EFFECT: (1) Restores current law by removing the proposed
elimination of a food-related requirement associated with wine and
beer sampling, so that wineries and microbreweries offering limited
wine or beer samples to customers at a farmers market must continue
to have food available for customers or be adjacent to a vendor
offering prepared food.

(2) Specifies that any temporary authorization or relaxation of
statutory requirements related to food requirements associated with
wine and beer sampling at farmers markets expires at the end of the
governor's proclamation of emergency related to COVID-19.
