PART II
HUMAN SERVICES

NEW SECTION. **Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES**

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and

1 clinical input constitute reliable data upon which to determine the
2 payment rates.

3 (4) The department shall to the maximum extent practicable use
4 the same system for delivery of spoken-language interpreter services
5 for social services appointments as the one established for medical
6 appointments in the health care authority. When contracting directly
7 with an individual to deliver spoken language interpreter services,
8 the department shall only contract with language access providers who
9 are working at a location in the state and who are state-certified or
10 state-authorized, except that when such a provider is not available,
11 the department may use a language access provider who meets other
12 certifications or standards deemed to meet state standards, including
13 interpreters in other states.

14 (5) Information technology projects or investments and proposed
15 projects or investments impacting time capture, payroll and payment
16 processes and systems, eligibility, case management, and
17 authorization systems within the department of social and health
18 services are subject to technical oversight by the office of the
19 chief information officer.

20 (6) (a) The department shall facilitate enrollment under the
21 medicaid expansion for clients applying for or receiving state funded
22 services from the department and its contractors. Prior to open
23 enrollment, the department shall coordinate with the health care
24 authority to provide referrals to the Washington health benefit
25 exchange for clients that will be ineligible for medicaid.

26 (b) To facilitate a single point of entry across public and
27 medical assistance programs, and to maximize the use of federal
28 funding, the health care authority, the department of social and
29 health services, and the health benefit exchange will coordinate
30 efforts to expand HealthPlanfinder access to public assistance and
31 medical eligibility staff. The department shall complete medicaid
32 applications in the HealthPlanfinder for households receiving or
33 applying for public assistance benefits.

34 (7) The health care authority, the health benefit exchange, the
35 department of social and health services, the department of health,
36 and the department of children, youth, and families shall work
37 together within existing resources to establish the health and human
38 services enterprise coalition (the coalition). The coalition, led by
39 the health care authority, must be a multi-organization collaborative
40 that provides strategic direction and federal funding guidance for

1 projects that have cross-organizational or enterprise impact,
2 including information technology projects that affect organizations
3 within the coalition. The office of the chief information officer
4 shall maintain a statewide perspective when collaborating with the
5 coalition to ensure that projects are planned for in a manner that
6 ensures the efficient use of state resources and maximizes federal
7 financial participation. The work of the coalition and any project
8 identified as a coalition project is subject to the conditions,
9 limitations, and review provided in section 701 of this act.

17 environment.

18 (f) \$100,000 of the general fund—state appropriation for fiscal
19 year 2022 and \$100,000 of the general fund—state appropriation for
20 fiscal year 2023 are provided solely for the department to track
21 compliance with RCW 71.05.365 requirements for transition of state
22 hospital patients into community settings within fourteen days of the
23 determination that they no longer require active psychiatric
24 treatment at an inpatient level of care. The department must use
25 these funds to track the following elements related to this
26 requirement: (i) The date on which an individual is determined to no
27 longer require active psychiatric treatment at an inpatient level of
28 care; (ii) the date on which the behavioral health entities and other
29 organizations responsible for resource management services for the
30 person is notified of this determination; and (iii) the date on which
31 either the individual is transitioned to the community or has been
32 re-evaluated and determined to again require active psychiatric
33 treatment at an inpatient level of care. The department must provide
34 this information in regular intervals to behavioral health entities
35 and other organizations responsible for resource management services.
36 The department must summarize the information and provide a report to
37 the office of financial management and the appropriate committees of
38 the legislature on progress toward meeting the fourteen day standard
39 by December 1, 2021, and December 1, 2022.

1 (g) \$250,000 of the general fund—state appropriation for fiscal
2 year 2022 and \$250,000 of the general fund—state appropriation for
3 fiscal year 2023 are provided solely for the department, in
4 collaboration with the health care authority, to develop and
5 implement a predictive modeling tool which identifies clients who are
6 at high risk of future involvement with the criminal justice system
7 and for developing a model to estimate demand for civil and forensic
8 state hospital bed needs pursuant to the following requirements.

9 (i) The predictive modeling tool must be developed to leverage
10 data from a variety of sources and identify factors that are strongly
11 associated with future criminal justice involvement. The department
12 must submit a report to the office of financial management and the
13 appropriate committees of the legislature which describes the
14 following: (A) The proposed data sources to be used in the predictive
15 model and how privacy issues will be addressed; (B) modeling results
16 including a description of measurable factors most strongly
17 predictive of risk of future criminal justice involvement; (C) an
18 assessment of the accuracy, timeliness, and potential effectiveness
19 of the tool; (D) identification of interventions and strategies that
20 can be effective in reducing future criminal justice involvement of
21 high risk patients; and (E) the timeline for implementing processes
22 to provide monthly lists of high-risk client to contracted managed
23 care organizations and behavioral health entities.

24 (ii) The model for civil and forensic state hospital bed need
25 must be developed and updated in consultation with staff from the
26 office of financial management and the appropriate fiscal committees
27 of the state legislature. The model shall incorporate factors for
28 capacity in state hospitals as well as contracted facilities, which
29 provide similar levels of care, referral patterns, wait lists,
30 lengths of stay, and other factors identified as appropriate for
31 predicting the number of beds needed to meet the demand for civil and
32 forensic state hospital services. Factors should include
33 identification of need for the services and analysis of the effect of
34 community investments in behavioral health services and other types
35 of beds that may reduce the need for long-term civil commitment
36 needs. The department must submit a report to the legislature each
37 November 1st through the end of the biennium. The department must
38 continue to update the model on a calendar quarterly basis and
39 provide updates to the office of financial management and the
40 appropriate committees of the legislature accordingly.

1 (h) \$3,557,000 of the general fund—state appropriation for fiscal
2 year 2022 and \$3,622,000 of the general fund—state appropriation for
3 fiscal year 2023 are provided solely for the phase-in of the
4 settlement agreement under *Trueblood, et al. v. Department of Social*
5 *and Health Services, et al.*, United States District Court for the
6 Western District of Washington, Cause No. 14-cv-01178-MJP. The
7 department, in collaboration with the health care authority and the
8 criminal justice training commission, must implement the provisions
9 of the settlement agreement pursuant to the timeline and
10 implementation plan provided for under the settlement agreement. This
11 includes implementing provisions related to competency evaluations,
12 competency restoration, crisis diversion and supports, education and
13 training, and workforce development.

17 implementation of efforts to improve the timeliness of competency
18 evaluation services for individuals who are in local jails pursuant
19 to chapter 5, Laws of 2015 (timeliness of competency treatment and
20 evaluation services). This funding must be used solely to maintain
21 increases in the number of competency evaluators that began in fiscal
22 year 2016 and further increase the number of staff providing
23 competency evaluation services. During the 2021-2023 fiscal biennium,
24 the department must use a portion of these amounts to increase the
25 number of forensic evaluators pursuant to the settlement agreement
26 under *Trueblood, et al. v. Department of Social and Health Services,*
27 *et al.*, United States District Court for the Western District of
28 Washington, Cause No. 14-cv-01178-MJP.

29 (j) \$63,159,000 of the general fund—state appropriation for
30 fiscal year 2022, \$63,159,000 of the general fund—state appropriation

33 improve the timeliness of competency restoration services pursuant to
34 chapter 5, Laws of 2015 (timeliness of competency treatment and
35 evaluation services). These amounts must be used to maintain
36 increases that began in fiscal year 2016 and further increase the
37 number of forensic beds at western state hospital and eastern state
38 hospital. Pursuant to chapter 7, Laws of 2015 1st sp. sess.
39 (timeliness of competency treatment and evaluation services), the

1 department may contract some of these amounts for services at
2 alternative locations if the secretary determines that there is a
3 need. During the 2021-2023 fiscal biennium, the department must use a
4 portion of these amounts to increase forensic bed capacity at the
5 state hospitals pursuant to the settlement agreement under *Trueblood,*
6 *et al. v. Department of Social and Health Services, et al.*, United
7 States District Court for the Western District of Washington, Cause
8 No. 14-cv-01178-MJP.

10 fiscal year 2022 and \$86,705,000 of the general fund—state
11 appropriation for fiscal year 2023 are provided solely for the
12 department to continue to implement an acuity based staffing tool at
13 western state hospital and eastern state hospital in collaboration
14 with the hospital staffing committees.

15 (i) The staffing tool must be designed and implemented to
16 identify, on a daily basis, the clinical acuity on each patient ward
17 and determine the minimum level of direct care staff by profession to
18 be deployed to meet the needs of the patients on each ward. The
19 department must also continue to update, in collaboration with the
20 office of financial management's labor relations office, the staffing
21 committees, and state labor unions, an overall state hospital
22 staffing plan that looks at all positions and functions of the
23 facilities.

24 (ii) Within these amounts, the department must establish,
25 monitor, track, and report monthly staffing and expenditures at the
26 state hospitals, including overtime and use of locums, to the
27 functional categories identified in the recommended staffing plan.
28 The allotments and tracking of staffing and expenditures must include
29 all areas of the state hospitals, must be done at the ward level, and
30 must include contracted facilities providing forensic restoration
31 services as well as the office of forensic mental health services.

32 (iii) Monthly staffing levels and related expenditures at the
33 state hospitals must not exceed official allotments without prior
34 written approval from the director of the office of financial
35 management. In the event the director of the office of financial
36 management approves an increase in monthly staffing levels and
37 expenditures beyond what is budgeted, notice must be provided to the
38 appropriate committees of the legislature within thirty days of such
39 approval. The notice must identify the reason for the authorization
40 to exceed budgeted staffing levels and the time frame for the

1 authorization. Extensions of authorizations under this subsection
2 must also be submitted to the director of the office of financial
3 management for written approval in advance of the expiration of an
4 authorization. The office of financial management must notify the

8 for the extension.

10 fiscal year 2022 and \$10,581,000 of the general fund—state
11 appropriation for fiscal year 2023 are provided solely for the
12 department to implement strategies to improve patient and staff
13 safety at eastern and western state hospitals. These amounts must be
14 used for implementing a new intensive care model program at western
15 state hospital.

