- seeking input on best practices for poverty reduction from service providers, community-based organizations, legislators, state agencies, stakeholders, the business community, and subject matter experts;
- collaborating with partner agencies and the Intergenerational Poverty Advisory Committee to analyze available data and information regarding intergenerational poverty; and
- recommending policy actions to the Governor and the Legislature to effectively reduce intergenerational poverty and promote and encourage self-sufficiency.

The Governor appoints five nonvoting members to the LEWPRO representing the Commission on African-American Affairs, the Commission on Hispanic Affairs, the Commission on Asian Pacific American Affairs, the Governor's Office of Indian Affairs, and the Office of Financial Management.

The Women's Commission. The Women's Commission was created in 2018 and consists of nine members.

The LGBTQ Commission. The LGBTQ Commission was created to improve the state's

interface with the LGBTQ community, identify the needs of its members, and ensure there is an effective means of advocating for LGBTQ equity in all aspects of state government. The LGBTQ Commission was created in 2019 and consists of 15 members.

The Office of Equity. The Office of Equity was created in 2021 and works with state agencies to increase access to equitable opportunities to bridge opportunity gaps and reduce disparities. The Office of Equity also works with communities to develop the state's five - year equity plan.

Summary of Bill: LEWPRO's membership is expanded to include a representative from the Women's Commission, the LGBTQ Commission and the Office of Equity. These non-voting positions are appointed by the Governor.

Appropriation: None.

Fiscal Note: Not requested.

Creates Committee/Commission/Task Force that includes Legislative members: No.

Effective Date: Ninety days after adjournment of session in which bill is passed.

Staff Summary of Public Testimony: PRO: This is a DSHS request bill, on behalf of LEWPRO who recommends adding representation on the task force from these three groups. In terms of experience with poverty reduction and mitigation, the advisory group fills that role and advises LEWPRO on these matters. Poverty affects many diverse communities and it is important they are all the able to have their challenges heard by the Legislature. While these additions may seem too small to some, they will ensure we take the next step forward in providing equitable access to poverty reduction.
