**Hearing Date:** 1/14/19

**Staff:** Charlie Gavigan (786-7340).

**Background:**

The state government operates on a fiscal biennium that begins on July 1 of each odd-numbered year. A two-year biennial operating budget is adopted every odd-numbered year. Supplemental budgets frequently are enacted in each of the following two years after adoption of the biennial budget. Appropriations are made in the biennial and supplemental budgets for the operation of state government and its various agencies and institutions, including higher education, as well as allocations for the funding of K-12 public schools.

**Summary of Bill:**

Near General Fund-State (General Fund-State, the Education Legacy Trust Account, the Opportunity Pathways Account, and the Pension Funding Stabilization Account) appropriations for the 2019-21 biennium are \$55.1 billion. Total budgeted funds are \$102.2 billion (includes state, federal, and other funds). Fund transfers and other provisions are made.

Some of the larger Near General Fund-State appropriations for the biennium include:

- \$28.1 billion for K-12 public schools;
- \$6.7 billion for the Department of Social and Health Services (DSHS);

- \$10.8 billion for other human services programs, including the Health Care Authority and the Department of Corrections;
- \$4.5 billion for higher education institutions and financial aid; and
- \$2.5 billion for debt service.
