ENGROSSED THIRD SUBSTITUTE HOUSE BILL 1324

State of Washington 66th Legislature 2019 Regular Session

By House Appropriations (originally sponsored by Representatives Chapman, Maycumber, Springer, Chandler, Blake, Stokesbary, Steele, Reeves, Pettigrew, Dolan, Volz, Barkis, Eslick, Lekanoff, Tharinger, Hoff, Jinkins, Kilduff, and Leavitt)

READ FIRST TIME 03/01/19.

- AN ACT Relating to creating the Washington rural development and opportunity zone act; amending RCW 82.04.260 and 82.04.261; adding a new section to chapter 48.14 RCW; adding a new section to chapter 82.04 RCW; adding a new chapter to Title 43 RCW; creating new sections; and providing expiration dates.
- 6 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:
- 7 The legislature finds that while many NEW SECTION. Sec. 1. 8 parts of the state are thriving economically, some rural and 9 distressed communities have struggled to keep pace. These communities represent significant opportunity for economic growth and innovation. 10 11 However, businesses and entrepreneurs often find it difficult to 12 obtain the capital they need to expand and grow in these areas. Therefore, it is the intent of the legislature to incentivize private 13 14 investments and job creation in rural and distressed communities while ensuring no loss of revenue to the state. 15
- NEW SECTION. Sec. 2. TAX PREFERENCE PERFORMANCE STATEMENT. (1)
 This section is the tax preference performance statement for the tax
 preferences created in sections 7 and 13, chapter . . ., Laws of 2019
 (sections 7 and 13 of this act). This performance statement is only
 intended to be used for subsequent evaluation of the tax preference.

p. 1 E3SHB 1324

- 1 (2) The legislature categorizes these tax preferences as ones 2 intended to create or retain jobs, as indicated in RCW 3 82.32.808(2)(c).
 - (3) It is the legislature's specific public policy objective to create and retain jobs in rural development and distressed opportunity zone areas of Washington. It is the legislature's intent to provide a vested tax credit that may be used to offset certain business and occupation taxes under chapter 82.04 RCW, and insurance premium taxes under chapter 48.14 RCW owed by Washington taxpayers, in order to induce such taxpayers to invest in rural development and distressed opportunity zone funds whose management teams:
 - (a) Have experience investing in companies located in rural development and distressed opportunity zone areas;
 - (b) Have been vetted by the United States small business administration or the United States department of agriculture; and
 - (c) Have submitted a business plan that:

- (i) Projects the number of jobs that will be created or retained as a result of such investment fund's investments in rural companies and includes the assumptions used to determine the projection; and
- (ii) Includes a revenue impact assessment that demonstrates that the business plan will result in a positive economic impact on Washington state over a ten-year period that exceeds the cumulative amount of tax credits that would be issued to the investment fund's investors, thereby:
- (A) Enabling the capitalization of rural development and distressed opportunity zone funds;
- (B) Incentivizing and requiring rural development and distressed opportunity zone funds to invest in companies located in rural areas of Washington; and
- (C) Enabling the creation or retention of jobs in rural development and distressed opportunity zone areas of Washington.
- (4) If the joint legislative audit and review committee finds that the aggregate number of jobs created or retained matches or exceeds the aggregate number of jobs set forth in the business plans of approved rural development and distressed opportunity zone funds, in the six years following enactment of these tax preferences, then the legislature intends to continue the tax preferences created in sections 7 and 13, chapter . . ., Laws of 2019 (sections 7 and 13 of this act).

p. 2 E3SHB 1324

- 1 (5) In order to obtain the data necessary to perform the review 2 in subsection (4) of this section, the joint legislative audit and 3 review committee may refer to:
- 4 (a) The annual report that a taxpayer claiming the tax credit in section 13 of this act must file with the department of revenue under 6 RCW 82.32.534; and
 - (b) The annual reports required under section 11 of this act.

