- assisting LGBTQ veterans, and their spouses and dependents, in applying for benefits; and
- developing and distributing information to LGBTQ veterans, and their spouses and dependents, regarding veterans' benefits and other benefit programs.

**Effective Date:** The bill takes effect 90 days after adjournment of the session in which the bill is passed.

**Staff Summary of Public Testimony:**

(In support) Lesbian, gay, bisexual, transgender, and queer (LGBTQ) veterans often feel isolated and stigmatized and there is a concerning rate of suicide among these veterans. They are proud of the time that they have served but they have not felt welcomed by veteran support services. This bill seeks to connect veterans to services they need, deserve, and have earned. A coordinator trained to meet the needs of this population of veterans would help achieve this goal. The coordinator would be able to work on the specific issue of helping LGBTQ veterans with discharge upgrades for those that may have been unfairly discharged under Don't Ask Don't Tell. They would also do outreach and help with benefits, and distribute materials to veteran service providers that would help make sure LGBTQ veterans receive services designed for their unique needs. The stigma felt by LGBTQ veterans is

often a barrier to receiving services and the coordinator would help to remove this barrier and help restore the veterans' pride in their service.

(Opposed) None.

**Persons Testifying:** Senator Randall, prime sponsor; Heidi Audette, Washington Department of Veterans Affairs; and Carey Morris, Equal Rights Washington.
