## SENATE COMMITTEE ON STATE GOVERNMENT, TRIBAL RELATIONS & ELECTIONS

**Staff:** Melissa Van Gorkom (786-7491)

**Background:** The chief of the Washington State Patrol (WSP) has the authority to mobilize jurisdictions under the Washington State Fire Services Mobilization Plan (Plan). The WSP state fire marshal serves as the state fire resources coordinator when a state mobilization plan is declared. Once a state mobilization is declared, all state and local agencies that participate in a mobilization generally receive reimbursement through the state's Disaster Response Account (Account). The WSP, in consultation with the Office of Financial Management and the Washington Military Department, is responsible for developing procedures to facilitate reimbursement to state agencies and local jurisdictions from appropriate federal and state funds when state agencies and jurisdictions are mobilized under the Plan.

All-Risk Resources. In 2015, the Legislature authorized an expansion of the term mobilization to include all-risk resources, rather than only firefighting resources, and

prohibited fire department resources from being mobilized to assist with police activities during civil protest or demonstration. All-risk resources include those resources regularly provided by fire authorities in response to natural and man-made incidents. This includes, but is not limited to, resources provided to respond to wildland fires, landslides, earthquakes, floods and contagious diseases. The WSP must report annually regarding each emergency or disaster in which the Washington State Fire Service Mobilization Plan was used for purposes other than fire suppression. The expanded scope of the state fire services mobilization expires on July 1, 2019.

Disaster Response Account. The state's Account is a dedicated account in the State Treasury. Money may be placed in the Account from legislative appropriations and transfers, federal appropriations, and other lawful sources. Expenditures from the Account are used to support state agency and local government disaster response and recovery efforts.

**Summary of Bill:** The July 1, 2019, expiration date on the changes to fire services mobilization is removed. The expanded definition of mobilization to include all risk resources, and the prohibition against mobilization of fire department resources to assist with police activities during protests and demonstrations are permanent.

The WSP must continue to report annually on the uses and costs of the mobilization plan for non-fire suppression emergencies and disasters.

**Appropriation:** None.

**Fiscal Note:** Available.

**Creates Committee/Commission/Task Force that includes Legislative members:** No.

**Effective Date:** The bill contains an emergency clause and takes effect on July 1, 2019.

**Staff Summary of Public Testimony:** PRO: When the original mobilization act passed the fire service we believe that the intent was for it to include all hazards mobilization, but it was interpreted to be used for just fire mobilization. This has not been used since it was authorized, fire service has been very prudent and responsible with their use of resources. Please resist the temptation to put another sunset on this. This is an important bill to allow us to use fire expertise in major disasters to protect the citizens of the state.

**Persons Testifying:** PRO: Representative Dan Griffey, Prime Sponsor; Ryan Spiller, Fire Commissioners.

**Persons Signed In To Testify But Not Testifying:** No one.
