

EHB 1564 - S COMM AMD
By Committee on Ways & Means

ADOPTED 04/15/2019

1 Strike everything after the enacting clause and insert the
2 following:

3 "Sec. 1. RCW 74.46.561 and 2017 c 286 s 2 are each amended to
4 read as follows:

5 (1) The legislature adopts a new system for establishing nursing
6 home payment rates beginning July 1, 2016. Any payments to nursing
7 homes for services provided after June 30, 2016, must be based on the
8 new system. The new system must be designed in such a manner as to
9 decrease administrative complexity associated with the payment
10 methodology, reward nursing homes providing care for high acuity
11 residents, incentivize quality care for residents of nursing homes,
12 and establish minimum staffing standards for direct care.

13 (2) The new system must be based primarily on industry-wide
14 costs, and have three main components: Direct care, indirect care,
15 and capital.

16 (3) The direct care component must include the direct care and
17 therapy care components of the previous system, along with food,
18 laundry, and dietary services. Direct care must be paid at a fixed
19 rate, based on one hundred percent or greater of statewide case mix
20 neutral median costs, but shall be set so that a nursing home
21 provider's direct care rate does not exceed one hundred eighteen
22 percent of its base year's direct care allowable costs except if the
23 provider is below the minimum staffing standard established in RCW
24 74.42.360(2). Direct care must be performance-adjusted for acuity
25 every six months, using case mix principles. Direct care must be
26 regionally adjusted using county wide wage index information
27 available through the United States department of labor's bureau of
28 labor statistics. There is no minimum occupancy for direct care. The
29 direct care component rate allocations calculated in accordance with
30 this section must be adjusted to the extent necessary to comply with
31 RCW 74.46.421.

1 (4) The indirect care component must include the elements of
2 administrative expenses, maintenance costs, and housekeeping services
3 from the previous system. A minimum occupancy assumption of ninety
4 percent must be applied to indirect care. Indirect care must be paid
5 at a fixed rate, based on ninety percent or greater of statewide
6 median costs. The indirect care component rate allocations calculated
7 in accordance with this section must be adjusted to the extent
8 necessary to comply with RCW 74.46.421.

9 (5) The capital component must use a fair market rental system to
10 set a price per bed. The capital component must be adjusted for the
11 age of the facility, and must use a minimum occupancy assumption of
12 ninety percent.

13 (a) Beginning July 1, 2016, the fair rental rate allocation for
14 each facility must be determined by multiplying the allowable nursing
15 home square footage in (c) of this subsection by the ((~~RS~~—means))
16 RSM rental rate in (d) of this subsection and by the number of
17 licensed beds yielding the gross unadjusted building value. An
18 equipment allowance of ten percent must be added to the unadjusted
19 building value. The sum of the unadjusted building value and
20 equipment allowance must then be reduced by the average age of the
21 facility as determined by (e) of this subsection using a depreciation
22 rate of one and one-half percent. The depreciated building and
23 equipment plus land valued at ten percent of the gross unadjusted
24 building value before depreciation must then be multiplied by the
25 rental rate at seven and one-half percent to yield an allowable fair
26 rental value for the land, building, and equipment.

27 (b) The fair rental value determined in (a) of this subsection
28 must be divided by the greater of the actual total facility census
29 from the prior full calendar year or imputed census based on the
30 number of licensed beds at ninety percent occupancy.

31 (c) For the rate year beginning July 1, 2016, all facilities must
32 be reimbursed using four hundred square feet. For the rate year
33 beginning July 1, 2017, allowable nursing facility square footage
34 must be determined using the total nursing facility square footage as
35 reported on the medicaid cost reports submitted to the department in
36 compliance with this chapter. The maximum allowable square feet per
37 bed may not exceed four hundred fifty.

38 (d) Each facility must be paid at eighty-three percent or greater
39 of the median nursing facility ((~~RS~~—means)) RSM construction
40 index value per square foot ((~~for Washington state~~)). The department

1 may use updated (~~RS means~~) RSMeans construction index information
2 when more recent square footage data becomes available. The statewide
3 value per square foot must be indexed based on facility zip code by
4 multiplying the statewide value per square foot times the appropriate
5 zip code based index. For the purpose of implementing this section,
6 the value per square foot effective July 1, 2016, must be set so that
7 the weighted average (~~FRV [fair rental value]~~) fair rental value
8 rate is not less than ten dollars and eighty cents (~~ppd [per patient~~
9 ~~day]~~) per patient day. The capital component rate allocations
10 calculated in accordance with this section must be adjusted to the
11 extent necessary to comply with RCW 74.46.421.

