6 development regulations that have a demonstrated ability to reduce  
7 greenhouse gas emissions in order to achieve the statewide greenhouse  
8 gas emissions reductions set forth in RCW 70A.45.020(1), allowing for  
9 consideration of the emissions reductions achieved through the  
10 adoption of statewide programs. The guidelines must prioritize  
11 reductions in communities that have experienced disproportionate harm  
12 due to air pollution and may draw upon the most recent health  
13 disparities data from the department of health to identify high

29 multiple-county planning regions for developing and implementing  
30 climate change and resiliency plans and policies subject to the  
31 following provisions:

32 (i) The model element should provide guidance on identifying,  
33 designing, and investing in infrastructure that supports community  
34 resilience to climate impacts, including the protection, restoration,  
35 and enhancement of natural infrastructure as well as traditional  
36 infrastructure and protecting natural areas resilient to climate  
37 impacts, as well as areas of vital habitat for safe passage and  
38 species migration;

39 (ii) The model element should provide guidance on identifying and  
40 addressing natural hazards created or aggravated by climate change,

1 including sea level rise, landslides, flooding, drought, heat, smoke,  
2 wildfires, and other effects of reasonably anticipated changes to  
3 temperature and precipitation patterns;

4 (iii) The model element must recognize and promote as many  
5 cobenefits of climate resilience as possible, such as salmon  
6 recovery, ecosystem services, and supporting treaty rights; and

7 (iv) The model element must prioritize actions in communities  
8 that will disproportionately suffer from compounding environmental  
9 impacts and will be most impacted by natural hazards due to climate  
10 change and may draw upon the most recent health disparities data from  
11 the department of health to identify disproportionately burdened  
12 communities.

13 (d) If the department publishes any subsequent updates to the  
14 guidelines published pursuant to (a) or (b) of this subsection, the  
15 department shall include in any such update a determination of  
16 whether adequate progress has been made toward the statewide  
17 greenhouse gas and per capita vehicle miles traveled reduction goals.  
18 If adequate progress is not being made, the department must identify  
19 in any updates to the guidelines what additional measures cities and  
20 counties may take in order to make further progress.

21 (e) The department, in the course of implementing this  
22 subsection, shall provide and prioritize options that support housing  
23 diversity and that assist counties and cities in meeting greenhouse  
24 gas emissions reduction and other requirements established under  
25 chapter 70A.45 RCW.

4 program in the form of grants to current grantees of the low-income  
5 home energy assistance program. To be eligible for assistance under  
6 the program, a household must have an income at or below 80 percent  
7 of the area median income and must have a missed or partially paid

12 year 2023 is provided solely for a study on the potential of  
13 agrivoltaics in Washington state. This study will explore and  
14 identify the dual use of land for both agriculture and solar energy  
15 production. The department, in consultation with the department of  
16 agriculture, department of natural resources, department of fish and  
17 wildlife, department of ecology, conservation commission, and other

14 must be based on a formula, determined by the department, to ensure  
15 that grants are distributed equitably among cities and counties.  
16 Grants will be used primarily to fund the review and update  
17 requirements for counties and cities required by RCW 36.70A.130.  
18 Funding provided on this formula basis shall cover additional county  
19 and city costs, if applicable, to implement chapter 254, Laws of 2021

3 (a) The grant program must include:

4 (i) A program to provide grants as specified in (b) of this  
5 subsection to retire vehicles under 10,000 pounds and replace them  
6 with hybrid, plug-in hybrid, battery, or hydrogen fuel cell electric  
7 vehicles, or with a prepaid card to use for public transit and to  
8 purchase e-bicycles;

9 (ii) A program to provide grants for the installation of electric  
10 vehicle infrastructure where it is needed to support electric vehicle  
11 adoption in a community selected for inclusion in the program as  
12 specified in (d) of this subsection; and

13 (iii) Funding for the department of transportation's zero-  
14 emissions access pilot program to provide clean alternative fuel  
15 vehicle use opportunities to underserved communities and low and  
16 moderate-income members of the workforce not readily served by  
17 transit or located in transportation corridors with emissions that  
18 exceed federal or state emissions standards established in chapter  
19 287, Laws of 2019 (Engrossed Second Substitute House Bill No. 2042)  
20 as specified in (d) of this subsection.

21 (b) To qualify for the clean alternative fuel vehicle grant  
22 program established under (a)(i) of this subsection, a person must  
23 live in an overburdened community, as defined in RCW 70A.02.010,  
24 selected for participation in accordance with (c) of this subsection;

26 at greatest need of this assistance in accordance with (c) of this  
27 subsection; and have a vehicle titled under his or her name under  
28 chapter 46.12 RCW that is model year 2005 or older, operational, and  
29 under 10,000 pounds. A person may only receive a grant under this  
30 program for one vehicle.

31 (c) The department shall work with the department of health and  
32 the department of ecology:

33 (i) To develop metrics to select the overburdened communities,  
34 using the environmental health disparities map developed under RCW  
35 43.70.815 and other applicable tools, and prioritizing communities  
36 with the greatest health disparities, lower incomes, and communities  
37 of color, that are most likely to receive the greatest health  
38 benefits from this program through a reduction in greenhouse gas  
39 emissions and other pollutants that will result in improved

1 groundwater and stormwater quality, improved air quality, and  
2 reductions in noise pollution;

3 (ii) To select appropriate income brackets for program  
4 participants that are in greatest need of this assistance in order to  
5 reduce the carbon emissions and other environmental impacts of their  
6 current mode of transportation in the overburdened community in which  
7 they live; and

8 (iii) To select grant amounts for vehicle retirement that  
9 consider:

10 (A) The estimated health benefits to overburdened communities  
11 likely to result from adoption of the lower emission mode of  
12 transportation;

13 (B) The incremental additional cost of a reasonable replacement  
14 vehicle if that vehicle were an internal combustion engine rather  
15 than a hybrid or electric vehicle. The cost of an at-home charger may  
16 also be considered in this determination; and

17 (C) Any other applicable factors that promote state climate and  
18 equity goals.

19 (d) The department shall work with the department of  
20 transportation to determine where the installation of electric  
21 vehicle infrastructure is needed to support electric vehicle adoption  
22 in an overburdened community selected for inclusion in the program  
23 and the appropriate criteria for awarding grants under (a)(ii) of  
24 this subsection to maximize program participation and state climate  
25 and equity goals, selecting grant partners for the installation and  
26 maintenance of publicly available electric vehicle infrastructure. In  
27 support of this effort and pursuant to an interagency agreement, the  
28 department shall provide funding to the department of transportation  
29 from amounts provided in this subsection to leverage the department  
30 of transportation's zero-emissions access pilot program in a manner  
31 that supports the department's goals for this program.

32 (e)(i) The department shall conduct outreach with communities  
33 identified for participation in the program, partnering with local  
34 public institutions to inform program implementation and  
35 improvements. Outreach activities may include convening work groups  
36 or advisory committees as deemed appropriate by the department.

37 (ii) The department shall use the information collected through  
38 outreach under (e)(i) of this subsection to develop and deploy  
39 targeted public awareness and education campaigns to drive  
40 participation in the program.

1 (iii) The department may provide stipends to individuals who are  
2 low income or have lived experience to support their participation in  
3 work groups or advisory committees convened under (e)(i) of this  
4 subsection when such participation is desirable in order to implement  
5 the principles of equity described in RCW 43.06D.020, provided that  
6 the individuals are not otherwise compensated for their attendance at  
7 meetings. Stipends may be up to \$100 for each day during which the  
8 individual attends a meeting. The department is authorized to assess  
9 the eligibility for the stipend as limited by available financial  
10 resources.

11 (f) The department shall support planning groups within local  
12 governments to support planning for electric vehicle implementation  
13 in selected overburdened communities.

14 (g) The department shall develop quantifiable program goals and  
15 metrics to examine the program's progress in meeting them related to  
16 reductions in environmental impacts and the effect of these  
17 reductions on health disparities in the overburdened communities that  
18 participate in the program. The program metrics must be tracked and  
19 reported on at least a quarterly basis on state agency dashboards  
20 available to the public currently or developed by the department for  
21 this purpose.

1 **PART II**  
2 **HUMAN SERVICES**

3 **Sec. 201.** 2021 c 334 s 201 (uncodified) is amended to read as  
4 follows:

5 **FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

6 (1) The appropriations to the department of social and health  
7 services in this act shall be expended for the programs and in the  
8 amounts specified in this act. Appropriations made in this act to the  
9 department of social and health services shall initially be allotted  
10 as required by this act. Subsequent allotment modifications shall not  
11 include transfers of moneys between sections of this act except as  
12 expressly provided in this act, nor shall allotment modifications  
13 permit moneys that are provided solely for a specified purpose to be  
14 used for other than that purpose.

15 (2) The department of social and health services shall not  
16 initiate any services that require expenditure of state general fund  
17 moneys unless expressly authorized in this act or other law. The  
18 department may seek, receive, and spend, under RCW 43.79.260 through  
19 43.79.282, federal moneys not anticipated in this act as long as the  
20 federal funding does not require expenditure of state moneys for the  
21 program in excess of amounts anticipated in this act. If the  
22 department receives unanticipated unrestricted federal moneys, those  
23 moneys shall be spent for services authorized in this act or in any  
24 other legislation providing appropriation authority, and an equal  
25 amount of appropriated state general fund moneys shall lapse. Upon  
26 the lapsing of any moneys under this subsection, the office of  
27 financial management shall notify the legislative fiscal committees.  
28 As used in this subsection, "unrestricted federal moneys" includes  
29 block grants and other funds that federal law does not require to be  
30 spent on specifically defined projects or matched on a formula basis  
31 by state funds.

32 (3) The legislature finds that medicaid payment rates, as  
33 calculated by the department pursuant to the appropriations in this  
34 act, bear a reasonable relationship to the costs incurred by  
35 efficiently and economically operated facilities for providing  
36 quality services and will be sufficient to enlist enough providers so  
37 that care and services are available to the extent that such care and  
38 services are available to the general population in the geographic  
39 area. The legislature finds that cost reports, payment data from the

1 federal government, historical utilization, economic data, and  
2 clinical input constitute reliable data upon which to determine the  
3 payment rates.

4 (4) The department shall to the maximum extent practicable use  
5 the same system for delivery of spoken-language interpreter services  
6 for social services appointments as the one established for medical  
7 appointments in the health care authority. When contracting directly  
8 with an individual to deliver spoken language interpreter services,  
9 the department shall only contract with language access providers who  
10 are working at a location in the state and who are state-certified or  
11 state-authorized, except that when such a provider is not available,  
12 the department may use a language access provider who meets other  
13 certifications or standards deemed to meet state standards, including  
14 interpreters in other states.

15 (5) Information technology projects or investments and proposed  
16 projects or investments impacting time capture, payroll and payment  
17 processes and systems, eligibility, case management, and  
18 authorization systems within the department of social and health  
19 services are subject to technical oversight by the office of the  
20 chief information officer.

21 (6) (a) The department shall facilitate enrollment under the  
22 medicaid expansion for clients applying for or receiving state funded  
23 services from the department and its contractors. Prior to open  
24 enrollment, the department shall coordinate with the health care  
25 authority to provide referrals to the Washington health benefit  
26 exchange for clients that will be ineligible for medicaid.

27 (b) To facilitate a single point of entry across public and  
28 medical assistance programs, and to maximize the use of federal  
29 funding, the health care authority, the department of social and  
30 health services, and the health benefit exchange will coordinate  
31 efforts to expand HealthPlanfinder access to public assistance and  
32 medical eligibility staff. The department shall complete medicaid  
33 applications in the HealthPlanfinder for households receiving or  
34 applying for public assistance benefits.

35 (7) The health care authority, the health benefit exchange, the  
36 department of social and health services, the department of health,  
37 and the department of children, youth, and families shall work  
38 together within existing resources to establish the health and human  
39 services enterprise coalition (the coalition). The coalition, led by  
40 the health care authority, must be a multi-organization collaborative

1 that provides strategic direction and federal funding guidance for  
2 projects that have cross-organizational or enterprise impact,  
3 including information technology projects that affect organizations  
4 within the coalition. The office of the chief information officer  
5 shall maintain a statewide perspective when collaborating with the  
6 coalition to ensure that projects are planned for in a manner that  
7 ensures the efficient use of state resources, supports the adoption  
8 of a cohesive technology and data architecture, and maximizes federal  
9 financial participation. The work of the coalition is subject to the  
10 conditions, limitations, and review provided in section 701 of this  
11 act.

12 (8)(a) The appropriations to the department of social and health  
13 services in this act must be expended for the programs and in the  
14 amounts specified in this act. However, after May 1, 2022, unless  
15 prohibited by this act, the department may transfer general fund—  
16 state appropriations for fiscal year 2022 among programs and  
17 subprograms after approval by the director of the office of financial  
18 management. However, the department may not transfer state  
19 appropriations that are provided solely for a specified purpose  
20 except as expressly provided in (b) of this subsection.

21 (b) To the extent that transfers under (a) of this subsection are  
22 insufficient to fund actual expenditures in excess of fiscal year  
23 2022 in response to the COVID-19 pandemic or caseload forecasts and  
24 utilization assumptions in the long-term care, developmental  
25 disabilities, and public assistance programs, the department may  
26 transfer state appropriations that are provided solely for a  
27 specified purpose. The department may not transfer funds, and the  
28 director of the office of financial management may not approve the  
29 transfer, unless the transfer is consistent with the objective of  
30 conserving, to the maximum extent possible, the expenditure of state  
31 funds. The director of the office of financial management shall  
32 notify the appropriate fiscal committees of the legislature in  
33 writing seven days prior to approving any allotment modifications or  
34 transfers under this subsection. The written notification shall  
35 include a narrative explanation and justification of the changes,  
36 along with expenditures and allotments by budget unit and  
37 appropriation, both before and after any allotment modifications or  
38 transfers.

