14 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

15 **PART 1**

16 **Sec. 1001.** RCW 71.24.011 and 1982 c 204 s 1 are each amended to  
17 read as follows:

18 This chapter may be known and cited as the community ~~((mental))~~  
19 behavioral health services act.

20 **Sec. 1002.** RCW 71.24.015 and 2018 c 201 s 4001 are each amended  
21 to read as follows:

22 It is the intent of the legislature to establish a community  
23 ~~((mental))~~ behavioral health ~~((program))~~ system which shall help  
24 people experiencing mental illness or a substance use disorder to  
25 retain a respected and productive position in the community. This  
26 will be accomplished through programs that focus on resilience and  
27 recovery, and practices that are evidence-based, research-based,  
28 consensus-based, or, where these do not exist, promising or emerging  
29 best practices, which provide for:

30 (1) Access to ~~((mental))~~ behavioral health services for adults  
31 with mental illness and children with mental illness ~~((or))~~,  
32 emotional disturbances ~~((who meet access to care standards which~~  
33 services)), or substance use disorders, that recognize the special  
34 needs of underserved populations, including minorities, children,  
35 older adults, individuals with disabilities, and low-income persons.  
36 Access to mental health and substance use disorder services shall not

1 be limited by a person's history of confinement in a state, federal,  
2 or local correctional facility. It is also the purpose of this  
3 chapter to promote the early identification of children with mental  
4 illness and to ensure that they receive the mental health care and  
5 treatment which is appropriate to their developmental level. This  
6 care should improve home, school, and community functioning, maintain  
7 children in a safe and nurturing home environment, and should enable  
8 treatment decisions to be made in response to clinical needs in  
9 accordance with sound professional judgment while also recognizing  
10 parents' rights to participate in treatment decisions for their  
11 children;

12 (2) The involvement of persons with mental illness or substance  
13 use disorder, their family members, and advocates in designing and  
14 implementing ~~((mental))~~ behavioral health services that reduce  
15 unnecessary hospitalization and incarceration and promote ~~((the))~~  
16 recovery and employment ~~((of persons with mental illness))~~. To  
17 improve the quality of services available and promote the  
18 rehabilitation, recovery, and reintegration of persons with mental  
19 illness or substance use disorder, consumer and advocate  
20 participation in ~~((mental))~~ behavioral health services is an integral  
21 part of the community ~~((mental))~~ behavioral health system and shall  
22 be supported;

23 (3) Accountability of efficient and effective services through  
24 state-of-the-art outcome and performance measures and statewide  
25 standards for monitoring client and system outcomes, performance, and  
26 reporting of client and system outcome information. These processes  
27 shall be designed so as to maximize the use of available resources  
28 for direct care of people with a mental illness and to assure uniform  
29 data collection across the state;

30 (4) Minimum service delivery standards;

31 (5) Priorities for the use of available resources for the care of  
32 individuals with mental illness or substance use disorder consistent  
33 with the priorities defined in the statute;

34 (6) Coordination of services within the department of social and  
35 health services, ~~((including those divisions within the department of~~  
36 ~~social and health services that provide services to children,~~  
37 ~~between))~~ the authority, the department, the department of ~~((social~~  
38 ~~and health services))~~ children, youth, and families, and the office  
39 of the superintendent of public instruction, and among state mental  
40 hospitals, tribes, residential treatment facilities, county

1 authorities, behavioral health administrative services organizations,  
2 managed care organizations, community ((~~mental~~)) behavioral health  
3 services, and other support services, which shall to the maximum  
4 extent feasible also include the families of individuals with mental  
5 illness or substance use disorder, and other service providers,  
6 including Indian health care providers; and

7 (7) Coordination of services aimed at reducing duplication in  
8 service delivery and promoting complementary services among all  
9 entities that provide ((~~mental~~)) behavioral health services to adults  
10 and children.

11 It is the policy of the state to encourage the provision of a  
12 full range of treatment and rehabilitation services in the state for  
13 mental disorders, or substance use disorders, including services  
14 operated by consumers and advocates. The legislature intends to  
15 encourage the development of regional ((~~mental~~)) behavioral health  
16 services with adequate local flexibility to assure eligible people in  
17 need of care access to the least-restrictive treatment alternative  
18 appropriate to their needs, and the availability of treatment  
19 components to assure continuity of care. ((~~To this end, counties must~~  
20 ~~enter into joint operating agreements with other counties to form~~  
21 ~~regional systems of care that are consistent with the regional~~  
22 ~~service areas established under RCW 74.09.870. Regional systems of~~  
23 ~~care, whether operated by a county, group of counties, or another~~  
24 ~~entity shall integrate planning, administration, and service delivery~~  
25 ~~duties under chapter 71.05 RCW and this chapter to consolidate~~  
26 ~~administration, reduce administrative layering, and reduce~~  
27 ~~administrative costs.~~)) The legislature hereby finds and declares  
28 that sound fiscal management requires vigilance to ensure that funds  
29 appropriated by the legislature for the provision of needed community  
30 ((~~mental~~)) behavioral health ((~~programs and~~)) system services are  
31 ultimately expended solely for the purpose for which they were  
32 appropriated, and not for any other purpose.

33 It is further the intent of the legislature to integrate the  
34 provision of services to provide continuity of care through all  
35 phases of treatment. To this end, the legislature intends to promote  
36 active engagement with persons with mental illness and collaboration  
37 between families and service providers.

38 **Sec. 1003.** RCW 71.24.016 and 2014 c 225 s 7 are each amended to  
39 read as follows:

1 (1) The legislature intends that eastern and western state  
2 hospitals shall operate as clinical centers for handling the most  
3 complicated long-term care needs of patients with a primary diagnosis  
4 of mental disorder. It is further the intent of the legislature that  
5 the community (~~mental~~) behavioral health service delivery system  
6 focus on maintaining individuals with mental illness in the  
7 community. The program shall be evaluated and managed through a  
8 limited number of outcome and performance measures, as provided in  
9 RCW 43.20A.895 (as recodified by this act), 70.320.020, and  
10 71.36.025.

11 (2) The legislature intends to address the needs of people with  
12 mental disorders with a targeted, coordinated, and comprehensive set  
13 of evidence-based practices that are effective in serving individuals  
14 in their community and will reduce the need for placements in state  
15 mental hospitals. The legislature further intends to explicitly hold  
16 behavioral health administrative services organizations, within  
17 available resources, and managed care organizations accountable for  
18 serving people with mental disorders who live within the boundaries  
19 of their regional service area (~~and for not exceeding their~~  
20 ~~allocation of state hospital beds~~).

21 (3) The authority shall establish a work group to determine: (a)  
22 How to appropriately manage access to adult long-term inpatient  
23 involuntary care in the community and at eastern and western state  
24 hospitals, until such a time as the risk for long-term involuntary  
25 inpatient care may be fully integrated into managed care organization  
26 contracts, and provide advice to guide the integration process; and  
27 (b) how to expand bidirectional integration through increased support  
28 for co-occurring disorder services, including recommendations related  
29 to purchasing and rates. The work group shall include representation  
30 from the department of social and health services, the department of  
31 health, behavioral health administrative services organizations,  
32 managed care organizations, the Washington state association of  
33 counties, community behavioral health providers, including providers  
34 with experience providing co-occurring disorder services, and the

36 services organizations and managed care organizations shall reimburse  
37 a provider for a behavioral health service provided to a covered  
38 person who is under eighteen years old through telemedicine or store  
39 and forward technology if:

1 (a) The behavioral health administrative services organization or  
2 managed care organization in which the covered person is enrolled

5 (b) The behavioral health service is medically necessary.

6 (2)(a) If the service is provided through store and forward  
7 technology there must be an associated visit between the covered  
8 person and the referring provider. Nothing in this section prohibits  
9 the use of telemedicine for the associated office visit.

10 (b) For purposes of this section, reimbursement of store and  
11 forward technology is available only for those services specified in  
12 the negotiated agreement between the behavioral health administrative  
13 services organization, or managed care organization, and the  
14 provider.

15 (3) An originating site for a telemedicine behavioral health

18 care authority.

19 (4) Any originating site, other than a home, under subsection (3)  
20 of this section may charge a facility fee for infrastructure and  
21 preparation of the patient. Reimbursement must be subject to a  
22 negotiated agreement between the originating site and the behavioral  
23 health administrative services organization, or managed care  
24 organization, as applicable. A distant site or any other site not  
25 identified in subsection (3) of this section may not charge a  
26 facility fee.

27 (5) ((A)) Behavioral health administrative services organizations  
28 and managed care organizations may not distinguish between  
29 originating sites that are rural and urban in providing the coverage  
30 required in subsection (1) of this section.

31 (6) ((A)) Behavioral health administrative services organizations  
32 and managed care organizations may subject coverage of a telemedicine  
33 or store and forward technology behavioral health service under  
34 subsection (1) of this section to all terms and conditions of the  
35 behavioral health administrative services organization or managed  
36 care organization in which the covered person is enrolled, including,  
37 but not limited to, utilization review, prior authorization,  
38 deductible, copayment, or coinsurance requirements that are  
39 applicable to coverage of a comparable behavioral health care service  
40 provided in person.

1 (7) This section does not require a behavioral health  
2 administrative services organization or a managed care organization  
3 to reimburse:

4 (a) An originating site for professional fees;

5 (b) A provider for a behavioral health service that is not a  
6 covered benefit (~~(under the behavioral health organization)~~); or

7 (c) An originating site or provider when the site or provider is  
8 not a contracted provider (~~(with the behavioral health~~  
9 ~~organization)~~).