- 8 <u>NEW SECTION.</u> **Sec. 3.** SHORT TITLE. This chapter may be known and 9 cited as the Washington rural development and distressed opportunity 10 zone act.
- NEW SECTION. Sec. 4. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.
 - (1) "Affiliate" means an entity that directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common control with another entity. For the purposes of this chapter, "control" means the possession, directly or indirectly, of more than fifty percent of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting shares, by contract, or otherwise.
 - (2) "Average monthly employment" means the cumulative number of full-time employees on the last day of each month of a calendar year divided by twelve.
 - (3) "Closing date" means the date on which a rural development and distressed opportunity zone fund has collected all of the amounts specified by section 5 of this act.

The investment must purchase an equity interest in the rural development and distressed opportunity zone fund or purchase, at par value or premium, a debt instrument that has a maturity date at least five years from the closing date and a repayment schedule that is no faster than level principal amortization over five years.

p. 3 E3SHB 1324

(5) "Department" means the department of commerce.

- (6) "Full-time employee" means an employment position that requires at least thirty-five hours of work each week.

At least sixty percent of a rural development and distressed opportunity zone fund's investment authority must be comprised of credit-eligible capital contributions.

- (10) "Jobs created" means the number of full-time employees in the state at the targeted small business at the time of the initial growth investment subtracted from the monthly average of those employment positions for that year.
- (11) "Jobs retained" means the number of full-time employees in the state at a targeted small business that existed before the initial growth investment in the targeted small business, for which the rural development and distressed opportunity zone fund has obtained a certification from an executive officer of the targeted small businesses that such jobs would have been lost or moved out of state if the growth investment had not been made.
- (12) "NAICS code" means the North American industry classification system code used by federal statistical agencies and the state in classifying business establishments for the purpose of collecting, analyzing, and publishing statistical data related to the business economy.
- (13) "Principal business operations" means a business located at the place or places where at least sixty percent of its employees work or where employees that are paid at least sixty percent of its payroll work. An out-of-state business that has agreed to relocate employees or an in-state business that has agreed to hire full-time employees using the proceeds of a growth investment to establish its principal business operations in a qualified area in the state is deemed to have its principal business operations in this new location provided it satisfies this definition within one hundred eighty days after receiving the growth investment, unless the department agrees to a later date.

- (e) A signed affidavit from each investor stating the amount of credit-eligible capital contributions each taxpayer commits to make and against which of the two tax types the investor plans to apply the credit:

 - (ii) Insurance premium taxes under chapter 48.14 RCW; and
 - (f) A nonrefundable application fee of five thousand dollars.
- (2) The department must make an application determination within thirty days of receipt in the order in which the applications are received. The department must deem applications received on the same day to have been received simultaneously.
- (3) The department may not approve more than one hundred million dollars in investment authority and not more than sixty million dollars in credit-eligible capital contributions under this section. If requests for investment authority exceed this limitation, the department must proportionally reduce the investment authority and the credit-eligible capital contributions for each approved application as necessary to avoid exceeding the limit.

p. 6 E3SHB 1324

(4) The department may not approve more than thirty-five million dollars in investment authority and not more than twenty-one million dollars in credit-eligible capital contributions for an applicant under this section. If fewer than three applicants have been approved as a rural development and distressed opportunity zone fund under this section by November 1, 2020, a rural development and distressed opportunity zone fund may apply for additional investment authority and capital contributions in excess of the limit under this subsection.

- 10 (5) The department must deny an application submitted under this section if any of the following are true:
- 12 (a) The application is incomplete or the application fee is not 13 paid in full;
 - (b) The applicant does not satisfy all the criteria described in subsection (1)(b) of this section;
 - (c) The revenue impact assessment submitted under subsection (1)(d) of this section does not demonstrate that the applicant's business plan will result in a positive economic impact on aggregate state and local government revenue over a ten-year period that exceeds the cumulative amount of tax credits that would be issued to the applicant's investors under section 7 or 13 of this act if the application were approved;
 - (d) The credit-eligible capital contributions described in affidavits submitted under subsection (1)(e) of this section do not equal at least sixty percent of the total amount of investment authority sought under the applicant's business plan; or
 - (e) The department has already approved the maximum amount of investment authority and credit-eligible capital contributions allowed under subsections (3) and (4) of this section.
 - (6) If the department denies an application, the applicant may provide additional information to the department to complete, clarify, or cure defects in the application identified by the department, except for failure to make the submission required by subsection (1)(e) of this section, within fifteen days of the notice of denial for reconsideration and determination. The department must review and reconsider such applications within thirty days before any pending application submitted after the original submission date of the reconsidered application.
- 39 (7) The department may not deny a rural development and distressed opportunity zone fund application or reduce the requested

