Board members serve five-year terms and may not serve for more than two consecutive terms.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.

The Governor also appoints an Executive Director of the Board. The Executive Director must hold a valid Washington license as a professional engineer or professional land surveyor.

The Board is responsible for setting fees for applications, examinations, licenses, registrations, and renewals. Fees set by the Board must be at a level adequate to pay the Board's administration costs. The Department of Licensing (Department), through an interagency agreement, must provide specified administrative staff support and associated technical services, materials, and equipment to the Board.
