

HB 1428-S.E - DIGEST

(AS OF HOUSE 2ND READING 2/14/19)

Recognizes that: (1) The generation, transmission, and delivery of electricity occurs through a complex network of interconnected facilities and contractual arrangements; and

(2) The required disclosures in this act reflect the characteristics of electricity products offered by retail suppliers to customers.

Allows a retail supplier to communicate to its customers, owners, taxpayers, or the general public information regarding its investment in or ownership of renewable or nonrenewable generating facilities, its production of electricity, and its wholesale market activities, if the information is provided separately from the electricity product content label.