16 (m) \$2,593,000 of the general fund—state appropriation for fiscal
17 year 2022 and \$2,593,000 of the general fund—state appropriation for
18 fiscal year 2023 are provided solely for the department to increase
19 services to patients found not guilty by reason of insanity under the
20 *Ross v. Laswhay* settlement agreement.

21 (n) Within the amounts provided in this subsection, the
22 department must develop and submit an annual state hospital
23 performance report for eastern and western state hospitals. Each
24 measure included in the performance report must include baseline
25 performance data, agency performance targets, and performance for the
26 most recent fiscal year. The performance report must include a one
27 page dashboard as well as charts for each fiscal and quality of care
28 measure broken out by hospital and including but not limited to (i)
29 monthly FTE expenditures compared to allotments; (ii) monthly dollar
30 expenditures compared to allotments; (iii) monthly FTE expenditures
31 per ten thousand patient bed days; (iv) monthly dollar expenditures
32 per ten thousand patient bed days; (v) percentage of FTE expenditures
33 for overtime; (vi) average length of stay by category of patient;
34 (vii) average monthly civil wait list; (viii) average monthly
35 forensic wait list; (ix) rate of staff assaults per 10,000 bed days;
36 (x) rate of patient assaults per 10,000 bed days; (xi) average number
37 of days to release after a patient has been determined to be
38 clinically ready for discharge; and (xii) average monthly vacancy
39 rates for key clinical positions. The department must submit the

1 state hospital performance report to the office of financial
2 management and the appropriate committees of the legislature each
3 December 1st through the end of fiscal year 2023, and provide annual
4 updates each December 1st thereafter.

8 constructed forensic competency restoration wards at western state
9 hospital.

10 (p) \$2,941,000 of the general fund—state appropriation for fiscal
11 year 2023 and \$2,941,000 of the general fund—federal appropriation
12 are provided solely for the operations of a 16 bed civil commitment
13 regional treatment center located in Clark county. The department
14 must prioritize serving otherwise hard-to-place civil commitment
15 patients at this facility, including patients with high acuity
16 symptoms, patients converted from the forensic mental health system,
17 and other patients who cannot otherwise be committed to community
18 providers.

19 (q) \$1,382,000 of the general fund—state appropriation for fiscal
20 year 2022, \$5,092,000 of the general fund—state appropriation for
21 fiscal year 2023, and \$5,092,000 of the general fund—federal
22 appropriation are provided solely for the operations of a 16 bed

27 mental health system, and other patients who cannot otherwise be
28 committed to community providers.

29 (r) \$4,316,000 of the general fund—state appropriation for fiscal
30 year 2023 is provided solely for the operations of a 30 bed facility
31 located on the Maple Lane campus serving individuals found not guilty
32 by reason of insanity.

11 The appropriations in this subsection are subject to the
12 following conditions and limitations:

13 (a) Individuals receiving services as supplemental security
14 income (SSI) state supplemental payments may not become eligible for
15 medical assistance under RCW 74.09.510 due solely to the receipt of
16 SSI state supplemental payments.

17 (b) In accordance with RCW 18.51.050, 18.20.050, 70.128.060, and
18 43.135.055, the department is authorized to increase nursing
19 facility, assisted living facility, and adult family home fees as
20 necessary to fully support the actual costs of conducting the
21 licensure, inspection, and regulatory programs. The license fees may
22 not exceed the department's annual licensing and oversight activity
23 costs and shall include the department's cost of paying providers for
24 the amount of the license fee attributed to medicaid clients.

25 (i) The current annual renewal license fee for adult family homes
26 is \$225 per bed beginning in fiscal year 2022 and \$225 per bed
27 beginning in fiscal year 2023. A processing fee of \$2,750 must be
28 charged to each adult family home when the home is initially
29 licensed. This fee is nonrefundable. A processing fee of \$700 must be
30 charged when adult family home providers file a change of ownership
31 application.

32 (ii) The current annual renewal license fee for assisted living
33 facilities is \$116 per bed beginning in fiscal year 2022 and \$116 per
34 bed beginning in fiscal year 2023.

35 (iii) The current annual renewal license fee for nursing
36 facilities is \$359 per bed beginning in fiscal year 2022 and \$359 per
37 bed beginning in fiscal year 2023.

38 (c) \$2,648,000 of the general fund—state appropriation for fiscal
39 year 2022, \$8,946,000 of the general fund—state appropriation for

1 fiscal year 2023, and \$16,665,000 of the general fund—federal
2 appropriation are provided solely for the implementation of the
3 agreement reached between the governor and the service employees
4 international union healthcare 775nw under the provisions of chapters
5 74.39A and 41.56 RCW for the 2021-2023 fiscal biennium, as provided
6 in section 945 of this act.

7 (d) \$291,000 of the general fund—state appropriation for fiscal
8 year 2022, \$992,000 of the general fund—state appropriation for
9 fiscal year 2023, and \$1,844,000 of the general fund—federal
10 appropriation are provided solely for the homecare agency parity
11 impacts of the agreement between the governor and the service
12 employees international union healthcare 775nw.

13 (e) \$540,000 of the general fund—state appropriation for fiscal
14 year 2022, \$860,000 of the general fund—state appropriation for
15 fiscal year 2023, and \$1,881,000 of the general fund—federal
16 appropriation are provided solely for the implementation of an
17 agreement reached between the governor and the adult family home
18 council under the provisions of chapter 41.56 RCW for the 2021-2023
19 fiscal biennium, as provided in section 947 of this act.

20 (f) The department may authorize a one-time waiver of all or any
21 portion of the licensing and processing fees required under RCW
22 70.128.060 in any case in which the department determines that an
23 adult family home is being relicensed because of exceptional
24 circumstances, such as death or incapacity of a provider, and that to
25 require the full payment of the licensing and processing fees would
26 present a hardship to the applicant. In these situations the
27 department is also granted the authority to waive the required
28 residential administrator training for a period of 120 days if
29 necessary to ensure continuity of care during the relicensing
30 process.

31 (g) Community residential cost reports that are submitted by or
32 on behalf of contracted agency providers are required to include
33 information about agency staffing including health insurance, wages,
34 number of positions, and turnover.

35 (h) Sufficient appropriations are provided to continue community
36 alternative placement beds that prioritize the transition of clients
37 who are ready for discharge from the state psychiatric hospitals, but
38 who have additional long-term care or developmental disability needs.

1 (i) Community alternative placement beds include enhanced service
2 facility beds, adult family home beds, skilled nursing facility beds,
3 shared supportive housing beds, state operated living alternative
4 beds, and assisted living facility beds.

5 (ii) Each client must receive an individualized assessment prior
6 to leaving one of the state psychiatric hospitals. The individualized
7 assessment must identify and authorize personal care, nursing care,
8 behavioral health stabilization, physical therapy, or other necessary
9 services to meet the unique needs of each client. It is the
10 expectation that, in most cases, staffing ratios in all community
11 alternative placement options described in (h)(i) of this subsection
12 will need to increase to meet the needs of clients leaving the state
13 psychiatric hospitals. If specialized training is necessary to meet
14 the needs of a client before he or she enters a community placement,
15 then the person centered service plan must also identify and
16 authorize this training.

17 (iii) When reviewing placement options, the department must
18 consider the safety of other residents, as well as the safety of
19 staff, in a facility. An initial evaluation of each placement,
20 including any documented safety concerns, must occur within thirty
21 days of a client leaving one of the state psychiatric hospitals and
22 entering one of the community placement options described in (h)(i)
23 of this subsection. At a minimum, the department must perform two
24 additional evaluations of each placement during the first year that a
25 client has lived in the facility.

26 (iv) In developing bed capacity, the department shall consider
27 the complex needs of individuals waiting for discharge from the state
28 psychiatric hospitals.

29 (i) Sufficient appropriations are provided for discharge case
30 managers stationed at the state psychiatric hospitals. Discharge case
31 managers will transition clients ready for hospital discharge into
32 less restrictive alternative community placements. The transition of
33 clients ready for discharge will free up bed capacity at the state
34 psychiatric hospitals.

35 (j) \$4,000 of the general fund—state appropriation for fiscal
36 year 2022, \$17,000 of the general fund—state appropriation for fiscal
37 year 2023, and \$23,000 of the general fund—federal appropriation are
38 provided solely for a cost of living adjustment to the personal needs
39 allowance pursuant to RCW 74.09.340.

1 (k) The department will work with the health care authority and
2 Washington state's managed care organizations to establish
3 recommendations for clients who live in the community to access the
4 developmental disabilities administration's facility-based
5 professionals to receive care covered under the state plan. If
6 feasible, these recommendations should detail how to enable facility-
7 based professionals to deliver services at mobile or brick-and-mortar
8 clinical settings in the community.

9 (l) \$1,705,000 of the general fund—state appropriation for fiscal
10 year 2022, \$1,688,000 of the general fund—state appropriation for
11 fiscal year 2023, and \$1,465,000 of the general fund—federal
12 appropriation are provided solely for 13 enhanced respite beds across
13 the state for children. These services are intended to provide
14 families and caregivers with a break in caregiving, the opportunity
15 for behavioral stabilization of the child, and the ability to partner
16 with the state in the development of an individualized service plan
17 that allows the child to remain in his or her family home. The
18 department must provide the legislature with a respite utilization
19 report in January of each year that provides information about the
20 number of children who have used enhanced respite in the preceding
21 year, as well as the location and number of days per month that each
22 respite bed was occupied.

23 (m) \$2,025,000 of the general fund—state appropriation for fiscal
24 year 2022 and \$2,006,000 of the general fund—state appropriation for
25 fiscal year 2023 are provided solely for 13 community respite beds
26 across the state for adults. These services are intended to provide
27 families and caregivers with a break in caregiving and the
28 opportunity for stabilization of the individual in a community-based
29 setting as an alternative to using a residential habilitation center
30 to provide planned or emergent respite. The department must provide
31 the legislature with a respite utilization report by January of each
32 year that provides information about the number of individuals who
33 have used community respite in the preceding year, as well as the
34 location and number of days per month that each respite bed was
35 occupied.

