
HOUSE BILL 2767

State of Washington

66th Legislature

2020 Regular Session

By Representatives Blake, Griffey, Springer, Lekanoff, Eslick, Chapman, and Gildon; by request of Department of Natural Resources

Read first time 01/21/20. Referred to Committee on Civil Rights & Judiciary.

1 AN ACT Relating to establishing recreational target shooting
2 areas on public lands; amending RCW 4.24.210; and creating a new
3 section.

4 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

5 NEW SECTION. **Sec. 1.** The legislature finds that the department
6 of natural resources manages public lands consistent with multiple
7 uses of the landscape including recreational areas, trails, hunting,
8 fishing, target shooting, and other forms of public recreation.

9 The legislature further finds that the multiple uses must be
10 consistent with the applicable trust provisions of lands managed by
11 the department of natural resources and be in the best interests of
12 the state and the general welfare of the citizens. The legislature
13 further finds that the department has developed rules for regulating
14 target shooting on department-managed lands.

15 Therefore, the legislature finds that designating and properly
16 posting recreational shooting areas on lands managed by the
17 department of natural resources would enhance the safety of all
18 recreational users.

19 **Sec. 2.** RCW 4.24.210 and 2017 c 245 s 1 are each amended to read
20 as follows:

35 sustained to users by reason of a known dangerous artificial latent
36 condition for which warning signs have not been conspicuously posted.

37 (i) A fixed anchor used in rock climbing and put in place by
38 someone other than a landowner is not a known dangerous artificial
39 latent condition and a landowner under subsection (1) of this section

1 shall not be liable for unintentional injuries resulting from the
2 condition or use of such an anchor.

3 (ii) Releasing water or flows and making waterways or channels
4 available for kayaking, canoeing, or rafting purposes pursuant to and
5 in substantial compliance with a hydroelectric license issued by the
6 federal energy regulatory commission, and making adjacent lands
7 available for purposes of allowing viewing of such activities, does
8 not create a known dangerous artificial latent condition and
9 hydroelectric project owners under subsection (1) of this section
10 shall not be liable for unintentional injuries to the recreational
11 users and observers resulting from such releases and activities.

12 (b) Nothing in RCW 4.24.200 and this section limits or expands in
13 any way the doctrine of attractive nuisance.

14 (c) Usage by members of the public, volunteer groups, or other

16 possession.

32 not charge a fee to access the land subject to the cooperative
33 agreement.