15 71.12, or 72.23 RCW;

16 (c) "Originating site" means the physical location of a patient  
17 receiving behavioral health services through telemedicine;

19 (e) "Store and forward technology" means use of an asynchronous  
20 transmission of a covered person's medical or behavioral health  
21 information from an originating site to the provider at a distant  
22 site which results in medical or behavioral health diagnosis and  
23 management of the covered person, and does not include the use of  
24 audio-only telephone, facsimile, or email; and

25 (f) "Telemedicine" means the delivery of health care or  
26 behavioral health services through the use of interactive audio and  
27 video technology, permitting real-time communication between the

30 only, "telemedicine" does not include the use of audio-only  
31 telephone, facsimile, or email.

33 authority(~~(r)~~) must adopt rules as necessary to implement the  
34 provisions of this section.

35 **Sec. 1020.** RCW 71.24.350 and 2018 c 201 s 4019 are each amended  
36 to read as follows:

5 **Sec. 1021.** RCW 71.24.370 and 2018 c 201 s 4021 are each amended  
6 to read as follows:

7 (1) Except for monetary damage claims which have been reduced to  
8 final judgment by a superior court, this section applies to all  
9 claims against the state, state agencies, state officials, or state  
10 employees that exist on or arise after March 29, 2006.

11 (2) Except as expressly provided in contracts entered into  
12 (~~between~~) by the authority (~~and the behavioral health~~  
13 ~~organizations after March 29, 2006~~), the entities identified in  
14 subsection (3) of this section shall have no claim for declaratory  
15 relief, injunctive relief, judicial review under chapter 34.05 RCW,  
16 or civil liability against the state (~~or~~), state agencies, state  
17 officials, or state employees for actions or inactions performed  
18 pursuant to the administration of this chapter with regard to the  
19 following: (a) The allocation or payment of federal or state funds;  
20 (b) the use or allocation of state hospital beds; or (c) financial  
21 responsibility for the provision of inpatient mental health care.

22 (3) This section applies to counties, behavioral health  
23 administrative services organizations, managed care organizations,  
24 and entities which contract to provide behavioral health  
25 (~~organization~~) services and their subcontractors, agents, or  
26 employees.

27 **Sec. 1022.** RCW 71.24.380 and 2018 c 201 s 4022 are each amended  
28 to read as follows:

29 (1) The director shall purchase (~~mental health and chemical~~  
30 ~~dependency treatment~~) behavioral health services primarily through  
31 managed care contracting, but may continue to purchase behavioral  
32 health services directly from (~~tribal clinics and other tribal~~  
33 ~~providers~~) providers serving medicaid clients who are not enrolled  
34 in a managed care organization.

35 (2) (~~(a) The director shall request a detailed plan from the~~  
36 ~~entities identified in (b) of this subsection that demonstrates~~  
37 ~~compliance with the contractual elements of RCW 74.09.871 and federal~~  
38 ~~regulations related to medicaid managed care contracting including,~~

1 but not limited to: Having a sufficient network of providers to  
2 provide adequate access to mental health and chemical dependency  
3 services for residents of the regional service area that meet  
4 eligibility criteria for services, ability to maintain and manage  
5 adequate reserves, and maintenance of quality assurance processes.  
6 Any responding entity that submits a detailed plan that demonstrates  
7 that it can meet the requirements of this section must be awarded the  
8 contract to serve as the behavioral health organization.

9 (b) (i) For purposes of responding to the request for a detailed  
10 plan under (a) of this subsection, the entities from which a plan  
11 will be requested are:

12 (A) A county in a single county regional service area that  
13 currently serves as the regional support network for that area;

14 (B) In the event that a county has made a decision prior to  
15 January 1, 2014, not to contract as a regional support network, any  
16 private entity that serves as the regional support network for that  
17 area;

18 (C) All counties within a regional service area that includes  
19 more than one county, which shall form a responding entity through  
20 the adoption of an interlocal agreement. The interlocal agreement  
21 must specify the terms by which the responding entity shall serve as  
22 the behavioral health organization within the regional service area.

23 (ii) In the event that a regional service area is comprised of  
24 multiple counties including one that has made a decision prior to  
25 January 1, 2014, not to contract as a regional support network the  
26 counties shall adopt an interlocal agreement and may respond to the  
27 request for a detailed plan under (a) of this subsection and the  
28 private entity may also respond to the request for a detailed plan.  
29 If both responding entities meet the requirements of this section,  
30 the responding entities shall follow the authority's procurement  
31 process established in subsection (3) of this section.

32 (3) If an entity that has received a request under this section  
33 to submit a detailed plan does not respond to the request, a  
34 responding entity under subsection (1) of this section is unable to  
35 substantially meet the requirements of the request for a detailed  
36 plan, or more than one responding entity substantially meets the  
37 requirements for the request for a detailed plan, the authority shall  
38 use a procurement process in which other entities recognized by the  
39 director may bid to serve as the behavioral health organization in  
40 that regional service area.

1       ~~(4) Contracts for behavioral health organizations must begin on~~  
2 ~~April 1, 2016.~~

3       ~~(5) Upon request of all of the county authorities in a regional~~  
4 ~~service area, the authority may purchase behavioral health services~~  
5 ~~through an integrated medical and behavioral health services contract~~  
6 ~~with a behavioral health organization or a managed health care system~~  
7 ~~as defined in RCW 74.09.522, pursuant to standards to be developed by~~  
8 ~~the authority. Any contract for such a purchase must comply with all~~  
9 ~~federal medicaid and state law requirements related to managed health~~  
10 ~~care contracting.))~~ The director shall require that contracted  
11 managed care organizations have a sufficient network of providers to  
12 provide adequate access to behavioral health services, including co-  
13 occurring treatment from providers that offer fully integrated co-  
14 occurring treatment services, for residents of the regional service  
15 area that meet eligibility criteria for services, and for maintenance  
16 of quality assurance processes. Contracts with managed care  
17 organizations must comply with all federal medicaid and state law  
18 requirements related to managed health care contracting, including  
19 RCW 74.09.522.

20       (3) A managed care organization must contract with the  
21 authority's selected behavioral health administrative services  
22 organization for the assigned regional service area for the  
23 administration of crisis services. The contract shall require the  
24 managed care organization to reimburse the behavioral health  
25 administrative services organization for behavioral health crisis  
26 services delivered to individuals enrolled in the managed care  
27 organization.

28       (4) A managed care organization must collaborate with the  
29 authority and its contracted behavioral health administrative  
30 services organization to develop and implement strategies to  
31 coordinate care with tribes and community behavioral health providers  
32 for individuals with a history of frequent crisis system utilization.

33       (5) A managed care organization must work closely with designated  
34 crisis responders, behavioral health administrative services  
35 organizations, and behavioral health providers to maximize  
36 appropriate placement of persons into community services, ensuring  
37 the client receives the least restrictive level of care appropriate  
38 for their condition. Additionally, the managed care organization  
39 shall work with the authority to expedite the enrollment or

1 reenrollment of eligible persons leaving state or local correctional  
2 facilities and institutions for mental diseases.

3 (6) As an incentive to county authorities to become early  
4 adopters of fully integrated purchasing of medical and behavioral  
5 health services, the standards adopted by the authority (~~under~~  
6 ~~subsection (5) of this section~~) shall provide for an incentive  
7 payment to counties which elect to move to full integration by  
8 January 1, 2016. Subject to federal approval, the incentive payment  
9 shall be targeted at ten percent of savings realized by the state  
10 within the regional service area in which the fully integrated  
11 purchasing takes place. Savings shall be calculated in alignment with  
12 the outcome and performance measures established in RCW 43.20A.895  
13 (as recodified by this act), 70.320.020, and 71.36.025, and incentive  
14 payments for early adopter counties shall be made available for up to  
15 a six-year period, or until full integration of medical and  
16 behavioral health services is accomplished statewide, whichever comes  
17 sooner, according to rules to be developed by the authority.

18 **Sec. 1023.** RCW 71.24.385 and 2018 c 201 s 4023 and 2018 c 175 s  
19 6 are each reenacted and amended to read as follows:

20 (1) Within funds appropriated by the legislature for this  
21 purpose, behavioral health administrative services organizations and  
22 managed care organizations, as applicable, shall develop the means to  
23 serve the needs of people:

24 (a) With mental disorders residing within the boundaries of their  
25 regional service area. Elements of the program may include:

- 26 (i) Crisis diversion services;

14 the behavioral health administrative services organization shall have  
15 the flexibility, within the funds appropriated by the legislature for  
16 this purpose and the terms of their contract, to design the mix of  
17 services that will be most effective within their service area of  
18 meeting the needs of people with behavioral health disorders and  
19 avoiding placement of such individuals at the state mental hospital.

20 (~~Behavioral health~~) Managed care organizations and behavioral  
21 health administrative services organizations are encouraged to  
22 maximize the use of evidence-based practices and alternative  
23 resources with the goal of substantially reducing and potentially  
24 eliminating the use of institutions for mental diseases.

25 (b) (~~The behavioral health~~) Managed care organizations and  
26 behavioral health administrative services organizations may allow  
27 reimbursement to providers for services delivered through a partial  
28 hospitalization or intensive outpatient program. Such payment and  
29 services are distinct from the state's delivery of wraparound with  
30 intensive services under the *T.R. v. Strange and (~~McDermott,~~*  
31 *formerly the T.R. v. Dreyfus and Porter,*) Birch settlement  
32 agreement.

33 (3) (a) Treatment provided under this chapter must be purchased  
34 primarily through managed care contracts.

35 (b) Consistent with RCW 71.24.580, services and funding provided  
36 through the criminal justice treatment account are intended to be  
37 exempted from managed care contracting.