36 (n) \$78,000 of the general fund—state appropriation for fiscal
37 year 2022, \$75,000 of the general fund—state appropriation for fiscal
38 year 2023, and \$113,000 of the general fund—federal appropriation are
39 provided solely for implementation of Engrossed Substitute Senate

1 Bill No. 5284 (subminimum wage/disabilities). If the bill is not
2 enacted by June 30, 2021, the amounts provided in this subsection
3 shall lapse.

4 (o) \$422,000 of the general fund—state appropriation for fiscal
5 year 2022, \$478,000 of the general fund—state appropriation for
6 fiscal year 2023, and \$599,000 of the general fund—federal
7 appropriation are provided solely for implementation of Engrossed
8 Substitute Senate Bill No. 5268 (developmental disability services).
9 If the bill is not enacted by June 30, 2021, the amounts provided in
10 this subsection shall lapse.

11 (p) \$3,490,000 of the general fund—local appropriation and
12 \$3,490,000 of the general fund—federal appropriation are provided
13 solely to implement chapter 458, Laws of 2019 (residential services
14 and supports). The annual certification renewal fee for community
15 residential service businesses is \$859 per client in fiscal year 2022
16 and \$859 per client in fiscal year 2023. The annual certification
17 renewal fee may not exceed the department's annual licensing and
18 oversight activity costs. The appropriations in this section include
19 sufficient funding to implement chapter 220, Laws of 2020 (adult
20 family homes/8 beds). A nonrefundable fee of \$485 shall be charged
21 for each application to increase bed capacity at an adult family home
22 to seven or eight beds.

23 (q) \$1,703,000 of the general fund—state appropriation for fiscal
24 year 2023 and \$3,397,000 of the general fund—federal appropriation
25 are provided solely for implementation of Substitute Senate Bill No.
26 5258 (consumer directed employers). If the bill is not enacted by
27 June 30, 2021, the amounts provided in this subsection shall lapse.

28 (r) Funding in this section is sufficient to implement chapter
29 352, laws of 2020 (developmental disabilities budgeting), including a
30 review of the no-paid services caseload and to update the information
31 to accurately reflect a current headcount of eligible persons and the
32 number of persons contacted who are currently interested in receiving
33 a paid service. It is the intent of the legislature that the
34 department will, as required in chapter 252, laws of 2020
35 (developmental disabilities budgeting), submit a report of this
36 information to the governor and the appropriate committees of the
37 legislature by December 1, 2021. It is also the intent of the
38 legislature that the necessary paid services identified with

1 completion of this report will be adequately funded by the conclusion
2 of fiscal year 2024.

9 The appropriations in this subsection are subject to the
10 following conditions and limitations:

11 (a) Individuals receiving services as supplemental security

13 medical assistance under RCW 74.09.510 due solely to the receipt of
14 SSI state supplemental payments.

15 (b) \$495,000 of the general fund—state appropriation for fiscal
16 year 2022 and \$495,000 of the general fund—state appropriation for
17 fiscal year 2023 are for the department to fulfill its contracts with
18 the school districts under chapter 28A.190 RCW to provide
19 transportation, building space, and other support services as are
20 reasonably necessary to support the educational programs of students
21 living in residential habilitation centers.

22 (c) The residential habilitation centers may use funds
23 appropriated in this subsection to purchase goods, services, and
24 supplies through hospital group purchasing organizations when it is
25 cost-effective to do so.

26 (d) The department is directed to develop a plan to reduce the
27 footprint of the Rainier residential habilitation center.

28 (i) The plan must include the following:

29 (A) Input from interested stakeholders to ensure a thoughtful,
30 safe, and well-supported residential transition to the community.

31 (B) An outline for maintaining a state-operated safety net for
32 individuals who transition to the community and who may later be in
33 crisis or who need a greater level of care.

34 (C) Barriers to successful community transitions and how to
35 mitigate those.

36 (D) Report of stakeholder feedback received and how it was

31 appropriate management of the innovation waiver requires better
32 analytic capability, transparency, consistency, timeliness, accuracy,
33 and lack of redundancy with other established measures and that the
34 patient must be considered first and foremost in the implementation
35 and execution of the demonstration waiver. In order to effectuate
36 these goals, the authority shall: (a) Require the Dr. Robert Bree
37 collaborative and the health technology assessment program to reduce
38 the administrative burden upon providers by only requiring

1 performance measures that are nonduplicative of other nationally
2 established measures. The joint select committee on health care
3 oversight will evaluate the measures chosen by the collaborative and
4 the health technology assessment program for effectiveness and
5 appropriateness; (b) develop a patient satisfaction survey with the
6 goal to gather information about whether it was beneficial for the
7 patient to use the center of excellence location in exchange for
8 additional out-of-pocket savings; (c) ensure patients and health care
9 providers have significant input into the implementation of the
10 demonstration waiver, in order to ensure improved patient health
11 outcomes; and (d) in cooperation with the department of social and
12 health services, consult with and provide notification of work on
13 applications for federal waivers, including details on waiver
14 duration, financial implications, and potential future impacts on the
15 state budget, to the joint select committee on health care oversight
16 prior to submitting waivers for federal approval. The authority shall
17 submit an application to the centers for medicaid and medicare
18 services to extend the duration of the medicaid transformation waiver
19 under healthier Washington as described in subsections (2), (3), and
20 (4) of this section by one year. If not extended, by federal
21 standard, the medicaid transformation demonstration waiver shall not
22 exceed the duration originally granted by the centers for medicare
23 and medicaid services and any programs created or funded by this
24 waiver do not create an entitlement.

25 (2) (a) No more than \$63,052,000 of the general fund—federal
26 appropriation and no more than \$50,840,000 of the general fund—local
27 appropriation may be expended for transformation through accountable
28 communities of health described in initiative 1 of the medicaid
29 transformation demonstration wavier under healthier Washington,
30 including preventing youth drug use, opioid prevention and treatment,
31 and physical and behavioral health integration. Under this
32 initiative, the authority shall take into account local input
33 regarding community needs. In order to ensure transparency to the
34 appropriate fiscal committees of the legislature, the authority shall
35 provide fiscal staff of the legislature query ability into any
36 database of the fiscal intermediary that authority staff would be
37 authorized to access. The authority shall not increase general fund—
38 state expenditures under this initiative. The director shall also
39 report to the fiscal committees of the legislature all of the

1 expenditures under this subsection and shall provide such fiscal data
2 in the time, manner, and form requested by the legislative fiscal
3 committees.

4 (b) No more than \$243,047,000 of the general fund—federal
5 appropriation and no more than \$99,274,000 of the general fund—
6 private/local appropriation may be expended for the medicaid quality
7 improvement program. Under federal regulations, the medicaid quality
8 improvement program is authorized and allows states to design quality
9 improvement programs for the medicaid population in ways that support
10 the state's quality goals. Medicaid quality improvement program
11 payments will not count against the medicaid transformation
12 demonstration waiver spending limits and are excluded from the
13 waiver's budget neutrality calculation. Apple health managed care
14 organizations and their partnering providers will receive medicaid
15 quality improvement program payments as they meet designated
16 milestones. Partnering providers and apple health managed care
17 organizations will work together to achieve medicaid quality
18 improvement program goals according to the performance period
19 timelines and reporting deadlines as set forth by the authority. The
20 authority shall only utilize the medicaid quality improvement program
21 to support the transformation waiver and shall not pursue its use for
22 other purposes. Any programs created or funded by the medicaid
23 quality improvement program does not create an entitlement. The
24 authority shall not increase general fund—state, federal, or private/
25 local expenditures under this program. The director shall report to
26 the joint select committee on health care oversight not less than
27 quarterly on financial and health outcomes. The director shall report
28 to the fiscal committees of the legislature all of the expenditures
29 under this subsection and shall provide such fiscal data in the time,
30 manner, and form requested by the legislative fiscal committees.

31 (3) No more than \$26,837,000 of the general fund—federal
32 appropriation and \$26,839,000 of the general fund—local appropriation
33 may be expended for tailored support for older adults and medicaid
34 alternative care described in initiative 2 of the medicaid
35 transformation demonstration waiver under healthier Washington as
36 well as administrative expenses for initiative 3. The authority shall
37 contract and provide funding to the department of social and health
38 services to administer initiative 2. The director in cooperation with
39 the secretary of the department of social and health services shall

1 report to the office of financial management all of the expenditures
2 of this section and shall provide such fiscal data in the time,
3 manner, and form requested. The authority shall not increase general
4 fund—state expenditures on this initiative.

5 (4) No more than \$50,389,000 of the general fund—federal
6 appropriation and no more than \$22,862,000 of the general fund—local
7 appropriation may be expended for supported housing and employment
8 services described in initiative 3a and 3b of the medicaid
9 transformation demonstration waiver under healthier Washington. Under
10 this initiative, the authority and the department of social and
11 health services shall ensure that allowable and necessary services
12 are provided to eligible clients as identified by the department or
13 its third party administrator. The authority shall not increase
14 general fund—state expenditures under this initiative. The director
15 shall report to the joint select committee on health care oversight
16 no less than quarterly on financial and health outcomes. The director
17 shall also report to the fiscal committees of the legislature all of
18 the expenditures of this subsection and shall provide such fiscal
19 data in the time, manner, and form requested by the legislative
20 fiscal committees.

21 (5) The authority shall submit a plan to preserve the waiver that
22 allows for the full cost of stays in institutions for mental diseases
23 to be included in managed care rates by November 1, 2021, to the
24 appropriate committees of the legislature.

25 (6) The authority shall submit a plan to preserve the waiver
26 allowing for full federal financial participation for medical clients
27 in mental health facilities classified as institutions for mental
28 diseases by November 1, 2021, to the appropriate committees of the
29 legislature.