12 (e) The average age is the actual facility age reduced for
13 significant renovations. Significant renovations are defined as those
14 renovations that exceed two thousand dollars per bed in a calendar
15 year as reported on the annual cost report submitted in accordance
16 with this chapter. For the rate beginning July 1, 2016, the
17 department shall use renovation data back to 1994 as submitted on
18 facility cost reports. Beginning July 1, 2016, facility ages must be
19 reduced in future years if the value of the renovation completed in
20 any year exceeds two thousand dollars times the number of licensed
21 beds. The cost of the renovation must be divided by the accumulated
22 depreciation per bed in the year of the renovation to determine the
23 equivalent number of new replacement beds. The new age for the
24 facility is a weighted average with the replacement bed equivalents
25 reflecting an age of zero and the existing licensed beds, minus the
26 new bed equivalents, reflecting their age in the year of the
27 renovation. At no time may the depreciated age be less than zero or
28 greater than forty-four years.

29 (f) A nursing facility's capital component rate allocation must
30 be rebased annually, effective July 1, 2016, in accordance with this
31 section and this chapter.

32 (g) For the purposes of this subsection (5), "RSMeans" means
33 building construction costs data as published by Gordian.

34 (6) A quality incentive must be offered as a rate enhancement
35 beginning July 1, 2016.

36 (a) An enhancement no larger than five percent and no less than
37 one percent of the statewide average daily rate must be paid to
38 facilities that meet or exceed the standard established for the
39 quality incentive. All providers must have the opportunity to earn
40 the full quality incentive payment.

1 (b) The quality incentive component must be determined by
2 calculating an overall facility quality score composed of four to six
3 quality measures. For fiscal year 2017 there shall be four quality
4 measures, and for fiscal year 2018 there shall be six quality
5 measures. Initially, the quality incentive component must be based on
6 minimum data set quality measures for the percentage of long-stay
7 residents who self-report moderate to severe pain, the percentage of
8 high-risk long-stay residents with pressure ulcers, the percentage of
9 long-stay residents experiencing one or more falls with major injury,
10 and the percentage of long-stay residents with a urinary tract
11 infection. Quality measures must be reviewed on an annual basis by a
12 stakeholder work group established by the department. Upon review,
13 quality measures may be added or changed. The department may risk
14 adjust individual quality measures as it deems appropriate.

15 (c) The facility quality score must be point based, using at a
16 minimum the facility's most recent available three-quarter average
17 (~~(CMS [centers for medicare and medicaid services])~~) centers for
18 medicare and medicaid services quality data. Point thresholds for
19 each quality measure must be established using the corresponding
20 statistical values for the quality measure (~~((QM))~~) point
21 determinants of eighty (~~((QM))~~) quality measure points, sixty (~~((QM))~~)
22 quality measure points, forty (~~((QM))~~) quality measure points, and
23 twenty (~~((QM))~~) quality measure points, identified in the most recent
24 available five-star quality rating system technical user's guide
25 published by the center for medicare and medicaid services.

26 (d) Facilities meeting or exceeding the highest performance
27 threshold (top level) for a quality measure receive twenty-five
28 points. Facilities meeting the second highest performance threshold
29 receive twenty points. Facilities meeting the third level of
30 performance threshold receive fifteen points. Facilities in the
31 bottom performance threshold level receive no points. Points from all
32 quality measures must then be summed into a single aggregate quality
33 score for each facility.

34 (e) Facilities receiving an aggregate quality score of eighty
35 percent of the overall available total score or higher must be placed
36 in the highest tier (tier V), facilities receiving an aggregate score
37 of between seventy and seventy-nine percent of the overall available
38 total score must be placed in the second highest tier (tier IV),
39 facilities receiving an aggregate score of between sixty and sixty-
40 nine percent of the overall available total score must be placed in

1 the third highest tier (tier III), facilities receiving an aggregate
2 score of between fifty and fifty-nine percent of the overall
3 available total score must be placed in the fourth highest tier (tier
4 II), and facilities receiving less than fifty percent of the overall
5 available total score must be placed in the lowest tier (tier I).

