

SHB 1156 - H AMD 237

By Representative Volz

1 On page 2, beginning on line 26, after "auditor" strike all
2 material through "number" on line 28 and insert "may not assign that
3 vote ranking to any candidate and may not assign a vote for any
4 subsequent number ranking for that office. No county official may
5 alter the rankings on a voter's ballot"

EFFECT: Removes the provision that requires an auditor to assign votes as if a voter has not skipped a number in the ranking, and instead provides that ballot rankings stop being counted at the point that a number is skipped or an invalid candidate is ranked.