38 **Sec. 1024.** RCW 71.24.405 and 2018 c 201 s 4025 are each amended  
39 to read as follows:

7 **Sec. 1025.** RCW 71.24.420 and 2018 c 201 s 4027 are each amended  
8 to read as follows:

9 The authority shall operate the community ((~~mental~~)) behavioral  
10 health service delivery system authorized under this chapter within  
11 the following constraints:

12 (1) The full amount of federal funds for ((~~mental~~)) community  
13 behavioral health system services, plus qualifying state expenditures  
14 as appropriated in the biennial operating budget, shall be  
15 appropriated to the authority each year in the biennial  
16 appropriations act to carry out the provisions of the community  
17 ((~~mental~~)) behavioral health service delivery system authorized in  
18 this chapter.

19 (2) The authority may expend funds defined in subsection (1) of  
20 this section in any manner that will effectively accomplish the  
21 outcome measures established in RCW 43.20A.895 (as recodified by this  
22 act) and 71.36.025 and performance measures linked to those outcomes.

23 (3) The authority shall implement strategies that accomplish the  
24 outcome measures established in RCW 43.20A.895 (as recodified by this  
25 act), 70.320.020, and 71.36.025 and performance measures linked to  
26 those outcomes.

27 (4) The authority shall monitor expenditures against the  
28 appropriation levels provided for in subsection (1) of this section  
29 and report to the governor's office and the appropriate committees of  
30 the legislature once every two years, on or about December 1st, on  
31 each even-numbered year.

32 **Sec. 1026.** RCW 71.24.430 and 2018 c 201 s 4028 are each amended  
33 to read as follows:

34 (1) The authority shall ensure the coordination of allied  
35 services for ((~~mental~~)) behavioral health clients. The authority  
36 shall implement strategies for resolving organizational, regulatory,  
37 and funding issues at all levels of the system, including the state,

1 the behavioral health administrative services organizations, managed

3 (2) The authority shall propose, in operating budget requests,

6 social and health services and authority programs. (~~The authority~~  
7 ~~shall report annually to the appropriate committees of the senate and~~  
8 ~~house of representatives on actions and projects it has taken to~~  
9 ~~promote collaborative service delivery~~) The authority shall provide  
10 status reports as requested by the legislature.

11 **Sec. 1027.** RCW 71.24.450 and 1997 c 342 s 1 are each amended to  
12 read as follows:

13 (1) Many (~~acute and chronically mentally ill~~) offenders with  
14 acute and chronic mental illness are delayed in their release from  
15 Washington correctional facilities due to their inability to access  
16 reasonable treatment and living accommodations prior to the maximum  
17 expiration of their sentences. Often the offender reaches the end of  
18 his or her sentence and is released without any follow-up care,  
19 funds, or housing. These delays are costly to the state, often lead  
20 to psychiatric relapse, and result in unnecessary risk to the public.

21 Many of these offenders (~~rarely possess~~) lack the skills or  
22 emotional stability to maintain employment or even complete  
23 applications to receive entitlement funding. (~~Nationwide only five~~  
24 ~~percent of diagnosed schizophrenics are able to maintain part-time or~~  
25 ~~full-time employment.~~) Housing and appropriate treatment are  
26 difficult to obtain.

27 This lack of resources, funding, treatment, and housing creates  
28 additional stress for the (~~mentally ill~~) offender with mental  
29 illness, impairing self-control and judgment. When the mental illness  
30 is instrumental in the offender's patterns of crime, such stresses  
31 may lead to a worsening of his or her illness, reoffending, and a

23 authorizing therapeutic courts; and

24 (b) "Treatment support" includes transportation to or from  
25 inpatient or outpatient treatment services when no viable alternative  
26 exists, and child care services that are necessary to ensure a  
27 participant's ability to attend outpatient treatment sessions.

28 (3) Revenues to the criminal justice treatment account consist  
29 of: (a) Funds transferred to the account pursuant to this section;

4 subsection (5) of this section.

25 from the account shall be distributed as grants for purposes of

5 legislative authority or authorities, to the panel established in  
6 subsection (5)(b) of this section, for disposition of all the funds  
7 provided from the criminal justice treatment account within that  
8 county. The funds shall be used solely to provide approved alcohol  
9 and substance abuse treatment pursuant to RCW 71.24.560 and treatment  
10 support services. No more than ten percent of the total moneys  
11 received under subsections (4) and (5) of this section by a county or  
12 group of counties participating in a regional agreement shall be  
13 spent for treatment support services.

14 (7) Counties are encouraged to consider regional agreements and

16 this section.

17 (8) Moneys allocated under this section shall be used to  
18 supplement, not supplant, other federal, state, and local funds used  
19 for substance abuse treatment.

20 (9) Counties must meet the criteria established in RCW

31 determined that the applicant is financially unable to contribute  
32 fully or in part to the cost of any services or facilities available  
33 under the community behavioral health program (~~(on alcoholism)~~).

34 For nonmedicaid clients, through its contracts with the  
35 behavioral health administrative services organizations, the  
36 authority may limit admissions of such applicants or modify its  
37 programs in order to ensure that expenditures for services or  
38 programs do not exceed amounts appropriated by the legislature and  
39 are allocated by the authority for such services or programs. For

1 nonmedicaid clients, the authority may establish admission priorities  
2 in the event that the number of eligible applicants exceeds the  
3 limits set by the authority.

27 indicated that provides an appropriate degree of assessment for most  
28 situations, which can be expanded for complex situations;

29 (iii) Identification of triggers in the screening that indicate  
30 the need to begin an assessment;

31 (iv) Identification of triggers after or outside the screening

37 replace and not to duplicate existing intake, screening, and  
38 assessment tools and processes.

1 (b) The authority shall consider existing models, including those  
2 already adopted by other states, and to the extent possible, adopt an  
3 established, proven model.

4 (c) The integrated, comprehensive screening and assessment  
5 process shall be implemented statewide by all substance use disorder  
6 and mental health treatment providers (~~(as well as all designated~~  
7 ~~mental health professionals, designated chemical dependency~~  
8 ~~specialists,)~~) and designated crisis responders.

9 (2) The authority shall provide for adequate training to effect

19 ~~((e))~~ (d) Be clear and not unduly burdensome in order to  
20 maximize the time available for the provision of care.

21 (2) Subject to the availability of amounts appropriated for this  
22 specific purpose, audits conducted by the department relating to  
23 provision of behavioral health services must:

26 established by the department that are consistent with the standards  
27 of other licensing and accrediting bodies;

28 (b) Treat organizations with multiple locations as a single

19 (b) When a person receiving court-ordered treatment or treatment  
20 ordered by the department of corrections discloses to his or her  
21 mental health service provider that he or she is subject to

30 71.05.132, the mental health service provider is not required to  
31 notify the department of corrections that the mental health service  
32 provider is treating the offender. The notification may be written or  
33 oral and shall not require the consent of the offender. If an oral  
34 notification is made, it must be confirmed by a written notification.  
35 For purposes of this section, a written notification includes  
36 notification by email or facsimile, so long as the notifying mental  
37 health service provider is clearly identified.

38 (2) The information to be released to the department of  
39 corrections shall include all relevant records and reports, as

1 defined by rule, necessary for the department of corrections to carry

14 disclosing information of persons who received mental health services  
15 as a minor; and

16 (b) Establish requirements for the notification of persons under  
17 the supervision of the department of corrections regarding the  
18 provisions of this section.

19 (4) The information received by the department of corrections

22 provided in RCW 72.09.585.

23 (5) No mental health service provider or individual employed by a  
24 mental health service provider shall be held responsible for  
25 information released to or used by the department of corrections  
26 under the provisions of this section or rules adopted under this  
27 section.

28 (6) Whenever federal law or federal regulations restrict the  
29 release of information and records related to mental health services  
30 for any patient who receives treatment for alcoholism or drug  
31 dependency, the release of the information may be restricted as  
32 necessary to comply with federal law and regulations.

33 (7) This section does not modify the terms and conditions of  
34 disclosure of information related to sexually transmitted diseases  
35 under chapter 70.24 RCW.

36 (8) The authority shall, subject to available resources,  
37 electronically, or by the most cost-effective means available,

4 **Sec. 3010.** RCW 71.05.458 and 2016 c 158 s 5 are each amended to  
5 read as follows:

6 As soon as possible, but no later than twenty-four hours from  
7 receiving a referral from a law enforcement officer or law  
8 enforcement agency, excluding Saturdays, Sundays, and holidays, a  
9 mental health professional contacted by the designated (~~mental~~  
10 ~~health professional~~) crisis responder agency must attempt to contact  
11 the referred person to determine whether additional mental health  
12 intervention is necessary, including, if needed, an assessment by a  
13 designated (~~mental health professional~~) crisis responder for  
14 initial detention under RCW 71.05.150 or 71.05.153. Documentation of  
15 the mental health professional's attempt to contact and assess the  
16 person must be maintained by the designated (~~mental health~~  
17 ~~professional~~) crisis responder agency.