6 (f) The tier system must be used to determine the amount of each
7 facility's per patient day quality incentive component. The per
8 patient day quality incentive component for tier IV is seventy-five
9 percent of the per patient day quality incentive component for tier
10 V, the per patient day quality incentive component for tier III is
11 fifty percent of the per patient day quality incentive component for
12 tier V, and the per patient day quality incentive component for tier
13 II is twenty-five percent of the per patient day quality incentive
14 component for tier V. Facilities in tier I receive no quality
15 incentive component.

16 (g) Tier system payments must be set in a manner that ensures
17 that the entire biennial appropriation for the quality incentive
18 program is allocated.

19 (h) Facilities with insufficient three-quarter average ((CMS
20 ~~[centers for medicare and medicaid services]~~)) centers for medicare
21 and medicaid services quality data must be assigned to the tier
22 corresponding to their five-star quality rating. Facilities with a
23 five-star quality rating must be assigned to the highest tier (tier
24 V) and facilities with a one-star quality rating must be assigned to
25 the lowest tier (tier I). The use of a facility's five-star quality
26 rating shall only occur in the case of insufficient ((CMS
27 ~~[centers for medicare and medicaid services]~~)) centers for medicare and
28 medicaid services minimum data set information.

29 (i) The quality incentive rates must be adjusted semiannually on
30 July 1 and January 1 of each year using, at a minimum, the most
31 recent available three-quarter average ((CMS
32 ~~[centers for medicare and medicaid services]~~)) centers for medicare and medicaid services
33 quality data.

34 (j) Beginning July 1, 2017, the percentage of short-stay
35 residents who newly received an antipsychotic medication must be
36 added as a quality measure. The department must determine the quality
37 incentive thresholds for this quality measure in a manner consistent
38 with those outlined in (b) through (h) of this subsection using the
39 centers for medicare and medicaid services quality data.

1 (k) Beginning July 1, 2017, the percentage of direct care staff
2 turnover must be added as a quality measure using the centers for
3 medicare and medicaid services' payroll-based journal and nursing
4 home facility payroll data. Turnover is defined as an employee
5 departure. The department must determine the quality incentive
6 thresholds for this quality measure using data from the centers for
7 medicare and medicaid services' payroll-based journal, unless such
8 data is not available, in which case the department shall use direct
9 care staffing turnover data from the most recent medicaid cost
10 report.

11 (7) Reimbursement of the safety net assessment imposed by chapter
12 74.48 RCW and paid in relation to medicaid residents must be
13 continued.

14 (8) The direct care and indirect care components must be rebased
15 in even-numbered years, beginning with rates paid on July 1, 2016.
16 Rates paid on July 1, 2016, must be based on the 2014 calendar year
17 cost report. On a percentage basis, after rebasing, the department
18 must confirm that the statewide average daily rate has increased at
19 least as much as the average rate of inflation, as determined by the
20 skilled nursing facility market basket index published by the centers
21 for medicare and medicaid services, or a comparable index. If after
22 rebasing, the percentage increase to the statewide average daily rate
23 is less than the average rate of inflation for the same time period,
24 the department is authorized to increase rates by the difference
25 between the percentage increase after rebasing and the average rate
26 of inflation.

27 (9) The direct care component provided in subsection (3) of this
28 section is subject to the reconciliation and settlement process
29 provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to
30 rules established by the department, funds that are received through
31 the reconciliation and settlement process provided in RCW
32 74.46.022(6) must be used for technical assistance, specialized
33 training, or an increase to the quality enhancement established in
34 subsection (6) of this section. The legislature intends to review the
35 utility of maintaining the reconciliation and settlement process
36 under a price-based payment methodology, and may discontinue the
37 reconciliation and settlement process after the 2017-2019 fiscal
38 biennium.

39 (10) Compared to the rate in effect June 30, 2016, including all
40 cost components and rate add-ons, no facility may receive a rate

1 reduction of more than one percent on July 1, 2016, more than two
2 percent on July 1, 2017, or more than five percent on July 1, 2018.
3 To ensure that the appropriation for nursing homes remains cost
4 neutral, the department is authorized to cap the rate increase for
5 facilities in fiscal years 2017, 2018, and 2019.

