Background:

A "no-knock warrant" is a legal term referring to a warrant where the court has provided advance authorization to enter without complying with the "knock and announce" rule.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not part of the legislation nor does it constitute a statement of legislative intent.

State statute neither authorizes nor prohibits "no-knock warrants."

Summary of Bill:

The building's inverted design was a the 1970s, with and Rogers brightly colored pipes and ducts on the here is some text that I'm trying and waiting for the auto save and misspelling to occur when i do thissss and no autoastestave...where are you. building's facade. The center's "inside out" visage remains one of the world's most prominent examples of high-tech architecture.
