19 NEW SECTION. Sec. 3. A new section is added to chapter 48.30
20 RCW to read as follows:

21 (1) An insurer must describe the parameters of any implementation
22 credits provided to a policyholder, along with the process that the
23 policyholder must follow to document an expense in order for it to be
24 paid, in the group insurance policy. Insurers must include this
25 description in the group insurance policy and the insurer must file
26 the policy with the commissioner. The documentation of specific
27 expenses that are actually incurred is a separate, additional
28 requirement that is described in subsection (2) of this section. An
29 implementation credit is part of the premium for the purposes of RCW
30 48.14.020 and 48.14.0201, and must be included in the rate schedule
31 for the policy.

32 (2) The documentation of specific expenses required in this
33 section applies only to expenses that are actually incurred. Expenses
34 may not exceed the parameters included in the policy and filed with
35 the commissioner, as required in subsection (1) of this section. The
36 expenses must be reasonable given current industry practice and
37 prevailing market rates for such expenses. RCW 48.05.280 applies to
38 all documentation required under this section. The commissioner must

1 develop a form that insurers must use in order to comply with this
2 documentation requirement.

3 (3) The dollar amount of implementation credits offered to a
4 policyholder must be based on the size of the group plan being
5 implemented, as described in this subsection:

6 (a) The policyholder for a group covering more than fifty
7 thousand covered lives may be offered implementation credits of up to
8 five million dollars.

9 (b) The policyholder for a group covering one thousand to forty-
10 nine thousand nine hundred ninety-nine covered lives may be offered
11 implementation credits of up to one million dollars.

12 (c) The policyholder for a group covering fifty-one to one
13 thousand covered lives may be offered implementation credits of up to
14 five hundred thousand dollars.

15 (d) The policyholder for a group covering fifty or fewer covered
16 lives may be offered implementation credits of up to fifty thousand
17 dollars.

18 (4) An implementation credit does not need to be actuarially
19 justified. However, the premium rate filing must include a
20 certification by a member of the American academy of actuaries, or
21 other person approved by the commissioner, that the implementation
22 credit is considered in the premium development and the benefits
23 provided are reasonable in relation to the premium charged for the
24 contract.

25 (5) An insurer that offers implementation credits must offer them
26 to all group policyholders that are similarly situated with regard to
27 risk, exposure factors, and expense elements. Implementation credits
28 offered in compliance with this subsection (5) must not be considered
29 unfair discrimination under RCW 48.18.480.

30 (6) The commissioner may adopt rules to implement this section.

31 (7) The definitions in this subsection apply throughout this
32 section unless the context clearly requires otherwise.

33 (a) "Documented expenses" means expenses actually incurred by the
34 group policyholder and invoiced to the insurer that are documented in
35 compliance with the requirements in subsection (2) of this section.

36 (b) "Implementation credit" means a payment by an insurer after
37 an executed contract is in place to offset documented expenses
38 incurred by a group policyholder in changing coverages from one
39 insurer to another. Some examples of expenses that may be documented
40 and reimbursed include but are not limited to:

- 1 (i) Transfer of historical experience data provided by the
2 previous insurer to the new insurer;
- 3 (ii) Implementation project expenses, including project
4 management and staffing expenses for complex implementations
5 involving coordination with multiple systems, insurers, and entities;
- 6 (iii) Costs required for existing insurers and entities involved
7 in plan management to program and establish secure data sharing
8 systems and compliance processes with a new insurer;
- 9 (iv) Design, creation, printing, and mailing of member
10 communications related to implementation or new insurer plans,
11 services, or goods; and
- 12 (v) Providing new identification cards to group members.

13 NEW SECTION. **Sec. 4.** A new section is added to chapter 48.30
14 RCW to read as follows:

15 (1) For purposes of this section, "performance standard" or
16 "performance guarantee" means a contractual provision in an insurance
17 contract that establishes a specific standard for the insurer's
18 performance of an obligation in the contract, and under which the
19 insurer is required to remit a penalty payment, based on a percentage
20 of the premium or a set dollar amount, to the policyholder for the
21 next policy term if the insurer fails to comply with the standard.
22 Policyholders and insurers may calculate the amount of penalty based
23 on a percentage of the overall premium owed to the insurer by the
24 policyholder.

25 (2) Remittance of payment to the policyholder in compliance with
26 this section does not constitute a premium under RCW 48.18.170 and
27 48.43.005. Nothing in this section prevents the health care authority
28 from including performance standards in contracts.

29 (3) If an insurance contract includes any performance standards,
30 the insurer must describe the performance standards in the insurance
31 contract and file the contract with the commissioner.

32 (4) Remittance of a premium or a credit to the policyholder in
33 compliance with this section must not be considered a return premium
34 for purposes of RCW 48.14.020 and 48.14.0201.

35 (5) The commissioner may adopt rules to implement this section.

36 NEW SECTION. **Sec. 5.** This act takes effect July 1, 2020.