6 NEW SECTION. **Sec. 2.** A new section is added to chapter 74.46
7 RCW to read as follows:

8 Services provided by or through facilities of the Indian health
9 service or facilities operated by a tribe or tribal organization
10 pursuant to 42 C.F.R. Part 136 may be paid at the applicable rates
11 published in the federal register or at a cost-based rate applicable
12 to such types of facilities as approved by the centers for medicare
13 and medicaid services and may be exempted from the rate determination
14 set forth in this chapter. The department may enact emergency rules
15 to implement this section.

16 **Sec. 3.** RCW 74.42.010 and 2017 c 200 s 2 are each amended to
17 read as follows:

18 Unless the context clearly requires otherwise, the definitions in
19 this section apply throughout this chapter.

20 (1) "Department" means the department of social and health
21 services and the department's employees.

22 (2) "Direct care staff" means the staffing domain identified and
23 defined in the center for medicare and medicaid service's five-star
24 quality rating system and as reported through the center for medicare
25 and medicaid service's payroll-based journal. For purposes of
26 calculating hours per resident day minimum staffing standards for
27 facilities with sixty-one or more licensed beds, the director of
28 nursing services classification (job title code five), as identified
29 in the center for medicare and medicaid service's payroll-based
30 journal, shall not be used. For facilities with sixty or fewer beds
31 the director of nursing services classification (job title code five)
32 shall be included in calculating hours per resident day minimum
33 staffing standards.

34 (3) "Facility" refers to a nursing home as defined in RCW
35 18.51.010.

36 (4) "Geriatric behavioral health worker" means a person who has
37 received specialized training devoted to mental illness and treatment
38 of older adults.

1 (5) "Licensed practical nurse" means a person licensed to
2 practice practical nursing under chapter 18.79 RCW.

3 (6) "Medicaid" means Title XIX of the Social Security Act enacted
4 by the social security amendments of 1965 (42 U.S.C. Sec. 1396; 79
5 Stat. 343), as amended.

6 (7) "Nurse practitioner" means a person licensed to practice
7 advanced registered nursing under chapter 18.79 RCW.

8 (8) "Nursing care" means that care provided by a registered
9 nurse, an advanced registered nurse practitioner, a licensed
10 practical nurse, or a nursing assistant in the regular performance of
11 their duties.

12 (9) "Physician" means a person practicing pursuant to chapter
13 18.57 or 18.71 RCW, including, but not limited to, a physician
14 employed by the facility as provided in chapter 18.51 RCW.

15 (10) "Physician assistant" means a person practicing pursuant to
16 chapter 18.57A or 18.71A RCW.

17 (11) "Qualified therapist" means:

18 (a) An activities specialist who has specialized education,
19 training, or experience specified by the department.

20 (b) An audiologist who is eligible for a certificate of clinical
21 competence in audiology or who has the equivalent education and
22 clinical experience.

23 (c) A mental health professional as defined in chapter 71.05 RCW.

24 (d) An intellectual disabilities professional who is a qualified
25 therapist or a therapist approved by the department and has
26 specialized training or one year experience in treating or working
27 with persons with intellectual or developmental disabilities.

28 (e) An occupational therapist who is a graduate of a program in
29 occupational therapy or who has equivalent education or training.

30 (f) A physical therapist as defined in chapter 18.74 RCW.

31 (g) A social worker as defined in RCW 18.320.010(2).

32 (h) A speech pathologist who is eligible for a certificate of
33 clinical competence in speech pathology or who has equivalent
34 education and clinical experience.

35 (12) "Registered nurse" means a person licensed to practice
36 registered nursing under chapter 18.79 RCW.

37 (13) "Resident" means an individual residing in a nursing home,
38 as defined in RCW 18.51.010."

ADOPTED 04/15/2019

1 On page 1, line 1 of the title, after "system;" strike the
2 remainder of the title and insert "amending RCW 74.46.561 and
3 74.42.010; and adding a new section to chapter 74.46 RCW."

EFFECT: Prohibits nursing homes with more than sixty beds from including the Director of Nursing Services' hours in the nursing home's calculation of direct care staff hours per resident day.

--- END ---