1 collaboration with the health care authority, to develop and  
2 implement a predictive modeling tool which identifies clients who are

6 (i) By the first day of each December during the biennium, the  
7 department, in coordination with the health care authority, must

12 having a high risk of future criminal justice involvement; (B) the  
13 method and frequency for which the department is providing lists of

33 as appropriate for estimating the number of beds needed to meet the  
34 demand for civil and forensic state hospital services. Factors should  
35 include identification of need for the services and analysis of the  
36 effect of community investments in behavioral health services and  
37 other types of beds that may reduce the need for long-term civil

22 This funding must be used solely to maintain increases in the number

14 ward. The department must evaluate interrater reliability of the tool  
15 within each hospital and between the two hospitals. The department

17 financial management's labor relations office, the staffing  
18 committees, and state labor unions, an overall state hospital

22 must establish, monitor, track, and report monthly staffing and

3 written approval from the director of the office of financial  
4 management. In the event the director of the office of financial  
5 management approves an increase in monthly staffing levels and  
6 expenditures beyond what is budgeted, notice must be provided to the  
7 appropriate committees of the legislature within 30 days of such  
8 approval. The notice must identify the reason for the authorization  
9 to exceed budgeted staffing levels and the time frame for the  
10 authorization. Extensions of authorizations under this subsection  
11 must also be submitted to the director of the office of financial  
12 management for written approval in advance of the expiration of an

19 rates for key clinical positions. The department must submit the  
20 state hospital performance report to the office of financial

10 adult family home is being relicensed because of exceptional  
11 circumstances, such as death or incapacity of a provider, and that to  
12 require the full payment of the licensing and processing fees would  
13 present a hardship to the applicant. In these situations the  
14 department is also granted the authority to waive the required  
15 residential administrator training for a period of 120 days if  
16 necessary to ensure continuity of care during the relicensing

35 expectation that, in most cases, staffing ratios in all community

6 including any documented safety concerns, must occur within thirty  
7 days of a client leaving one of the state psychiatric hospitals and

28 Washington state's managed care organizations to establish  
29 recommendations for clients who live in the community to access the  
30 developmental disabilities administration's facility-based  
31 professionals to receive care covered under the state plan. If  
32 feasible, these recommendations should detail how to enable facility-

17 appropriation are provided solely for case managers at the area  
18 agencies on aging to coordinate care for medicaid clients with mental  
19 illness who are living in their own homes. Work shall be accomplished  
20 within existing standards for case management and no requirements  
21 will be added or modified unless by mutual agreement between the  
22 department of social and health services and area agencies on aging.

23 (14) Appropriations provided in this section are sufficient for  
24 the department to contract with an organization to provide  
25 educational materials, legal services, and attorney training to  
26 support persons with dementia. The funding provided in this  
27 subsection must be used for:

28 (a) An advance care and legal planning toolkit for persons and  
29 families living with dementia, designed and made available online and  
30 in print. The toolkit should include educational topics including,  
31 but not limited to:

32 (i) The importance of early advance care, legal, and financial  
33 planning;

34 (ii) The purpose and application of various advance care, legal,  
35 and financial documents;

36 (iii) Dementia and capacity;

37 (iv) Long-term care financing considerations;

38 (v) Elder and vulnerable adult abuse and exploitation;

1 (vi) Checklists such as "legal tips for caregivers," "meeting

4 attorney forms and advance health care directives; and

35 will need to increase to meet the needs of clients leaving the state  
36 psychiatric hospitals. If specialized training is necessary to meet

4 including any documented safety concerns, must occur within thirty  
5 days of a client leaving one of the state psychiatric hospitals and  
6 entering one of the community placement options described in (a) of  
7 this subsection. At a minimum, the department must perform two  
8 additional evaluations of each placement during the first year that a  
9 client has lived in the facility.

27 residential service businesses is \$859 per client in fiscal year 2022  
28 and \$859 per client in fiscal year 2023. The annual certification  
29 renewal fee may not exceed the department's annual licensing and  
30 oversight activity costs.

18 authority may transfer general fund—state appropriations for fiscal  
19 year 2022 that are provided solely for a specified purpose. The  
20 authority may not transfer funds, and the director of the office of

23       The appropriations in this section are subject to the following  
24 conditions and limitations:

25       (1) The authority shall not accept or expend any federal funds  
26 received under a medicaid transformation waiver under healthier  
27 Washington except as described in subsections (2), (3), and (4) of  
28 this section until specifically approved and appropriated by the  
29 legislature. To ensure compliance with legislative directive budget  
30 requirements and terms and conditions of the waiver, the authority  
31 shall implement the waiver and reporting requirements with oversight  
32 from the office of financial management. The legislature finds that  
33 appropriate management of the innovation waiver requires better  
34 analytic capability, transparency, consistency, timeliness, accuracy,  
35 and lack of redundancy with other established measures and that the  
36 patient must be considered first and foremost in the implementation  
37 and execution of the demonstration waiver. In order to effectuate  
38 these goals, the authority shall: (a) Require the Dr. Robert Bree  
39 collaborative and the health technology assessment program to reduce

1 the administrative burden upon providers by only requiring

4 oversight will evaluate the measures chosen by the collaborative and  
5 the health technology assessment program for effectiveness and  
6 appropriateness; (b) develop a patient satisfaction survey with the  
7 goal to gather information about whether it was beneficial for the  
8 patient to use the center of excellence location in exchange for  
9 additional out-of-pocket savings; (c) ensure patients and health care  
10 providers have significant input into the implementation of the  
11 demonstration waiver, in order to ensure improved patient health  
12 outcomes; and (d) in cooperation with the department of social and  
13 health services, consult with and provide notification of work on  
14 applications for federal waivers, including details on waiver  
15 duration, financial implications, and potential future impacts on the  
16 state budget, to the joint select committee on health care oversight  
17 prior to submitting waivers for federal approval. The authority shall  
18 submit an application to the centers for medicaid and medicare  
19 services to extend the duration of the medicaid transformation waiver  
20 under healthier Washington as described in subsections (2), (3), and  
21 (4) of this section by one year. If not extended, by federal  
22 standard, the medicaid transformation demonstration waiver shall not  
23 exceed the duration originally granted by the centers for medicare  
24 and medicaid services and any programs created or funded by this  
25 waiver do not create an entitlement.

26 (2) (a) No more than (~~(\$63,052,000)~~) \$78,409,000 of the general  
27 fund—federal appropriation and no more than (~~(\$50,840,000)~~)  
28 \$66,264,000 of the general fund—local appropriation may be expended  
29 for transformation through accountable communities of health  
30 described in initiative 1 of the medicaid transformation  
31 demonstration wavier under healthier Washington, including preventing  
32 youth drug use, opioid prevention and treatment, and physical and  
33 behavioral health integration. Under this initiative, the authority  
34 shall take into account local input regarding community needs. In  
35 order to ensure transparency to the appropriate fiscal committees of  
36 the legislature, the authority shall provide fiscal staff of the  
37 legislature query ability into any database of the fiscal  
38 intermediary that authority staff would be authorized to access. The  
39 authority shall not increase general fund—state expenditures under

1 this initiative. The director shall also report to the fiscal  
2 committees of the legislature all of the expenditures under this  
3 subsection and shall provide such fiscal data in the time, manner,  
4 and form requested by the legislative fiscal committees.

6 fund—federal appropriation and no more than (~~(\$99,274,000)~~)  
7 \$81,245,000 of the general fund—private/local appropriation may be  
8 expended for the medicaid quality improvement program. Under federal  
9 regulations, the medicaid quality improvement program is authorized  
10 and allows states to design quality improvement programs for the  
11 medicaid population in ways that support the state's quality goals.  
12 Medicaid quality improvement program payments will not count against  
13 the medicaid transformation demonstration waiver spending limits and  
14 are excluded from the waiver's budget neutrality calculation. Apple  
15 health managed care organizations and their partnering providers will  
16 receive medicaid quality improvement program payments as they meet  
17 designated milestones. Partnering providers and apple health managed  
18 care organizations will work together to achieve medicaid quality  
19 improvement program goals according to the performance period  
20 timelines and reporting deadlines as set forth by the authority. The  
21 authority shall only utilize the medicaid quality improvement program  
22 to support the transformation waiver and shall not pursue its use for  
23 other purposes. Any programs created or funded by the medicaid  
24 quality improvement program does not create an entitlement. The  
25 authority shall not increase general fund—state, federal, or private/  
26 local expenditures under this program. The director shall report to  
27 the joint select committee on health care oversight not less than  
28 quarterly on financial and health outcomes. The director shall report  
29 to the fiscal committees of the legislature all of the expenditures  
30 under this subsection and shall provide such fiscal data in the time,  
31 manner, and form requested by the legislative fiscal committees.

33 appropriation and \$26,839,000 of the general fund—local appropriation  
34 may be expended for tailored support for older adults and medicaid  
35 alternative care described in initiative 2 of the medicaid  
36 transformation demonstration waiver under healthier Washington as  
37 well as administrative expenses for initiative 3. The authority shall  
38 contract and provide funding to the department of social and health  
39 services to administer initiative 2. The director in cooperation with

1 the secretary of the department of social and health services shall  
2 report to the office of financial management all of the expenditures  
3 of this section and shall provide such fiscal data in the time,  
4 manner, and form requested. The authority shall not increase general  
5 fund—state expenditures on this initiative.

6 (4) No more than (~~(\$50,389,000)~~) \$28,680,000 of the general fund—  
7 federal appropriation and no more than (~~(\$22,862,000)~~) \$12,992,000 of  
8 the general fund—local appropriation may be expended for supported  
9 housing and employment services described in initiative 3a and 3b of  
10 the medicaid transformation demonstration waiver under healthier  
11 Washington. Under this initiative, the authority and the department  
12 of social and health services shall ensure that allowable and  
13 necessary services are provided to eligible clients as identified by  
14 the department or its third party administrator. The authority shall  
15 not increase general fund—state expenditures under this initiative.  
16 The director shall report to the joint select committee on health  
17 care oversight no less than quarterly on financial and health  
18 outcomes. The director shall also report to the fiscal committees of  
19 the legislature all of the expenditures of this subsection and shall  
20 provide such fiscal data in the time, manner, and form requested by  
21 the legislative fiscal committees.

22 (5) The authority shall submit an application to the centers for  
23 medicare and medicaid services to renew the 1115 demonstration waiver  
24 for an additional five years as described in subsections (2), (3),  
25 and (4) of this section. The authority may not accept or expend any  
26 federal funds received under an 1115 demonstration waiver except as  
27 described in this section unless the legislature has appropriated the  
28 federal funding. To ensure compliance with legislative requirements  
29 and terms and conditions of the waiver, the authority shall implement  
30 the renewal of the 1115 demonstration waiver and reporting  
31 requirements with oversight from the office of financial management.  
32 The legislature finds that appropriate management of the renewal of  
33 the 1115 demonstration waiver as set forth in subsections (6), (7),  
34 and (8) of this section requires sound, consistent, timely, and  
35 transparent oversight and analytic review in addition to lack of  
36 redundancy with other established measures. The patient must be  
37 considered first and foremost in the implementation and execution of  
38 the demonstration waiver. To accomplish these goals, the authority  
39 shall develop consistent performance measures that focus on

1 population health and health outcomes. The authority shall limit the  
2 number of projects that accountable communities of health may  
3 participate in both under MQIP and initiative 1 to a maximum of six  
4 and shall seek to develop common performance measures when possible.  
5 The joint select committee on health care oversight will evaluate the  
6 measures chosen: (a) For effectiveness and appropriateness; and (b)  
7 to provide patients and health care providers with significant input  
8 into the implementation of the demonstration waiver to promote  
9 improved population health and patient health outcomes. In  
10 cooperation with the department of social and health services, the  
11 authority shall consult with and provide notification of work on  
12 applications for federal waivers, including details on waiver  
13 duration, financial implications, and potential future impacts on the  
14 state budget to the joint select committee on health care oversight  
15 prior to submitting these waivers for federal approval. Prior to  
16 final approval or acceptance of funds by the authority, the authority  
17 shall submit the special terms and conditions as submitted to the  
18 centers for medicare and medicaid services and the anticipated budget  
19 for the duration of the renewed waiver to the governor, the joint  
20 select committee on health care, and the fiscal committees of the  
21 legislature. By federal standard any programs created or funded by  
22 this waiver do not create an entitlement.

23 (6) (a) \$32,432,000 of the general fund—federal appropriation and  
24 \$40,296,000 of the general fund—private/local appropriation are  
25 provided solely for accountable communities of health described in  
26 initiative 1 of the 1115 demonstration waiver and this is the maximum  
27 amount that may be expended for this purpose. In renewing this  
28 initiative, the authority shall consider local input regarding  
29 community needs and shall limit total local projects to no more than  
30 six. To provide transparency to the appropriate fiscal committees of  
31 the legislature, the authority shall provide fiscal staff of the  
32 legislature query ability into any database of the fiscal  
33 intermediary that authority staff would be authorized to access. The  
34 authority shall not supplement the amounts provided in this  
35 subsection with any general fund—state moneys appropriated in this  
36 section or any moneys that may be transferred pursuant to subsection  
37 (1) of this section. The director shall report to the fiscal  
38 committees of the legislature all expenditures under this subsection

1 and provide such fiscal data in the time, manner, and form requested  
2 by the legislative fiscal committees.

3 (b) \$110,778,000 of the general fund—federal appropriation and  
4 \$45,248,000 of the general fund—private/local appropriation are  
5 provided solely for the medicaid quality improvement program, and  
6 this is the maximum amount that may be expended for this purpose.  
7 Medicaid quality improvement program payments do not count against  
8 the 1115 demonstration waiver spending limits and are excluded from  
9 the waiver's budget neutrality calculation. The authority may provide  
10 medicaid quality improvement program payments to apple health managed  
11 care organizations and their partnering providers as they meet  
12 designated milestones. Partnering providers and apple health managed  
13 care organizations must work together to achieve medicaid quality  
14 improvement program goals according to the performance period  
15 timelines and reporting deadlines as set forth by the authority. The  
16 authority may only use the medicaid quality improvement program to  
17 support accountable communities of health, tailored support for older  
18 adults and medicaid alternative care, and foundational community  
19 supports, also referred to as initiatives 1, 2, and 3, as described  
20 in the 1115 demonstration waiver and may not pursue its use for other  
21 purposes. Any programs created or funded by the medicaid quality  
22 improvement program do not constitute an entitlement for clients or  
23 providers. The authority shall not supplement the amounts provided in  
24 this subsection with any general fund—state moneys appropriated in  
25 this section or any moneys that may be transferred pursuant to  
26 subsection (1) of this section. The director shall report to the  
27 joint select committee on health care oversight not less than  
28 quarterly on financial and health outcomes. The director shall report  
29 to the fiscal committees of the legislature all expenditures under  
30 this subsection and shall provide such fiscal data in the time,  
31 manner, and form requested by the legislative fiscal committees.

32 (c) In collaboration with the accountable communities of health,  
33 the authority will submit a report to the governor and the joint  
34 select committee on health care oversight describing how each of the  
35 accountable community of health's work aligns with the community  
36 needs assessment no later than December 1, 2022.

37 (d) Performance measures and payments for accountable communities  
38 of health shall reflect accountability measures that demonstrate  
39 progress toward transparent, measurable, and meaningful goals that

1 have an impact on improved population health and improved health  
2 outcomes, including a path to financial sustainability. While these  
3 goals may have variation to account for unique community  
4 demographics, measures should be standardized when possible.

5 (7) \$19,902,000 of the general fund—federal appropriation and  
6 \$19,903,000 of the general fund—local appropriation are provided  
7 solely for tailored support for older adults and medicaid alternative  
8 care described in initiative 2 of the 1115 demonstration waiver as  
9 well as administrative expenses for initiative 3 and this is the  
10 maximum amount that may be expended for this purpose. The authority  
11 shall contract with and provide funding to the department of social  
12 and health services to administer initiative 2. The director in  
13 cooperation with the secretary of the department of social and health  
14 services shall report to the office of financial management all of  
15 the expenditures of this section and shall provide such fiscal data  
16 in the time, manner, and form requested. The authority shall not  
17 supplement the amounts provided in this subsection with any general  
18 fund—state moneys appropriated in this section or any moneys that may  
19 be transferred pursuant to subsection (1) of this section.

