 1   On page 3, line 22, after "use," insert "except as provided in
 2 subsection (6) of this section. The report must be"

 3   Beginning on page 6, line 31, after **"Sec. 7."** strike all material
 4 through "differences." on page 7, line 18 and insert "(1) A state or
 5 local government agency that deploys a facial recognition system must
 6 periodically run tests to determine whether the system is less
 7 accurate for individuals in specific demographic groups. The agency
 8 may only run these tests for demographic information it is already
 9 collecting. If the tests identify material performance differences
10 for specific demographic characteristics, the agency must work with
11 the system vendor to develop and implement a plan to mitigate these
12 differences."

     EFFECT: Clarifies the accountability report exemption for the
department of licensing. Removes the obligation for an agency to
require a facial recognition service provider to make an application
programming interface available to enable independent testing. Adds
the requirement for an agency that deploys a facial recognition
service to periodically run tests to determine whether the system is
less accurate for individuals in specific demographic groups.