30 (7) Sufficient amounts are appropriated in this subsection to
31 implement the medicaid expansion as defined in the social security
32 act, section 1902(a)(10)(A)(i)(VIII).

33 (8) The legislature finds that medicaid payment rates, as
34 calculated by the health care authority pursuant to the
35 appropriations in this act, bear a reasonable relationship to the
36 costs incurred by efficiently and economically operated facilities
37 for providing quality services and will be sufficient to enlist
38 enough providers so that care and services are available to the
39 extent that such care and services are available to the general

1 population in the geographic area. The legislature finds that the
2 cost reports, payment data from the federal government, historical
3 utilization, economic data, and clinical input constitute reliable
4 data upon which to determine the payment rates.

5 (9) Based on quarterly expenditure reports and caseload
6 forecasts, if the health care authority estimates that expenditures
7 for the medical assistance program will exceed the appropriations,
8 the health care authority shall take steps including but not limited
9 to reduction of rates or elimination of optional services to reduce
10 expenditures so that total program costs do not exceed the annual
11 appropriation authority.

12 (10) In determining financial eligibility for medicaid-funded
13 services, the health care authority is authorized to disregard
14 recoveries by Holocaust survivors of insurance proceeds or other
15 assets, as defined in RCW 48.104.030.

16 (11) When a person is ineligible for medicaid solely by reason of
17 residence in an institution for mental diseases, the health care
18 authority shall provide the person with the same benefits as he or
19 she would receive if eligible for medicaid, using state-only funds to
20 the extent necessary.

21 (12) \$3,997,000 of the general fund—state appropriation for
22 fiscal year 2022, \$4,261,000 of the general fund—state appropriation
23 for fiscal year 2023, and \$8,786,000 of the general fund—federal
24 appropriation are provided solely for low-income disproportionate
25 share hospital payments.

26 (13) Within the amounts appropriated in this section, the health
27 care authority shall provide disproportionate share hospital payments
28 to hospitals that provide services to children in the children's
29 health program who are not eligible for services under Title XIX or
30 XXI of the federal social security act due to their citizenship
31 status.

32 (14) \$7,000,000 of the general fund—federal appropriation is
33 provided solely for supplemental payments to nursing homes operated
34 by public hospital districts. The public hospital district shall be
35 responsible for providing the required nonfederal match for the
36 supplemental payment, and the payments shall not exceed the maximum
37 allowable under federal rules. It is the legislature's intent that
38 the payments shall be supplemental to and shall not in any way offset
39 or reduce the payments calculated and provided in accordance with

1 part E of chapter 74.46 RCW. It is the legislature's further intent
2 that costs otherwise allowable for rate-setting and settlement
3 against payments under chapter 74.46 RCW shall not be disallowed
4 solely because such costs have been paid by revenues retained by the
5 nursing home from these supplemental payments. The supplemental
6 payments are subject to retrospective interim and final cost
7 settlements based on the nursing homes' as-filed and final medicare
8 cost reports. The timing of the interim and final cost settlements
9 shall be at the health care authority's discretion. During either the
10 interim cost settlement or the final cost settlement, the health care
11 authority shall recoup from the public hospital districts the
12 supplemental payments that exceed the medicaid cost limit and/or the
13 medicare upper payment limit. The health care authority shall apply
14 federal rules for identifying the eligible incurred medicaid costs
15 and the medicare upper payment limit.

16 (15) The health care authority shall continue the inpatient
17 hospital certified public expenditures program for the 2021-2023
18 fiscal biennium. The program shall apply to all public hospitals,
19 including those owned or operated by the state, except those
20 classified as critical access hospitals or state psychiatric
21 institutions. The health care authority shall submit reports to the
22 governor and legislature by November 1, 2021, and by November 1,
23 2022, that evaluate whether savings continue to exceed costs for this
24 program. If the certified public expenditures (CPE) program in its
25 current form is no longer cost-effective to maintain, the health care
26 authority shall submit a report to the governor and legislature
27 detailing cost-effective alternative uses of local, state, and
28 federal resources as a replacement for this program. During fiscal
29 year 2022 and fiscal year 2023, hospitals in the program shall be
30 paid and shall retain one hundred percent of the federal portion of
31 the allowable hospital cost for each medicaid inpatient fee-for-
32 service claim payable by medical assistance and one hundred percent
33 of the federal portion of the maximum disproportionate share hospital
34 payment allowable under federal regulations. Inpatient medicaid
35 payments shall be established using an allowable methodology that
36 approximates the cost of claims submitted by the hospitals. Payments
37 made to each hospital in the program in each fiscal year of the
38 biennium shall be compared to a baseline amount. The baseline amount
39 will be determined by the total of (a) the inpatient claim payment
40 amounts that would have been paid during the fiscal year had the

1 hospital not been in the CPE program based on the reimbursement rates
2 developed, implemented, and consistent with policies approved in the
3 2021-2023 biennial operating appropriations act and in effect on July
4 1, 2015, (b) one-half of the indigent assistance disproportionate
5 share hospital payment amounts paid to and retained by each hospital
6 during fiscal year 2005, and (c) all of the other disproportionate
7 share hospital payment amounts paid to and retained by each hospital
8 during fiscal year 2005 to the extent the same disproportionate share
9 hospital programs exist in the 2019-2021 fiscal biennium. If payments
10 during the fiscal year exceed the hospital's baseline amount, no
11 additional payments will be made to the hospital except the federal
12 portion of allowable disproportionate share hospital payments for
13 which the hospital can certify allowable match. If payments during
14 the fiscal year are less than the baseline amount, the hospital will
15 be paid a state grant equal to the difference between payments during
16 the fiscal year and the applicable baseline amount. Payment of the
17 state grant shall be made in the applicable fiscal year and
18 distributed in monthly payments. The grants will be recalculated and
19 redistributed as the baseline is updated during the fiscal year. The
20 grant payments are subject to an interim settlement within eleven
21 months after the end of the fiscal year. A final settlement shall be
22 performed. To the extent that either settlement determines that a
23 hospital has received funds in excess of what it would have received
24 as described in this subsection, the hospital must repay the excess
25 amounts to the state when requested. \$702,000 of the general fund—
26 state appropriation for fiscal year 2022 and \$649,000 of the general
27 fund—state appropriation for fiscal year 2023 are provided solely for
28 state grants for the participating hospitals.

29 (16) The health care authority shall seek public-private
30 partnerships and federal funds that are or may become available to
31 provide on-going support for outreach and education efforts under the
32 federal children's health insurance program reauthorization act of
33 2009.

34 (17) The health care authority shall target funding for maternity
35 support services towards pregnant women with factors that lead to
36 higher rates of poor birth outcomes, including hypertension, a
37 preterm or low birth weight birth in the most recent previous birth,
38 a cognitive deficit or developmental disability, substance abuse,
39 severe mental illness, unhealthy weight or failure to gain weight,
40 tobacco use, or African American or Native American race. The health

1 care authority shall prioritize evidence-based practices for delivery
2 of maternity support services. To the extent practicable, the health
3 care authority shall develop a mechanism to increase federal funding
4 for maternity support services by leveraging local public funding for
5 those services.

6 (18) The authority shall submit reports to the governor and the
7 legislature by September 15, 2021, and no later than September 15,
8 2022, that delineate the number of individuals in medicaid managed
9 care, by carrier, age, gender, and eligibility category, receiving
10 preventative services and vaccinations. The reports should include
11 baseline and benchmark information from the previous two fiscal years
12 and should be inclusive of, but not limited to, services recommended
13 under the United States preventative services task force, advisory
14 committee on immunization practices, early and periodic screening,
15 diagnostic, and treatment (EPSDT) guidelines, and other relevant
16 preventative and vaccination medicaid guidelines and requirements.

17 (19) Managed care contracts must incorporate accountability
18 measures that monitor patient health and improved health outcomes,
19 and shall include an expectation that each patient receive a wellness
20 examination that documents the baseline health status and allows for
21 monitoring of health improvements and outcome measures.

22 (20) Sufficient amounts are appropriated in this section for the
23 authority to provide an adult dental benefit.

24 (21) The health care authority shall coordinate with the
25 department of social and health services to provide referrals to the
26 Washington health benefit exchange for clients that will be
27 ineligible for medicaid.

28 (22) To facilitate a single point of entry across public and
29 medical assistance programs, and to maximize the use of federal
30 funding, the health care authority, the department of social and
31 health services, and the health benefit exchange will coordinate
32 efforts to expand HealthPlanfinder access to public assistance and
33 medical eligibility staff. The health care authority shall complete
34 medicaid applications in the HealthPlanfinder for households
35 receiving or applying for medical assistance benefits.

36 (23) \$90,000 of the general fund—state appropriation for fiscal
37 year 2022, \$90,000 of the general fund—state appropriation for fiscal
38 year 2023, and \$180,000 of the general fund—federal appropriation are
39 provided solely to continue operation by a nonprofit organization of

1 a toll-free hotline that assists families to learn about and enroll
2 in the apple health for kids program. By November 15, 2022, the
3 authority shall submit a report to the appropriate committees to the
4 legislature that provides, at a minimum, information about the number
5 of calls received by the nonprofit organization in the previous year,
6 the amount of time spent on each call, comparisons to previous years,
7 where available, and information about what data is collected related
8 to this service.

9 (24) Within the amounts appropriated in this section, the
10 authority shall reimburse for primary care services provided by
11 naturopathic physicians.

12 (25) Within the amounts appropriated in this section, the
13 authority shall continue to provide coverage for pregnant teens that
14 qualify under existing pregnancy medical programs, but whose
15 eligibility for pregnancy related services would otherwise end due to
16 the application of the new modified adjusted gross income eligibility
17 standard.

18 (26) Sufficient amounts are appropriated in this section to
19 remove the mental health visit limit and to provide the shingles
20 vaccine and screening, brief intervention, and referral to treatment
21 benefits that are available in the medicaid alternative benefit plan
22 in the classic medicaid benefit plan.