p. 7 E3SHB 1324

- investment authority for reasons other than those described in subsections (3) through (5) of this section.
 - (8) Upon approval of an application, the department must provide a written approval to the applicant as a rural development and distressed opportunity zone fund specifying the amount of the applicant's investment authority.
- (9) After receiving the approval issued under subsection (8) of this section, a rural development and distressed opportunity zone fund must:
 - (a) Within sixty days:

- (i) Collect the credit-eligible capital contributions from each investor; and
- (ii) Collect one or more investments of cash that, when added to the contributions collected under (a)(i) of this subsection, equal the rural development and distressed opportunity zone fund's investment authority. An amount equal to at least ten percent of the rural development and distressed opportunity zone fund's investment authority must be equity investments by affiliates of the rural development and distressed opportunity zone fund, including employees, officers, and directors of affiliates.
- (b) Within sixty-five days, send to the department documentation sufficient to prove that the amounts described in (a)(i) and (ii) of this subsection have been collected.
- (10) Upon receiving documentation from the rural development and distressed opportunity zone fund that it is fully funded, the department must issue a tax credit certificate to each investor whose affidavit was included in the application specifying the amount of the investor's credit-eligible capital contribution. The department must provide a copy of the tax credit certificates to the office of the insurance commissioner for investors earning tax credits eligible for use against insurance premium taxes, including the retaliatory provision, imposed under chapter 48.14 RCW, and to the department of revenue for investors earning tax credits eligible for use against business and occupation taxes imposed under chapter 82.04 RCW. The tax credit certificate must include:
 - (a) The credit-eligible capital contribution amount;
- 37 (b) The name of the rural development and distressed opportunity 38 zone fund:
 - (c) The unified business identifier number of the investor; and

p. 8 E3SHB 1324

(d) The closing date of the rural development and distressed opportunity zone fund.

- (11) Tax credits may be transferred or allocated to an affiliate of the taxpayer. Taxpayers must notify the department if they wish to transfer or allocate a credit to an affiliate. The department will verify the transfer is to an affiliate and then issue an amended tax credit certificate to the taxpayer and a new tax credit certificate to the affiliate. The department must provide the department of revenue and the office of the insurance commissioner with a copy of the amended tax credit certificate of the transferor and the new tax credit certificate of the transferor and the new tax
- (12) If the rural development and distressed opportunity zone fund fails to fully comply with subsection (9) of this section, the rural development and distressed opportunity zone fund's approval lapses and the corresponding investment authority and credit-eligible capital contributions under this subsection do not count toward the limits on the program size prescribed by subsection (3) of this section. The department must first award lapsed investment authority pro rata to each rural development and distressed opportunity zone fund that was awarded less than the requested investment authority under subsection (3) of this section, which a rural development and distressed opportunity zone fund may allocate to its investors in its discretion. Any remaining investment authority may be awarded by the department to new applicants.
- (13)(a) A rural development and distressed opportunity zone fund shall, once it has received approval from the department under subsection (8) of this section, reimburse the department for the rural development and distressed opportunity zone fund's proportionate share of the costs that the department incurs to administer the rural development and distressed opportunity zone program, from the point in time that the rural development and distressed opportunity zone fund receives approval from the department under subsection (8) of this section to the point in time that the department approves the exit of the rural development and distressed opportunity zone fund under section 8 of this act.
- (b) The department shall quarterly calculate a rural development and distressed opportunity zone fund's proportionate share of the department's costs to administer the rural development and distressed opportunity zone program according to the following formula: One-half of the department's overall costs to administer the rural development

p. 9 E3SHB 1324

and distressed opportunity zone program for the preceding quarter, multiplied by a rural development and distressed opportunity zone fund's investment authority as specified by the department pursuant to section 5(4) of this act, divided by the overall investment authority for rural development and distressed opportunity zone program as specified by the department pursuant to section 5(3) of this act.

