SENATE COMMITTEE ON HOUSING & LOCAL GOVERNMENT

Staff: Maggie Douglas (786-7279)

Background: County legislative authorities are responsible for directing the short and long-range policy goals and outcomes for the county government and its constituents.

County legislative authorities are required to hold all regular meetings at the county seat. A regular meeting is defined as a meeting that is held in accordance to a schedule adopted by ordinance, resolution, order, or rule by the county legislative authority. The legislative authority may, no more than once per calendar quarter, hold a regular meeting at a location outside of the county seat, but within the county if the county legislative authority determines that holding a meeting at an alternate location would be in the interests of supporting greater citizen engagement in local government.

This analysis was prepared by non-partisan legislative staff for the use of legislative members in their deliberations. This analysis is not part of the legislation nor does it constitute a statement of legislative intent.

Summary of Bill: The county legislative authority may increase the frequency of holding regular meetings outside the county seat to no more than once per calendar month.

Appropriation: None.

Fiscal Note: Not requested.

Creates Committee/Commission/Task Force that includes Legislative members: No.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Staff Summary of Public Testimony: PRO: By holding a regular meeting at an alternate location within the county at least once per month, county legislative bodies can encourage increased citizen engagement and hear issues relative to that specific area. This bill is not an effort to move the county seat, but rather increase public participation throughout the county.
