

**SSB 6147 - S AMD 978**

By Senator Warnick

WITHDRAWN 02/17/2020

1 Beginning on page 1, after line 16, strike all material through  
2 "structure." on page 2, line 5 and insert the following:  
3 "(i) Remove the bank protection structure;  
4 (ii) No action, control upland drainage;  
5 (iii) Protect, enhance, and replace vegetation;  
6 (iv) Relocate improvements or structures;  
7 (v) Construct a soft structure by placing beach nourishment and  
8 large woody material;  
9 (vi) Construct upland retaining walls;  
10 (vii) Construct a hard structure, such as bulkhead and rock  
11 revetment, landward of the ordinary high water line; or  
12 (viii) Construct a hard structure, such as a bulkhead and rock  
13 revetments, at the ordinary high water line."

EFFECT: Removes four alternatives and replaces them with six alternatives including removing the structure, no action, relocate improvements, soft structure, upland retaining walls, and hard structure landward or at the ordinary high water line.