20 (8) (a) \$13,235,000 of the general fund—federal appropriation and  
21 \$7,318,000 of the general fund—private/local appropriation are  
22 provided solely for supported housing and employment services  
23 described in initiative 3a and 3b of the 1115 demonstration waiver  
24 and this is the maximum amount that may be expended for this purpose.  
25 Under this initiative, the authority and the department of social and  
26 health services shall ensure that allowable and necessary services  
27 are provided to eligible clients as identified by the department or  
28 its third-party administrator. The authority and the department in  
29 consultation with the medicaid forecast work group, shall ensure that  
30 reasonable reimbursements are established for services deemed  
31 necessary within an identified limit per individual. The authority  
32 shall not supplement the amounts provided in this subsection with any  
33 general fund—state moneys appropriated in this section or any moneys  
34 that may be transferred pursuant to subsection (1) of this section.  
35 The director shall report to the joint select committee on health  
36 care oversight no less than quarterly on financial and health  
37 outcomes. The director shall also report to the fiscal committees of  
38 the legislature all of the expenditures of this subsection and shall

1 provide such fiscal data in the time, manner, and form requested by  
2 the legislative fiscal committees.

3 (b) The authority and the department shall seek additional  
4 flexibilities for housing supports through the centers for medicare  
5 and medicaid services and shall coordinate with the office of  
6 financial management and the department of commerce to ensure that  
7 services are not duplicated.

8 (c) The director shall report to the joint select committee on  
9 health care oversight no less than quarterly on utilization and  
10 caseload statistics for both supportive housing and employment  
11 services and its progress toward increasing uptake and availability  
12 for these services.

13 (9) The authority shall submit a plan to preserve the waiver that  
14 allows for the full cost of stays in institutions for mental diseases  
15 to be included in managed care rates by November 1, 2021, to the  
16 appropriate committees of the legislature.

17 ~~((+6))~~ (10) The authority shall submit a plan to preserve the  
18 waiver allowing for full federal financial participation for medical  
19 clients in mental health facilities classified as institutions for  
20 mental diseases by November 1, 2021, to the appropriate committees of  
21 the legislature.

22 ~~((+7))~~ (11) Sufficient amounts are appropriated in this  
23 subsection to implement the medicaid expansion as defined in the  
24 social security act, section 1902(a)(10)(A)(i)(VIII).

25 ~~((+8))~~ (12) The legislature finds that medicaid payment rates,  
26 as calculated by the health care authority pursuant to the  
27 appropriations in this act, bear a reasonable relationship to the  
28 costs incurred by efficiently and economically operated facilities  
29 for providing quality services and will be sufficient to enlist  
30 enough providers so that care and services are available to the  
31 extent that such care and services are available to the general  
32 population in the geographic area. The legislature finds that the  
33 cost reports, payment data from the federal government, historical  
34 utilization, economic data, and clinical input constitute reliable  
35 data upon which to determine the payment rates.

36 ~~((+9))~~ (13) Based on quarterly expenditure reports and caseload  
37 forecasts, if the health care authority estimates that expenditures  
38 for the medical assistance program will exceed the appropriations,  
39 the health care authority shall take steps including but not limited  
40 to reduction of rates or elimination of optional services to reduce

1 expenditures so that total program costs do not exceed the annual  
2 appropriation authority.

3 ~~((10))~~ (14) In determining financial eligibility for medicaid-  
4 funded services, the health care authority is authorized to disregard  
5 recoveries by Holocaust survivors of insurance proceeds or other  
6 assets, as defined in RCW 48.104.030.

7 (15) The legislature affirms that it is in the state's interest  
8 for Harborview medical center to remain an economically viable  
9 component of the state's health care system.

10 ~~((11))~~ (16) When a person is ineligible for medicaid solely by  
11 reason of residence in an institution for mental diseases, the health  
12 care authority shall provide the person with the same benefits as he  
13 or she would receive if eligible for medicaid, using state-only funds  
14 to the extent necessary.

15 ~~((12))~~ (17) \$3,997,000 of the general fund—state appropriation  
16 for fiscal year 2022, \$4,261,000 of the general fund—state  
17 appropriation for fiscal year 2023, and \$8,786,000 of the general  
18 fund—federal appropriation are provided solely for low-income  
19 disproportionate share hospital payments.

20 ~~((13))~~ (18) Within the amounts appropriated in this section,  
21 the health care authority shall provide disproportionate share  
22 hospital payments to hospitals that provide services to children in  
23 the children's health program who are not eligible for services under  
24 Title XIX or XXI of the federal social security act due to their  
25 citizenship status.

26 ~~((14))~~ (19) \$7,000,000 of the general fund—federal  
27 appropriation is provided solely for supplemental payments to nursing  
28 homes operated by public hospital districts. The public hospital  
29 district shall be responsible for providing the required nonfederal  
30 match for the supplemental payment, and the payments shall not exceed  
31 the maximum allowable under federal rules. It is the legislature's  
32 intent that the payments shall be supplemental to and shall not in  
33 any way offset or reduce the payments calculated and provided in  
34 accordance with part E of chapter 74.46 RCW. It is the legislature's  
35 further intent that costs otherwise allowable for rate-setting and  
36 settlement against payments under chapter 74.46 RCW shall not be  
37 disallowed solely because such costs have been paid by revenues  
38 retained by the nursing home from these supplemental payments. The  
39 supplemental payments are subject to retrospective interim and final

1 cost settlements based on the nursing homes' as-filed and final  
2 medicare cost reports. The timing of the interim and final cost  
3 settlements shall be at the health care authority's discretion.  
4 During either the interim cost settlement or the final cost  
5 settlement, the health care authority shall recoup from the public  
6 hospital districts the supplemental payments that exceed the medicaid  
7 cost limit and/or the medicare upper payment limit. The health care  
8 authority shall apply federal rules for identifying the eligible  
9 incurred medicaid costs and the medicare upper payment limit.

10 ~~((15))~~ (20) The health care authority shall continue the  
11 inpatient hospital certified public expenditures program for the  
12 2021-2023 fiscal biennium. The program shall apply to all public  
13 hospitals, including those owned or operated by the state, except  
14 those classified as critical access hospitals or state psychiatric  
15 institutions. The health care authority shall submit reports to the  
16 governor and legislature by November 1, 2021, and by November 1,  
17 2022, that evaluate whether savings continue to exceed costs for this  
18 program. If the certified public expenditures (CPE) program in its  
19 current form is no longer cost-effective to maintain, the health care  
20 authority shall submit a report to the governor and legislature  
21 detailing cost-effective alternative uses of local, state, and  
22 federal resources as a replacement for this program. During fiscal  
23 year 2022 and fiscal year 2023, hospitals in the program shall be  
24 paid and shall retain one hundred percent of the federal portion of  
25 the allowable hospital cost for each medicaid inpatient fee-for-  
26 service claim payable by medical assistance and one hundred percent  
27 of the federal portion of the maximum disproportionate share hospital  
28 payment allowable under federal regulations. Inpatient medicaid  
29 payments shall be established using an allowable methodology that  
30 approximates the cost of claims submitted by the hospitals. Payments  
31 made to each hospital in the program in each fiscal year of the  
32 biennium shall be compared to a baseline amount. The baseline amount  
33 will be determined by the total of (a) the inpatient claim payment  
34 amounts that would have been paid during the fiscal year had the  
35 hospital not been in the CPE program based on the reimbursement rates  
36 developed, implemented, and consistent with policies approved in the  
37 2021-2023 biennial operating appropriations act and in effect on July  
38 1, 2015, (b) one-half of the indigent assistance disproportionate  
39 share hospital payment amounts paid to and retained by each hospital  
40 during fiscal year 2005, and (c) all of the other disproportionate

1 share hospital payment amounts paid to and retained by each hospital  
2 during fiscal year 2005 to the extent the same disproportionate share  
3 hospital programs exist in the 2019-2021 fiscal biennium. If payments  
4 during the fiscal year exceed the hospital's baseline amount, no  
5 additional payments will be made to the hospital except the federal  
6 portion of allowable disproportionate share hospital payments for  
7 which the hospital can certify allowable match. If payments during  
8 the fiscal year are less than the baseline amount, the hospital will  
9 be paid a state grant equal to the difference between payments during  
10 the fiscal year and the applicable baseline amount. Payment of the  
11 state grant shall be made in the applicable fiscal year and  
12 distributed in monthly payments. The grants will be recalculated and  
13 redistributed as the baseline is updated during the fiscal year. The  
14 grant payments are subject to an interim settlement within eleven  
15 months after the end of the fiscal year. A final settlement shall be  
16 performed. To the extent that either settlement determines that a  
17 hospital has received funds in excess of what it would have received  
18 as described in this subsection, the hospital must repay the excess  
19 amounts to the state when requested. (~~(\$702,000)~~) \$425,000 of the  
20 general fund—state appropriation for fiscal year 2022 and  
21 (~~(\$649,000)~~) \$391,000 of the general fund—state appropriation for  
22 fiscal year 2023 are provided solely for state grants for the  
23 participating hospitals.

24 (~~(16)~~) (21) The health care authority shall seek public-private  
25 partnerships and federal funds that are or may become available to  
26 provide on-going support for outreach and education efforts under the  
27 federal children's health insurance program reauthorization act of  
28 2009.

29 (~~(17)~~) (22) The health care authority shall target funding for  
30 maternity support services towards pregnant women with factors that  
31 lead to higher rates of poor birth outcomes, including hypertension,  
32 a preterm or low birth weight birth in the most recent previous  
33 birth, a cognitive deficit or developmental disability, substance  
34 abuse, severe mental illness, unhealthy weight or failure to gain  
35 weight, tobacco use, or African American or Native American race. The  
36 health care authority shall prioritize evidence-based practices for  
37 delivery of maternity support services. To the extent practicable,  
38 the health care authority shall develop a mechanism to increase  
39 federal funding for maternity support services by leveraging local  
40 public funding for those services.

1        ~~((18))~~ (23) The authority shall submit reports to the governor  
2 and the legislature by September 15, 2021, and no later than  
3 September 15, 2022, that delineate the number of individuals in  
4 medicaid managed care, by carrier, age, gender, and eligibility  
5 category, receiving preventative services and vaccinations. The  
6 reports should include baseline and benchmark information from the  
7 previous two fiscal years and should be inclusive of, but not limited  
8 to, services recommended under the United States preventative  
9 services task force, advisory committee on immunization practices,  
10 early and periodic screening, diagnostic, and treatment (EPSDT)  
11 guidelines, and other relevant preventative and vaccination medicaid  
12 guidelines and requirements.

13        ~~((19))~~ (24) Managed care contracts must incorporate  
14 accountability measures that monitor patient health and improved  
15 health outcomes, and shall include an expectation that each patient  
16 receive a wellness examination that documents the baseline health  
17 status and allows for monitoring of health improvements and outcome  
18 measures.

19        ~~((20))~~ (25) Sufficient amounts are appropriated in this section  
20 for the authority to provide an adult dental benefit.

21        ~~((21))~~ (26) The health care authority shall coordinate with the  
22 department of social and health services to provide referrals to the  
23 Washington health benefit exchange for clients that will be  
24 ineligible for medicaid.

25        ~~((22))~~ (27) To facilitate a single point of entry across public  
26 and medical assistance programs, and to maximize the use of federal  
27 funding, the health care authority, the department of social and  
28 health services, and the health benefit exchange will coordinate  
29 efforts to expand HealthPlanfinder access to public assistance and  
30 medical eligibility staff. The health care authority shall complete  
31 medicaid applications in the HealthPlanfinder for households  
32 receiving or applying for medical assistance benefits.

33        ~~((23))~~ (28) \$90,000 of the general fund—state appropriation for  
34 fiscal year 2022, \$90,000 of the general fund—state appropriation for  
35 fiscal year 2023, and \$180,000 of the general fund—federal  
36 appropriation are provided solely to continue operation by a  
37 nonprofit organization of a toll-free hotline that assists families  
38 to learn about and enroll in the apple health for kids program. By  
39 November 15, 2022, the authority shall submit a report to the

1 appropriate committees to the legislature that provides, at a  
2 minimum, information about the number of calls received by the  
3 nonprofit organization in the previous year, the amount of time spent  
4 on each call, comparisons to previous years, where available, and  
5 information about what data is collected related to this service.

6 ~~((24))~~ (29) Within the amounts appropriated in this section,  
7 the authority shall reimburse for primary care services provided by  
8 naturopathic physicians.

9 ~~((25))~~ (30) Within the amounts appropriated in this section,  
10 the authority shall continue to provide coverage for pregnant teens  
11 that qualify under existing pregnancy medical programs, but whose  
12 eligibility for pregnancy related services would otherwise end due to  
13 the application of the new modified adjusted gross income eligibility  
14 standard.

15 ~~((26))~~ (31) Sufficient amounts are appropriated in this section  
16 to remove the mental health visit limit and to provide the shingles  
17 vaccine and screening, brief intervention, and referral to treatment  
18 benefits that are available in the medicaid alternative benefit plan  
19 in the classic medicaid benefit plan.

20 ~~((27))~~ (32) The authority shall use revenue appropriated from  
21 the dedicated marijuana fund for contracts with community health  
22 centers under RCW 69.50.540 in lieu of general fund—state payments to  
23 community health centers for services provided to medical assistance  
24 clients, and it is the intent of the legislature that this policy  
25 will be continued in subsequent fiscal biennia.

26 ~~((28))~~ (33) Beginning no later than January 1, 2018, for any  
27 service eligible under the medicaid state plan for encounter  
28 payments, managed care organizations at the request of a rural health  
29 clinic shall pay the full published encounter rate directly to the  
30 clinic. At no time will a managed care organization be at risk for or  
31 have any right to the supplemental portion of the claim. Payments  
32 will be reconciled on at least an annual basis between the managed  
33 care organization and the authority, with final review and approval  
34 by the authority.

35 ~~((29))~~ (34) Sufficient amounts are appropriated in this section  
36 for the authority to provide a medicaid equivalent adult dental  
37 benefit to clients enrolled in the medical care service program.

38 ~~((30))~~ (35) During the 2021-2023 fiscal biennium, sufficient  
39 amounts are provided in this section for the authority to provide

1 services identical to those services covered by the Washington state

13 organizations as provided in chapter 70.320 RCW into contracts with  
14 managed care organizations that provide services to clients. The  
15 authority is directed to:

16 (a) Contract with an external quality improvement organization to  
17 annually analyze the performance of managed care organizations  
18 providing services to clients under this chapter based on seven  
19 performance measures. The analysis required under this subsection  
20 must:

21 (i) Measure managed care performance in four common measures  
22 across each managed care organization, including:

23 (A) At least one common measure must be weighted towards having  
24 the potential to impact managed care costs; and

25 (B) At least one common measure must be weighted towards  
26 population health management, as defined by the measure; and

27 (ii) Measure managed care performance in an additional three  
28 quality focus performance measures specific to a managed care  
29 organization. Quality focus performance measures chosen by the  
30 authority must:

31 (A) Be chosen from the statewide common measure set;

35 status.

36 (b) The authority shall set the four common measures to be  
37 analyzed across all managed care organizations.

