
SECOND SUBSTITUTE HOUSE BILL 1661

State of Washington

66th Legislature

2020 Regular Session

By House Appropriations (originally sponsored by Representatives Chandler and Ormsby)

READ FIRST TIME 02/04/20.

1 AN ACT Relating to the higher education retirement plans;
2 amending RCW 28B.10.423, 41.45.050, 41.45.060, and 41.50.075; adding
3 a new section to chapter 41.50 RCW; creating a new section; providing
4 an effective date; and declaring an emergency.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

6 NEW SECTION. **Sec. 1.** It is the intent of the legislature to
7 establish contribution rates for each separate higher education
8 plan's supplemental benefit. The rates established in this act are
9 subject to periodic revision by the pension funding council as
10 experience and new actuarial analysis becomes available to maintain
11 progress towards funding the actuarial liabilities that each
12 institution has for these benefits. At such time that the council
13 determines an institution has sufficient assets, as specified in RCW
14 28B.10.423(4)(g)(i) in the higher education retirement plan
15 supplemental benefit fund, responsibility for administering and
16 distributing all supplemental benefits for that institution will
17 transition to the department of retirement systems and benefit
18 payments will be made solely from that institution's portion of the
19 higher education retirement plan supplemental benefit fund. Future
20 contribution rates will represent the cost of paying on a combined
21 prefunded and pay-as-you-go basis, as adopted by the council, with

1 the goal of reducing the year-to-year changes in cost that the higher
2 education retirement plan supplemental benefit has under current law.

3 **Sec. 2.** RCW 28B.10.423 and 2012 c 229 s 516 are each amended to
4 read as follows:

5 (1) For employees who are first employed by an institution of
6 higher education in a position eligible for participation in an old
7 age annuities or retirement income plan under this chapter prior to
8 July 1, 2011, it is the intent of RCW 28B.10.400, 28B.10.405,
9 28B.10.410, 28B.10.415, and 28B.10.420(~~(7)~~) and (~~(28B.10.423)~~) this
10 section that the retirement income resulting from the contributions
11 described herein from the state of Washington and the employee shall
12 be projected actuarially so that it shall not exceed sixty percent of
13 the average of the highest two consecutive years salary. Periodic
14 review of the retirement systems established pursuant to RCW
15 28B.10.400, 28B.10.405, 28B.10.410, 28B.10.415, and 28B.10.420(~~(7)~~)
16 and (~~(28B.10.423)~~) this section will be undertaken at such time and
17 in such manner as determined by the committees on ways and means of
18 the senate and of the house of representatives, the select committee
19 on pension policy, and the pension funding council, and joint
20 contribution rates will be adjusted if necessary to accomplish this
21 intent.

22 (2) Beginning July 1, 2011, state funding for annuity or
23 retirement income plans under RCW 28B.10.400 shall not exceed six
24 percent of salary. The state board for community and technical
25 colleges and the student achievement council are exempt from the
26 provisions of this subsection (2).

27 (3) By June 30, 2013, and every two years thereafter, each
28 institution of higher education that is responsible for payment of
29 supplemental amounts under RCW 28B.10.400(1)(c) shall contract with
30 the state actuary under chapter 41.44 RCW for an actuarial valuation
31 of their supplemental benefit plan. By June 30, 2013, and at least
32 once every six years thereafter, each institution shall also contract
33 with the state actuary under chapter 41.44 RCW for an actuarial
34 experience study of the mortality, service, compensation, and other
35 experience of the annuity or retirement income plans created in this
36 chapter, and into the financial condition of each system. At the
37 discretion of the state actuary, the valuation or experience study
38 may be performed by the state actuary or by an outside actuarial firm
39 under contract to the office of the state actuary. Each institution

1 of higher education is required to provide the data and information
2 required for the performance of the valuation or experience study to
3 the office of the state actuary or to the actuary performing the
4 study on behalf of the state actuary. The state actuary may charge
5 each institution for the actual cost of the valuation or experience
6 study through an interagency agreement. Upon completion of the
7 valuation or experience study, the state actuary shall provide copies
8 of the study to the institution of higher education and to the select
9 committee on pension policy and the pension funding council.

