### SENATE COMMITTEE ON HUMAN SERVICES, REENTRY & REHABILITATION

**Staff:** Alison Mendiola (786-7488)

**Background:** In 1980, the Services for Children with Multiple Handicaps Program was created with the goal of better serving children living with multiple disabilities, including acute medical needs. This program was never implemented.

The Medically Intensive Children's Program (MICP) provides skilled nursing services to children ages 17 and younger. These children have complex medical needs requiring a registered nurse to provide support. Nursing services may be provided in the family home, foster home, contracted medically intensive children's group, and staffed residential homes.

Eligibility requirements for MICP include the child:

- be age 17 or younger;
- have complex medical needs, such as ventilator dependency or tracheostomy care;
- be enrolled in Washington Apple Health under the categorically needy scope of care; and
- require at least four hours of continuous skilled nursing care per day.

**Summary of Bill:** The Services for Children with Multiple Handicaps Program is repealed.