38 (c) The authority shall set three quality focus performance  
39 measures specific to each managed care organization. The authority

9 percent of the withhold shall be held contingent on each managed care  
10 organization's performance on the seven performance measures  
11 identified in this section. Each managed care organization may earn  
12 back the annual withhold if the external quality improvement  
13 organization finds that the managed care organization:

14 (i) Made statistically significant improvement in the seven  
15 performance measures as compared to the preceding plan year; or

16 (ii) Scored in the top national medicaid quartile of the  
17 performance measures.

18 (f) The amount of withhold annually paid to each managed care  
19 organization shall be proportional to findings of statistically  
20 significant improvement or top national medicaid quartile scoring by  
21 a managed care organization.

22 (g) For no more than two of the four quality focus performance  
23 measures, the authority may use an alternate methodology to  
24 approximate top national medicaid quartile performance where top  
25 quartile performance data is unavailable.

26 (h) For the purposes of this subsection, "external quality  
27 improvement organization" means an organization that meets the  
28 competence and independence requirements under 42 C.F.R. Sec.

40 staff perform central audits of cases that appear across multiple

1 managed care plans, versus the audits performed by the individual  
2 managed care plans or the fraud division; and

3 (ii) Remain accountable for operating in an effective and  
4 efficient manner, including performing program integrity activities  
5 that ensure high value in the medical assistance program in general  
6 and in medicaid managed care specifically;

31 long-term services and supports. The department and the authority  
32 shall hold stakeholder discussions, including opportunities for  
33 public review and comment, during development of the waiver request.

25 **AND EMPLOYEE BENEFITS PROGRAM**

26	State Health Care Authority Administrative Account—

32		<u>\$39,616,000</u>

33 The appropriation in this section is subject to the following  
34 conditions and limitations:

35 (1) Any savings from reduced claims costs must be reserved for  
36 funding employee benefits during the 2023-2025 fiscal biennium and  
37 may not be used for administrative expenses. The health care  
38 authority shall deposit any moneys received on behalf of the uniform

1 medical plan resulting from rebates on prescription drugs, audits of  
2 hospitals, subrogation payments, or any other moneys received as a  
3 result of prior uniform medical plan claims payments, in the public  
4 employees' and retirees' insurance account to be used for insurance  
5 benefits.

6 (2) Any changes to benefits must be approved by the public  
7 employees' benefits board. The board shall not make any changes to  
8 benefits without considering a comprehensive analysis of the cost of  
9 those changes, and shall not increase benefits unless offsetting cost  
10 reductions from other benefit revisions are sufficient to fund the  
11 changes. The board shall not make any change in retiree eligibility  
12 criteria that reestablishes eligibility for enrollment in PEBB  
13 benefits. However, the funding provided anticipates that the public  
14 employees' benefits board may increase the virtual access to  
15 behavioral health resources and interventions and case management.

16 (3) Except as may be provided in a health care bargaining  
17 agreement, to provide benefits within the level of funding provided  
18 in part IX of this bill, the public employees' benefits board shall

27 domestic partner has chosen not to enroll in another employer-based  
28 group health insurance that has benefits and premiums with an  
29 actuarial value of not less than ninety-five percent of the actuarial

31 enrollment. The surcharge payments shall be collected in addition to  
32 the member premium payment.

33 (5) The health care authority shall analyze and report on the

35 retirees to reestablish eligibility for enrollment in retiree  
36 benefits under the public employees' benefit board program. The  
37 authority shall submit the report to the appropriate committees of

11 groups in the state, covering a growing subscriber base of nearly  
12 375,000 Washington residents enrolled in the uniform medical plan. In  
13 2011, the uniform medical plan began administering additional  
14 services through a third-party administrative contract, rather than  
15 administering those services internally. Among those services were  
16 provision of the provider network and provider contracts, provider  
17 relations, portions of claims administration, member appeals, and  
18 portions of member communications.

19 (b) The purpose of the study is to enable the authority to  
20 provide the option of a return of some, or all, of the administrative  
21 functions that began to be provided by contracted services in 2011.  
22 The current contract for these services expires in 2029.

26 through the third-party administrative contract since, what elements  
27 of those services could be provided either directly or through  
28 discrete provider contracts, and the resources the authority would

35 administration for some or all of the administrative services at the  
36 end of the current contract.

38 benefits board and the school employees' benefits board at the first

2 provided to the appropriate committees of the legislature thereafter.

32 and must require a behavioral health administrative service  
33 organization to submit a corrective action plan on how it will spend  
34 its excess reserves within a reasonable period of time, when its

33 committees of the legislature that describes the general condition of  
34 the school and health safety concerns identified through school plan  
35 reviews, environmental health and safety inspections, and complaint  
36 investigations conducted by local health jurisdictions. The  
37 department may seek, receive, and spend, under RCW 43.79.260 through  
38 43.79.282, federal moneys not anticipated in this act as long as the  
39 federal funding does not require expenditure of state moneys for the

1 program in excess of amounts anticipated in this act. If the  
2 department receives unanticipated unrestricted federal moneys, those  
3 moneys shall be spent for services authorized in this act or in any  
4 other legislation that provides appropriation authority, and an equal  
5 amount of appropriated state moneys shall lapse. Upon the lapsing of  
6 any moneys under this subsection, the office of financial management  
7 shall notify the legislative fiscal committees. As used in this  
8 subsection, "unrestricted federal moneys" includes block grants and

16 (3) In accordance with RCW 43.70.110 and 71.24.037, the

22 to those of the department, including but not limited to the joint  
23 commission on accreditation of health care organizations, the  
24 commission on accreditation of rehabilitation facilities, and the  
25 council on accreditation. To reflect the reduced costs associated  
26 with regulation of accredited programs, the department's fees for  
27 organizations with such proof of accreditation must reflect the lower  
28 costs of licensing for these programs than for other organizations  
29 which are not accredited.

30 (4) Within the amounts appropriated in this section, and in  
31 accordance with RCW 70.41.100, the department shall set fees to  
32 include the full costs of the performance of inspections pursuant to  
33 RCW 70.41.080.

34 (5) In accordance with RCW 43.70.110 and 71.24.037, the  
35 department is authorized to adopt fees for the review and approval of  
36 mental health and substance use disorder treatment programs in fiscal  
37 years 2022 and 2023 as necessary to support the costs of the

39 differential rates for providers with proof of accreditation from  
40 organizations that the department has determined to have

1 substantially equivalent standards to those of the department,  
2 including but not limited to the joint commission on accreditation of  
3 health care organizations, the commission on accreditation of  
4 rehabilitation facilities, and the council on accreditation. To  
5 reflect the reduced costs associated with regulation of accredited  
6 programs, the department's fees for organizations with such proof of  
7 accreditation must reflect the lower cost of licensing for these  
8 programs than for other organizations which are not accredited.

9 (6) The health care authority, the health benefit exchange, the  
10 department of social and health services, the department of health,  
11 and the department of children, youth, and families shall work  
12 together within existing resources to establish the health and human  
13 services enterprise coalition (the coalition). The coalition, led by  
14 the health care authority, must be a multi-organization collaborative  
15 that provides strategic direction and federal funding guidance for  
16 projects that have cross-organizational or enterprise impact,  
17 including information technology projects that affect organizations  
18 within the coalition. The office of the chief information officer  
19 shall maintain a statewide perspective when collaborating with the

35 navigates the COVID-19 pandemic and its aftermath.

7 For the 2021-22 and 2022-23 school years, funding for substitute  
8 costs for classroom teachers and classified staff is based on (~~four~~  
9 ~~(4)~~):

10 (a) Four funded substitute days per classroom teacher unit  
11 generated under subsection (2) of this section, at a daily substitute  
12 rate of \$151.86 for the 2021-22 school year.

13 (b) Five funded substitute days per classroom teacher unit  
14 generated under subsection (2) of this section at a daily substitute  
15 rate of \$151.86 and two funded substitute days per classified staff  
16 units generated under subsection (4) of this section at a daily  
17 substitute rate of \$100.

18 (c) \$29,880,000 of the education legacy trust account—state  
19 appropriation is provided solely for a one-time allocation to school  
20 districts for substitute costs. Allocations must be distributed to  
21 school districts proportionate to the substitute allocations provided  
22 in (b) of this subsection. To receive increased funding in this  
23 subsection, a school district must have a pool of paid leave that is  
24 available to staff who become ill or need to quarantine due to  
25 COVID-19 and who have limited leave balances, with priority given to  
26 those with 10 days or less of available leave.

27 (10) ALTERNATIVE LEARNING EXPERIENCE PROGRAM FUNDING

28 (a) Amounts provided in this section from July 1, 2021, to August  
29 31, 2021, are adjusted to reflect provisions of chapter 357, Laws of  
30 2020, as amended (allocation of funding for students enrolled in  
31 alternative learning experiences).

32 (b) The superintendent of public instruction shall require all  
33 districts receiving general apportionment funding for alternative  
34 learning experience (ALE) programs as defined in WAC 392-121-182 to  
35 provide separate financial accounting of expenditures for the ALE  
36 programs offered in district or with a provider, including but not  
37 limited to private companies and multidistrict cooperatives, as well  
38 as accurate, monthly headcount and FTE enrollment claimed for basic

1 education, including separate counts of resident and nonresident  
2 students.

3 (11) DROPOUT REENGAGEMENT PROGRAM

4 The superintendent shall adopt rules to require students claimed  
5 for general apportionment funding based on enrollment in dropout  
6 reengagement programs authorized under RCW 28A.175.100 through  
7 28A.175.115 to meet requirements for at least weekly minimum  
8 instructional contact, academic counseling, career counseling, or  
9 case management contact. Districts must also provide separate  
10 financial accounting of expenditures for the programs offered by the  
11 district or under contract with a provider, as well as accurate  
12 monthly headcount and full-time equivalent enrollment claimed for  
13 basic education, including separate enrollment counts of resident and  
14 nonresident students.

15 (12) ALL DAY KINDERGARTEN PROGRAMS

16 (a) Funding in this section is sufficient to fund all day  
17 kindergarten programs in all schools in the 2021-22 school year and  
18 2022-23 school year, pursuant to RCW 28A.150.220 and 28A.150.315.

19 (b) To generate an allocation under this section, enrollments  
20 under uniform entry qualifications for kindergarten admission require  
21 an individualized decision by the district that is based upon the  
22 ability, or the need, or both, of an individual student as required  
23 in RCW 28A.225.160. Due to significant growth in exceptions provided  
24 under optional school district transitional kindergarten programs,  
25 and to ensure compliance with RCW 28A.225.160, the superintendent of  
26 public instruction must adopt rules for allocations under this  
27 section regarding exceptions to uniform entry qualifications for  
28 kindergarten admission for the 2022-23 school year. Rules established  
29 under the subsection must:

30 (i) Limit allocations for exceptions to uniform entry  
31 qualifications for kindergarten under this section only to students  
32 enrolled as individualized exceptions based upon the ability, or the  
33 need, or both, of an individual student;

34 (ii) Define full-time equivalent enrollments under exceptions to  
35 uniform entry qualifications for kindergarten that exceed a  
36 district's 2021-22 enrollments under exceptions as nonindividualized  
37 programmatic exceptions, which do not generate allocations under this  
38 section;

1 (iii) Allow school districts to fund nonindividualized  
2 programmatic exceptions from local revenues as enrichments of the  
3 state's statutory program of basic education; and

4 (iv) Include a review no later than June 30, 2023, based on the  
5 Washington state institute for public policy report required in  
6 section 606(4)(n) of this act and any applicable statutory changes  
7 made subsequent to this act.

8 (13) ADDITIONAL FUNDING FOR SMALL SCHOOL DISTRICTS AND REMOTE AND  
9 NECESSARY PLANTS

10 For small school districts and remote and necessary school plants  
11 within any district which have been judged to be remote and necessary  
12 by the superintendent of public instruction, additional staff units  
13 are provided to ensure a minimum level of staffing support.  
14 Additional administrative and certificated instructional staff units  
15 provided to districts in this subsection shall be reduced by the  
16 general education staff units, excluding career and technical  
17 education and skills center enhancement units, otherwise provided in  
18 subsections (2) through (5) of this section on a per district basis.

19 (a) For districts enrolling not more than twenty-five average  
20 annual full-time equivalent students in grades K-8, and for small  
21 school plants within any school district which have been judged to be

23 enroll not more than twenty-five average annual full-time equivalent  
24 students in grades K-8:

26 certificated instructional staff units and 0.24 certificated

31 certificated instructional staff units and 0.32 certificated  
32 administrative staff units for enrollment of not more than five  
33 students, plus one-tenth of a certificated instructional staff unit  
34 for each additional student enrolled;

35 (b) For specified enrollments in districts enrolling more than  
36 twenty-five but not more than one hundred average annual full-time  
37 equivalent students in grades K-8, and for small school plants within  
38 any school district which enroll more than twenty-five average annual

1 full-time equivalent students in grades K-8 and have been judged to  
2 be remote and necessary by the superintendent of public instruction:

3 (i) For enrollment of up to sixty annual average full-time  
4 equivalent students in grades K-6, 2.76 certificated instructional  
5 staff units and 0.24 certificated administrative staff units; and

11 enrollments of less than three hundred average annual full-time  
12 equivalent students, for enrollment in grades 9-12 in each such  
13 school, other than alternative schools, except as noted in this  
14 subsection:

15 (i) For remote and necessary schools enrolling students in any  
16 grades 9-12 but no more than twenty-five average annual full-time  
17 equivalent students in grades K-12, four and one-half certificated  
18 instructional staff units and one-quarter of a certificated  
19 administrative staff unit;

20 (ii) For all other small high schools under this subsection, nine

23 time equivalent students, and additional staff units based on a ratio  
24 of 0.8732 certificated instructional staff units and 0.1268  
25 certificated administrative staff units per each additional forty-  
26 three and one-half average annual full-time equivalent students;

27 (iii) Districts receiving staff units under this subsection shall  
28 add students enrolled in a district alternative high school and any  
29 grades nine through twelve alternative learning experience programs  
30 with the small high school enrollment for calculations under this  
31 subsection;

32 (d) For each nonhigh school district having an enrollment of more  
33 than seventy annual average full-time equivalent students and less

2 instructional staff unit;

3 (f) (i) For enrollments generating certificated staff unit  
4 allocations under (a) through (e) of this subsection, one classified  
5 staff unit for each 2.94 certificated staff units allocated under  
6 such subsections;

7 (ii) For each nonhigh school district with an enrollment of more  
8 than fifty annual average full-time equivalent students and less than  
9 one hundred eighty students, an additional one-half of a classified  
10 staff unit; and

11 (g) School districts receiving additional staff units to support  
12 small student enrollments and remote and necessary plants under this  
13 subsection (13) shall generate additional MSOC allocations consistent  
14 with the nonemployee related costs (NERC) allocation formula in place  
15 for the 2010-11 school year as provided section 502, chapter 37, Laws  
16 of 2010 1st sp. sess. (2010 supplemental budget), adjusted annually  
17 for inflation.

