

SENATE BILL REPORT

SB 5036

As of January 17, 2019

Title: An act relating to the compensation of commissioners of certain metropolitan park districts.

Brief Description: Concerning the compensation of commissioners of certain metropolitan park districts.

Sponsors: Senators Conway and Takko.

Brief History:

Committee Activity: Local Government: 1/17/19.

Brief Summary of Bill

- Increases maximum amounts for metropolitan park district (MPD) commissioner compensation from \$90 to \$114—daily and \$8,640 to \$12,288—annually.
- Increases maximum compensation amounts in MPDs with certain accredited facilities to \$24,578 annually.
- Changes the date from which the Office of Financial Management must make inflation-based adjustments from 2008 to 2023.

SENATE COMMITTEE ON LOCAL GOVERNMENT

Staff: Bonnie Kim (786-7316)

Background: Metropolitan Park District. MPDs may be created by majority vote on a ballot proposition for the management, control, improvement, maintenance, and acquisition of parks, parkways, boulevards, and recreational facilities. Generally, MPDs are governed by five elected park commissioners who serve six-year terms. Park commissioners may be compensated at a rate of \$90 maximum per day and \$8,640 maximum per year. The Office of Financial Management (OFM) must adjust these dollar thresholds for inflation every five years beginning July 1, 2008.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.

Summary of Bill: Generally, the compensation amounts for park commissioners are increased as follows:

- daily maximum—from \$90 to \$128; and
- annual maximum—from \$8,640 to \$12,288.

For MPDs with certain accredited facilities including an aquarium, a wildlife park, and a zoo, the annual compensation maximum amount is \$24,576.

The date from which OFM must make inflation adjustments to the compensation thresholds is changed from July 1, 2008 to July 1, 2023.

Appropriation: None.

Fiscal Note: Not requested.

Creates Committee/Commission/Task Force that includes Legislative members: No.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Staff Summary of Public Testimony: PRO: This bill puts these metropolitan park commissioners in parity with other district commissioners. Larger districts with zoos meet more often so a higher annual compensation cap is appropriate. Metro Parks Tacoma is the oldest parks government in the state, with a complex mix of parks and facilities. Our commissioners have reached the annual compensation cap every year since 2015, sometimes as early as halfway through the year.

Persons Testifying: PRO: Andrew Austin, Metro Parks Tacoma.

Persons Signed In To Testify But Not Testifying: No one.
