

SENATE BILL REPORT

SB 6545

As of January 30, 2020

Title: An act relating to the voluntary stewardship program.

Brief Description: Concerning the voluntary stewardship program.

Sponsors: Senators Zeiger, Takko, Warnick, Fortunato, Becker and Hasegawa.

Brief History:

Committee Activity: Local Government: 1/30/20.

<p>Brief Summary of Bill</p> <ul style="list-style-type: none">• Resets the date to join the Voluntary Stewardship Program to July 1, 2021.
--

SENATE COMMITTEE ON LOCAL GOVERNMENT

Staff: Bonnie Kim (786-7316)

Background: The Voluntary Stewardship Program (VSP) was created in 2011 and allows participating counties to develop local work plans that use voluntary and incentive-based tools, as an alternative to regulation, to protect critical areas and agricultural lands. Counties had to opt in by early 2012, and 27 counties chose to participate.

Counties participating in VSP create a work plan that is approved by the Washington State Conservation Commission and then implement the plan by recruiting local landowners to participate in incentive-based stewardship activities. Counties report their progress to the Conservation Commission.

Summary of Bill: The date to join the VSP is reset from January 2012 to July 1, 2021.

Appropriation: None.

Fiscal Note: Requested on January 24, 2020.

Creates Committee/Commission/Task Force that includes Legislative members: No.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not a part of the legislation nor does it constitute a statement of legislative intent.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Staff Summary of Public Testimony: PRO: This bill offers a good way to have incentive-based tools to encourage county participation. The fiscal note assumed that every county would join and that assumption may have inflated the numbers. Whatcom County really struggled with this program and opening the program will allow them to participate again. The VSP committee has been heavily involved and is working with farmers to improve and enhance lands in our county. It would be helpful to have other counties join the good works of the 27 participating counties. This program is working to improve and enhance the economic viability of those counties.

CON: When the VSP was created, the time limit was intentional to that we could see what happened after the program. But there is no good data to review the success of the program. We do not know whether and to what degree these programs are accomplishing the intended goals.

Persons Testifying: PRO: Senator Hans Zeiger, Prime Sponsor; Tom Davis, Washington Farm Bureau; Michael Shaw, Pierce County; Jay Gordon , Farmer.

CON: Bryce Yadon, Futurewise.

Persons Signed In To Testify But Not Testifying: No one.
