

HB 1767 - H AMD 933

By Representative Dye

1 On page 3, after line 38, insert the following:

2 "(8) A municipal utility may not utilize, as a source of energy
3 for the additional electrification provided pursuant to a beneficial
4 electrification plan, any electric power generated from hydroelectric
5 sources that do not have fish passage facilities that allow
6 anadromous fish to pass upstream to the upper reaches of the
7 watershed."

8 On page 6, after line 7, insert the following:

9 "(8) A public utility district may not utilize, as a source of
10 energy for the additional electrification provided pursuant to a
11 beneficial electrification plan, any electric power generated from
12 hydroelectric sources that do not have fish passage facilities that
13 allow anadromous fish to pass upstream to the upper reaches of the
14 watershed."

EFFECT: Prohibits publicly owned utilities from using, as a source of power for implementing the beneficial electrification plan, any electric power generated from hydroelectric sources that do not have fish passage facilities that allow anadromous fish to pass upstream to the upper reaches of the watershed.