18 **Sec. 3011.** RCW 71.05.730 and 2015 c 250 s 15 are each amended to  
19 read as follows:

20 (1) A county may apply to its behavioral health administrative  
21 services organization on a quarterly basis for reimbursement of its  
22 direct costs in providing judicial services for civil commitment  
23 cases under this chapter and chapter 71.34 RCW. The behavioral health  
24 administrative services organization shall in turn be entitled to  
25 reimbursement from the behavioral health administrative services  
26 organization that serves the county of residence of the individual  
27 who is the subject of the civil commitment case. (~~Reimbursements~~  
28 ~~under this section shall be paid out of the behavioral health~~  
29 ~~organization's nonmedicaid appropriation.))~~

30 (2) Reimbursement for judicial services shall be provided per  
31 civil commitment case at a rate to be determined based on an  
32 independent assessment of the county's actual direct costs. This  
33 assessment must be based on an average of the expenditures for  
34 judicial services within the county over the past three years. In the  
35 event that a baseline cannot be established because there is no  
36 significant history of similar cases within the county, the  
37 reimbursement rate shall be equal to eighty percent of the median

1 reimbursement rate of counties included in the independent  
2 assessment.

3 (3) For the purposes of this section:

4 (a) "Civil commitment case" includes all judicial hearings  
5 related to a single episode of hospitalization or less restrictive  
6 alternative treatment, except that the filing of a petition for a one  
7 hundred eighty-day commitment under this chapter or a petition for a  
8 successive one hundred eighty-day commitment under chapter 71.34 RCW  
9 shall be considered to be a new case regardless of whether there has  
10 been a break in detention. "Civil commitment case" does not include  
11 the filing of a petition for a one hundred eighty-day commitment  
12 under this chapter on behalf of a patient at a state psychiatric  
13 hospital.

14 (b) "Judicial services" means a county's reasonable direct costs  
15 in providing prosecutor services, assigned counsel and defense  
16 services, court services, and court clerk services for civil  
17 commitment cases under this chapter and chapter 71.34 RCW.

18 (4) To the extent that resources have a shared purpose, the  
19 behavioral health administrative services organization may only  
20 reimburse counties to the extent such resources are necessary for and  
21 devoted to judicial services as described in this section.

22 (5) No filing fee may be charged or collected for any civil  
23 commitment case subject to reimbursement under this section.

24 **Sec. 3012.** RCW 71.05.740 and 2018 c 201 s 3031 are each amended  
25 to read as follows:

26 All behavioral health administrative services organizations in  
27 the state of Washington must forward historical mental health  
28 involuntary commitment information retained by the organization,  
29 including identifying information and dates of commitment to the  
30 authority. As soon as feasible, the behavioral health administrative  
31 services organizations must arrange to report new commitment data to  
32 the authority within twenty-four hours. Commitment information under  
33 this section does not need to be resent if it is already in the  
34 possession of the authority. Behavioral health administrative  
35 services organizations and the authority shall be immune from  
36 liability related to the sharing of commitment information under this  
37 section.

1       **Sec. 3013.** RCW 71.05.750 and 2018 c 201 s 3033 are each amended  
2 to read as follows:

3       (1) A designated crisis responder shall make a report to the  
4 authority when he or she determines a person meets detention criteria

6 not any beds available at an evaluation and treatment facility, the  
7 person has not been provisionally accepted for admission by a  
8 facility, and the person cannot be served on a single bed  
9 certification or less restrictive alternative. Starting at the time  
10 when the designated crisis responder determines a person meets  
11 detention criteria and the investigation has been completed, the  
12 designated crisis responder has twenty-four hours to submit a  
13 completed report to the authority.

14       (2) The report required under subsection (1) of this section must  
15 contain at a minimum:

24       (3) The authority shall develop a standardized reporting form or  
25 modify the current form used for single bed certifications for the  
26 report required under subsection (2) of this section and may require  
27 additional reporting elements as it determines are necessary or  
28 supportive. The authority shall also determine the method for the  
29 transmission of the completed report from the designated crisis  
30 responder to the authority.

31       (4) The authority shall create quarterly reports displayed on its  
32 web site that summarize the information reported under subsection (2)  
33 of this section. At a minimum, the reports must display data by  
34 county and by month. The reports must also include the number of  
35 single bed certifications granted by category. The categories must  
36 include all of the reasons that the authority recognizes for issuing  
37 a single bed certification, as identified in rule.

38       (5) The reports provided according to this section may not  
39 display "protected health information" as that term is used in the  
40 federal health insurance portability and accountability act of 1996,

1 nor information contained in "mental health treatment records" as  
2 that term is used in chapter 70.02 RCW or elsewhere in state law, and  
3 must otherwise be compliant with state and federal privacy laws.

4 (6) For purposes of this section, the term "single bed  
5 certification" means a situation in which an adult on a seventy-two  
6 hour detention, fourteen-day commitment, ninety-day commitment, or  
7 one hundred eighty-day commitment is detained to a facility that is:

22 authority.

24 RCW 71.05.750. The authority must initiate corrective action when  
25 appropriate to ensure that each (~~(regional support network or)~~)  
26 behavioral health administrative services organization or managed  
27 care organization, if applicable, has implemented an adequate plan to

35 under this chapter.

36 **Sec. 3015.** RCW 71.05.760 and 2018 c 201 s 3035 are each amended

2 the federal social security act, recipients shall have a choice of  
3 systems in which to enroll and shall have the right to terminate  
4 their enrollment in a system: PROVIDED, That the authority may limit  
5 recipient termination of enrollment without cause to the first month  
6 of a period of enrollment, which period shall not exceed twelve  
7 months: AND PROVIDED FURTHER, That the authority shall not restrict a  
8 recipient's right to terminate enrollment in a system for good cause  
9 as established by the authority by rule;

10 (d) To the extent that this provision is consistent with section  
11 1903(m) of Title XIX of the federal social security act,  
12 participating managed health care systems shall not enroll a  
13 disproportionate number of medical assistance recipients within the  
14 total numbers of persons served by the managed health care systems,  
15 except as authorized by the authority under federal demonstration  
16 waivers granted under section 1115(a) of Title XI of the federal  
17 social security act;

18 (e)(i) In negotiating with managed health care systems the  
19 authority shall adopt a uniform procedure to enter into contractual  
20 arrangements(~~(, to be included in contracts issued or renewed on or~~  
21 ~~after January 1, 2015))~~), including:

22 (A) Standards regarding the quality of services to be provided;

23 (B) The financial integrity of the responding system;

24 (C) Provider reimbursement methods that incentivize chronic care  
25 management within health homes, including comprehensive medication  
26 management services for patients with multiple chronic conditions  
27 consistent with the findings and goals established in RCW 74.09.5223;

28 (D) Provider reimbursement methods that reward health homes that,  
29 by using chronic care management, reduce emergency department and  
30 inpatient use;

31 (E) Promoting provider participation in the program of training  
32 and technical assistance regarding care of people with chronic  
33 conditions described in RCW 43.70.533, including allocation of funds  
34 to support provider participation in the training, unless the managed  
35 care system is an integrated health delivery system that has programs  
36 in place for chronic care management;

37 (F) Provider reimbursement methods within the medical billing  
38 processes that incentivize pharmacists or other qualified providers  
39 licensed in Washington state to provide comprehensive medication

1 management services consistent with the findings and goals  
2 established in RCW 74.09.5223;

3 (G) Evaluation and reporting on the impact of comprehensive  
4 medication management services on patient clinical outcomes and total  
5 health care costs, including reductions in emergency department  
6 utilization, hospitalization, and drug costs; and

7 (H) Established consistent processes to incentivize integration  
8 of behavioral health services in the primary care setting, promoting  
9 care that is integrated, collaborative, colocated, and preventive.

10 (ii)(A) Health home services contracted for under this subsection  
11 may be prioritized to enrollees with complex, high cost, or multiple  
12 chronic conditions.

13 (B) Contracts that include the items in (e)(i)(C) through (G) of  
14 this subsection must not exceed the rates that would be paid in the  
15 absence of these provisions;

16 (f) The authority shall seek waivers from federal requirements as  
17 necessary to implement this chapter;

18 (g) The authority shall, wherever possible, enter into prepaid  
19 capitation contracts that include inpatient care. However, if this is  
20 not possible or feasible, the authority may enter into prepaid  
21 capitation contracts that do not include inpatient care;

22 (h) The authority shall define those circumstances under which a  
23 managed health care system is responsible for out-of-plan services  
24 and assure that recipients shall not be charged for such services;

25 (i) Nothing in this section prevents the authority from entering  
26 into similar agreements for other groups of people eligible to  
27 receive services under this chapter; and

28 (j) The authority must consult with the federal center for  
29 medicare and medicaid innovation and seek funding opportunities to  
30 support health homes.

31 (3) The authority shall ensure that publicly supported community  
32 health centers and providers in rural areas, who show serious intent  
33 and apparent capability to participate as managed health care systems  
34 are seriously considered as contractors. The authority shall  
35 coordinate its managed care activities with activities under chapter  
36 70.47 RCW.

37 (4) The authority shall work jointly with the state of Oregon and  
38 other states in this geographical region in order to develop  
39 recommendations to be presented to the appropriate federal agencies

1 and the United States congress for improving health care of the poor,  
2 while controlling related costs.

3 (5) The legislature finds that competition in the managed health  
4 care marketplace is enhanced, in the long term, by the existence of a  
5 large number of managed health care system options for medicaid  
6 clients. In a managed care delivery system, whose goal is to focus on  
7 prevention, primary care, and improved enrollee health status,  
8 continuity in care relationships is of substantial importance, and  
9 disruption to clients and health care providers should be minimized.  
10 To help ensure these goals are met, the following principles shall  
11 guide the authority in its healthy options managed health care  
12 purchasing efforts:

13 (a) All managed health care systems should have an opportunity to  
14 contract with the authority to the extent that minimum contracting  
15 requirements defined by the authority are met, at payment rates that  
16 enable the authority to operate as far below appropriated spending  
17 levels as possible, consistent with the principles established in  
18 this section.

