1 On page 54, after line 26, insert the following:

2 "(5) The legislature recognizes that Freddy Fungus and Annie
3 Algae take a Lichen to each other, and it is this symbiotic romance
4 that discolors much of the dome. The legislature finds that these
5 relationships, forming by the minute, are not sanctioned by the state
6 of Washington and, therefore, do not belong on the dome. It is the
7 intent of the legislature to commission a study at our fine research
8 universities to discover a safe and efficacious prophylactic that
9 takes the lichen out of these illegitimate cellular bondings."

EFFECT: Adds that the legislature intends to commission a study to discover a safe and efficacious prophylactic to the lichen growing on the capitol dome.

FISCAL IMPACT: None