18 (14) Any school district board of directors may petition the  
19 superintendent of public instruction by submission of a resolution  
20 adopted in a public meeting to reduce or delay any portion of its  
21 basic education allocation for any school year. The superintendent of  
22 public instruction shall approve such reduction or delay if it does  
23 not impair the district's financial condition. Any delay shall not be  
24 for more than two school years. Any reduction or delay shall have no  
25 impact on levy authority pursuant to RCW 84.52.0531 and local effort  
26 assistance pursuant to chapter 28A.500 RCW.

27 (15) The superintendent may distribute funding for the following  
28 programs outside the basic education formula during fiscal years 2022  
29 and 2023 as follows:

37 fiscal year 2023 are provided solely for programs providing skills  
38 training for secondary students who are enrolled in extended day  
39 school-to-work programs, as approved by the superintendent of public

1 instruction. The funds shall be allocated at a rate not to exceed  
2 \$500 per full-time equivalent student enrolled in those programs.

3 (16) Funding in this section is sufficient to fund a maximum of  
4 1.6 FTE enrollment for skills center students pursuant to chapter  
5 463, Laws of 2007.

6 (17) Funding in this section is sufficient to fund a maximum of  
7 1.2 FTE enrollment for career launch students pursuant to RCW  
8 28A.700.130. Expenditures for this purpose must come first from the  
9 appropriations provided in section 501(5) of this act; funding for  
10 career launch enrollment exceeding those appropriations is provided  
11 in this section. The office of the superintendent of public  
12 instruction shall provide a summary report to the office of the

17 and the amount expended from this section for those students.

18 (18) Students participating in running start programs may be  
19 funded up to a combined maximum enrollment of ~~((1.2))~~ 1.6 FTE

21 enrollment consistent with the running start course requirements  
22 provided in chapter 202, Laws of 2015 (dual credit education  
23 opportunities) and Engrossed Second Substitute House Bill No. 1760  
24 (dual credit program access). ~~((In calculating the combined 1.2 FTE,~~  
25 ~~the office of the superintendent of public instruction may average~~  
26 ~~the participating student's September through June enrollment to~~  
27 ~~account for differences in the start and end dates for courses~~  
28 ~~provided by the high school and higher education institution.~~  
29 ~~Additionally, the office of the superintendent of public instruction,~~  
30 ~~in consultation with the state board for community and technical~~

33 ~~the legislature on the combined FTE experience of students~~  
34 ~~participating in the running start program, including course load~~  
35 ~~analyses at both the high school and community and technical college~~  
36 ~~system.))~~

37 (19) If two or more school districts consolidate and each  
38 district was receiving additional basic education formula staff units  
39 pursuant to subsection (13) of this section, the following apply:

1 (a) For three school years following consolidation, the number of  
2 basic education formula staff units shall not be less than the number  
3 of basic education formula staff units received by the districts in  
4 the school year prior to the consolidation; and

5 (b) For the fourth through eighth school years following

9 consolidation pursuant to subsection (13) of this section shall be  
10 reduced in increments of twenty percent per year.

11 (20)(a) Indirect cost charges by a school district to approved  
12 career and technical education middle and secondary programs shall  
13 not exceed the lesser of five percent or the cap established in  
14 federal law of the combined basic education and career and technical

17 separate programs for funding and financial reporting purposes under  
18 this section.

19 (b) Career and technical education program full-time equivalent  
20 enrollment shall be reported on the same monthly basis as the  
21 enrollment for students eligible for basic support, and payments  
22 shall be adjusted for reported career and technical education program  
23 enrollments on the same monthly basis as those adjustments for  
24 enrollment for students eligible for basic support.

25 (21) Funding in this section is sufficient to provide full  
26 general apportionment payments to school districts eligible for  
27 federal forest revenues as provided in RCW 28A.520.020. For the  
28 2021-2023 biennium, general apportionment payments are not reduced  
29 for school districts receiving federal forest revenues.

30 (22) \$16,211,000 of the general fund—state appropriation for  
31 fiscal year 2022 is provided solely to ensure that school districts

35 allowable uses defined in section 2001(2)(e) of the American rescue  
36 plan act of 2021, P.L. 117-2. Prior to receiving funds, a school  
37 district must submit an academic and student well-being recovery plan  
38 to the office of the superintendent of public instruction as required  
39 in section 12(3), chapter 3, Laws of 2021, and must also report

1 progress on implementing the plan in a manner identified by the  
2 superintendent.

3 (a) The office of the superintendent of public instruction must  
4 calculate a relief per pupil amount for each district defined as: The  
5 quotient from dividing the total funding allocated to each district  
6 from the federal relief funds, as defined in (b) of this subsection,  
7 by a school district's total enrollment as defined in (c) of this  
8 subsection. A school district with a relief per pupil amount less  
9 than \$500 shall receive the difference between \$500 and the relief  
10 per pupil amount, multiplied by the school district's total  
11 enrollment.

12 (b) For the purposes of this subsection, federal relief funds  
13 allocated to school districts include:

14 (i) Subgrants authorized under section 18003, the coronavirus  
15 aid, relief, and economic security act, P.L. 116-136;

16 (ii) Subgrants authorized under section 313, the coronavirus  
17 response and relief supplemental appropriations act, P.L. 116-260;  
18 and

19 (iii) Subgrants authorized under section 2001, the American  
20 rescue plan act of 2021, P.L. 117-2.

21 (c) For the purposes of this subsection, a school district's  
22 total enrollment means the district's 2019-20 school year annual  
23 average full-time equivalent student enrollment, excluding full-time  
24 equivalent student enrollments for which funds are separately  
25 calculated and allocated under RCW 28A.232.020, 28A.600.310(4),  
26 28A.245.020, and 28A.175.110.

27 (d) For the purposes of this subsection, this subsection applies  
28 to state-tribal compact schools established under chapter 28A.715  
29 RCW.

30 (23) (~~(\$27,806,000)~~) \$14,859,000 of the general fund—state  
31 appropriation for fiscal year 2022 is provided solely for enrollment  
32 stabilization allocations required in section 1519 of this act.

33 (\$1,000,000) of the education legacy trust account—state  
34 appropriation is provided solely for enrollment stabilization  
35 allocations to the national youth challenge academy as defined in RCW  
36 28A.150.310 for the 2021-22 school year. Amounts allocated under this  
37 subsection are not part of the state's program of basic education but  
38 may be used for any allowable cost within any of the programs funded  
39 under RCW 28A.150.310.

1 (25) \$62,980,000 of the general fund—state appropriation for  
2 fiscal year 2022 and \$187,120,000 of the education legacy trust

6 follows:

7 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—BASIC EDUCATION EMPLOYEE**

9 (1) The following calculations determine the salaries used in the  
10 state allocations for certificated instructional, certificated  
11 administrative, and classified staff units as provided in RCW  
12 28A.150.260, and under section 504 of this act: For the 2021-22  
13 school year and the 2022-23 school year salary allocations for  
14 certificated instructional staff, certificated administrative staff,

		<u>\$107,955</u>
28 Classified	\$49,453	<del>(\$50,244)</del>
		<u>\$52,173</u>

30 (2) For the purposes of this section, "LEAP Document 3" means the  
31 school district regionalization factors for certificated  
32 instructional, certificated administrative, and classified staff, as  
33 developed by the legislative evaluation and accountability program  
34 committee on (~~February 1, 2021, at 5:17~~) February 18, 2022, at 6:09  
35 hours.

1 (3) Incremental fringe benefit factors are applied to salary  
2 adjustments at a rate of 22.07 percent for school year 2021-22 and  
3 ((22.07)) 22.34 percent for school year 2022-23 for certificated  
4 instructional and certificated administrative staff and 19.25 percent  
5 for school year 2021-22 and ((19.25)) 19.30 percent for the 2022-23  
6 school year for classified staff.

7 (4) The salary allocations established in this section are for  
8 allocation purposes only except as provided in this subsection, and  
9 do not entitle an individual staff position to a particular paid  
10 salary except as provided in RCW 28A.400.200, as amended by chapter  
11 13, Laws of 2017 3rd sp. sess. (fully funding the program of basic  
12 education).

13 **Sec. 506.** 2021 c 334 s 506 (uncodified) is amended to read as  
14 follows:

15 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—FOR SCHOOL EMPLOYEE**  
16 **COMPENSATION ADJUSTMENTS**

17	General Fund—State Appropriation (FY 2022). . . . .	(( <del>\$102,094,000</del> ))

20		<u>\$582,350,000</u>
21	TOTAL APPROPRIATION. . . . .	(( <del>\$413,023,000</del> ))
22		<u>\$679,430,000</u>

23 The appropriations in this section are subject to the following  
24 conditions and limitations:

25 (1) The salary increases provided in this section are 2.0 percent  
26 for the 2021-22 school year, and ((1.6)) 5.5 percent for the 2022-23  
27 school year, the annual inflationary adjustments pursuant to RCW  
28 28A.400.205.

29 (2)(a) In addition to salary allocations, the appropriations in  
30 this section include funding for professional learning as defined in  
31 RCW 28A.415.430, 28A.415.432, and 28A.415.434. Funding for this  
32 purpose is calculated as the equivalent of three days of salary and  
33 benefits for each of the funded full-time equivalent certificated  
34 instructional staff units. Nothing in this section entitles an  
35 individual certificated instructional staff to any particular number  
36 of professional learning days.

37 (b) Of the funding provided for professional learning in this  
38 section, the equivalent of one day of salary and benefits for each of

1 the funded full-time equivalent certificated instructional staff  
2 units in the 2021-22 school year must be used to train school  
3 district staff on cultural competency, diversity, equity, or  
4 inclusion, as required in Engrossed Substitute Senate Bill No. 5044  
5 (schools/equity training).

6 (3) (a) The appropriations in this section include associated  
7 incremental fringe benefit allocations at 22.07 percent for the  
8 2021-22 school year and (~~22.07~~) 22.34 percent for the 2022-23  
9 school year for certificated instructional and certificated  
10 administrative staff and 19.25 percent for the 2021-22 school year  
11 and (~~19.25~~) 19.30 percent for the 2022-23 school year for  
12 classified staff.

13 (b) The appropriations in this section include the increased or  
14 decreased portion of salaries and incremental fringe benefits for all  
15 relevant state-funded school programs in part V of this act. Changes  
16 for general apportionment (basic education) are based on the salary  
17 allocations and methodology in sections 504 and 505 of this act.  
18 Changes for special education result from changes in each district's  
19 basic education allocation per student. Changes for educational  
20 service districts and institutional education programs are determined  
21 by the superintendent of public instruction using the methodology for  
22 general apportionment salaries and benefits in sections 504 and 505

12 **2021-22 ENROLLMENT STABILIZATION**

13 (1) If a local education agency's combined state revenue  
14 generated in the 2021-22 school year is less than what its combined  
15 state revenue would be using the local education agency's budgeted  
16 2021-22 annual average enrollment values used for December 2021  
17 apportionment, then the superintendent of public instruction must  
18 provide a budgeted enrollment stabilization amount to the local  
19 education agency in the 2021-22 school year.

20 (2) The definitions in this subsection apply throughout this  
21 section unless the context clearly requires otherwise.

22 (a) "Combined state revenue" means the combined amount from the  
23 following allocations to local education agencies:

12 school, or state-tribal education compact school established under  
13 chapter 28A.715 RCW.

17 enrollment values for the 2021-22 school year used for December 2021  
18 apportionment minus its combined state revenue generated in the  
19 2021-22 school year based on actual annual average enrollment values,  
20 if the difference is greater than zero, capped at the local education  
21 agency's proportional stabilization amount based on 2019-20  
22 enrollment.

23 (c) "Proportional enrollment stabilization amount based on  
24 2019-20 enrollment" for a local education agency is equal to the  
25 statewide net enrollment impact based on 2019-20 enrollment

36 is the sum of local education agency low enrollment impacts based on  
37 2019-20 enrollment for all local education agencies.

38 (f) "Statewide net enrollment impact based on 2019-20 enrollment"  
39 is equal to the combined state revenue that would be generated  
40 statewide using 2019-20 annual average enrollment values and formulas

1 in place for the 2021-22 school year minus the combined state revenue  
2 generated statewide in the 2021-22 school year.

3 (3) Enrollment stabilization amounts allocated under this section  
4 are not part of the state's program of basic education but may be  
5 used for any allowable cost within any of the programs.

22 increased to at least twenty percent of total funding allocated for  
23 any stage of that project.

24 (4) (a) Each project must have a technology budget. The technology  
25 budget must have the detail by fiscal month for the 2021-2023 fiscal  
26 biennium. The technology budget must use a method similar to the  
27 state capital budget, identifying project costs, each fund source,

29 investment and across fiscal periods and biennia from project onset  
30 through implementation and close out, as well as at least five years  
31 of maintenance and operations costs.

32 (b) As part of the development of a technology budget and at each

34 budget, if changes occurred, to include detailed financial  
35 information to the office of financial management and the office of  
36 the chief information officer. The technology budget must describe  
37 the total cost of the project, as well as maintenance and operations  
38 costs, to include and identify at least:

39 (i) Fund sources:

1 (A) If the project is funded from the information technology  
2 revolving account, the technology budget must include a worksheet  
3 that provides the fund sources that were transferred into the account  
4 by fiscal year;

5 (B) If the project is by a central service agency, and funds are  
6 driven out by the central service model, the technology budget must  
7 provide a statewide impact by agency by fund as a worksheet in the  
8 technology budget file;

10 classification assumptions;

16 (vii) Maintenance and operations costs by fiscal year for at  
17 least five years as a separate worksheet.

18 (c) If a project technology budget changes and a revised  
19 technology budget is completed, a comparison of the revised  
20 technology budget to the last approved technology budget must be  
21 posted to the dashboard, to include a narrative rationale on what  
22 changed, why, and how that impacts the project in scope, budget, and  
23 schedule.

24 (5) (a) Each project must have an investment plan that includes:

25 (i) An organizational chart of the project management team that  
26 identifies team members and their roles and responsibilities;

28 to the project;

29 (iii) An implementation schedule covering activities, critical  
30 milestones, and deliverables at each stage of the project for the  
31 life of the project at each agency affected by the project;

32 (iv) Performance measures used to determine that the project is  
33 on time, within budget, and meeting expectations for quality of work  
34 product;

35 (v) Ongoing maintenance and operations cost of the project post  
36 implementation and close out delineated by agency staffing,  
37 contracted staffing, and service level agreements; and

38 (vi) Financial budget coding to include at least discrete  
39 financial coding for the project.

1 (6) Projects with estimated costs greater than one hundred  
2 million dollars from initiation to completion and implementation may  
3 be divided into discrete subprojects as determined by the office of  
4 the chief information officer, except for the one Washington project  
5 which must be divided into the following discrete subprojects: Core  
6 financials, expanding financials and procurement, budget, and human  
7 resources. Each subproject must have a technology budget and  
8 investment plan as provided in this section.

9 (7) (a) The office of the chief information officer shall maintain  
10 an information technology project dashboard that provides updated  
11 information each fiscal month on projects subject to this section.

  - 29 (A) Office of the chief information officer;
  - 30 (B) Agency project team; and
  - 31 (C) Quality assurance vendor, if applicable to the project.