19 (b) Managed health care systems should compete for the award of  
20 contracts and assignment of medicaid beneficiaries who do not  
21 voluntarily select a contracting system, based upon:

22 (i) Demonstrated commitment to or experience in serving low-  
23 income populations;

24 (ii) Quality of services provided to enrollees;

25 (iii) Accessibility, including appropriate utilization, of  
26 services offered to enrollees;

27 (iv) Demonstrated capability to perform contracted services,  
28 including ability to supply an adequate provider network;

29 (v) Payment rates; and

30 (vi) The ability to meet other specifically defined contract  
31 requirements established by the authority, including consideration of  
32 past and current performance and participation in other state or  
33 federal health programs as a contractor.

34 (c) Consideration should be given to using multiple year  
35 contracting periods.

36 (d) Quality, accessibility, and demonstrated commitment to  
37 serving low-income populations shall be given significant weight in  
38 the contracting, evaluation, and assignment process.

39 (e) All contractors that are regulated health carriers must meet  
40 state minimum net worth requirements as defined in applicable state

1 laws. The authority shall adopt rules establishing the minimum net  
2 worth requirements for contractors that are not regulated health  
3 carriers. This subsection does not limit the authority of the  
4 Washington state health care authority to take action under a  
5 contract upon finding that a contractor's financial status seriously  
6 jeopardizes the contractor's ability to meet its contract  
7 obligations.

8 (f) Procedures for resolution of disputes between the authority  
9 and contract bidders or the authority and contracting carriers  
10 related to the award of, or failure to award, a managed care contract  
11 must be clearly set out in the procurement document.

12 (6) The authority may apply the principles set forth in  
13 subsection (5) of this section to its managed health care purchasing  
14 efforts on behalf of clients receiving supplemental security income  
15 benefits to the extent appropriate.

16 (7) (~~By April 1, 2016,~~) Any contract with a managed health care  
17 system to provide services to medical assistance enrollees shall  
18 require that managed health care systems offer contracts to  
19 (~~behavioral health organizations,~~) mental health providers (~~, or~~  
20 ~~chemical dependency~~) and substance use disorder treatment providers  
21 to provide access to primary care services integrated into behavioral  
22 health clinical settings, for individuals with behavioral health and  
23 medical comorbidities.

24 (8) Managed health care system contracts effective on or after  
25 April 1, 2016, shall serve geographic areas that correspond to the  
26 regional service areas established in RCW 74.09.870.

27 (9) A managed health care system shall pay a nonparticipating  
28 provider that provides a service covered under this chapter or other  
29 applicable law to the system's enrollee no more than the lowest  
30 amount paid for that service under the managed health care system's  
31 contracts with similar providers in the state if the managed health  
32 care system has made good faith efforts to contract with the  
33 nonparticipating provider.

34 (10) For services covered under this chapter or other applicable  
35 law to medical assistance or medical care services enrollees (~~and~~  
36 ~~provided on or after August 24, 2011~~), nonparticipating providers  
37 must accept as payment in full the amount paid by the managed health  
38 care system under subsection (9) of this section in addition to any  
39 deductible, coinsurance, or copayment that is due from the enrollee  
40 for the service provided. An enrollee is not liable to any

1 nonparticipating provider for covered services, except for amounts  
2 due for any deductible, coinsurance, or copayment under the terms and  
3 conditions set forth in the managed health care system contract to  
4 provide services under this section.

5 (11) Pursuant to federal managed care access standards, 42 C.F.R.  
6 Sec. 438, managed health care systems must maintain a network of  
7 appropriate providers that is supported by written agreements  
8 sufficient to provide adequate access to all services covered under  
9 the contract with the authority, including hospital-based physician  
10 services. The authority will monitor and periodically report on the  
11 proportion of services provided by contracted providers and  
12 nonparticipating providers, by county, for each managed health care  
13 system to ensure that managed health care systems are meeting network  
14 adequacy requirements. No later than January 1st of each year, the  
15 authority will review and report its findings to the appropriate  
16 policy and fiscal committees of the legislature for the preceding  
17 state fiscal year.

18 (12) Payments under RCW 74.60.130 are exempt from this section.

19 (13) Subsections (9) through (11) of this section expire July 1,  
20 2021.

21 **Sec. 4005.** RCW 74.09.555 and 2014 c 225 s 102 are each amended  
22 to read as follows:

23 (1) The authority shall adopt rules and policies providing that  
24 when persons with a mental disorder, who were enrolled in medical  
25 assistance immediately prior to confinement, are released from  
26 confinement, their medical assistance coverage will be fully  
27 reinstated on the day of their release, subject to any expedited  
28 review of their continued eligibility for medical assistance coverage  
29 that is required under federal or state law.

30 (2) The authority, in collaboration with the Washington  
31 association of sheriffs and police chiefs, the department of  
32 corrections, managed care organizations, and ~~((the))~~ behavioral  
33 health administrative services organizations, shall establish  
34 procedures for coordination between the authority and department  
35 field offices, institutions for mental disease, and correctional  
36 institutions, as defined in RCW 9.94.049, that result in prompt  
37 reinstatement of eligibility and speedy eligibility determinations  
38 for persons who are likely to be eligible for medical assistance

1 services upon release from confinement. Procedures developed under  
2 this subsection must address:

3 (a) Mechanisms for receiving medical assistance services  
4 applications on behalf of confined persons in anticipation of their  
5 release from confinement;

6 (b) Expeditious review of applications filed by or on behalf of  
7 confined persons and, to the extent practicable, completion of the  
8 review before the person is released;

9 (c) Mechanisms for providing medical assistance services identity  
10 cards to persons eligible for medical assistance services immediately  
11 upon their release from confinement; and

12 (d) Coordination with the federal social security administration,  
13 through interagency agreements or otherwise, to expedite processing  
14 of applications for federal supplemental security income or social  
15 security disability benefits, including federal acceptance of  
16 applications on behalf of confined persons.

17 (3) Where medical or psychiatric examinations during a person's  
18 confinement indicate that the person is disabled, the correctional  
19 institution or institution for mental diseases shall provide the  
20 authority with that information for purposes of making medical  
21 assistance eligibility and enrollment determinations prior to the  
22 person's release from confinement. The authority shall, to the  
23 maximum extent permitted by federal law, use the examination in  
24 making its determination whether the person is disabled and eligible  
25 for medical assistance.

26 (4) For purposes of this section, "confined" or "confinement"  
27 means incarcerated in a correctional institution, as defined in RCW  
28 9.94.049, or admitted to an institute for mental disease, as defined  
29 in 42 C.F.R. part 435, Sec. 1009 on July 24, 2005.

30 (5) For purposes of this section, "likely to be eligible" means  
31 that a person:

32 (a) Was enrolled in medicaid or supplemental security income or  
33 the medical care services program immediately before he or she was  
34 confined and his or her enrollment was terminated during his or her  
35 confinement; or

36 (b) Was enrolled in medicaid or supplemental security income or  
37 the medical care services program at any time during the five years  
38 before his or her confinement, and medical or psychiatric  
39 examinations during the person's confinement indicate that the person

1 continues to be disabled and the disability is likely to last at  
2 least twelve months following release.

3 (6) The economic services administration within the department  
4 shall adopt standardized statewide screening and application  
5 practices and forms designed to facilitate the application of a  
6 confined person who is likely to be eligible for medicaid.

7 **Sec. 4006.** RCW 74.09.871 and 2018 c 201 s 2007 are each amended  
8 to read as follows:

9 (1) Any agreement or contract by the authority to provide  
10 behavioral health services as defined under RCW 71.24.025 to persons  
11 eligible for benefits under medicaid, Title XIX of the social  
12 security act, and to persons not eligible for medicaid must include  
13 the following:

14 (a) Contractual provisions consistent with the intent expressed

27 behavioral health system infrastructure and capacity, including a  
28 continuum of (~~(chemical dependency)~~) substance use disorder services;

20 (2) The following factors must be given significant weight in any  
21 (~~purchasing~~) procurement process under this section:

31 70.320.020, and 71.36.025;

32 (d) Recognition that meeting enrollees' physical and behavioral

1 (f) The ability to meet requirements established by the  
2 authority.

3 (3) For purposes of purchasing behavioral health services and  
4 medical care services for persons eligible for benefits under  
5 medicaid, Title XIX of the social security act and for persons not  
6 eligible for medicaid, the authority must use regional service areas.  
7 The regional service areas must be established by the authority as  
8 provided in RCW 74.09.870.

9 (4) Consideration must be given to using multiple-biennia  
10 contracting periods.

11 (5) Each behavioral health administrative services organization  
12 operating pursuant to a contract issued under this section shall  
13 (~~enroll~~) serve clients within its regional service area who meet

17 **PART 5**

18 **Sec. 5001.** RCW 9.41.280 and 2016 sp.s. c 29 s 403 are each  
19 amended to read as follows:

20 (1) It is unlawful for a person to carry onto, or to possess on,

2 an animal an electric shock, charge, or impulse; or

3 (ii) Any device, object, or instrument which is used or intended  
4 to be used as a weapon with the intent to injure a person by an  
5 electric shock, charge, or impulse.

6 (2) Any such person violating subsection (1) of this section is  
7 guilty of a gross misdemeanor. If any person is convicted of a  
8 violation of subsection (1)(a) of this section, the person shall have  
9 his or her concealed pistol license, if any revoked for a period of  
10 three years. Anyone convicted under this subsection is prohibited  
11 from applying for a concealed pistol license for a period of three  
12 years. The court shall send notice of the revocation to the  
13 department of licensing, and the city, town, or county which issued  
14 the license.

