

SHB 1668 - H AMD 1096

By Representative MacEwen

1 On page 15, line 18, after "(1)" insert "(a) Cannabinoids derived
2 from the plant Cannabis through approved methods identified in (b) of
3 this subsection (1), may be added to cannabis products sold by
4 licensed marijuana producers, processors, and retailers.

5 (b) Approved methods include but are not limited to extraction,
6 distillation, water, time, pressure, oxygen, UV light, chromatography,
7 food grade ingredients, and accelerated natural degradation.

8 (2)"

9
10 Renumber the remaining subsections consecutively and correct any
11 internal references accordingly.

EFFECT: Authorizes cannabinoids derived from the plant
Cannabis through approved methods to be added to cannabis products
sold by licensed cannabis producers, processors, and retailers.
Specifies that approved methods include but are not limited to
extraction, distillation, water, time, pressure, oxygen, UV light,
chromatography, food grade ingredients, and accelerated natural
degradation.
