*This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not part of the legislation nor does it constitute a statement of legislative intent.*

**Background:**

The Fish and Wildlife Commission (Commission) is responsible for establishing policies to preserve; protect; and perpetuate wildlife, fish, and shellfish, and their habitat by providing opportunities for recreational and commercial harvesting of fish and wildlife in a manner that does not impair the long-term survival of the species. As part of this responsibility, the Commission sets hunting and fishing season dates and distributes and creates rules for issuing licenses, permits, tags, stamps, and raffle tickets.

A recreational license is required to hunt, fish, or take wildlife or seaweed. Most licenses require a person have physical possession of the license or the license-specific Internet or telephone authorization number. For example, catch record cards and transport tags must be in the physical possession of the holder.

Licenses and permits may be purchased at the Washington Department of Fish and Wildlife's website or at an authorized license dealer. When purchased online, the Commission mails the licensee a physical license or permit. Most licenses must be signed by the licensee, contain the licensee's personal identification information, and, if required, be accompanied by a valid catch record card.

---

**Summary of Substitute Bill:**

The Commission's authority to issue and create rules for granting licenses, permits, tags, stamps, and catch record cards extends to the issuance of electronic licensing documents as well as the ability to use, display, and present such documents to agency staff in an electronic format.

**Substitute Bill Compared to Original Bill:**

The substitute bill removes the Commission's authority to adopt rules regarding the issuance, use, and display of electronic raffle tickets.

---

**Appropriation:** None.**Fiscal Note:** Not requested.**Effective Date of Substitute Bill:** The bill takes effect 90 days after adjournment of the session in which the bill is passed.**Staff Summary of Public Testimony:**

(In support) Many of the required permits purchased last year were purchased online, but a physical document is often required so licenses are still mailed and printed at home. This bill will help modernize the licensing system by telling the Commission to adopt rules about electronic licensing. People will enjoy this change and enforcement staff will be able to view licenses on mobile devices. Oregon and Alaska have implemented similar policies that worked well. The proposed substitute bill was in response to the gambling commission's concerns about electronic raffles in electronic formats, so the substitute bill struck raffle tickets from the bill.

(Opposed) None.

**Persons Testifying:** Tom McBride, Department of Fish and Wildlife.

**Persons Signed In To Testify But Not Testifying:** None.