15 Any violation of subsection (1) of this section by elementary or  
16 secondary school students constitutes grounds for expulsion from the  
17 state's public schools in accordance with RCW 28A.600.010. An  
18 appropriate school authority shall promptly notify law enforcement  
19 and the student's parent or guardian regarding any allegation or  
20 indication of such violation.

21 Upon the arrest of a person at least twelve years of age and not  
22 more than twenty-one years of age for violating subsection (1)(a) of  
23 this section, the person shall be detained or confined in a juvenile  
24 or adult facility for up to seventy-two hours. The person shall not  
25 be released within the seventy-two hours until after the person has  
26 been examined and evaluated by the designated crisis responder unless

28 determination regarding probable cause or on probation bond or bail.

29 Within twenty-four hours of the arrest, the arresting law  
30 enforcement agency shall refer the person to the designated crisis  
31 responder for examination and evaluation under chapter 71.05 or 71.34  
32 RCW and inform a parent or guardian of the person of the arrest,

37 released on probation, bond, or bail, the examination shall occur  
38 wherever is appropriate.

39 Upon completion of any examination by the designated crisis  
40 responder, the results of the examination shall be sent to the court,

1 and the court shall consider those results in making any  
2 determination about the person.

3 The designated crisis responder shall, to the extent permitted by  
4 law, notify a parent or guardian of the person that an examination  
5 and evaluation has taken place and the results of the examination.  
6 Nothing in this subsection prohibits the delivery of additional,  
7 appropriate mental health examinations to the person while the person  
8 is detained or confined.

9 If the designated crisis responder determines it is appropriate,  
10 the designated crisis responder may refer the person to the local  
11 behavioral health administrative services organization for follow-up  
12 services (~~(or the department of social and health services)~~) or other  
13 community providers for other services to the family and individual.

19 commissioned law enforcement officer and who provides school security  
20 services under the direction of a school administrator may not  
21 possess a device listed in subsection (1)(f) of this section unless

23 devices that is equivalent to the training received by commissioned  
24 law enforcement officers;

11 person who possesses a device listed in subsection (1)(f)(i) of this  
12 section, if the device is possessed and used solely for the purpose  
13 approved by a school for use in a school authorized event, lecture,  
14 or activity conducted on the school premises.

22 amended to read as follows:

23 (1) An offender is eligible for the special drug offender  
24 sentencing alternative if:

25 (a) The offender is convicted of a felony that is not a violent  
26 offense or sex offense and the violation does not involve a sentence

15 (3) If the sentencing court determines that the offender is

12 and may impose other affirmative conditions as the court considers  
13 appropriate. In addition, an offender may be required to pay thirty  
14 dollars per month while on community custody to offset the cost of  
15 monitoring for alcohol or controlled substances.

16 (b) The department may impose conditions and sanctions as  
17 authorized in RCW 9.94A.704 and 9.94A.737.

18 (7)(a) The court may bring any offender sentenced under this

20 the offender's progress in treatment or to determine if any  
21 violations of the conditions of the sentence have occurred.

22 (b) If the offender is brought back to court, the court may  
23 modify the conditions of the community custody or impose sanctions  
24 under (c) of this subsection.

25 (c) The court may order the offender to serve a term of total  
26 confinement within the standard range of the offender's current

35 to complete, or administrative termination from, the special drug

14 conditioned on the offender entering and remaining in residential  
15 (~~chemical dependency~~) substance use disorder treatment certified  
16 (~~under chapter 70.96A RCW~~) by the department of health for a period  
17 set by the court between three and six months.

35 hearing, the treatment provider and the department shall submit

17 **Sec. 5004.** RCW 10.31.110 and 2014 c 225 s 57 are each amended to  
18 read as follows:

19 (1) When a police officer has reasonable cause to believe that  
20 the individual has committed acts constituting a nonfelony crime that  
21 is not a serious offense as identified in RCW 10.77.092 and the  
22 individual is known by history or consultation with the behavioral  
23 health administrative services organization to suffer from a mental  
24 disorder, the arresting officer may:

25 (a) Take the individual to a crisis stabilization unit as defined  
26 in RCW 71.05.020~~((+6))~~. Individuals delivered to a crisis  
27 stabilization unit pursuant to this section may be held by the  
28 facility for a period of up to twelve hours. The individual must be  
29 examined by a mental health professional within three hours of  
30 arrival;

31 (b) Take the individual to a triage facility as defined in RCW  
32 71.05.020. An individual delivered to a triage facility which has  
33 elected to operate as an involuntary facility may be held up to a  
34 period of twelve hours. The individual must be examined by a mental  
35 health professional within three hours of arrival;

2 participation in outpatient treatment.

3 (2) If the individual is released to the community, the mental  
4 health provider shall inform the arresting officer of the release  
5 within a reasonable period of time after the release if the arresting  
6 officer has specifically requested notification and provided contact  
7 information to the provider.

8 (3) In deciding whether to refer the individual to treatment  
9 under this section, the police officer shall be guided by standards  
10 mutually agreed upon with the prosecuting authority, which address,  
11 at a minimum, the length, seriousness, and recency of the known  
12 criminal history of the individual, the mental health history of the  
13 individual, where available, and the circumstances surrounding the  
14 commission of the alleged offense.

15 (4) Any agreement to participate in treatment shall not require  
16 individuals to stipulate to any of the alleged facts regarding the  
17 criminal activity as a prerequisite to participation in a mental  
18 health treatment alternative. The agreement is inadmissible in any  
19 criminal or civil proceeding. The agreement does not create immunity  
20 from prosecution for the alleged criminal activity.

21 (5) If an individual violates such agreement and the mental  
22 health treatment alternative is no longer appropriate:

23 (a) The mental health provider shall inform the referring law  
24 enforcement agency of the violation; and

25 (b) The original charges may be filed or referred to the  
26 prosecutor, as appropriate, and the matter may proceed accordingly.

27 (6) The police officer is immune from liability for any good  
28 faith conduct under this section.

33 the purpose of the disposition alternative to assure that minors in  
34 need of ((~~chemical dependency~~)) substance use disorder, mental  
35 health, and/or co-occurring disorder treatment receive an appropriate  
36 continuum of culturally relevant care and treatment, including  
37 prevention and early intervention, self-directed care, parent-  
38 directed care, and residential treatment. To facilitate the continuum  
39 of care and treatment to minors in out-of-home placements, all

2 shall jointly plan and deliver these services. It is also the purpose  
3 of the disposition alternative to protect the rights of minors  
4 against needless hospitalization and deprivations of liberty and to  
5 enable treatment decisions to be made in response to clinical needs  
6 and in accordance with sound professional judgment. The mental  
7 health, substance abuse, and co-occurring disorder treatment  
8 providers shall, to the extent possible, offer services that involve  
9 minors' parents, guardians, and family.

13 disposition of local sanctions or 15 to 36 weeks of confinement and  
14 has not committed an A- or B+ offense, other than a first time B+  
15 offense under chapter 69.50 RCW. The court, on its own motion or the  
16 motion of the state or the respondent if the evidence shows that the  
17 offender may be chemically dependent, substance abusing, or has  
18 significant mental health or co-occurring disorders may order an  
19 examination by a (~~chemical dependency~~) substance use disorder  
20 counselor from a (~~chemical dependency~~) substance use disorder  
21 treatment facility approved under chapter 70.96A RCW or a mental  
22 health professional as defined in chapter 71.34 RCW to determine if  
23 the youth is chemically dependent, substance abusing, or suffers from  
24 significant mental health or co-occurring disorders. The offender  
25 shall pay the cost of any examination ordered under this subsection  
26 unless the court finds that the offender is indigent and no third  
27 party insurance coverage is available, in which case the state shall  
28 pay the cost.

29 (3) The report of the examination shall include at a minimum the  
30 following: The respondent's version of the facts and the official  
31 version of the facts, the respondent's offense history, an assessment  
32 of drug-alcohol problems, mental health diagnoses, previous treatment  
33 attempts, the respondent's social, educational, and employment  
34 situation, and other evaluation measures used. The report shall set  
35 forth the sources of the examiner's information.

36 (4) The examiner shall assess and report regarding the  
37 respondent's relative risk to the community. A proposed treatment  
38 plan shall be provided and shall include, at a minimum:

- 39 (a) Whether inpatient and/or outpatient treatment is recommended;  
40 (b) Availability of appropriate treatment;

1 (c) Monitoring plans, including any requirements regarding living  
2 conditions, lifestyle requirements, and monitoring by family members,  
3 legal guardians, or others;

4 (d) Anticipated length of treatment; and

5 (e) Recommended crime-related prohibitions.

6 (5) The court on its own motion may order, or on a motion by the  
7 state or the respondent shall order, a second examination. The  
8 evaluator shall be selected by the party making the motion. The  
9 requesting party shall pay the cost of any examination ordered under  
10 this subsection unless the requesting party is the offender and the  
11 court finds that the offender is indigent and no third party  
12 insurance coverage is available, in which case the state shall pay  
13 the cost.

14 (6) (a) After receipt of reports of the examination, the court  
15 shall then consider whether the offender and the community will  
16 benefit from use of this disposition alternative and consider the  
17 victim's opinion whether the offender should receive a treatment  
18 disposition under this section.