32 (b) The dashboard must retain a roll up of the entire project  
33 cost, including all subprojects, that can display subproject detail.  
34 This includes coalition projects that are active.

- 35 (8) If the project affects more than one agency:
  - 36 (a) A separate technology budget and investment plan must be  
37 prepared for each agency; and
  - 38 (b) The dashboard must contain a statewide project technology  
39 budget roll up that includes each affected agency at the subproject  
40 level.

1 (9) For any project that exceeds two million dollars in total  
2 funds to complete, requires more than one biennium to complete, or is  
3 financed through financial contracts, bonds, or other indebtedness:

4 (a) Quality assurance for the project must report independently  
5 to the office of the chief information officer;

7 if necessary, revise the proposed project to ensure it is flexible  
8 and adaptable to advances in technology;

10 any financing proceeds. No more than thirty percent of the financing  
11 proceeds may be used for payroll-related costs for state employees  
12 assigned to project management, installation, testing, or training;

13 (d) The agency must consult with the office of the state

16 and the responsive bids from a solicitation may be financed; and

17 (e) The agency must consult with the contracting division of the  
18 department of enterprise services for a review of all contracts and

20 procurements.

21 (10) The office of the chief information officer must evaluate  
22 the project at each stage and certify whether the project is planned,  
23 managed, and meeting deliverable targets as defined in the project's  
24 approved technology budget and investment plan.

25 (11) The office of the chief information officer may suspend or  
26 terminate a project at any time if it determines that the project is  
27 not meeting or not expected to meet anticipated performance and  
28 technology outcomes. Once suspension or termination occurs, the  
29 agency shall unallot any unused funding and shall not make any  
30 expenditure for the project without the approval of the office of  
31 financial management. The office of the chief information officer  
32 must report on July 1 and December 1 each calendar year any

35 the exclusive bargaining representative shall negotiate with each  
36 employer representative as designated in subsection (1) of this  
37 section one master collective bargaining agreement on behalf of all

1 the employees in bargaining units that the exclusive bargaining

3 (ii) For those exclusive bargaining representatives who represent  
4 fewer than a total of five hundred employees each, negotiation shall  
5 be by a coalition of all those exclusive bargaining representatives.  
6 The coalition shall bargain for a master collective bargaining

8 The governor's designee and the exclusive bargaining representative  
9 or representatives are authorized to enter into supplemental  
10 bargaining of agency-specific issues for inclusion in or as an  
11 addendum to the master collective bargaining agreement, subject to

19 bargaining between two or more exclusive bargaining representatives.

20 (b) This subsection does not apply to exclusive bargaining  
21 representatives who represent employees of institutions of higher  
22 education, except when the institution of higher education has

7 financial management as being feasible financially for the state.

8 The legislature shall approve or reject the submission of the  
9 request for funds as a whole. The legislature shall not consider a  
10 request for funds to implement a collective bargaining agreement  
11 unless the request is transmitted to the legislature as part of the  
12 governor's budget document submitted under RCW 43.88.030 and  
13 43.88.060. If the legislature rejects or fails to act on the

23 have its negotiations conducted by the governor or governor's  
24 designee under the procedures provided for general government  
25 agencies in subsections (1) through (3) of this section, except that:

26 (A) The governor or the governor's designee and an exclusive  
27 bargaining representative shall negotiate one master collective  
28 bargaining agreement for all of the bargaining units of employees of  
29 a university or college that the representative represents; or

30 (B) If the parties mutually agree, the governor or the governor's  
31 designee and an exclusive bargaining representative shall negotiate  
32 one master collective bargaining agreement for all of the bargaining

38 subsections (1) through (3) of this section.

39 (b) Prior to entering into negotiations under this chapter, the  
40 institutions of higher education or their designees shall consult

1 with the director of the office of financial management regarding  
2 financial and budgetary issues that are likely to arise in the  
3 impending negotiations.

4 (c)(i) In the case of bargaining agreements reached between  
5 institutions of higher education other than the University of  
6 Washington and exclusive bargaining representatives agreed to under  
7 the provisions of this chapter, if appropriations are necessary to  
8 implement the compensation and fringe benefit provisions of the  
9 bargaining agreements, the governor shall submit a request for such  
10 funds to the legislature according to the provisions of subsection  
11 (3) of this section, except as provided in (c)(iii) of this  
12 subsection.

13 (ii) In the case of bargaining agreements reached between the  
14 University of Washington and exclusive bargaining representatives  
15 agreed to under the provisions of this chapter, if appropriations are

17 of a bargaining agreement, the governor shall submit a request for  
18 such funds to the legislature according to the provisions of  
19 subsection (3) of this section, except as provided in this subsection  
20 (4)(c)(ii) and as provided in (c)(iii) of this subsection.

21 (A) If appropriations of less than ten thousand dollars are  
22 necessary to implement the provisions of a bargaining agreement, a  
23 request for such funds shall not be submitted to the legislature by  
24 the governor unless the request has been submitted to the director of  
25 the office of financial management by October 1 prior to the  
26 legislative session at which the request is to be considered.

27 (B) If appropriations of ten thousand dollars or more are  
28 necessary to implement the provisions of a bargaining agreement, a

32 management by October 1 prior to the legislative session at which the  
33 request is to be considered; and

36 (C) If the director of the office of financial management does  
37 not certify a request under (c)(ii)(B) of this subsection as being  
38 feasible financially for the state, the parties shall enter into  
39 collective bargaining solely for the purpose of reaching a mutually  
40 agreed upon modification of the agreement necessary to address the

1 absence of those requested funds. The legislature may act upon the  
2 compensation and fringe benefit provisions of the modified collective  
3 bargaining agreement if those provisions are agreed upon and  
4 submitted to the office of financial management and legislative  
5 budget committees before final legislative action on the biennial or  
6 supplemental operating budget by the sitting legislature.

7 (iii) In the case of a bargaining unit of employees of  
8 institutions of higher education in which the exclusive bargaining  
9 representative is certified during or after the conclusion of a  
10 legislative session, the legislature may act upon the compensation  
11 and fringe benefit provisions of the unit's initial collective  
12 bargaining agreement if those provisions are agreed upon and  
13 submitted to the office of financial management and legislative  
14 budget committees before final legislative action on the biennial or  
15 supplemental operating budget by the sitting legislature.

16 (5) If, after the compensation and fringe benefit provisions of  
17 an agreement are approved by the legislature, a significant revenue  
18 shortfall occurs resulting in reduced appropriations, as declared by  
19 proclamation of the governor or by resolution of the legislature,  
20 both parties shall immediately enter into collective bargaining for a  
21 mutually agreed upon modification of the agreement.

22 (6) After the expiration date of a collective bargaining  
23 agreement negotiated under this chapter, all of the terms and  
24 conditions specified in the collective bargaining agreement remain in  
25 effect until the effective date of a subsequently negotiated  
26 agreement, not to exceed one year from the expiration date stated in  
27 the agreement. Thereafter, the employer may unilaterally implement  
28 according to law.

29 (7) (a) For the 2019-2021 fiscal biennium, the legislature may  
30 approve funding for a collective bargaining agreement negotiated by a  
31 higher education institution and the Washington federation of state  
32 employees and ratified by the exclusive bargaining representative  
33 before final legislative action on the omnibus appropriations act by  
34 the sitting legislature.

35 (b) Subsection (3) (a) and (b) of this section do not apply to  
36 requests for funding made pursuant to this subsection.

37 (8) (a) For the 2021-2023 fiscal biennium, the legislature may

1       **Sec. 951.** RCW 43.70.715 and 2021 c 334 s 1004 are each amended  
2 to read as follows:

3       (1) The COVID-19 public health response account is created in the  
4 custody of the state treasurer. The account shall consist of funds  
5 appropriated by the legislature and grants received by the department  
6 of health for activities in response to the coronavirus pandemic  
7 (COVID-19). Only the secretary, or the secretary's designee, may  
8 authorize expenditures from the account for costs related to the  
9 public health response to COVID-19, subject to any limitations  
10 imposed by grant funding deposited into the account. The COVID-19  
11 public health response account is subject to allotment procedures  
12 under chapter 43.88 RCW, but an appropriation is not required for  
13 expenditures.

14       (2)(a) The legislature finds that a safe, efficient, and  
15 effective delivery of vaccinations is of the utmost importance for  
16 restoring societal and economic functions. As we learn more about the  
17 virus, the vaccine, and challenges to vaccine allocation and  
18 distribution, it is anticipated that the state's COVID-19 vaccination  
19 distribution plan will evolve. To that end, the legislature has  
20 provided flexibility by funding expenditures for testing, contact  
21 tracing, mitigation activities, vaccine administration and  
22 distribution, and other allowable uses for the state, local health  
23 jurisdictions, and tribes at the discretion of the secretary and  
24 without an appropriation. However, to maintain fiscal control and to  
25 ensure spending priorities align, the department is required to  
26 collaborate and communicate with the chairs and ranking members of  
27 the health care and fiscal committees of the legislature and local  
28 health jurisdictions in advance of any significant revision of the  
29 state's COVID-19 vaccination plan and to provide regular updates on  
30 its implementation and spending.

31       (b) As part of the public health response to COVID-19, the  
32 expenditures from the account must be used to effectively administer  
33 the vaccine for COVID-19 and conduct testing and contact tracing. The  
34 department must ensure that COVID-19 outreach is accessible,  
35 culturally and linguistically appropriate, and that it includes  
36 community-driven partnerships and strategies.

37       (c) When making expenditures for administering the vaccine for  
38 COVID-19, the department must focus on identifying persons for  
39 vaccination, prioritizing underserved, underrepresented, and hard-to-  
40 reach communities, making the vaccine accessible, and providing

1 support to schools for safe reopening. Strategies for vaccine  
2 distribution shall include the establishment and expansion of  
3 community vaccination centers, mobile vaccination units, reporting

18 appropriated pursuant to subsection (1) of this section and this  
19 subsection (2) into the general fund, except as provided in (g) (i) of  
20 this subsection (2).

21 (i) Beginning in fiscal year 2018, if marijuana excise tax  
22 collections deposited into the general fund in the prior fiscal year  
23 exceed twenty-five million dollars, then each fiscal year the  
24 legislature must appropriate an amount equal to thirty percent of all  
25 marijuana excise taxes deposited into the general fund the prior  
26 fiscal year to the treasurer for distribution to counties, cities,  
27 and towns as follows:

28 (A) Thirty percent must be distributed to counties, cities, and  
29 towns where licensed marijuana retailers are physically located. Each  
30 jurisdiction must receive a share of the revenue distribution under  
31 this subsection (2) (g) (i) (A) based on the proportional share of the  
32 total revenues generated in the individual jurisdiction from the  
33 taxes collected under RCW 69.50.535, from licensed marijuana  
34 retailers physically located in each jurisdiction. For purposes of  
35 this subsection (2) (g) (i) (A), one hundred percent of the proportional  
36 amount attributed to a retailer physically located in a city or town  
37 must be distributed to the city or town.

38 (B) Seventy percent must be distributed to counties, cities, and  
39 towns ratably on a per capita basis. Counties must receive sixty  
40 percent of the distribution, which must be disbursed based on each

1 county's total proportional population. Funds may only be distributed  
2 to jurisdictions that do not prohibit the siting of any state  
3 licensed marijuana producer, processor, or retailer.

4 (ii) Distribution amounts allocated to each county, city, and  
5 town must be distributed in four installments by the last day of each  
6 fiscal quarter.

7 (iii) By September 15th of each year, the board must provide the  
8 state treasurer the annual distribution amount, if any, for each  
9 county and city as determined in (g)(i) of this subsection (2).

10 (iv) The total share of marijuana excise tax revenues distributed  
11 to counties and cities in (g)(i) of this subsection (2) may not  
12 exceed fifteen million dollars in fiscal years 2018, 2019, 2020, and  
13 2021, and twenty million dollars per fiscal year thereafter.

14 **Sec. 957.** RCW 70A.200.140 and 2021 c 334 s 987 are each amended  
15 to read as follows:

16 (1) There is hereby created an account within the state treasury  
17 to be known as the waste reduction, recycling, and litter control  
18 account. Moneys in the account may be spent only after appropriation.  
19 Expenditures from the waste reduction, recycling, and litter control  
20 account shall be used as follows:

21 (a) Forty percent to the department of ecology, primarily for use  
22 by the departments of ecology, natural resources, revenue,  
23 transportation, and corrections, and the parks and recreation  
24 commission, for litter collection programs under RCW 70A.200.170. The  
25 amount to the department of ecology shall also be used for a central  
26 coordination function for litter control efforts statewide; to  
27 support employment of youth in litter cleanup as intended in RCW  
28 70A.200.020, and for litter pick up using other authorized agencies;  
29 and for statewide public awareness programs under RCW 70A.200.150(7).  
30 The amount to the department shall also be used to defray the costs  
31 of administering the funding, coordination, and oversight of local  
32 government programs for waste reduction, litter control, recycling,  
33 and composting so that local governments can apply one hundred  
34 percent of their funding to achieving program goals. The amount to  
35 the department of revenue shall be used to enforce compliance with  
36 the litter tax imposed in chapter 82.19 RCW;

37 (b)(i) Twenty percent to the department for local government  
38 funding programs for waste reduction, litter control, recycling  
39 activities, and composting activities by cities and counties under

1 RCW 70A.200.190, to be administered by the department of ecology;  
2 (ii) any unspent funds under (b)(i) of this subsection may be used to  
3 create and pay for a matching fund competitive grant program to be  
4 used by local governments for the development and implementation of  
5 contamination reduction and outreach plans for inclusion in  
6 comprehensive solid waste management plans or by local governments  
7 and nonprofit organizations for local or statewide education programs  
8 designed to help the public with litter control, waste reduction,  
9 recycling, and composting of primarily the products taxed under  
10 chapter 82.19 RCW. Recipients under this subsection include programs  
11 to reduce wasted food and food waste that are designed to achieve the  
12 goals established in RCW 70A.205.715(1) and that are consistent with  
13 the plan developed in RCW 70A.205.715(3). Grants must adhere to the  
14 following requirements: (A) No grant may exceed sixty thousand  
15 dollars; (B) grant recipients shall match the grant funding allocated  
16 by the department by an amount equal to twenty-five percent of  
17 eligible expenses. A local government's share of these costs may be  
18 met by cash or contributed services; (C) the obligation of the  
19 department to make grant payments is contingent upon the availability  
20 of the amount of money appropriated for this subsection (1)(b); and  
21 (D) grants are managed under the guidelines for existing grant  
22 programs; and

23 (c) Forty percent to the department of ecology to: (i) Implement  
24 activities under RCW 70A.200.150 for waste reduction, recycling, and  
25 composting efforts; (ii) provide technical assistance to local  
26 governments and commercial businesses to increase recycling markets  
27 and recycling and composting programs primarily for the products  
28 taxed under chapter 82.19 RCW designed to educate citizens about  
29 waste reduction, litter control, and recyclable and compostable  
30 products and programs; (iii) increase access to waste reduction,  
31 composting, and recycling programs, particularly for food packaging  
32 and plastic bags and appropriate composting techniques; and (iv) for  
33 programs to reduce wasted food and food waste that are designed to  
34 achieve the goals established in RCW 70A.205.715(1) and that are  
35 consistent with the plan developed in RCW 70A.205.715(3).

