

2SSB 5885 - S AMD 1105

By Senator Warnick

ADOPTED 02/12/2022

1 On page 3, beginning on line 9, after "(ii)" strike all material
2 through "structure." on line 11 and insert "Any repair or replacement
3 of a marine structure in the waters of the Puget Sound must be
4 assessed to consider the least impactful alternatives that upgrade
5 the structures to the most recent code standards ensuring that the
6 updates are technically feasible and subject to the alternatives in
7 (b) of this subsection."

EFFECT: Removes the requirement that a marine replacement structure in the waters of Puget Sound must meet the same design standards as a new structure and adds that a repair or replacement marine structure must consider the least impactful alternatives that are technically feasible.
