EFFECT: Prohibits a PBM from charging a pharmacy any fee, instead of prohibiting the PBM from charging a fee related to the adjudication of a claim, credentialing, participation, certification, accreditation, or enrollment in a network.

Prohibits a PBM from requiring a pharmacy to meet standards that are more restrictive than what is required for licensure by PQAC, instead of prohibiting a PBM from requiring accreditation standards inconsistent with or more stringent than standards established by a national accreditation organization.
