SB 5631 - DIGEST

     Requires the department of revenue to: (1) Make publicly available an online searchable database of all taxes and tax rates in the state for each taxing district; and
     (2) Provide tax rate calculators on the searchable database to allow taxpayers to calculate their potential taxes.
     Requires taxing districts to report tax rates to the department and changes to their tax rates within thirty days of an enactment of a different rate.
