Appropriations are made in the biennial and supplemental transportation budgets for the operation and capital expenses of state transportation agencies and programs.

Summary of Bill:

Appropriations are adjusted for state transportation agencies and programs for the 2019-21 fiscal biennium. Overall appropriations are reduced by \$905 million from \$10.4 billion to \$9.5 billion. Capital-related appropriations are reduced by \$721 million, and operating-related appropriations are reduced by \$185 million. Fund transfers and other provisions are adjusted.