- (c) On a quarterly basis, the department shall submit an invoice to each rural development and distressed opportunity zone fund that describes the department's costs to administer the rural development and distressed opportunity zone program for the preceding quarter, as well as the rural development and distressed opportunity zone fund's proportionate share of the department's costs to administer the rural development and distressed opportunity zone program for the preceding quarter.
- (d) Within thirty days of receipt of the invoice described in (c) of this subsection, a rural development and distressed opportunity zone fund shall remit to the department full payment for the rural development and distressed opportunity zone fund's proportionate share of the department's costs to administer the rural development and distressed opportunity zone program.
- (14) Application fees submitted to the department under subsection (1)(f) of this section and administrative cost reimbursements submitted to the department under subsection (13) of this section must be deposited in the rural development and distressed opportunity zone account created in section 6 of this act.
- 27 NEW SECTION. Sec. 6. RURAL DEVELOPMENT AND DISTRESSED 28 OPPORTUNITY ZONE ACCOUNT. The rural development and distressed opportunity zone account is created in the state treasury. All 29 30 receipts from application fees and administrative cost reimbursements 31 submitted to the department under section 5 of this act must be deposited into the account. Moneys in the account may be spent only 32 after appropriation. Expenditures from the account may be used by the 33 department only for administering this chapter. 34
- NEW SECTION. Sec. 7. A new section is added to chapter 48.14 RCW to read as follows:
- INSURANCE PREMIUM TAX CREDIT ESTABLISHED. (1) A tax credit is authorized against the tax, including the retaliatory provision,

p. 10 E3SHB 1324

otherwise due under this chapter for persons that made a crediteligible capital contribution to a rural development and distressed opportunity zone fund and were issued a tax credit certificate under section 5 of this act.

- (2) A taxpayer earns a credit on the closing date noted on the taxpayer's tax credit certificate issued under section 5 of this act. The credit is equal to the amount of the taxpayer's credit-eligible capital contribution to the rural development and distressed opportunity zone fund as specified on the tax credit certificate.
- (3) The taxpayer may claim up to one-third of the credit authorized under this section for each of the calendar years that includes the fourth through sixth anniversaries of the closing date noted on the tax credit certificate, exclusive of amounts carried forward from prior years.
- (4) The amount claimed for a tax reporting period may not exceed the amount of tax otherwise due under this chapter for that reporting period. Unused credits may be carried forward until used, even if claimed after the expiration date of this section. No refunds may be granted for credits under this section.
- (5) All persons claiming a credit under this section must file electronically with the office of the insurance commissioner all returns, other forms, or any other information as may be required by the office of the insurance commissioner.
- (6) A taxpayer claiming a credit under this section must submit a copy of the tax credit certificate issued to the taxpayer under section 5 of this act to the office of the insurance commissioner when filing the first return in which the taxpayer will claim a credit against taxes due under this chapter.
- (7) The credit may not be transferred or allocated to any other entity other than an affiliate subject to the insurance premium, including retaliatory provisions, imposed under this chapter. The department must provide the office of the insurance commissioner with a copy of the amended tax credit certificate of the transferor and the new tax credit certificate of the transferee. The office of the insurance commissioner must disallow tax credits claimed by any transferee other than an affiliate of the transferor.
- (8) The department must notify the office of the insurance commissioner if a tax credit certificate was revoked as provided in section 8 of this act. Upon such notice, the office of the insurance commissioner must:

p. 11 E3SHB 1324

(a) Provide written notice to the taxpayer or any affiliate to which the credit was transferred that the credit was revoked by the department;