19 (b) If the court determines that this disposition alternative is  
20 appropriate, then the court shall impose the standard range for the  
21 offense, or if the court concludes, and enters reasons for its  
22 conclusion, that such disposition would effectuate a manifest  
23 injustice, the court shall impose a disposition above the standard  
24 range as indicated in option D of RCW 13.40.0357 if the disposition  
25 is an increase from the standard range and the confinement of the  
26 offender does not exceed a maximum of fifty-two weeks, suspend  
27 execution of the disposition, and place the offender on community  
28 supervision for up to one year. As a condition of the suspended  
29 disposition, the court shall require the offender to undergo  
30 available outpatient drug/alcohol, mental health, or co-occurring  
31 disorder treatment and/or inpatient mental health or drug/alcohol  
32 treatment. The court shall only order inpatient treatment under this  
33 section if a funded bed is available. If the inpatient treatment is  
34 longer than ninety days, the court shall hold a review hearing every  
35 thirty days beyond the initial ninety days. The respondent may appear  
36 telephonically at these review hearings if in compliance with  
37 treatment. As a condition of the suspended disposition, the court may  
38 impose conditions of community supervision and other sanctions,  
39 including up to thirty days of confinement, one hundred fifty hours

1 of community restitution, and payment of legal financial obligations  
2 and restitution.

3 (7) The mental health/co-occurring disorder/drug/alcohol  
4 treatment provider shall submit monthly reports on the respondent's  
5 progress in treatment to the court and the parties. The reports shall  
6 reference the treatment plan and include at a minimum the following:  
7 Dates of attendance, respondent's compliance with requirements,  
8 treatment activities, the respondent's relative progress in  
9 treatment, and any other material specified by the court at the time  
10 of the disposition.

11 At the time of the disposition, the court may set treatment  
12 review hearings as the court considers appropriate.

13 If the offender violates any condition of the disposition or the  
14 court finds that the respondent is failing to make satisfactory  
15 progress in treatment, the court may impose sanctions pursuant to RCW  
16 13.40.200 or revoke the suspension and order execution of the  
17 disposition. The court shall give credit for any confinement time  
18 previously served if that confinement was for the offense for which  
19 the suspension is being revoked.

20 (8) For purposes of this section, "victim" means any person who  
21 has sustained emotional, psychological, physical, or financial injury  
22 to person or property as a direct result of the offense charged.  
23 "Victim" may also include a known parent or guardian of a victim who  
24 is a minor child or is not a minor child but is incapacitated,  
25 incompetent, disabled, or deceased.

26 (9) Whenever a juvenile offender is entitled to credit for time  
27 spent in detention prior to a dispositional order, the dispositional  
28 order shall specifically state the number of days of credit for time  
29 served.

30 (10) In no case shall the term of confinement imposed by the  
31 court at disposition exceed that to which an adult could be subjected  
32 for the same offense.

33 (11) A disposition under this section is not appealable under RCW  
34 13.40.230.

35 (12) Subject to funds appropriated for this specific purpose, the  
36 costs incurred by the juvenile courts for the mental health,  
37 (~~chemical dependency~~) substance use disorder, and/or co-occurring  
38 disorder evaluations, treatment, and costs of supervision required  
39 under this section shall be paid by the (~~department~~) health care  
40 authority.

1       **Sec. 5008.** RCW 36.28A.440 and 2018 c 142 s 1 are each amended to  
2 read as follows:

3       (1) Subject to the availability of amounts appropriated for this  
4 specific purpose, the Washington association of sheriffs and police  
5 chiefs shall develop and implement a mental health field response  
6 grant program. The purpose of the program is to assist local law  
7 enforcement agencies to establish and expand mental health field  
8 response capabilities, utilizing mental health professionals to  
9 professionally, humanely, and safely respond to crises involving  
10 persons with behavioral health issues with treatment, diversion, and  
11 reduced incarceration time as primary goals. A portion of the grant  
12 funds may also be used to develop data management capability to  
13 support the program.

14       (2) Grants must be awarded to local law enforcement agencies  
15 based on locally developed proposals to incorporate mental health  
16 professionals into the agencies' mental health field response  
17 planning and response. Two or more agencies may submit a joint grant  
18 proposal to develop their mental health field response proposals.  
19 Proposals must provide a plan for improving mental health field  
20 response and diversion from incarceration through modifying or  
21 expanding law enforcement practices in partnership with mental health  
22 professionals. A peer review panel appointed by the Washington  
23 association of sheriffs and police chiefs in consultation with  
24 (~~integrated~~) managed care organizations and behavioral health  
25 administrative services organizations must review the grant  
26 applications. Once the Washington association of sheriffs and police  
27 chiefs certifies that the application satisfies the proposal  
28 criteria, the grant funds will be distributed. To the extent  
29 possible, at least one grant recipient agency should be from the east  
30 side of the state and one from the west side of the state with the  
31 crest of the Cascades being the dividing line. The Washington  
32 association of sheriffs and police chiefs shall make every effort to  
33 fund at least eight grants per fiscal year with funding provided for  
34 this purpose from all allowable sources under this section. The  
35 Washington association of sheriffs and police chiefs may prioritize  
36 grant applications that include local matching funds. Grant  
37 recipients must be selected and receiving funds no later than October  
38 1, 2018.

39       (3) Grant recipients must include at least one mental health  
40 professional who will perform professional services under the plan. A

1 mental health professional may assist patrolling officers in the  
2 field or in an on-call capacity, provide preventive, follow-up,  
3 training on mental health field response best practices, or other  
4 services at the direction of the local law enforcement agency.  
5 Nothing in this subsection (3) limits the mental health  
6 professional's participation to field patrol. Grant recipients are  
7 encouraged to coordinate with local public safety answering points to  
8 maximize the goals of the program.

9 (4) Within existing resources, the Washington association of  
10 sheriffs and police chiefs shall:

11 (a) Consult with the department of social and health services  
12 research and data analysis unit to establish data collection and  
13 reporting guidelines for grant recipients. The data will be used to  
14 study and evaluate whether the use of mental health field response  
15 programs improves outcomes of interactions with persons experiencing  
16 behavioral health crises, including reducing rates of violence and  
17 harm, reduced arrests, and jail or emergency room usage;

18 (b) Consult with the (~~department of social and health services~~  
19 ~~behavioral health administration~~) health care authority, the  
20 department of health, and the managed care system to develop  
21 requirements for participating mental health professionals; and

22 (c) Coordinate with public safety answering points, behavioral  
23 health, and the department of social and health services to develop  
24 and incorporate telephone triage criteria or dispatch protocols to  
25 assist with mental health, law enforcement, and emergency medical  
26 responses involving mental health situations.

27 (5) The Washington association of sheriffs and police chiefs  
28 shall submit an annual report to the governor and appropriate  
29 committees of the legislature on the program. The report must include  
30 information on grant recipients, use of funds, participation of  
31 mental health professionals, and feedback from the grant recipients  
32 by December 1st of each year the program is funded.

33 (6) Grant recipients shall develop and provide or arrange for  
34 training necessary for mental health professionals to operate  
35 successfully and competently in partnership with law enforcement  
36 agencies. The training must provide the professionals with a working  
37 knowledge of law enforcement procedures and tools sufficient to  
38 provide for the safety of the professionals, partnered law  
39 enforcement officers, and members of the public.

1 (7) Nothing in this section prohibits the Washington association  
2 of sheriffs and police chiefs from soliciting or accepting private  
3 funds to support the program created in this section.

11 prevention, treatment, and reintegration into society. The  
12 participants in the collaborative arrangement may develop a strategic  
13 plan within sixty days after May 17, 1993, to address the management  
14 of offenders with mental illness within the correctional system,  
15 facilitating their reentry into the community and the mental health  
16 system, and preventing the inappropriate incarceration of individuals  
17 with mental illness. The collaborative arrangement may also specify  
18 the establishment and maintenance of a corrections mental health

20 arrangement shall require that an advisory panel of key stakeholders  
21 be established and consulted throughout the development and

23 include a broad array of interest groups drawn from representatives  
24 of mental health, criminal justice, and correctional systems. The

10 developing the skills, knowledge, and understanding of how to work  
11 with offenders with special chronic mental health challenges;

15 between the University of Washington, other groups committed to the  
16 intent of this section, and the department of corrections;

29 within this center in terms of their effective and efficient  
30 achievement of improved mental health of inmates, development and  
31 utilization of personnel, the impact of these approaches on the  
32 functioning of correctional institutions, and the relationship of the  
33 corrections system to mental health and criminal justice systems.  
34 Specific attention should be paid to evaluating the effects of  
35 programs on the reintegration of offenders with mental illness into  
36 the community and the prevention of inappropriate incarceration of  
37 persons with mental illness.

38 (2) The corrections mental health center may conduct research,

18 jurisdiction permits.

19 (3) The department shall prepare a report of the center's  
20 progress toward the attainment of stated goals and provide the report  
21 to the legislature annually.

22 **Sec. 5025.** RCW 72.09.370 and 2018 c 201 s 9012 are each amended  
23 to read as follows:

24 (1) The offender reentry community safety program is established  
25 to provide intensive services to offenders identified under this  
26 subsection and to thereby promote public safety. The secretary shall  
27 identify offenders in confinement or partial confinement who: (a) Are  
28 reasonably believed to be dangerous to themselves or others; and (b)  
29 have a mental disorder. In determining an offender's dangerousness,  
30 the secretary shall consider behavior known to the department and  
31 factors, based on research, that are linked to an increased risk for  
32 dangerousness of offenders with mental illnesses and shall include  
33 consideration of an offender's (~~chemical dependency~~) substance use  
34 disorder or abuse.

