

HB 1607 - DIGEST

Requires a party to a transaction that results in a material change, to submit written notice to the attorney general of the material change, not less than thirty days before the effective date of the transaction.

Defines a material change as a merger, acquisition, or contracting affiliation between two or more hospitals, hospital systems, or provider organizations.

Requires the attorney general to make requests for additional information from the parties within thirty days of the date notice is received.
