housing benchmarks, (c) a transitional housing pilot program for youth, (d) permanent supportive housing assistance, and (e) the essential needs and housing support program. It is the intent of the legislature that this policy will continue in subsequent fiscal biennia.

Sec. 918. RCW 71A.20.170 and 2011 1st sp.s. c 30 s 12 are each amended to read as follows:

1 (1) The developmental disabilities community trust account is
2 created in the state treasury. All net proceeds from the use of
3 excess property identified in the 2002 joint legislative audit and
4 review committee capital study or other studies of the division of
5 developmental disabilities residential habilitation centers that
6 would not impact current residential habilitation center operations
7 must be deposited into the account.

8 (2) Proceeds may come from the lease of the land, conservation
9 easements, sale of timber, or other activities short of sale of the
10 property, except as permitted under section 7 of this act.

11 (3) "Excess property" includes that portion of the property at
12 Rainier school previously under the cognizance and control of
13 Washington State University for use as a dairy/forage research
14 facility.

15 (4) Only investment income from the principal of the proceeds
16 deposited into the trust account may be spent from the account. For
17 purposes of this section, "investment income" includes lease
18 payments, rent payments, or other periodic payments deposited into
19 the trust account. For purposes of this section, "principal" is the
20 actual excess land from which proceeds are assigned to the trust
21 account.

22 (5) Moneys in the account may be spent only after appropriation.
23 Expenditures from the account shall be used exclusively to provide
24 family support and/or employment/day services to eligible persons
25 with developmental disabilities who can be served by community-based
26 developmental disability services. It is the intent of the
27 legislature that the account should not be used to replace, supplant,
28 or reduce existing appropriations.

29 (6) The account shall be known as the Dan Thompson memorial
30 developmental disabilities community trust account.

31 (7) During the 2019-2021 fiscal biennium, moneys appropriated
32 from the general fund for expenditure into the Dan Thompson memorial
33 developmental disabilities community trust account may be spent from
34 the account for the purposes specified in subsection (5) of this
35 section. It is the intent of the legislature that this policy will
36 continue in subsequent biennia.

37 **Sec. 919.** RCW 90.56.510 and 2019 c 415 s 994 are each amended to
38 read as follows:

1 (1) The oil spill prevention account is created in the state
2 treasury. All receipts from RCW 82.23B.020(2) shall be deposited in
3 the account. Moneys from the account may be spent only after
4 appropriation. The account is subject to allotment procedures under
5 chapter 43.88 RCW. If, on the first day of any calendar month, the
6 balance of the oil spill response account is greater than nine
7 million dollars and the balance of the oil spill prevention account
8 exceeds the unexpended appropriation for the current biennium, then
9 the tax under RCW 82.23B.020(2) shall be suspended on the first day
10 of the next calendar month until the beginning of the following
11 biennium, provided that the tax shall not be suspended during the
12 last six months of the biennium. If the tax imposed under RCW
13 82.23B.020(2) is suspended during two consecutive biennia, the
14 department shall by November 1st after the end of the second
15 biennium, recommend to the appropriate standing committees an
16 adjustment in the tax rate. For the biennium ending June 30, 1999,
17 and the biennium ending June 30, 2001, the state treasurer may
18 transfer a total of up to one million dollars from the oil spill
19 response account to the oil spill prevention account to support
20 appropriations made from the oil spill prevention account in the
21 omnibus appropriations act adopted not later than June 30, 1999.

22 (2) Expenditures from the oil spill prevention account shall be
23 used exclusively for the administrative costs related to the purposes
24 of this chapter, and chapters 90.48, 88.40, and 88.46 RCW. In
25 addition, until June 30, 2021, expenditures from the oil spill
26 prevention account may be used, subject to amounts appropriated
27 specifically for this purpose, for the development and annual review
28 of local emergency planning committee emergency response plans in RCW
29 38.52.040(3). Starting with the 1995-1997 biennium, the legislature
30 shall give activities of state agencies related to prevention of oil
31 spills priority in funding from the oil spill prevention account.
32 Costs of prevention include the costs of:

- 33 (a) Routine responses not covered under RCW 90.56.500;

38 inspections, investigations, enforcement, and litigation;
39 (e) Interagency coordination and public outreach and education;

1 (f) Collection and administration of the tax provided for in
2 chapter 82.23B RCW; and

3 (g) Appropriate travel, goods and services, contracts, and
4 equipment.

5 (3) Before expending moneys from the account for a response under
6 subsection (2)(a) of this section, but without delaying response
7 activities, the director shall make reasonable efforts to obtain
8 funding for response costs under this section from the person
9 responsible for the spill and from other sources, including the
10 federal government.

11 (4) During the 2019-2021 fiscal biennium, the legislature may
12 direct the state treasurer to make transfers of moneys in the oil
13 spill prevention account to the oil spill response account.

14 **Sec. 920.** RCW 70.105D.190 and 2019 c 422 s 202 are each amended
15 to read as follows:

5 Correct the title.

EFFECT: Strikes all appropriations and provisions of the underlying budget bill and replaces them with revised appropriations as follows:

(1) Legislative intent is declared that increased revenues in the February forecast of \$1.14 billion should be returned to the taxpayers in the form of a property tax reduction of \$1.6 billion over three years as provided in House Bill No. 2954. Legislative intent is declared to enact supplemental appropriations generally at the level proposed by the Governor in HB 2325, his supplemental budget request, with adjustments.

(2) Appropriations are made in the amounts of and for the purposes in HB 2325, revised as follows:

(a) Adjustments are made to reflect savings from updating the Governor's proposed supplemental budget for updated caseloads, cost drivers, and other maintenance-level adjustments (reduction of \$250 million NGF-0 and \$289 million total budgeted funds compared to appropriations proposed in HB 2325). NGF-0 savings over the four years covered by the balanced budget requirement total \$721 million compared to appropriations proposed in HB 2325.

(b) The Office of Financial Management is authorized to adjust allotments to reflect these savings, including adjustment of amounts provided for a specific purpose.

(c) Appropriations totaling \$319 million that were proposed by the Governor from the Budget Stabilization Account in HB 2522 to address homelessness issues are instead made from the state General Fund (GFS).

(d) Transfers totaling \$10 million that were proposed by the Governor from other funds into the GFS are removed.

(3) After these adjustments, total supplemental appropriation changes are proposed of \$883 million NGF-0 and \$2.4 billion in total budgeted funds. Including the supplemental changes, 2019-2021 appropriations would total \$53 billion NGF-0 and \$102 billion in total budgeted funds.
