**Hearing Date:** 1/29/19

**Staff:** Melissa Palmer (786-7388).

**Background:**

The Legislature established the Art in Public Places Program, administered by the Washington State Arts Commission (Commission), in 1974. Artwork acquisition is funded through Washington's Omnibus Capital Appropriations Act (Capital Budget) using a formula of 0.5 percent of the state's portion of construction for new buildings. This amount includes art allocations for construction of K-12 public schools, higher education institutions, and state agencies. Higher education institutions also receive 0.5 percent for renovation projects exceeding \$200,000. These artworks become part of the State Art Collection. The State Art Collection includes over 4,700 works. During fiscal year 2018, the Commission initiated 24 and closed 24 art projects.

The Capital Budget includes specific provisions related to art allocations, including the parameters for amounts expended on direct acquisitions, the lapsing of art allocations, and an annual report. The 2017-19 Capital Budget and 2018 Supplemental Budget also authorized higher education institutions and state agencies, working with the Commission, to expend up to 10 percent of the art allocation during the design phase.
