EFFECT: Exempts critical access hospitals and hospitals with fewer than 25 acute care beds from the meal and rest provisions, instead of including those facilities starting July 1, 2020.

Removes the new definitions of "employee" and "employer" for the purposes of overtime.

Specifies that references to staffing plans for the purposes of mandatory prescheduled on-call refers to those plans required in RCW 70.41.420. The provisions on mandatory prescheduled on-call for the purposes of overtime do not apply to critical access hospitals and hospitals with fewer than 25 acute care beds.