23 (27) The authority shall use revenue appropriated from the
24 dedicated marijuana fund for contracts with community health centers
25 under RCW 69.50.540 in lieu of general fund—state payments to
26 community health centers for services provided to medical assistance
27 clients, and it is the intent of the legislature that this policy
28 will be continued in subsequent fiscal biennia.

29 (28) Beginning no later than January 1, 2018, for any service
30 eligible under the medicaid state plan for encounter payments,
31 managed care organizations at the request of a rural health clinic
32 shall pay the full published encounter rate directly to the clinic.
33 At no time will a managed care organization be at risk for or have
34 any right to the supplemental portion of the claim. Payments will be
35 reconciled on at least an annual basis between the managed care
36 organization and the authority, with final review and approval by the
37 authority.

38 (29) Sufficient amounts are appropriated in this section for the
39 authority to provide a medicaid equivalent adult dental benefit to
40 clients enrolled in the medical care service program.

1 (30) During the 2021-2023 fiscal biennium, sufficient amounts are
2 provided in this section for the authority to provide services
3 identical to those services covered by the Washington state family
4 planning waiver program as of August 2018 to individuals who:

5 (a) Are over nineteen years of age;

6 (b) Are at or below two hundred and sixty percent of the federal
7 poverty level as established in WAC 182-505-0100;

8 (c) Are not covered by other public or private insurance; and

9 (d) Need family planning services and are not currently covered
10 by or eligible for another medical assistance program for family
11 planning.

12 (31) Sufficient amounts are appropriated within this section for
13 the authority to incorporate the expected outcomes and criteria to
14 measure the performance of service coordination organizations as
15 provided in chapter 70.320 RCW into contracts with managed care
16 organizations that provide services to clients. The authority is
17 directed to:

18 (a) Contract with an external quality improvement organization to
19 annually analyze the performance of managed care organizations
20 providing services to clients under this chapter based on seven
21 performance measures. The analysis required under this subsection
22 must:

23 (i) Measure managed care performance in four common measures
24 across each managed care organization, including:

25 (A) At least one common measure must be weighted towards having
26 the potential to impact managed care costs; and

27 (B) At least one common measure must be weighted towards
28 population health management, as defined by the measure; and

29 (ii) Measure managed care performance in an additional three
30 quality focus performance measures specific to a managed care
31 organization. Quality focus performance measures chosen by the
32 authority must:

33 (A) Be chosen from the statewide common measure set;

34 (B) Reflect specific measures where a managed care organization
35 has poor performance; and

36 (C) Be substantive and clinically meaningful in promoting health
37 status.

38 (b) The authority shall set the four common measures to be
39 analyzed across all managed care organizations.

1 (c) The authority shall set three quality focus performance
2 measures specific to each managed care organization. The authority
3 must determine performance measures for each managed care
4 organization based on the criteria established in (a)(ii) of this
5 subsection.

6 (d) By September 15, 2021, and annually thereafter, the authority
7 shall notify each managed care organization of the performance
8 measures for the organization for the subsequent plan year.

9 (e) Two percent of the total plan year funding appropriated to
10 each managed care organization that provides services to clients
11 under chapter 70.320 RCW shall be withheld. At least seventy-five
12 percent of the withhold shall be held contingent on each managed care
13 organization's performance on the seven performance measures
14 identified in this section. Each managed care organization may earn
15 back the annual withhold if the external quality improvement
16 organization finds that the managed care organization:

17 (i) Made statistically significant improvement in the seven
18 performance measures as compared to the preceding plan year; or

19 (ii) Scored in the top national medicaid quartile of the
20 performance measures.

21 (f) The amount of withhold annually paid to each managed care
22 organization shall be proportional to findings of statistically
23 significant improvement or top national medicaid quartile scoring by
24 a managed care organization.

25 (g) For no more than two of the four quality focus performance
26 measures, the authority may use an alternate methodology to
27 approximate top national medicaid quartile performance where top
28 quartile performance data is unavailable.

29 (h) For the purposes of this subsection, "external quality
30 improvement organization" means an organization that meets the
31 competence and independence requirements under 42 C.F.R. Sec.
32 438.354, as it existed on the effective date of this section.

33 (32)(a) The authority shall ensure that appropriate resources are
34 dedicated to implementing the recommendations of the centers for
35 medicare and medicaid services center for program integrity as
36 provided to the authority in the January 2019 Washington focused
37 program integrity review final report. Additionally, the authority
38 shall:

39 (i) Work to ensure the efficient operations of the managed care
40 plans, including but not limited to, a deconflicting process for

1 audits with and among the managed care plans and the medicaid fraud
2 division at the attorney general's office, to ensure the authority
3 staff perform central audits of cases that appear across multiple
4 managed care plans, versus the audits performed by the individual
5 managed care plans or the fraud division;

6 (ii) Remain accountable for operating in an effective and
7 efficient manner, including performing program integrity activities
8 that ensure high value in the medical assistance program in general
9 and in medicaid managed care specifically;

10 (iii) Work with its contracted actuary and the medicaid forecast
11 work group to develop methods and metrics related to managed care
12 program integrity activity that shall be incorporated into annual
13 rate setting; and

14 (iv) Work with the medicaid forecast work group to ensure the
15 results of program integrity activity are incorporated into the rate
16 setting process in a transparent, timely, measurable, quantifiable
17 manner.

18 (b) The authority shall submit a report to the governor and
19 appropriate committees of the legislature by October 1, 2021, that
20 includes, but is not limited to:

21 (i) Specific, quantified actions that have been taken, to date,
22 related to the recommendations of the centers for medicare and
23 medicaid services center for program integrity as provided to the
24 authority in the January 2019 Washington focused program integrity
25 review final report; and

26 (ii) Specific, quantified information regarding the steps taken
27 toward (a)(i), (iii), and (iv) of this subsection.

28 (33) No later than December 31, 2021, the health care authority,
29 in partnership with the department of social and health services as
30 described in section 204(16) of this act, shall submit a waiver
31 request to the federal department of health and human services to
32 authorize presumptive medicaid eligibility determinations for clients
33 preparing for acute care hospital discharge who may need long-term
34 services and supports. The department and the authority shall hold
35 stakeholder discussions, including opportunities for public review
36 and comment, during development of the waiver request. Upon
37 submission of the waiver request, the department and the authority
38 shall submit a report to the governor and the appropriate legislative
39 committees that describes the request and identifies any statutory

1 changes that may be necessary if the federal government approves the
2 request.

3 (34) \$2,786,000 of the general fund—state appropriation for
4 fiscal year 2022, \$3,714,000 of the general fund—state appropriation
5 for fiscal year 2023, and \$11,009,000 of the general fund—federal
6 appropriation are provided solely to maintain and increase access for
7 behavioral health services through increased provider rates. The rate
8 increases are effective October 1, 2021, and must be applied to the
9 following codes for children and adults enrolled in the medicaid
10 program: 90832, 90833, 90834, 90837, H0004, H0036, H2015, H2021,
11 H0023, 90836, 90838, 96156, 96158, 96159, 96164, 96165, 96167, 96168,
12 96170, 96171, 90845, 90846, 90847, 90849, 90853, 90785, and 90791.
13 The authority may use a substitute code in the event that any of the
14 codes identified in this subsection are discontinued and replaced
15 with an updated code covering the same service. Within the amounts
16 provided in this subsection the authority must:

17 (a) Implement this rate increase in accordance with the process
18 established in chapter 285, Laws of 2020 (EHB 2584) (behavioral
19 health rates);

20 (b) Raise the state fee-for-service rates for these codes by up
21 to 15 percent, except that the state medicaid rate may not exceed the
22 published medicare rate or an equivalent relative value unit rate if
23 a published medicare rate is not available;

24 (c) Require in contracts with managed care organizations that,
25 beginning October 2021, managed care organizations pay no lower than
26 the fee-for-service rate for these codes, and adjust managed care
27 capitation rates accordingly; and

28 (d) Not duplicate rate increases provided in subsections (35) and
29 (36) of this section.

30 (35) \$24,081,000 of the general fund—state appropriation for
31 fiscal year 2022, \$32,107,000 of the general fund—state appropriation
32 for fiscal year 2023, and \$89,475,000 of the general fund—federal
33 appropriation are provided solely to maintain and increase access for
34 primary care services for medicaid-enrolled patients through
35 increased provider rates beginning October 1, 2021. Within the
36 amounts provided in this subsection the authority must:

37 (a) Increase the medical assistance rates for adult primary care
38 services that are reimbursed solely at the existing medical
39 assistance rates on a fee-for-service basis, as well as through

1 managed care plans, by at least 15 percent above medical assistance
2 rates in effect on January 1, 2019;

3 (b) Increase the medical assistance rates for pediatric primary
4 care services that are reimbursed solely at the existing medical
5 assistance rates on a fee-for-service basis, as well as through
6 managed care plans, by at least 30 percent above medical assistance

31	TOTAL APPROPRIATION.	\$4,172,472,000

32 The appropriations in this section are subject to the following
 33 conditions and limitations:

34 (1) For the purposes of this section, "behavioral health
 35 entities" means managed care organizations and administrative
 36 services organizations in regions where the authority is purchasing
 37 medical and behavioral health services through fully integrated
 38 contracts pursuant to RCW 71.24.380, and behavioral health

1 organizations in regions that have not yet transitioned to fully
2 integrated managed care.

3 (2) Within the amounts appropriated in this section, funding is
4 provided for implementation of the settlement agreement under
5 *Trueblood, et al. v. Department of Social and Health Services, et*
6 *al.*, United States District Court for the Western District of
7 Washington, Cause No. 14-cv-01178-MJP. In addition to amounts
8 provided solely for implementation of the settlement agreement, class
9 members must have access to supports and services funded throughout
10 this section for which they meet eligibility and medical necessity
11 requirements. The authority must include language in contracts that
12 requires regional behavioral health entities to develop and implement
13 plans for improving access to timely and appropriate treatment for
14 individuals with behavioral health needs and current or prior
15 criminal justice involvement who are eligible for services under
16 these contracts.