- (b) Include in the notice the amount of all credits previously claimed and that such amount be paid in full within thirty days of the date of the notice. If the taxpayer or the affiliate fails to pay the amount in full by the due date in the notice or any extension granted by the office of the insurance commissioner, the office of the insurance commissioner must impose penalties and interest consistent with RCW 48.14.060; and
- (c) Deny any further use of the tax credit certificate by the taxpayer or any affiliate to which the credit was transferred.
- (9) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.
- (a) "Affiliate" means an entity that directly or indirectly, through one or more intermediaries, controls, is controlled by, or is under common control with another entity. For the purposes of this section, "control" means the possession, directly or indirectly, of more than fifty percent of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting shares, by contract, or otherwise.
- (b) "Credit-eligible capital contribution" means an investment of cash by a person subject to (a) business and occupation taxes under chapter 82.04 RCW and/or (b) insurance premium taxes under chapter 48.14 RCW in a rural development and distressed opportunity zone fund that equals the amount specified on a tax credit certificate issued by the department of commerce under section 5 of this act. The investment must purchase an equity interest in the rural development and distressed opportunity zone fund or purchase, at par value or premium, a debt instrument that has a maturity date at least five years from the closing date and a repayment schedule that is no faster than level principal amortization over five years.
- (c) "Rural development and distressed opportunity zone fund" means an entity certified by the department of commerce under section 5 of this act.
- 36 (10) This section expires July 1, 2025.
- NEW SECTION. Sec. 8. REVOCATION OF TAX CREDIT CERTIFICATES AND EXIT. (1) The department must revoke a tax credit certificate issued under section 5 of this act if any of the following occur with

p. 12 E3SHB 1324

respect to a rural development and distressed opportunity zone fund before it exits the program in accordance with subsection (4) of this section:

- (a) The rural development and distressed opportunity zone fund in which the credit-eligible capital contribution was made does not invest seventy-five percent of its investment authority in growth investments in this state within two years of the closing date and one hundred percent of its investment authority in growth investments in this state within three years of the closing date;
- (b) The rural development and distressed opportunity zone fund, after satisfying (a) of this subsection, fails to maintain growth investments equal to one hundred percent of its investment authority until the sixth anniversary of the closing date. For the purposes of this subsection, an investment is "maintained" even if the investment is sold or repaid so long as the rural development and distressed opportunity zone fund reinvests an amount equal to the capital returned or recovered by the rural development and distressed opportunity zone fund from the original investment, exclusive of any profits realized, in other growth investments in this state within twelve months of the receipt of such capital. Amounts received periodically by a rural development and distressed opportunity zone fund must be treated as continually invested in growth investments if the amounts are reinvested in one or more growth investments by the end of the following calendar year;
- (c) The rural development and distressed opportunity zone fund, before exiting the program in accordance with subsection (4) of this section, makes a distribution or payment that results in the rural development and distressed opportunity zone fund having less than one hundred percent of its investment authority invested in growth investments in this state or available for investment in growth investments and held in cash and other marketable securities;
- (d) The rural development and distressed opportunity zone fund invests more than the greater of five million dollars or twenty percent of its investment authority in the same targeted small business, including amounts invested in affiliates of the targeted small business, exclusive of repaid or redeemed growth investments that are reinvested in the same small targeted small business; or
- (e) The rural development and distressed opportunity zone fund makes a growth investment in a targeted small business that directly or indirectly through an affiliate owns, has the right to acquire an

p. 13 E3SHB 1324

ownership interest, makes a loan to, or makes an investment in the rural development and distressed opportunity zone fund, an affiliate of the rural development and distressed opportunity zone fund, or an investor in the rural development and distressed opportunity zone fund. This subsection does not apply to investments in publicly traded securities by a targeted small business or an owner or affiliate of such business. For purposes of this subsection, a rural development and distressed opportunity zone fund will not be considered an affiliate of a targeted small business solely as a result of its growth investment.

- (2) Before revoking one or more tax credit certificates under this subsection, the department must notify the rural development and distressed opportunity zone fund of the reasons for the pending revocation. The rural development and distressed opportunity zone fund has ninety days from the date the notice was dispatched to correct any violation outlined in the notice to the satisfaction of the department and avoid revocation of the tax credit certificate.
- (3) If tax credit certificates are revoked under this section, the associated investment authority and credit-eligible capital contributions do not count toward the limit on total investment authority and credit-eligible capital contributions described by section 5(3) of this act. The department must first award reverted authority pro rata to each rural development and distressed opportunity zone fund that was awarded less than the requested investment authority under section 5(3) of this act. The department may award any remaining investment authority to new applicants.
- (4) On or after the sixth anniversary of the closing date, a rural development and distressed opportunity zone fund may apply to the department to exit the program and no longer be subject to regulation under this chapter. The department must respond to the application within thirty days of receipt. In evaluating the application, the fact that no tax credit certificates have been revoked and that the rural development and distressed opportunity zone fund has not received a notice of revocation that has not been cured under subsection (2) of this section is sufficient evidence to prove that the rural development and distressed opportunity zone fund is eligible for exit. The department may not unreasonably deny an application submitted under this subsection. If the application is denied, the notice must include the reasons for the determination. The department must notify the office of the insurance commissioner