36 (2) All taxes imposed in RCW 82.19.010 and fines and bail  
37 forfeitures collected or received pursuant to this chapter shall be  
38 deposited in the waste reduction, recycling, and litter control  
39 account and used for the programs under subsection (1) of this  
40 section.

1 (3) Not less than five percent and no more than ten percent of  
2 the amount appropriated into the waste reduction, recycling, and  
3 litter control account every biennium shall be reserved for capital  
4 needs, including the purchase of vehicles for transporting crews and  
5 for collecting litter and solid waste. Capital funds shall be  
6 distributed among state agencies and local governments according to  
7 the same criteria provided in RCW 70A.200.170 for the remainder of  
8 the funds, so that the most effective waste reduction, litter  
9 control, recycling, and composting programs receive the most funding.  
10 The intent of this subsection is to provide funds for the purchase of  
11 equipment that will enable the department to account for the greatest  
12 return on investment in terms of reaching a zero litter goal.

13 (4) Funds in the waste reduction, recycling, and litter control  
14 account, collected under chapter 82.19 RCW, must be prioritized for  
15 the products identified under RCW 82.19.020 solely for the purposes  
16 of recycling, composting, and litter collection, reduction, and  
17 control programs.

18 (5) During the 2021-2023 fiscal biennium, Washington State  
19 University may use funds in the waste reduction, recycling, and  
20 litter control account, collected under chapter 82.19 RCW, to conduct  
21 an organic waste study.

22 (6) During the 2021-2023 fiscal biennium, and as an exception to  
23 the distribution of expenditures otherwise required in this section,  
24 the department of ecology may use funds in the waste reduction,  
25 recycling, and litter control account to continue a series of food  
26 waste reduction campaigns and to continue to invest in litter  
27 prevention campaigns.

28 **Sec. 958.** RCW 71.24.580 and 2021 c 334 s 989 are each amended to  
29 read as follows:

30 (1) The criminal justice treatment account is created in the  
31 state treasury. Moneys in the account may be expended solely for: (a)  
32 Substance use disorder treatment and treatment support services for  
33 offenders with a substance use disorder that, if not treated, would  
34 result in addiction, against whom charges are filed by a prosecuting  
35 attorney in Washington state; (b) the provision of substance use  
36 disorder treatment services and treatment support services for  
37 nonviolent offenders within a drug court program and, during the  
38 2021-23 fiscal biennium, for 180 days following graduation from the  
39 drug court program; and (c) the administrative and overhead costs

1 associated with the operation of a drug court. Amounts provided in  
2 this subsection must be used for treatment and recovery support  
3 services for criminally involved offenders and authorization of these  
4 services shall not be subject to determinations of medical necessity.  
5 During the 2019-2021 and 2021-2023 fiscal biennia, funding from the  
6 criminal justice treatment account may be used to provide treatment  
7 and support services through the conclusion of an individual's  
8 treatment plan to individuals participating in a drug court program  
9 as of February 24, 2021, if that individual wishes to continue  
10 treatment following dismissal of charges they were facing under RCW  
11 69.50.4013(1). Such participation is voluntary and contingent upon  
12 substantial compliance with drug court program requirements. During  
13 the 2019-2021 and 2021-2023 fiscal biennia, the legislature may  
14 appropriate from the account for municipal drug courts and increased  
15 treatment options. During the 2019-2021 fiscal biennium, the  
16 legislature may direct the state treasurer to make transfers of  
17 moneys in the criminal justice treatment account to the home security  
18 fund account created in RCW 43.185C.060. Moneys in the account may be  
19 spent only after appropriation.

20 (2) For purposes of this section:

21 (a) "Treatment" means services that are critical to a  
22 participant's successful completion of his or her substance use  
23 disorder treatment program, including but not limited to the recovery  
24 support and other programmatic elements outlined in RCW 2.30.030  
25 authorizing therapeutic courts; and

26 (b) "Treatment support" includes transportation to or from  
27 inpatient or outpatient treatment services when no viable alternative  
28 exists, and child care services that are necessary to ensure a  
29 participant's ability to attend outpatient treatment sessions.

30 (3) Revenues to the criminal justice treatment account consist  
31 of: (a) Funds transferred to the account pursuant to this section;  
32 and (b) any other revenues appropriated to or deposited in the  
33 account.

34 (4) (a) For the fiscal year beginning July 1, 2005, and each  
35 subsequent fiscal year, the state treasurer shall transfer eight  
36 million two hundred fifty thousand dollars from the general fund to  
37 the criminal justice treatment account, divided into four equal  
38 quarterly payments. For the fiscal year beginning July 1, 2006, and  
39 each subsequent fiscal year, the amount transferred shall be

1 increased on an annual basis by the implicit price deflator as  
2 published by the federal bureau of labor statistics.

3 (b) In each odd-numbered year, the legislature shall appropriate  
4 the amount transferred to the criminal justice treatment account in  
5 (a) of this subsection to the department for the purposes of  
6 subsection (5) of this section.

7 (5) Moneys appropriated to the authority from the criminal  
8 justice treatment account shall be distributed as specified in this  
9 subsection. The authority may retain up to three percent of the  
10 amount appropriated under subsection (4)(b) of this section for its  
11 administrative costs.

12 (a) Seventy percent of amounts appropriated to the authority from  
13 the account shall be distributed to counties pursuant to the  
14 distribution formula adopted under this section. The authority, in  
15 consultation with the department of corrections, the Washington state  
16 association of counties, the Washington state association of drug  
17 court professionals, the superior court judges' association, the  
18 Washington association of prosecuting attorneys, representatives of  
19 the criminal defense bar, representatives of substance use disorder  
20 treatment providers, and any other person deemed by the authority to  
21 be necessary, shall establish a fair and reasonable methodology for  
22 distribution to counties of moneys in the criminal justice treatment  
23 account. County or regional plans submitted for the expenditure of  
24 formula funds must be approved by the panel established in (b) of  
25 this subsection.

26 (b) Thirty percent of the amounts appropriated to the authority  
27 from the account shall be distributed as grants for purposes of  
28 treating offenders against whom charges are filed by a county  
29 prosecuting attorney. The authority shall appoint a panel of  
30 representatives from the Washington association of prosecuting  
31 attorneys, the Washington association of sheriffs and police chiefs,  
32 the superior court judges' association, the Washington state  
33 association of counties, the Washington defender's association or the  
34 Washington association of criminal defense lawyers, the department of  
35 corrections, the Washington state association of drug court  
36 professionals, and substance use disorder treatment providers. The  
37 panel shall review county or regional plans for funding under (a) of  
38 this subsection and grants approved under this subsection. The panel  
39 shall attempt to ensure that treatment as funded by the grants is  
40 available to offenders statewide.

1 (6) The county alcohol and drug coordinator, county prosecutor,  
2 county sheriff, county superior court, a substance abuse treatment  
3 provider appointed by the county legislative authority, a member of  
4 the criminal defense bar appointed by the county legislative  
5 authority, and, in counties with a drug court, a representative of  
6 the drug court shall jointly submit a plan, approved by the county  
7 legislative authority or authorities, to the panel established in  
8 subsection (5)(b) of this section, for disposition of all the funds  
9 provided from the criminal justice treatment account within that  
10 county. The submitted plan should incorporate current evidence-based  
11 practices in substance use disorder treatment. The funds shall be  
12 used solely to provide approved alcohol and substance use disorder  
13 treatment pursuant to RCW 71.24.560 and treatment support services.  
14 No more than ten percent of the total moneys received under  
15 subsections (4) and (5) of this section by a county or group of  
16 counties participating in a regional agreement shall be spent for  
17 treatment support services.

18 (7) Counties are encouraged to consider regional agreements and  
19 submit regional plans for the efficient delivery of treatment under  
20 this section.

21 (8) Moneys allocated under this section shall be used to  
22 supplement, not supplant, other federal, state, and local funds used  
23 for substance abuse treatment.

24 (9) If a region or county uses criminal justice treatment account  
25 funds to support a therapeutic court, the therapeutic court must  
26 allow the use of all medications approved by the federal food and  
27 drug administration for the treatment of opioid use disorder as  
28 deemed medically appropriate for a participant by a medical  
29 professional. If appropriate medication-assisted treatment resources  
30 are not available or accessible within the jurisdiction, the health  
31 care authority's designee for assistance must assist the court with  
32 acquiring the resource.

33 (10) Counties must meet the criteria established in RCW  
34 2.30.030(3).

35 (11) The authority shall annually review and monitor the  
36 expenditures made by any county or group of counties that receives  
37 appropriated funds distributed under this section. Counties shall  
38 repay any funds that are not spent in accordance with the  
39 requirements of its contract with the authority.

1       **Sec. 959.** RCW 74.13.802 and 2020 c 33 s 7 are each amended to  
2 read as follows:

3       (1) Beginning July 1, 2020, the department shall establish a  
4 child welfare housing assistance pilot program, which provides  
5 housing vouchers, rental assistance, navigation, and other support  
6 services to eligible families.

7       (a) The department shall operate or contract for the operation of  
8 the child welfare housing assistance pilot program under subsection  
9 (3) of this section in one county west of the crest of the Cascade  
10 mountain range and one county east of the crest of the Cascade  
11 mountain range.

12       (b) The child welfare housing assistance pilot program is  
13 intended to shorten the time that children remain in out-of-home  
14 care.

15       (2) A parent with a child who is dependent pursuant to chapter  
16 13.34 RCW and whose primary remaining barrier to reunification is the  
17 lack of appropriate housing is eligible for the child welfare housing  
18 assistance pilot program.

19       (3) The department shall contract with an outside entity or  
20 entities to operate the child welfare housing assistance pilot  
21 program. If no outside entity or entities are available to operate  
22 the program or specific parts of the program, the department may  
23 operate the program or the specific parts that are not operated by an  
24 outside entity.

25       (4) Families may be referred to the child welfare housing  
26 assistance pilot program by a caseworker, an attorney, a guardian ad  
27 litem as defined in chapter 13.34 RCW, a parent ally as defined in  
28 RCW 2.70.060, an office of public defense social worker, or the  
29 court.

30       (5) The department shall consult with a stakeholder group that  
31 must include, but is not limited to, the following:

32       (a) Parent allies;

33       (b) Parent attorneys and social workers managed by the office of  
34 public defense parent representation program;

35       (c) The department of commerce;

36       (d) Housing experts;

37       (e) Community-based organizations;

38       (f) Advocates; and

39       (g) Behavioral health providers.

1 (6) The stakeholder group established in subsection (5) of this  
2 section shall begin meeting after July 28, 2019, and assist the  
3 department in design of the child welfare housing assistance pilot  
4 program in areas including, but not limited to:

5 (a) Equitable racial, geographic, ethnic, and gender distribution  
6 of program support;

7 (b) Eligibility criteria;

8 (c) Creating a definition of homeless for purposes of eligibility  
9 for the program; and

10 (d) Options for program design that include outside entities  
11 operating the entire program or specific parts of the program.

12 (7) By December 1, 2021, the department shall report outcomes for  
13 the child welfare housing assistance pilot program to the oversight  
14 board for children, youth, and families established pursuant to RCW  
15 43.216.015. The report must include racial, geographic, ethnic, and  
16 gender distribution of program support.

17 (8) The child welfare housing assistance pilot program  
18 established in this section is subject to the availability of funds  
19 appropriated for this purpose.

20 (9) This section expires June 30, (~~2022~~) 2023.

21 **Sec. 960.** RCW 74.46.561 and 2021 c 334 s 993 are each amended to  
22 read as follows:

23 (1) The legislature adopts a new system for establishing nursing  
24 home payment rates beginning July 1, 2016. Any payments to nursing  
25 homes for services provided after June 30, 2016, must be based on the  
26 new system. The new system must be designed in such a manner as to  
27 decrease administrative complexity associated with the payment  
28 methodology, reward nursing homes providing care for high acuity  
29 residents, incentivize quality care for residents of nursing homes,  
30 and establish minimum staffing standards for direct care.

31 (2) The new system must be based primarily on industry-wide  
32 costs, and have three main components: Direct care, indirect care,  
33 and capital.

34 (3) The direct care component must include the direct care and  
35 therapy care components of the previous system, along with food,  
36 laundry, and dietary services. Direct care must be paid at a fixed  
37 rate, based on one hundred percent or greater of statewide case mix  
38 neutral median costs, but for fiscal year 2023 shall be capped so  
39 that a nursing home provider's direct care rate does not exceed (~~one~~

1 ~~hundred thirty~~) 165 percent of its base year's direct care allowable  
2 costs except if the provider is below the minimum staffing standard  
3 established in RCW 74.42.360(2). The legislature intends to remove  
4 the cap on direct care rates by June 30, 2027. Direct care must be  
5 performance-adjusted for acuity every six months, using case mix  
6 principles. Direct care must be regionally adjusted using countywide  
7 wage index information available through the United States department  
8 of labor's bureau of labor statistics. There is no minimum occupancy  
9 for direct care. The direct care component rate allocations  
10 calculated in accordance with this section must be adjusted to the  
11 extent necessary to comply with RCW 74.46.421.

12 (4) The indirect care component must include the elements of  
13 administrative expenses, maintenance costs, and housekeeping services  
14 from the previous system. A minimum occupancy assumption of ninety  
15 percent must be applied to indirect care, but for fiscal year 2023, a  
16 minimum occupancy assumption of 70 percent must be applied to  
17 indirect care. Indirect care must be paid at a fixed rate, based on  
18 ninety percent or greater of statewide median costs. The indirect  
19 care component rate allocations calculated in accordance with this  
20 section must be adjusted to the extent necessary to comply with RCW  
21 74.46.421.

22 (5) The capital component must use a fair market rental system to  
23 set a price per bed. The capital component must be adjusted for the  
24 age of the facility, and must use a minimum occupancy assumption of  
25 ninety percent.

26 (a) Beginning July 1, 2016, the fair rental rate allocation for  
27 each facility must be determined by multiplying the allowable nursing  
28 home square footage in (c) of this subsection by the RSMeans rental  
29 rate in (d) of this subsection and by the number of licensed beds  
30 yielding the gross unadjusted building value. An equipment allowance  
31 of ten percent must be added to the unadjusted building value. The  
32 sum of the unadjusted building value and equipment allowance must  
33 then be reduced by the average age of the facility as determined by  
34 (e) of this subsection using a depreciation rate of one and one-half  
35 percent. The depreciated building and equipment plus land valued at  
36 ten percent of the gross unadjusted building value before  
37 depreciation must then be multiplied by the rental rate at seven and  
38 one-half percent to yield an allowable fair rental value for the  
39 land, building, and equipment.

1 (b) The fair rental value determined in (a) of this subsection  
2 must be divided by the greater of the actual total facility census  
3 from the prior full calendar year or imputed census based on the  
4 number of licensed beds at ninety percent occupancy.