17 (3) \$22,745,000 of the general fund—state appropriation for
18 fiscal year 2022, \$27,372,000 of the general fund—state appropriation
19 for fiscal year 2023, and \$7,408,000 of the general fund—federal
20 appropriation are provided solely for the phase-in of the settlement
21 agreement under *Trueblood, et al. v. Department of Social and Health*
22 *Services, et al.*, United States District Court for the Western
23 District of Washington, Cause No. 14-cv-01178-MJP. The department, in
24 collaboration with the health care authority and the criminal justice
25 training commission, must implement the provisions of the settlement
26 agreement pursuant to the timeline and implementation plan provided
27 for under the settlement agreement. This includes implementing
28 provisions related to competency evaluations, competency restoration,
29 crisis diversion and supports, education and training, and workforce
30 development.

31 (4) \$10,424,000 of the general fund—state appropriation for
32 fiscal year 2022, \$10,424,000 of the general fund—state appropriation
33 for fiscal year 2023, and \$23,444,000 of the general fund—federal
34 appropriation are provided solely for the authority and behavioral
35 health entities to continue to contract for implementation of high-
36 intensity programs for assertive community treatment (PACT) teams. In
37 determining the proportion of medicaid and nonmedicaid funding
38 provided to behavioral health entities with PACT teams, the authority
39 shall consider the differences between behavioral health entities in

1 the percentages of services and other costs associated with the teams
2 that are not reimbursable under medicaid. The authority may allow
3 behavioral health entities which have nonmedicaid reimbursable costs
4 that are higher than the nonmedicaid allocation they receive under
5 this section to supplement these funds with local dollars or funds
6 received under subsection (6) of this section. The authority and
7 behavioral health entities shall maintain consistency with all
8 essential elements of the PACT evidence-based practice model in
9 programs funded under this section.

10 (5) From the general fund—state appropriations in this section,
11 the authority shall assure that behavioral health entities reimburse
12 the department of social and health services aging and long-term
13 support administration for the general fund—state cost of medicaid
14 personal care services that enrolled behavioral health entity
15 consumers use because of their psychiatric disability.

16 (6) \$84,376,000 of the general fund—state appropriation for
17 fiscal year 2022 and \$84,376,000 of the general fund—state
18 appropriation for fiscal year 2023 are provided solely for persons
19 and services not covered by the medicaid program. To the extent
20 possible, levels of behavioral health entity spending must be
21 maintained in the following priority order: Crisis and commitment
22 services; community inpatient services; and residential care
23 services, including personal care and emergency housing assistance.
24 These amounts must be distributed to behavioral health entities as
25 follows:

26 (a) \$3,939,000 of each fiscal year amounts must be distributed to
27 behavioral health administrative service organizations. Of the
28 remaining amount per fiscal year, 80 percent must be distributed to
29 behavioral health administrative service organizations and 20 percent
30 to managed care organizations. The percentage of funding provided to
31 each behavioral health administrative services organization must be
32 proportionate to the fiscal year 2021 regional allocation of flexible
33 nonmedicaid funds.

34 (b) The authority must include the following language in medicaid
35 contracts with behavioral health entities unless they are provided
36 formal notification from the center for medicaid and medicare
37 services that the language will result in the loss of federal
38 medicaid participation: "The contractor may voluntarily provide
39 services that are in addition to those covered under the state plan,

1 although the cost of these services cannot be included when
2 determining payment rates unless including these costs is
3 specifically allowed under federal law or an approved waiver."

4 (7) The authority is authorized to continue to contract directly,
5 rather than through contracts with behavioral health entities for
6 children's long-term inpatient facility services.

7 (8) \$1,204,000 of the general fund—state appropriation for fiscal
8 year 2022 and \$1,204,000 of the general fund—state appropriation for
9 fiscal year 2023 are provided solely to reimburse Pierce and Spokane
10 counties for the cost of conducting one hundred eighty-day commitment
11 hearings at the state psychiatric hospitals.

12 (9) Behavioral health entities may use local funds to earn
13 additional federal medicaid match, provided the locally matched rate
14 does not exceed the upper-bound of their federally allowable rate
15 range, and provided that the enhanced funding is used only to provide
16 medicaid state plan or waiver services to medicaid clients.
17 Additionally, behavioral health entities may use a portion of the
18 state funds allocated in accordance with subsection (6) of this
19 section to earn additional medicaid match, but only to the extent
20 that the application of such funds to medicaid services does not
21 diminish the level of crisis and commitment, community inpatient,
22 residential care, and outpatient services presently available to
23 persons not eligible for medicaid.

24 (10) \$2,291,000 of the general fund—state appropriation for
25 fiscal year 2022 and \$2,291,000 of the general fund—state
26 appropriation for fiscal year 2023 are provided solely for mental
27 health services for mentally ill offenders while confined in a county
28 or city jail and for facilitating access to programs that offer
29 mental health services upon release from confinement. The authority
30 must collect information from the behavioral health entities on their
31 plan for using these funds, the numbers of individuals served, and
32 the types of services provided and submit a report to the office of
33 financial management and the appropriate fiscal committees of the
34 legislature by December 1st of each year of the biennium.

35 (11) Within the amounts appropriated in this section, funding is
36 provided for the authority to develop and phase in intensive mental
37 health services for high needs youth consistent with the settlement
38 agreement in *T.R. v. Dreyfus and Porter*.

1 (12) The authority must ensure allocated reserves provided to
2 behavioral health administrative services organizations are
3 maintained in accordance with contract language that clearly states
4 the requirements and limitations. The authority must monitor revenue
5 and expenditure reports and must require a behavioral health
6 administrative services organization to submit a corrective action
7 plan on how it will spend its unspent funding within a reasonable
8 period of time, when its reported reserves exceed maximum levels
9 established under the contract. The authority must review and approve
10 such plans and monitor to ensure compliance. If the authority
11 determines that a behavioral health administrative services
12 organization has failed to provide an adequate excess reserve
13 corrective action plan or is not complying with an approved plan, the
14 authority must reduce payments to the entity in accordance with
15 remedial actions provisions included in the contract. These
16 reductions in payments must continue until the authority determines
17 that the entity has come into substantial compliance with an approved
18 excess reserve corrective action plan.

19 (13) During the 2021-2023 fiscal biennium, any amounts provided
20 in this section that are used for case management services for
21 pregnant and parenting women must be contracted directly between the
22 authority and providers rather than through contracts with behavioral
23 health administrative services organizations.

24 (14) Within the amounts appropriated in this section, the
25 authority may contract with the University of Washington and
26 community-based providers for the provision of the parent-child
27 assistance program or other specialized chemical dependency case
28 management providers for pregnant, post-partum, and parenting women.
29 For all contractors: (a) Service and other outcome data must be
30 provided to the authority by request; and (b) indirect charges for
31 administering the program must not exceed ten percent of the total
32 contract amount.

33 (15) Within the amounts provided in this section, behavioral
34 health entities must provide outpatient chemical dependency treatment
35 for offenders enrolled in the medicaid program who are supervised by
36 the department of corrections pursuant to a term of community
37 supervision. Contracts with behavioral health entities must require
38 that behavioral health entities include in their provider network
39 specialized expertise in the provision of manualized, evidence-based
40 chemical dependency treatment services for offenders. The department

1 of corrections and the authority must develop a memorandum of
2 understanding for department of corrections offenders on active
3 supervision who are medicaid eligible and meet medical necessity for
4 outpatient substance use disorder treatment. The agreement will
5 ensure that treatment services provided are coordinated, do not
6 result in duplication of services, and maintain access and quality of
7 care for the individuals being served. The authority must provide all
8 necessary data, access, and reports to the department of corrections
9 for all department of corrections offenders that receive medicaid
10 paid services.

11 (16) No more than \$1,535,000 of the general fund—federal
12 appropriation and \$810,000 of the general fund—local appropriation
13 may be expended for supported housing and employment services
14 described in initiative 3a and 3b of the medicaid transformation
15 demonstration waiver under healthier Washington. Under this
16 initiative, the authority and the department of social and health
17 services shall ensure that allowable and necessary services are
18 provided to eligible clients as identified by the authority or its
19 providers or third party administrator. The department and the
20 authority in consultation with the medicaid forecast work group,
21 shall ensure that reasonable reimbursements are established for
22 services deemed necessary within an identified limit per individual.
23 The authority shall not increase general fund—state expenditures
24 under this initiative. The secretary in collaboration with the
25 director of the authority shall report to the joint select committee
26 on health care oversight no less than quarterly on financial and
27 health outcomes. The secretary in cooperation with the director shall
28 also report to the fiscal committees of the legislature all of the
29 expenditures of this subsection and shall provide such fiscal data in
30 the time, manner, and form requested by the legislative fiscal
31 committees.

32 (17) \$6,858,000 of the general fund—state appropriation for
33 fiscal year 2022, \$6,858,000 of the general fund—state appropriation
34 for fiscal year 2023, and \$8,046,000 of the general fund—federal
35 appropriation are provided solely to maintain new crisis triage or
36 stabilization centers. Services in these facilities may include
37 crisis stabilization and intervention, individual counseling, peer
38 support, medication management, education, and referral assistance.

1 The authority shall monitor each center's effectiveness at lowering
2 the rate of state psychiatric hospital admissions.

3 (18) \$1,125,000 of the general fund—federal appropriation, from
4 the substance abuse prevention and treatment federal block grant
5 amount, is provided solely for the authority to develop a memorandum
6 of understanding with the department of health for implementation of
7 chapter 297, Laws of 2017 (opioid treatment programs). The authority
8 must use these amounts to reimburse the department of health for
9 costs incurred through the implementation of the bill.