10 (4) (a) A higher education retirement plan supplemental benefit
11 fund (~~(is)~~) was created in the custody of the state treasurer in this
12 section for the purpose of funding future benefit obligations of
13 higher education retirement plan supplemental benefits. The creation
14 of the fund is moved to RCW 41.50.075, so that along with the other
15 defined benefit funds of the state retirement systems, the fund may
16 be administered and invested along with the other funds of the state
17 retirement systems. The state investment board has the full power to
18 invest, reinvest, manage, contract, sell, or exchange investment
19 money in the fund.

20 (b) From January 1, 2012, through June 30, 2013, an employer
21 contribution rate of one-quarter of one percent of salary is
22 established to begin prefunding the unfunded future obligations of
23 the supplemental benefit established in RCW 28B.10.400.

24 (c) Beginning July 1, 2013, an employer contribution rate of one-
25 half of one percent of salary is established to prefund the unfunded
26 future obligations of the supplemental benefit established in RCW
27 28B.10.400.

28 (d) (i) Beginning July 1, 2020, the employer contribution rates
29 for each state institution of higher education are as follows:

30 University of Washington: 0.38 percent

31 Washington State University: 0.30 percent

32 Western Washington University: 0.21 percent

33 Eastern Washington University: 0.28 percent

34 Central Washington University: 0.28 percent

35 The Evergreen State College: 0.23 percent

36 State board for community and technical colleges: 0.13 percent

37 (ii) The contribution rates established in this section may be
38 changed by rates adopted by the pension funding council beginning
39 July 1, 2021, consistent with (f) of this subsection.

1 (iii) For purposes of budgeting the cost of the contribution
2 rates in this subsection (4), and as they may be changed by the
3 pension funding council, the higher education retirement plan
4 supplemental benefit contribution rates are subject to the limit
5 established in subsection (2) of this section.

6 (e) Consistent with chapter 41.50 RCW, the department of
7 retirement systems shall collect the employer contribution rates
8 established in this section from each state institution of higher
9 education, and deposit those contributions into the higher education
10 retirement plan supplemental benefit fund. The contributions made by
11 each employer into the higher education retirement plan supplemental
12 benefit fund and the earnings on those contributions shall be
13 accounted for separately within the fund.

14 ~~((e))~~ (f) Following the completion and review of the
15 ~~((initial))~~ most recent actuarial valuations and experience study
16 conducted pursuant to subsection (3) of this section, the pension
17 funding council may, by no later than July 31, 2020, and every two
18 years thereafter:

19 (i) Adopt and make changes to the employer contribution rates
20 established in this subsection consistent with the procedures
21 established in chapter 41.45 RCW. If the actuarial valuations of the
22 higher education retirement plans of each institution contributing to
23 the higher education retirement plan supplemental benefit fund
24 suggest that different contribution rates are appropriate for each
25 institution, different rates may be adopted. Rates adopted by the
26 pension funding council are subject to revision by the legislature;

27 (ii) Recommend legislation that will, upon accumulation of
28 sufficient funding in the higher education retirement plan
29 supplemental benefit fund, transfer the responsibility for making
30 supplemental benefit payments to the department of retirement
31 systems, and adjust employer contribution rates to reflect the
32 transfer of responsibility.

33 (g)(i) The rates adopted by the pension funding council must be
34 designed to keep the cost of the higher education retirement plan
35 supplemental benefits at a more level percentage of pay than a pay-
36 as-you-go method. This more level percentage of pay of costs means a
37 combination of the cost of supplemental benefits paid by the
38 institution directly or indirectly on a pay-as-you-go basis, plus the
39 cost of contributions to the higher education retirement plan
40 supplemental benefit fund, on an annual basis. Contributions shall

1 continue until the projected value of the funds equals the projected
2 cost of future benefits for the institution.