35 (2) Prior to release of an offender identified under this  
36 section, a team consisting of representatives of the department of  
37 corrections, the health care authority, and, as necessary, the  
38 indeterminate sentence review board, divisions or administrations  
39 within the department of social and health services, specifically

6 team, for delivery of treatment and support services to the offender  
7 upon release. In developing the plan, the offender shall be offered  
8 assistance in executing a mental health directive under chapter 71.32  
9 RCW, after being fully informed of the benefits, scope, and purposes  
10 of such directive. The team may include a school district  
11 representative for offenders under the age of twenty-one. The team  
12 shall consult with the offender's counsel, if any, and, as  
13 appropriate, the offender's family and community. The team shall  
14 notify the crime victim/witness program, which shall provide notice  
15 to all people registered to receive notice under RCW 72.09.712 of the

17 other interested people notified by the department may provide  
18 information and comments to the department on potential safety risk  
19 to specific individuals or classes of individuals posed by the  
20 specific offender. The team may recommend: (a) That the offender be

28 recommended, the supporting documentation shall be immediately  
29 forwarded to the appropriate designated crisis responder. The  
30 supporting documentation shall include the offender's criminal  
31 history, history of judicially required or administratively ordered  
32 involuntary antipsychotic medication while in confinement, and any  
33 known history of involuntary civil commitment.

35 recommended by the team, such evaluation shall occur not more than  
36 ten days, nor less than five days, prior to release.

37 (5) A second evaluation by a designated crisis responder shall  
38 occur on the day of release if requested by the team, based upon new  
39 information or a change in the offender's mental condition, and the

1 initial evaluation did not result in an emergency detention or a  
2 summons under chapter 71.05 RCW.

3 (6) If the designated crisis responder determines an emergency  
4 detention under chapter 71.05 RCW is necessary, the department shall  
5 release the offender only to a state hospital or to a consenting  
6 evaluation and treatment facility. The department shall arrange  
7 transportation of the offender to the hospital or facility.

8 (7) If the designated crisis responder believes that a less  
9 restrictive alternative treatment is appropriate, he or she shall  
10 seek a summons, pursuant to the provisions of chapter 71.05 RCW, to  
11 require the offender to appear at an evaluation and treatment  
12 facility. If a summons is issued, the offender shall remain within  
13 the corrections facility until completion of his or her term of  
14 confinement and be transported, by corrections personnel on the day  
15 of completion, directly to the identified evaluation and treatment  
16 facility.

17 (8) The secretary shall adopt rules to implement this section.

18 **Sec. 5026.** RCW 72.09.381 and 2018 c 201 s 9014 are each amended  
19 to read as follows:

20 The secretary of the department of corrections and the director  
21 of the health care authority shall, in consultation with the  
22 behavioral health administrative services organizations, managed care  
23 organizations contracted with the health care authority, and provider  
24 representatives, each adopt rules as necessary to implement chapter  
25 214, Laws of 1999.

26 **Sec. 5027.** RCW 72.10.060 and 2014 c 225 s 97 are each amended to  
27 read as follows:

28 The secretary shall, for any person committed to a state  
29 correctional facility after July 1, 1998, inquire at the time of  
30 commitment whether the person had received outpatient mental health  
31 treatment within the two years preceding confinement and the name of  
32 the person providing the treatment.

33 The secretary shall inquire of the treatment provider if he or  
34 she wishes to be notified of the release of the person from  
35 confinement, for purposes of offering treatment upon the inmate's  
36 release. If the treatment provider wishes to be notified of the  
37 inmate's release, the secretary shall attempt to provide such notice  
38 at least seven days prior to release.

1 At the time of an inmate's release if the secretary is unable to  
2 locate the treatment provider, the secretary shall notify the health  
3 care authority and the behavioral health administrative services  
4 organization in the county the inmate will most likely reside  
5 following release.

6 If the secretary has, prior to the release from the facility,  
7 evaluated the inmate and determined he or she requires postrelease  
8 mental health treatment, a copy of relevant records and reports  
9 relating to the inmate's mental health treatment or status shall be  
10 promptly made available to the offender's present or future treatment  
11 provider. The secretary shall determine which records and reports are  
12 relevant and may provide a summary in lieu of copies of the records.

13 **Sec. 5028.** RCW 72.23.025 and 2014 c 225 s 98 are each amended to  
14 read as follows:

15 (1) It is the intent of the legislature to improve the quality of  
16 service at state hospitals, eliminate overcrowding, and more  
17 specifically define the role of the state hospitals. The legislature  
18 intends that eastern and western state hospitals shall become  
19 clinical centers for handling the most complicated long-term care  
20 needs of patients with a primary diagnosis of mental disorder. To  
21 this end, the legislature intends that funds appropriated for mental  
22 health programs, including funds for behavioral health administrative  
23 services organizations, managed care organizations contracted with  
24 the health care authority, and the state hospitals, be used for  
25 persons with primary diagnosis of mental disorder. The legislature  
26 finds that establishment of institutes for the study and treatment of  
27 mental disorders at both eastern state hospital and western state  
28 hospital will be instrumental in implementing the legislative intent.

29 (2) (a) There is established at eastern state hospital and western  
30 state hospital, institutes for the study and treatment of mental  
31 disorders. The institutes shall be operated by joint operating  
32 agreements between state colleges and universities and the department  
33 of social and health services. The institutes are intended to conduct  
34 training, research, and clinical program development activities that  
35 will directly benefit persons with mental illness who are receiving  
36 treatment in Washington state by performing the following activities:

37 (i) Promote recruitment and retention of highly qualified  
38 professionals at the state hospitals and community mental health  
39 programs;

1 (ii) Improve clinical care by exploring new, innovative, and  
2 scientifically based treatment models for persons presenting  
3 particularly difficult and complicated clinical syndromes;

4 (iii) Provide expanded training opportunities for existing staff  
5 at the state hospitals and community mental health programs;

6 (iv) Promote bilateral understanding of treatment orientation,  
7 possibilities, and challenges between state hospital professionals  
8 and community mental health professionals.

9 (b) To accomplish these purposes the institutes may, within funds  
10 appropriated for this purpose:

11 (i) Enter joint operating agreements with state universities or  
12 other institutions of higher education to accomplish the placement  
13 and training of students and faculty in psychiatry, psychology,  
14 social work, occupational therapy, nursing, and other relevant  
15 professions at the state hospitals and community mental health  
16 programs;

17 (ii) Design and implement clinical research projects to improve  
18 the quality and effectiveness of state hospital services and  
19 operations;

20 (iii) Enter into agreements with community mental health service  
21 providers to accomplish the exchange of professional staff between  
22 the state hospitals and community mental health service providers;

23 (iv) Establish a student loan forgiveness and conditional  
24 scholarship program to retain qualified professionals at the state  
25 hospitals and community mental health providers when the secretary  
26 has determined a shortage of such professionals exists.

27 (c) Notwithstanding any other provisions of law to the contrary,  
28 the institutes may enter into agreements with the department or the  
29 state hospitals which may involve changes in staffing necessary to  
30 implement improved patient care programs contemplated by this  
31 section.

32 (d) The institutes are authorized to seek and accept public or  
33 private gifts, grants, contracts, or donations to accomplish their  
34 purposes under this section.

35 **Sec. 5029.** RCW 74.09.758 and 2014 c 223 s 7 are each amended to  
36 read as follows:

37 (1) The authority and the department may restructure medicaid  
38 procurement of health care services and agreements with managed care  
39 systems on a phased basis to better support integrated physical

1 health, mental health, and (~~chemical dependency~~) substance use  
2 disorder treatment, consistent with assumptions in Second Substitute  
3 Senate Bill No. 6312, Laws of 2014, and recommendations provided by  
4 the behavioral health task force. The authority and the department  
5 may develop and utilize innovative mechanisms to promote and sustain  
6 integrated clinical models of physical and behavioral health care.

7 (2) The authority and the department may incorporate the  
8 following principles into future medicaid procurement efforts aimed  
9 at integrating the delivery of physical and behavioral health  
10 services:

11 (a) Medicaid purchasing must support delivery of integrated,  
12 person-centered care that addresses the spectrum of individuals'  
13 health needs in the context of the communities in which they live and  
14 with the availability of care continuity as their health needs  
15 change;

16 (b) Accountability for the client outcomes established in RCW  
17 43.20A.895 (as recodified by this act) and 71.36.025 and performance  
18 measures linked to those outcomes;

19 (c) Medicaid benefit design must recognize that adequate  
20 preventive care, crisis intervention, and support services promote a  
21 recovery-focused approach;

22 (d) Evidence-based care interventions and continuous quality  
23 improvement must be enforced through contract specifications and  
24 performance measures that provide meaningful integration at the  
25 patient care level with broadly distributed accountability for  
26 results;

27 (e) Active purchasing and oversight of medicaid managed care  
28 contracts is a state responsibility;

29 (f) A deliberate and flexible system change plan with identified  
30 benchmarks to promote system stability, provide continuity of  
31 treatment for patients, and protect essential existing behavioral  
32 health system infrastructure and capacity; and

33 (g) Community and organizational readiness are key determinants  
34 of implementation timing; a phased approach is therefore desirable.

35 (3) The principles identified in subsection (2) of this section  
36 are not intended to create an individual entitlement to services.

37 (4) The authority shall increase the use of value-based  
38 contracting, alternative quality contracting, and other payment  
39 incentives that promote quality, efficiency, cost savings, and health  
40 improvement, for medicaid and public employee purchasing. The

1 authority shall also implement additional chronic disease management  
2 techniques that reduce the subsequent need for hospitalization or  
3 readmissions. It is the intent of the legislature that the reforms  
4 the authority implements under this subsection are anticipated to  
5 reduce extraneous medical costs, across all medical programs, when  
6 fully phased in by fiscal year 2017 to generate budget savings  
7 identified in the omnibus appropriations act.

8 **Sec. 5030.** RCW 74.34.020 and 2018 c 201 s 9016 are each amended