10 (19) \$9,795,000 of the general fund—state appropriation for
11 fiscal year 2022, \$10,015,000 of the general fund—state appropriation
12 for fiscal year 2023, and \$15,025,000 of the general fund—federal
13 appropriation are provided solely for the operation of secure
14 withdrawal management and stabilization facilities. The authority may
15 not use any of these amounts for services in facilities that are
16 subject to federal funding restrictions that apply to institutions
17 for mental diseases, unless they have received a waiver that allows
18 for full federal participation in these facilities. Within these
19 amounts, funding is provided to increase the fee for service rate for
20 these facilities up to \$650 per day. The authority must require in
21 contracts with behavioral health entities that they pay no lower than
22 the fee for service rate. The authority must coordinate with regional
23 behavioral health entities to identify and implement purchasing
24 strategies or regulatory changes that increase access to services for
25 individuals with complex behavioral health needs at secure withdrawal
26 management and stabilization facilities.

27 (20) \$23,090,000 of the general fund—state appropriation for
28 fiscal year 2022, \$23,090,000 of the general fund—state appropriation
29 for fiscal year 2023, and \$92,444,000 of the general fund—federal
30 appropriation are provided solely to maintain the enhancement of
31 community-based behavioral health services that were initially funded
32 in fiscal year 2019. 20 percent of the general fund—state
33 appropriation amounts must be provided to behavioral health
34 administrative services organizations to increase their nonmedicaid
35 regional funding allocations and the remainder must be provided to
36 the medicaid managed care organizations providing apple health
37 integrated managed care. The medicaid funding is intended to increase
38 rates for behavioral health services provided by licensed and
39 certified community behavioral health agencies as defined by the

1 department of health. For the behavioral health administrative
2 services organizations, this funding must be allocated to each region
3 based upon the population of the region. For managed care
4 organizations, this funding must be provided through the behavioral
5 health portion of the medicaid integrated managed care capitation
6 rates. The authority must require managed care organizations to
7 provide a report that details the methodology the managed care
8 organization used to distribute this funding to their contracted
9 behavioral health providers. The report submitted by behavioral
10 health administrative service organizations and managed care
11 organizations must include mechanisms employed to disperse the
12 funding as well as estimated impacts to behavioral health providers
13 in the community. The authority must submit a report to the
14 legislature by December annually, summarizing the information
15 provided by the managed care organizations regarding the distribution
16 of the funding provided under this section.

17 (21) (a) \$47,344,000 of the general fund—state appropriation for
18 fiscal year 2022, \$54,136,000 of the general fund—state appropriation
19 for fiscal year 2023, and \$81,511,000 of the general fund—federal
20 appropriation are provided solely for the department to contract with

24 reimbursing counties for the judicial services for patients being
25 served in these settings in accordance with RCW 71.05.730. The
26 authority must coordinate with the department of social and health
27 services in developing the contract requirements, selecting
28 contractors, establishing processes for identifying patients that
29 will be admitted to these facilities, and developing procedures for
30 placing patients converted from the forensic system, and other

39 most recent medicare cost report of the hospital after a minimum of

1 200 medicaid inpatient psychiatric days. The authority shall

22 that are not allowable on the medicare cost report. The hospital may

12 Welfare, Juvenile Justice, and Mental Health Systems." The department
13 may concentrate delivery of these treatments and therapies at a
14 limited number of programs to deliver the treatments in a cost-

3 chemical dependency and mental health disposition alternative; and
4 (vi) two percent for the suspended dispositional alternatives.
5 Funding for the special sex offender disposition alternative (SSODA)
6 shall not be included in the block grant, but allocated on the

13 Washington state institute for public policy and the juvenile courts.

14 (c) The department of children, youth, and families and the
15 juvenile courts shall establish a block grant funding formula
16 oversight committee with equal representation from the department of

22 courts, who will also have the ability to change members of the
23 committee as needed to achieve its purpose. The committee may make
24 changes to the formula categories in (d)(ii) of this subsection if it
25 determines the changes will increase statewide service delivery or
26 effectiveness of evidence-based program or disposition alternative
27 resulting in increased cost/benefit savings to the state, including
28 long-term cost/benefit savings. The committee must also consider
29 these outcomes in determining when evidence-based expansion or

31 in the block grant or left separate.

39 implementation of evidence-based practices and disposition
40 alternatives.

1 (5) \$1,352,000 of the general fund—state appropriation for fiscal

18 nongovernmental organizations that have a documented history of
19 creating and administering effective criminal street gang prevention
20 and intervention programs may apply for funding under this
21 subsection. Each entity receiving funds must report to the department
22 of children, youth, and families on the number and types of youth
23 served, the services provided, and the impact of those services on
24 the youth and the community.

25 (8) The juvenile rehabilitation institutions may use funding
26 appropriated in this subsection to purchase goods, supplies, and
27 services through hospital group purchasing organizations when it is
28 cost-effective to do so.

29 (9) \$50,000 of the general fund—state appropriation for fiscal
30 year 2022 and \$50,000 of the general fund—state appropriation for
31 fiscal year 2023 are provided solely for grants to county juvenile
32 courts to establish alternative detention facilities similar to the
33 proctor house model in Jefferson county, Washington, that will
34 provide less restrictive confinement alternatives to youth in their
35 local communities. County juvenile courts shall apply to the
36 department of children, youth, and families for funding and each
37 entity receiving funds must report to the department on the number
38 and types of youth serviced, the services provided, and the impact of
39 those services on the youth and the community.

1 (10) \$432,000 of the general fund—state appropriation for fiscal
2 year 2022 and \$432,000 of the general fund—state appropriation for

4 The appropriations in this section are subject to the following

10 account appropriation, and \$25,000,000 of the general fund—federal
11 appropriation (CRRSA-GEER) are provided solely for the early
12 childhood education and assistance program. These amounts shall
13 support at least 15,162 slots in fiscal year 2022 and 15,562 slots in
14 fiscal year 2023. Of the total slots in each fiscal year, 100 slots
15 must be reserved for foster children to receive school-year-round
16 enrollment.

17 (b) Of the amounts provided in this subsection, \$16,014,000 of
18 the general fund—state appropriation for fiscal year 2023 and
19 \$13,805,000 of the general fund—federal appropriation (CRRSA-GEER)
20 are for a slot rate increase of ten percent beginning July 1, 2021.
21 The funding provided in this subsection is sufficient for the
22 department to increase rates according to inflation, pursuant to
23 Engrossed Second Substitute Senate Bill No. 5237 (child care & early
24 dev. exp.), beginning in fiscal year 2023 and annually thereafter.

25 (c) The department of children, youth, and families must develop
26 a methodology to identify, at the school district level, the
27 geographic locations of where early childhood education and
28 assistance program slots are needed to meet the entitlement specified
29 in RCW 43.216.556. This methodology must be linked to the caseload
30 forecast produced by the caseload forecast council and must include
31 estimates of the number of slots needed at each school district and
32 the corresponding facility needs required to meet the entitlement in
33 accordance with RCW 43.216.556. This methodology must be included as
34 part of the budget submittal documentation required by RCW 43.88.030.

35 (2) \$200,000 of the general fund—state appropriation for fiscal
36 year 2022 and \$200,000 of the general fund—state appropriation for
37 fiscal year 2023 are provided solely to develop and provide
38 culturally relevant supports for parents, family, and other
39 caregivers.

1 (3) The department is the lead agency for and recipient of the
2 federal child care and development fund grant. Amounts within this
3 grant shall be used to fund child care licensing, quality
4 initiatives, agency administration, and other costs associated with

6 (4) \$8,482,000 of the workforce education investment account—

12 (5) The legislature recognizes that the federal government has
13 provided substantial additional funding through the coronavirus
14 response and relief supplemental appropriations act, P.L. 116-260,
15 division M. and the American rescue plan act of 2021, P.L. 117-2. The
16 purpose of the additional federal funding is to ensure access to
17 affordable child care and to stabilize and support child care
18 providers from the effects of the COVID-19 pandemic. The legislature
19 intends with the passage of Engrossed Second Substitute Senate Bill
20 No. 5237 (child care & early dev. exp.) to implement these federal
21 purposes by expanding eligibility for subsidized child care, reducing
22 parent copayments, increasing provider base rates to recognize
23 increased costs, and providing other financial support to stabilize
24 the child care sector to remain open or to reopen. The legislature
25 finds that the state lacked the fiscal capacity to make these
26 investments and the additional federal funding has provided the
27 opportunity to supplement state funding to expand and accelerate
28 child care access, affordability, and provider support as the state
29 navigates the COVID-19 pandemic and its aftermath.

30 (6) \$23,930,000 of the general fund—state appropriation in fiscal

36 (ARPA) are provided solely for the working connections child care
37 program under RCW 43.216.135. Of the amounts provided in this

2 collaboration with the department of social and health services to
3 determine the appropriate amount of state expenditures for the
4 working connections child care program to claim towards the state's
5 maintenance of effort for the temporary assistance for needy families
6 program. The departments will also collaborate to track the average
7 monthly child care subsidy caseload and expenditures by fund type,
8 including child care development fund, general fund—state
9 appropriation, and temporary assistance for needy families for the
10 purpose of estimating the annual temporary assistance for needy
11 families reimbursement from the department of social and health
12 services to the department of children, youth, and families.
13 Effective December 1, 2022, and annually thereafter, the department
14 of children, youth, and families must report to the governor and the
15 appropriate fiscal and policy committees of the legislature the total
16 state contribution for the working connections child care program
17 claimed the previous fiscal year towards the state's maintenance of
18 effort for the temporary assistance for needy families program and
19 the total temporary assistance for needy families reimbursement from
20 the department of social and health services for the previous fiscal

27 for family, friends, and neighbor providers (FFNs) beginning July 1,
28 2022;

29 (ii) \$854,000 is to increase the rate paid to providers who reach
30 level 3.5 of the state's early achievers quality rating system by two
31 percent beginning July 1, 2021; and

32 (iii) \$1,126,000 is to increase the nonstandard hour care rate by
33 \$10.00 per child per month beginning July 1, 2021.

