

SENATE BILL REPORT

SB 6515

As of December 7, 2020

Title: An act relating to the medicaid payment methodology for skilled nursing facilities.

Brief Description: Adjusting the medicaid payment methodology for skilled nursing facilities. [
Revised for 1st Substitute: Concerning nursing facilities.]

Sponsors: Senators Van De Wege, Randall, Mullet, Takko, Lovelett, Liias, Conway, Hasegawa and Wilson, C..

Brief History:

Committee Activity: Health & Long Term Care: 1/27/20, 2/03/20 [DPS-WM].
Ways & Means: 2/06/20.

Brief Summary of First Substitute Bill

- Aligns the Department of Social and Health Services' (DSHS) skilled nursing facility (SNF) inspection requirements with federal law.
- Removes the three-year renewal limit for the 24/7 registered nurse staffing exception.
- Modifies the skilled nursing facility Medicaid rate methodology so rates are rebased every year rather than every other year.
- Authorizes an annual inflationary adjustment for three years with it expiring on June 30, 2023.
- Includes a one-time rebase for the rates paid beginning May 1, 2020, or the month after the bill is enacted, whichever comes later.
- Requires the DSHS to report 2018-2021 rates paid versus incurred costs for the Legislature to determine the need for regular inflationary adjustments

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not part of the legislation nor does it constitute a statement of legislative intent.

SENATE COMMITTEE ON HEALTH & LONG TERM CARE

Majority Report: That Substitute Senate Bill No. 6515 be substituted therefor, and the substitute bill do pass and be referred to Committee on Ways & Means.

Signed by Senators Cleveland, Chair; Randall, Vice Chair; O'Ban, Ranking Member; Becker, Conway, Dhingra, Frockt, Muzzall, Rivers and Van De Wege.

Staff: LeighBeth Merrick (786-7445)

SENATE COMMITTEE ON WAYS & MEANS

Staff: Maria Hovde (786-7474)

Background: Inspections and Surveys. DSHS is required to conduct at least one unannounced inspection of SNFs prior to license renewal. The Centers for Medicare and Medicaid Services (CMS) issues regulations outlining the standards for surveying SNFs for compliance with state and federal regulations. CMS requires that the surveying state agency conduct an unannounced standard survey of each SNF no less than 15 months after the previous survey, when necessary after reviewing complaint allegations, and when a SNF is identified as having provided substandard quality of care.

24/7 Registered Nurse Staffing Exception. A large, non-essential SNF has more than 60 licensed beds and is located within a commuting distance radius of less than 40 minutes by automobile from another SNF. Legislation was passed in 2015 requiring large, non-essential SNFs to have a registered nurse on duty directly supervising resident care 24 hours per day, seven days per week. Under current law, SNFs may receive a limited exception if they demonstrate a good faith effort to hire a registered nurse for the last eight hours of required coverage per day. The exception may be granted for one year and may be renewable for up to three consecutive years. When granting an exception, DSHS may consider the wages and benefits offered and the availability of registered nurses in the particular geographic area. DSHS along with a stakeholder work group must conduct a review of the exceptions process to determine if it is still necessary.

Long-term services and supports are for individuals who need assistance with daily living tasks such as bathing, dressing, ambulation, transfers, toileting, medication assistance or administration, personal hygiene, transportation, and other health-related tasks. DSHS administers Medicaid funded long-term services and supports to eligible individuals in Washington State. Individuals may receive these services in their home, in an adult day center, in an adult family home, in an assisted living facility, or in a SNF.

There are approximately 200 licensed SNFs in Washington to serve about 9,400 Medicaid clients per month. SNFs are licensed by DSHS and provide 24-hour supervised nursing

care, personal care, therapies, nutrition management, organized activities, social services, laundry services, and room and board to three or more residents.

Skilled Nursing Facility Medicaid Rate Methodology. The Medicaid SNF payment methodology is administered by DSHS. The Medicaid rates in Washington are unique to each facility and reflect the client acuity of each SNF's residents. In 2015, the Legislature established a new methodology for SNF payment rates. The methodology consists of three primary components: direct care, indirect care, and capital. The direct care component includes nursing and related care provided to residents, such as food, laundry, and dietary services. The indirect care rate component includes administrative expenses, maintenance costs, tax reimbursements, and housekeeping services.

Rates are based on cost reports submitted by SNFs to DSHS at the end of each calendar year. The direct and indirect care rate components are rebased in odd-numbered state fiscal years using cost reports submitted by nursing facilities for the period two calendar years previous. For example, rates will be rebased in fiscal year (FY) 2021 using calendar year 2018 cost reports. These rates will remain in effect through FY 2022 until rates are rebased again in FY 2023 using calendar year 2020 cost reports.

If, after rebasing, the percentage increase in the statewide average daily rate is less than the average rate of inflation, as determined by the skilled nursing facility market basket index published by the Centers for Medicare & Medicaid Services, DSHS is authorized to further increase rates to match the average rate of inflation. For example, if DSHS saw a 2.0 percent growth in direct and indirect care costs but a 4.8 percent rate of inflation, it would be authorized to increase the rate by an additional 2.8 percent. DSHS has never had to exercise this authority. While this allows DSHS to ensure that rates at least match the current rate of inflation, the methodology does not include a step of bringing costs from the cost report year up to the current year's dollars

Summary of Bill (First Substitute): The bill as referred to committee not considered.

EFFECT OF CHANGES MADE BY HEALTH & LONG TERM CARE COMMITTEE (First Substitute):

- Aligns DSHS SNF survey requirements with federal requirements.
- Removes the three consecutive year renewal limit for the 24/7 registered nurse staffing exception. Modifies the one-time rebasing effective date so it goes into effect on May 1, 2020, or the month after the bill is enacted, whichever comes later.
- Limits the annual inflationary adjustment—CPI-U SNF with a 2 year time factor—to three years with it sunseting on June 30, 2023.
- Requires DSHS to report on the need for an ongoing inflationary adjustment based on cost/rate comparison for cost report years 2018-2021.

Appropriation: None.

Fiscal Note: Available.

Creates Committee/Commission/Task Force that includes Legislative members: No.

Effective Date: The bill contains an emergency clause and takes effect immediately.

Staff Summary of Public Testimony on First Substitute (Health & Long Term Care):

The committee recommended a different version of the bill than what was heard. PRO: Nursing homes are in dire straits and it is critical we provide them with some relief. The annual shortfall between the rates versus the costs is \$116 to \$120. The vast majority of SNFs are operating in the red with negative profit margins due to expenses far exceeding rates. Many of the expenses are unfunded mandates such as increase B&O taxes, minimum wage, and mandatory staffing requirements. This is leading to a large number of SNF closures which have negatively impacted the SNF residents and their families, and the employees. Many of the residents have to be relocated out of their community. An ongoing inflationary factor is critical to ensure rates keep pace with costs. We like the inflationary factors included in this bill, but we prefer the midpoint to midpoint factor used in SB 6396. We support both this bill and SB 6396 pulling the rebase forward to the month after the bill is passed. This is necessary for the SNFs that are barely hanging on.

Persons Testifying (Health & Long Term Care): PRO: Senator Kevin Van De Wege, Prime Sponsor; Robin Dale, Washington Health Care Association; Kate Fiola, EmpRes Health Care; Sandra Hurd, Avamere Health Services; Cliff Sears, McKay Healthcare; Heather Dartt, Martha & Mary; Melanie Smith, Washington State Long Term Care Ombuds Program; Serge Newberry, Five Oaks Healthcare.

Persons Signed In To Testify But Not Testifying (Health & Long Term Care): No one.
