Staff: Alicia Kinne-Clawson (786-7407)

Background: Washington State National Guard Conditional Scholarship Program. The Washington State National Guard Conditional Scholarship program was created in 1994, and is administered by the Office of the Adjutant General of the State Military Department.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not part of the legislation nor does it constitute a statement of legislative intent.

In 2020, the program was renamed the Washington National Guard Postsecondary Education Grant Program. A student is eligible for the grant program if:

- they are a member of the Washington National Guard;
- they attend an accredited institution in Washington State; a baccalaureate degree or higher from any postsecondary institution has not been awarded;
- they are an active drilling member in good standing in the Washington National Guard;
- they have completed and submitted an application for student aid;
- they are a resident student; and
- they agree to fulfill the student's service obligation.

Eligible participants in the grant program incur an obligation to repay the grant with interest, unless they serve in the Washington National Guard for one year for each year they receive the award.

Washington College Grant. The maximum Washington College Grant (WCG) award covers tuition, and services and activities fees for 15 quarter credits or the equivalent at the state's public institutions. For example, the 2021-22 maximum award for students attending the University of Washington is \$11,339.

Summary of Bill: Eligibility. Eligibility for the Washington National Guard postsecondary education grant program is modified to require that students are enrolled in courses or programs that lead to a postsecondary degree or credential. The requirement that a student has not achieved a baccalaureate or higher degree is eliminated.

Grants. Eligible students may receive grants to pay for postsecondary education program costs. Grants may not:

- exceed the maximum WCG award, plus \$500 for books and supplies;
- exceed the student's cost of attendance, when combined with other sources of aid; and
- result in a reduction of the participant's federal or other state aid.

Appropriation: None.

Fiscal Note: Available.