5 (c) For the rate year beginning July 1, 2016, all facilities must  
6 be reimbursed using four hundred square feet. For the rate year  
7 beginning July 1, 2017, allowable nursing facility square footage  
8 must be determined using the total nursing facility square footage as  
9 reported on the medicaid cost reports submitted to the department in  
10 compliance with this chapter. The maximum allowable square feet per  
11 bed may not exceed four hundred fifty.

12 (d) Each facility must be paid at eighty-three percent or greater  
13 of the median nursing facility RSMeans construction index value per  
14 square foot. The department may use updated RSMeans construction  
15 index information when more recent square footage data becomes  
16 available. The statewide value per square foot must be indexed based  
17 on facility zip code by multiplying the statewide value per square  
18 foot times the appropriate zip code based index. For the purpose of  
19 implementing this section, the value per square foot effective July  
20 1, 2016, must be set so that the weighted average fair rental value  
21 rate is not less than ten dollars and eighty cents per patient day.  
22 The capital component rate allocations calculated in accordance with  
23 this section must be adjusted to the extent necessary to comply with  
24 RCW 74.46.421.

25 (e) The average age is the actual facility age reduced for  
26 significant renovations. Significant renovations are defined as those  
27 renovations that exceed two thousand dollars per bed in a calendar  
28 year as reported on the annual cost report submitted in accordance  
29 with this chapter. For the rate beginning July 1, 2016, the  
30 department shall use renovation data back to 1994 as submitted on  
31 facility cost reports. Beginning July 1, 2016, facility ages must be  
32 reduced in future years if the value of the renovation completed in  
33 any year exceeds two thousand dollars times the number of licensed  
34 beds. The cost of the renovation must be divided by the accumulated  
35 depreciation per bed in the year of the renovation to determine the  
36 equivalent number of new replacement beds. The new age for the  
37 facility is a weighted average with the replacement bed equivalents  
38 reflecting an age of zero and the existing licensed beds, minus the  
39 new bed equivalents, reflecting their age in the year of the

1 renovation. At no time may the depreciated age be less than zero or  
2 greater than forty-four years.

3 (f) A nursing facility's capital component rate allocation must  
4 be rebased annually, effective July 1, 2016, in accordance with this  
5 section and this chapter.

6 (g) For the purposes of this subsection (5), "RSMeans" means  
7 building construction costs data as published by Gordian.

8 (6) A quality incentive must be offered as a rate enhancement  
9 beginning July 1, 2016.

10 (a) An enhancement no larger than five percent and no less than  
11 one percent of the statewide average daily rate must be paid to  
12 facilities that meet or exceed the standard established for the  
13 quality incentive. All providers must have the opportunity to earn  
14 the full quality incentive payment.

15 (b) The quality incentive component must be determined by  
16 calculating an overall facility quality score composed of four to six  
17 quality measures. For fiscal year 2017 there shall be four quality  
18 measures, and for fiscal year 2018 there shall be six quality  
19 measures. Initially, the quality incentive component must be based on  
20 minimum data set quality measures for the percentage of long-stay  
21 residents who self-report moderate to severe pain, the percentage of  
22 high-risk long-stay residents with pressure ulcers, the percentage of  
23 long-stay residents experiencing one or more falls with major injury,  
24 and the percentage of long-stay residents with a urinary tract  
25 infection. Quality measures must be reviewed on an annual basis by a  
26 stakeholder work group established by the department. Upon review,  
27 quality measures may be added or changed. The department may risk  
28 adjust individual quality measures as it deems appropriate.

29 (c) The facility quality score must be point based, using at a  
30 minimum the facility's most recent available three-quarter average  
31 centers for medicare and medicaid services quality data. Point  
32 thresholds for each quality measure must be established using the  
33 corresponding statistical values for the quality measure point  
34 determinants of eighty quality measure points, sixty quality measure  
35 points, forty quality measure points, and twenty quality measure  
36 points, identified in the most recent available five-star quality  
37 rating system technical user's guide published by the centers for  
38 medicare and medicaid services.

39 (d) Facilities meeting or exceeding the highest performance  
40 threshold (top level) for a quality measure receive twenty-five

1 points. Facilities meeting the second highest performance threshold  
2 receive twenty points. Facilities meeting the third level of  
3 performance threshold receive fifteen points. Facilities in the  
4 bottom performance threshold level receive no points. Points from all  
5 quality measures must then be summed into a single aggregate quality  
6 score for each facility.

7 (e) Facilities receiving an aggregate quality score of eighty  
8 percent of the overall available total score or higher must be placed  
9 in the highest tier (tier V), facilities receiving an aggregate score  
10 of between seventy and seventy-nine percent of the overall available  
11 total score must be placed in the second highest tier (tier IV),  
12 facilities receiving an aggregate score of between sixty and sixty-  
13 nine percent of the overall available total score must be placed in  
14 the third highest tier (tier III), facilities receiving an aggregate  
15 score of between fifty and fifty-nine percent of the overall  
16 available total score must be placed in the fourth highest tier (tier  
17 II), and facilities receiving less than fifty percent of the overall  
18 available total score must be placed in the lowest tier (tier I).

19 (f) The tier system must be used to determine the amount of each  
20 facility's per patient day quality incentive component. The per  
21 patient day quality incentive component for tier IV is seventy-five  
22 percent of the per patient day quality incentive component for tier  
23 V, the per patient day quality incentive component for tier III is  
24 fifty percent of the per patient day quality incentive component for  
25 tier V, and the per patient day quality incentive component for tier  
26 II is twenty-five percent of the per patient day quality incentive  
27 component for tier V. Facilities in tier I receive no quality  
28 incentive component.

29 (g) Tier system payments must be set in a manner that ensures  
30 that the entire biennial appropriation for the quality incentive  
31 program is allocated.

32 (h) Facilities with insufficient three-quarter average centers  
33 for medicare and medicaid services quality data must be assigned to  
34 the tier corresponding to their five-star quality rating. Facilities  
35 with a five-star quality rating must be assigned to the highest tier  
36 (tier V) and facilities with a one-star quality rating must be  
37 assigned to the lowest tier (tier I). The use of a facility's five-  
38 star quality rating shall only occur in the case of insufficient  
39 centers for medicare and medicaid services minimum data set  
40 information.

1 (i) The quality incentive rates must be adjusted semiannually on  
2 July 1 and January 1 of each year using, at a minimum, the most  
3 recent available three-quarter average centers for medicare and  
4 medicaid services quality data.

5 (j) Beginning July 1, 2017, the percentage of short-stay  
6 residents who newly received an antipsychotic medication must be  
7 added as a quality measure. The department must determine the quality  
8 incentive thresholds for this quality measure in a manner consistent  
9 with those outlined in (b) through (h) of this subsection using the  
10 centers for medicare and medicaid services quality data.

11 (k) Beginning July 1, 2017, the percentage of direct care staff  
12 turnover must be added as a quality measure using the centers for  
13 medicare and medicaid services' payroll-based journal and nursing  
14 home facility payroll data. Turnover is defined as an employee  
15 departure. The department must determine the quality incentive  
16 thresholds for this quality measure using data from the centers for  
17 medicare and medicaid services' payroll-based journal, unless such  
18 data is not available, in which case the department shall use direct  
19 care staffing turnover data from the most recent medicaid cost  
20 report.

21 (7) Reimbursement of the safety net assessment imposed by chapter  
22 74.48 RCW and paid in relation to medicaid residents must be  
23 continued.

24 (8)(a) The direct care and indirect care components must be  
25 rebased in even-numbered years, beginning with rates paid on July 1,  
26 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar  
27 year cost report. On a percentage basis, after rebasing, the  
28 department must confirm that the statewide average daily rate has  
29 increased at least as much as the average rate of inflation, as  
30 determined by the skilled nursing facility market basket index  
31 published by the centers for medicare and medicaid services, or a  
32 comparable index. If after rebasing, the percentage increase to the  
33 statewide average daily rate is less than the average rate of  
34 inflation for the same time period, the department is authorized to  
35 increase rates by the difference between the percentage increase  
36 after rebasing and the average rate of inflation.

37 (b) It is the intention of the legislature that direct and  
38 indirect care rates paid in fiscal year 2022 will be rebased using  
39 the calendar year 2019 cost reports. For fiscal year 2021, in  
40 addition to the rates generated by (a) of this subsection, an

1 additional adjustment is provided as established in this subsection  
2 (8)(b). Beginning May 1, 2020, and through June 30, 2021, the  
3 calendar year costs must be adjusted for inflation by a twenty-four  
4 month consumer price index, based on the most recently available  
5 monthly index for all urban consumers, as published by the bureau of  
6 labor statistics. It is also the intent of the legislature that,  
7 starting in fiscal year 2022, a facility-specific rate add-on equal  
8 to the inflation adjustment that facilities received solely in fiscal  
9 year 2021, must be added to the rate.

10 (c) To determine the necessity of regular inflationary  
11 adjustments to the nursing facility rates, by December 1, 2020, the  
12 department shall provide the appropriate policy and fiscal committees  
13 of the legislature with a report that provides a review of rates paid  
14 in 2017, 2018, and 2019 in comparison to costs incurred by nursing  
15 facilities.

16 (9) The direct care component provided in subsection (3) of this  
17 section is subject to the reconciliation and settlement process  
18 provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to  
19 rules established by the department, funds that are received through  
20 the reconciliation and settlement process provided in RCW  
21 74.46.022(6) must be used for technical assistance, specialized  
22 training, or an increase to the quality enhancement established in  
23 subsection (6) of this section. The legislature intends to review the  
24 utility of maintaining the reconciliation and settlement process  
25 under a price-based payment methodology, and may discontinue the  
26 reconciliation and settlement process after the 2017-2019 fiscal  
27 biennium.

28 (10) Compared to the rate in effect June 30, 2016, including all  
29 cost components and rate add-ons, no facility may receive a rate  
30 reduction of more than one percent on July 1, 2016, more than two  
31 percent on July 1, 2017, or more than five percent on July 1, 2018.  
32 To ensure that the appropriation for nursing homes remains cost  
33 neutral, the department is authorized to cap the rate increase for  
34 facilities in fiscal years 2017, 2018, and 2019.

35 **Sec. 961.** RCW 76.04.516 and 2021 c 298 s 3 are each amended to  
36 read as follows:

37 (1) By December 1st of each even-numbered year, and in compliance  
38 with RCW 43.01.036, the department must report to the governor and  
39 legislature on the following:

1 (a) The type and amount of the expenditures made, by fiscal year,  
2 and for what purpose, from the wildfire response, forest restoration,  
3 and community resilience account created in RCW 76.04.511 and from  
4 expenditures made from the general fund for implementation of this  
5 act;

6 (b) The amount of unexpended and unobligated funds in the  
7 wildfire response, forest restoration, and community resilience  
8 account and recommendations for the disbursement to local districts;

9 (c) Progress on implementation of the wildland fire protection  
10 10-year strategic plan including, but not limited to, how investments  
11 are reducing human-caused wildfire starts, lowering the size and  
12 scale and geography of catastrophic wildfires, reducing the  
13 communities, landscapes, and population at risk, and creating  
14 resilient landscapes and communities;

15 (d) Progress on implementation of the 20-year forest health  
16 strategic plan as established through the forest health assessment  
17 and treatment framework pursuant to RCW 76.06.200 including, but not  
18 limited to: Assessment of fire prone lands and communities that are  
19 in need of forest health treatments; forest health treatments  
20 prioritized and conducted by landowner type, geography, and risk  
21 level; estimated value of any merchantable materials from forest  
22 health treatments; and number of acres treated by treatment type,  
23 including the use of prescribed fire;

24 (e) Progress on developing markets for forest residuals and  
25 biomass generated from forest health treatments.

26 (2) The department must include recommendations on any  
27 adjustments that may be necessary or advisable to the mechanism of  
28 funding dispensation as created under chapter 298, Laws of 2021.

29 (3) The report required in this section should support existing  
30 department assessments pursuant to RCW 79.10.530 and 76.06.200.

31 (4) (a) (i) Prior to the determination of the 2025-2034 sustainable  
32 harvest calculation as required by RCW 79.10.320, the department must  
33 hire an independent third-party contractor to assist it in updating  
34 its forest inventory by increasing the intensity of forest sample  
35 plots on all forestlands over the next two biennium. The department's  
36 sustainable harvest calculation technical advisory committee must be  
37 involved in the design, development, and implementation of this  
38 forest inventory update.

39 (ii) For purposes of this subsection, "forest inventory" means  
40 the collection of sample data to estimate a range of forest

1 attributes including, but not limited to, standing volume, stored  
2 carbon, habitat attributes, age classes, tree species, and other  
3 inventory attributes, including information needed to estimate rates  
4 of tree growth and associated carbon sequestration on department  
5 lands.

6 (iii) The department's sustainable harvest calculation technical  
7 advisory committee must bring forward recommendations for regular  
8 maintenance and updates to the forest inventory on a ten-year basis.

9 (b) Prior to the determination of the 2025-2034 sustainable  
10 harvest calculation as required by RCW 79.10.320, the department must  
11 hire a third-party contractor to review, analyze, and advise the  
12 department's forest growth and yield modeling, specific to all types  
13 of forested acres managed by the department. The department's  
14 sustainable harvest calculation technical advisory committee must be  
15 involved in the design, review, and analysis of the department's  
16 forest growth and yield modeling.

17 (c) Prior to the determination of the 2025-2034 sustainable  
18 harvest calculation as required by RCW 79.10.320 and in the absence  
19 of any litigation, pending or in progress, against the department's  
20 sustainable harvest calculation, the joint legislative audit and  
21 review committee established in chapter 44.28 RCW must oversee and  
22 conduct an independent review of the methodologies and data being  
23 utilized by the department in the development of the sustainable  
24 harvest calculation, including the associated forest inventory,  
25 forest growth, harvest and yield data, and modeling techniques that  
26 impact harvest levels. In carrying out the review, the joint  
27 legislative audit and review committee shall:

28 (i) Retain one or more contractors with expertise in forest  
29 inventories, forest growth and yield modeling, and operational  
30 research modeling in forest harvest scheduling to conduct the  
31 technical review;

32 (ii) Be a member of department's sustainable harvest calculation  
33 technical advisory committee, along with one of its contractors  
34 selected in (c) (i) of this subsection; and

35 (iii) Prior to the department's determination of the sustainable  
36 harvest (~~([calculation])~~) calculation under RCW 79.10.320, ensure  
37 that a completed independent review and report with findings and  
38 recommendations is submitted to the board of natural resources and  
39 the legislature.

1 (d) Upon receiving the report from the joint legislative audit  
2 and review committee required under (c)(iii) of this subsection, the  
3 board of natural resources shall determine whether modifications are  
4 necessary to the sustainable harvest calculation prior to approving  
5 harvest level under RCW 79.10.320.

6 NEW SECTION. **Sec. 962.** If any provision of this act or its  
7 application to any person or circumstance is held invalid, the  
8 remainder of the act or the application of the provision to other  
9 persons or circumstances is not affected.

10 NEW SECTION. **Sec. 963.** This act is necessary for the immediate  
11 preservation of the public peace, health, or safety, or support of  
12 the state government and its existing public institutions, and takes  
13 effect immediately."