3 (ii) Funds are anticipated to be accumulated in the higher
4 education retirement plan supplemental benefit fund, and not expended
5 on benefits until approximately the year 2030.

6 (iii) The pension funding council, in consultation with the state
7 actuary, may choose and occasionally revise, a funding method
8 designed to achieve these objectives.

9 **Sec. 3.** RCW 41.45.050 and 2004 c 242 s 38 are each amended to

29 (9) The contributions received for the higher education
30 retirement plan supplemental benefit fund shall be deposited in the
31 fund and amounts received from each institution accounted for
32 separately and shall only be used to make benefit payments to the
33 beneficiaries of that institution's plan.

34 **Sec. 4.** RCW 41.45.060 and 2009 c 561 s 3 are each amended to
35 read as follows:

10 retirement plan supplemental fund will include all the amounts in the
11 individual accounts created in this subsection.

12 NEW SECTION. Sec. 6. A new section is added to chapter 41.50
13 RCW to read as follows:

14 (1) On the July 1st of the fiscal year following a determination
15 by the pension funding council that a higher education institution
16 has sufficiently funded the liabilities of that institution through
17 contributions to the higher education retirement plan supplemental
18 benefit fund, the department shall assume responsibility for making
19 benefit payments to higher education retirement plan supplemental
20 beneficiaries for that institution from the portion of the higher
21 education retirement plan supplemental benefit fund attributed to the
22 individual institution.

23 (2) Immediately following the determination by the pension
24 funding council under RCW 41.45.060(9) that an institution
25 participating in the higher education retirement plan supplemental
26 benefits has sufficiently funded the benefits of the plan that higher
27 education institution:

28 (a) Must provide any data and assistance requested by the
29 department to facilitate the transition of responsibility for making
30 benefit payments to higher education retirement plan members eligible
31 for supplemental benefit payments; and

32 (b) Is governed by the provisions of RCW 41.50.110.

36 of retirement systems' expense fund under RCW 41.50.110(3) for active
37 participants in the higher education retirement plan. Contributions
38 to the expense fund for higher education retirement plan members must

1 end when there are no longer retirees or beneficiaries from an
2 institution receiving payments administered by the department.

3 (4) (a) Upon the department's assumption of responsibility for
4 making benefit payments from an institution's higher education
5 retirement plan, the institution shall submit to the department the
6 benefit level for current higher education retirement plan
7 supplemental beneficiaries, and each month following the department's
8 assumption of responsibility for making benefit payments to an
9 institution's higher education retirement plan supplemental
10 beneficiaries, the institution shall submit to the department
11 information on any new retirees covered by the higher education
12 retirement plan supplemental benefit. The submission shall include
13 all data relevant to the calculation of a supplemental benefit for
14 each retiree, and the benefit that the institution determines the
15 individual qualifies to receive. No later than January 1st, following
16 the funding determination in RCW 41.45.060(9) that begins the
17 transition of responsibility for benefit payments to the department,

19 data will be required to determine higher education retirement plan
20 supplemental benefit determinations for future retirees.

21 (b) The department shall review the information provided by the

23 eligible for the supplemental benefit and determine the supplemental
24 benefit amount the member is eligible to receive, if any.

25 (c) In the event that the department is not provided with all
26 data required by the notice in (a) of this subsection, the
27 institution of higher education will remain responsible for payment
28 of higher education retirement plan supplemental benefits to that
29 member. In addition, the collection of overpayments and error
30 correction provisions of this chapter apply in the event that the
31 department makes supplemental benefit payments based on incomplete or
32 inaccurate data provided by an institution.

33 NEW SECTION. **Sec. 7.** This act is necessary for the immediate
34 preservation of the public peace, health, or safety, or support of
35 the state government and its existing public institutions, and takes
36 effect July 1, 2020.

--- END ---