p. 14 E3SHB 1324

- and the department of revenue when a rural development and distressed opportunity zone fund exits the program.
- 3 (5) The department may not revoke a tax credit certificate after 4 a rural development and distressed opportunity zone fund exits the 5 program.
- <u>NEW SECTION.</u> **Sec. 9.** (1) Before approving the exit of a rural 6 development and distressed opportunity zone fund from the program, 7 the department must evaluate the number of jobs created and jobs 8 retained by the rural development and distressed opportunity zone 9 10 fund, and the aggregate state and local government revenues generated by growth investments made pursuant to, or related to, the rural 11 development and distressed opportunity zone fund's participation in 12 the program, and determine whether the rural development and 13 distressed opportunity zone fund must repay to the state any portion 14 15 of the credit as described in subsections (2) and (3) of this 16 section.
 - (2) For the number of jobs created and jobs retained by the rural development and distressed opportunity zone fund:

- (a) If the number of jobs created and jobs retained as a result of the rural development and distressed opportunity zone fund's investments is less than sixty percent of the amount filed as part of the rural development and distressed opportunity zone fund's application, the rural development and distressed opportunity zone fund must repay to the state sixty percent of the amount of the tax credit certificates issued to investors in the fund;
- (b) If the number of jobs created and jobs retained as a result of the rural development and distressed opportunity zone fund's investments is less than eighty percent but more than sixty percent of the amount filed as part of the rural development and distressed opportunity zone fund's application, the rural development and distressed opportunity zone fund must repay to the state thirty percent of the amount of the tax credit certificates issued to investors in the rural development and distressed opportunity zone fund; and
- (c) In measuring jobs created and jobs retained as a result of the rural development and distressed opportunity zone fund's growth investments, the department must prorate the number of jobs set forth in the rural development and distressed opportunity zone fund's business plan based upon the amount of investment authority requested

NEW SECTION. Sec. 14. (1) The legislature finds that the Washington state forest practices habitat conservation plan was approved in 2006 by the United States fish and wildlife service and the national oceanic and atmospheric administration's marine fisheries service. The legislature further finds that the conservation plan protects habitat of aquatic species, supports economically viable and healthy forests, and creates regulatory stability for landowners. The legislature further finds that funding for the adaptive management program and participation grants are required to implement the forest and fish agreement and meet the goals of the conservation plan. The legislature further finds that the surcharge on the timber products business and occupation tax rate

p. 20 E3SHB 1324

- was agreed to by the forest products industry, tribal leaders, and 1 stakeholders as a way to provide funding and safeguard the future of 2 3 the conservation plan. The legislature further finds that the forestry industry assumed significant financial obligation with the 4 enactment of this conservation plan, in exchange for operational 5 6 certainty under the endangered species act. Therefore, 7 legislature concludes that the timber products business and occupation tax rate and the surcharge should continue until the 8 expiration date of the forest and fish agreement, in 2056. 9
- The legislature finds that Washington has one of the 10 strongest economies in the country. However, the local economies in 11 12 some rural counties continue to struggle. The legislature further finds that the economic prosperity of our state must be shared by all 13 14 of our communities. The legislature further finds that forest product sectors provide family-wage jobs in economically struggling areas of 15 16 the state. The legislature further finds that in 2017 the Washington 17 forest products industry, directly and indirectly, hundred one thousand workers, earning 5.5 billion dollars in wages. 18 19 Therefore, the legislature concludes that the forest products industries support our local rural economies and contribute towards 20 21 the effort to lower unemployment rates across the state, especially 22 in rural areas.
