

SSB 5428 - S AMD TO S AMD (S-3667.2/22) 982
By Senator Fortunato

NOT ADOPTED 02/08/2022

1 On page 2, beginning on line 3, after "applicable" strike all
2 material through "permit or" on line 4

3 On page 2, line 4, after "jurisdiction." insert "Including the
4 development of a stormwater monitoring plan for the facility to
5 include weekly monitoring and monthly reporting to the department of
6 ecology or, if more than one acre of soil is disturbed, to include
7 the construction stormwater requirements using the department of
8 ecology's water quality web discharge monitoring reporting system."

EFFECT: Deletes the reference to the federal NPDES permit and clarifies the applicability of state stormwater permitting requirements which are more restrictive than federal NPDES permit requirements.