34 (c) \$58,657,000 of the general fund—federal appropriation
35 (CARES), \$66,300,000 of the general fund—federal appropriation
36 (CRRSA), and \$97,874,000 of the general fund—federal appropriation
37 (ARPA) are provided solely for enhancements to the working child care
38 connections program, pursuant to Engrossed Second Substitute Senate

1 Bill No. 5237 (child care & early dev. exp.). Of the amounts provided
2 in this subsection:

3 (i) \$27,523,000 of the general fund—federal appropriation

12 percentile of market for child care providers. The state and the
13 representative for family child care providers must enter into
14 bargaining over the implementation of subsidy rate increases, and
15 apply those increases consistent with the terms of this proviso and
16 the agreement reached between the parties.

17 (iii) \$4,580,000 of the general fund—federal appropriation
18 (CRRSA) and \$5,660,000 of the general fund—federal appropriation
19 (ARPA) are provided solely to waive work requirements for student
20 parents utilizing the working connections child care program.

1 (a) Certificated instructional staff units, as defined in RCW
2 28A.150.410, shall be allocated to reflect the minimum class size
3 allocations, requirements, and school prototypes assumptions as
4 provided in RCW 28A.150.260. The superintendent shall make
5 allocations to school districts based on the district's annual
6 average full-time equivalent student enrollment in each grade.

7 (b) Additional certificated instructional staff units provided in
8 this subsection (2) that exceed the minimum requirements in RCW
9 28A.150.260 are enhancements outside the program of basic education,
10 except as otherwise provided in this section.

11 (c) (i) The superintendent shall base allocations for each level

31 program class size of 20.0.

32 (ii) Pursuant to RCW 28A.150.260(4)(a), the assumed teacher
33 planning period, expressed as a percentage of a teacher work day, is
34 13.42 percent in grades K-6, and 16.67 percent in grades 7-12; and

School districts must distribute the additional guidance counselors allocation in this subsection to the schools that generate the allocation. The enhancement within this subsection is not part of the state's program of basic education.

 13 generated staff units calculated pursuant to this subsection. The
 14 superintendent shall make allocations to school districts based on

11 of eligible certificated instructional, certificated administrative,
12 and classified staff units providing school-based or district-wide
13 support services, as identified in RCW 28A.150.260(6)(b) and the
14 increased allocations provided pursuant to subsections (2) and (4) of
15 this section, by 5.3 percent.

11 determined below. Calculated benefit units are staff units multiplied
12 by the benefit allocation factors established in the collective
13 bargaining agreement referenced in section 942 of this act. These
14 factors are intended to adjust allocations so that, for the purpose
15 of distributing insurance benefits, full-time equivalent employees
16 may be calculated on the basis of 630 hours of work per year, with no
17 individual employee counted as more than one full-time equivalent.
18 The number of benefit units is determined as follows:

19 (a) The number of certificated staff units determined in
20 subsections (2), (3), and (5) of this section multiplied by 1.02; and

21 (b) The number of classified staff units determined in
22 subsections (4) and (5) of this section multiplied by 1.43.

37 career launch enrollment exceeding those appropriations is provided
38 in this section. The office of the superintendent of public
39 instruction shall provide a summary report to the office of the

1 governor and the appropriate committees of the legislature by January

31 consolidation, the difference between the basic education formula
32 staff units received by the districts for the school year prior to
33 consolidation and the basic education formula staff units after
34 consolidation pursuant to subsection (13) of this section shall be
35 reduced in increments of twenty percent per year.

3 this section.

4 (b) Career and technical education program full-time equivalent
5 enrollment shall be reported on the same monthly basis as the
6 enrollment for students eligible for basic support, and payments
7 shall be adjusted for reported career and technical education program
8 enrollments on the same monthly basis as those adjustments for
9 enrollment for students eligible for basic support.

10 (21) Funding in this section is sufficient to provide full
11 general apportionment payments to school districts eligible for
12 federal forest revenues as provided in RCW 28A.520.020. For the

23 consultation with the state board for community and technical
24 colleges, the student achievement council, and the education data
25 center, shall annually track and report to the fiscal committees of
26 the legislature on the combined full time equivalent experience of

34 allocations to school districts and may be used according to the
35 allowable uses defined in section 2001(2)(e) of the American rescue
36 plan act of 2021, P.L. 117-2. Prior to receiving funds, a school
37 district must submit an academic and student well-being recovery plan
38 to the office of the superintendent of public instruction as required
39 in section 12(3), chapter 3, Laws of 2021, and must also report

5 quotient from dividing the total funding allocated to each district
6 from the federal relief funds, as defined in (b) of this subsection,
7 by a school district's total enrollment as defined in (c) of this

17 instructional staff units. Nothing in this section entitles an
18 individual certificated instructional staff to any particular number
19 of professional learning days.

38 Changes for special education result from changes in each district's
39 basic education allocation per student. Changes for educational

1 service districts and institutional education programs are determined
2 by the superintendent of public instruction using the methodology for
3 general apportionment salaries and benefits in sections 504 and 505
4 of this act. Changes for pupil transportation are determined by the

7 act.

8 (c) The appropriations in this section include no salary
9 adjustments for substitute teachers.

10 (4) The appropriations in this section are sufficient to fund the

24 value of the public employees' benefits board plan with the largest
25 enrollment. The surcharge payments shall be collected in addition to
26 the member premium payment.

27 (6) The rates specified in this section are subject to revision
28 each year by the legislature.

29 districts may provide student transportation for summer skills center
30 programs.

31 (6) The office of the superintendent of public instruction shall
32 provide reimbursement funding to a school district for school bus

22 the entire school day.

23 (b) The superintendent of public instruction shall continue to
24 implement the full cost method of excess cost accounting, as designed

7 determined by the superintendent. If total requests for these funds
8 exceed the amount appropriated for this purpose, the superintendent
9 shall prorate requests so that each district receives a proportionate
10 share of their original request. The extension of these services does
11 not reduce nor supplant any other services the individual would be

(1) "Institutions" means the institutions of higher education receiving appropriations under sections 605 through 611 of this act.

(2) The legislature, the office of financial management, and other state agencies need consistent and accurate personnel data from institutions of higher education for policy planning purposes. Institutions of higher education shall report personnel data to the office of financial management for inclusion in the agency's data warehouse. Uniform reporting procedures shall be established by the office of financial management's office of the state human resources director for use by the reporting institutions, including provisions for common job classifications and common definitions of full-time equivalent staff. Annual contract amounts, number of contract months, and funding sources shall be consistently reported for employees under contract.

(3) In addition to waivers granted under the authority of RCW 28B.15.910, the governing boards and the state board may waive all or a portion of operating fees for any student. State general fund appropriations shall not be provided to replace tuition and fee revenue foregone as a result of waivers granted under this subsection.

(4) (a) For employees under the jurisdiction of chapter 41.56 or 41.80 RCW, salary increases will be in accordance with the applicable collective bargaining agreement. However, an increase shall not be provided to any classified employee whose salary is above the approved salary range maximum for the class to which the employee's position is allocated.

6 expenditures by an institution unless the legislature so determines.

7 (iii) Funding for salary increases provided under (b)(ii) of this
8 subsection and RCW 41.76.035 and 28B.52.035 on or after July 1, 2019,
9 must be excluded from the general fund and tuition salary base when
10 calculating state funding for future general wage or other salary

16 minimum, the report must include the total cost of locally authorized
17 increases by fiscal year, a description of the locally authorized
18 provision, and the long-term source of funds that is anticipated to

26 into existing programs or courses and may modify that curriculum in
27 order to incorporate elements that have a regionally specific focus.

28 (6) Each institution of higher education must include the phone
29 number of a campus, local, state, or national suicide, crisis, or
30 counseling hotline on the back of newly issued student and faculty
31 identification cards.

32 (7)(a) The student achievement council and all institutions of

24 enrollment, the University of Washington and Washington State
25 University shall notify the office of financial management of the
26 number of full-time student equivalent enrollments for each of their

Other Appropriated Funds	\$16,863,000
TOTAL APPROPRIATION	\$35,089,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The appropriations in this section are provided solely for expenditure into the information technology investment revolving account created in RCW 43.41.433. Funds in the account are provided solely for the information technology projects shown in LEAP omnibus document, IT-2021, dated March 25, 2021, which is hereby incorporated by reference. To facilitate the transfer of money from other funds and accounts that are associated with projects contained in LEAP omnibus document IT-2021, dated March 25, 2021, the state treasurer is directed to transfer money from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. Restricted federal funds may be transferred only to the extent permitted by law, and will otherwise remain outside the information technology investment account. The projects affected remain subject to the other provisions of this section.

(2) Agencies must apply to the office of financial management and the office of the chief information officer to receive funding from the information technology investment revolving account. The office of financial management must notify the fiscal committees of the legislature of the receipt of each application and may not approve a funding request for ten business days from the date of notification.

(3)(a) Allocations and allotments of information technology investment revolving account must be made for discrete stages of projects as determined by the technology budget approved by the office of the chief information officer and office of financial management.

1 (b) Fifteen percent of total funding allocated by the office of
2 financial management, or another amount as defined jointly by the
3 office of financial management and the office of the chief
4 information officer, will be retained in the account, but remain
5 allocated to that project. The retained funding will be released to
6 the agency only after successful completion of that stage of the
7 project. For the one Washington project, the amount retained is
8 increased to at least twenty percent of total funding allocated for
9 any stage of that project.

10 (4) (a) Each project must have a technology budget. The technology
11 budget must have the detail by fiscal month for the 2021-2023 fiscal
12 biennium. The technology budget must use a method similar to the
13 state capital budget, identifying project costs, each fund source,
14 and anticipated deliverables through each stage of the entire project
15 investment and across fiscal periods and biennia from project onset
16 through implementation and close out, as well as at least five years
17 of maintenance and operations costs.

18 (b) As part of the development of a technology budget and at each
19 request for funding, the agency shall submit an updated technology
20 budget, if changes occurred, to include detailed financial
21 information to the office of financial management and the office of
22 the chief information officer. The technology budget must describe

27 revolving account, the technology budget must include a worksheet
28 that provides the fund sources that were transferred into the account
29 by fiscal year;

30 (B) If the project is by a central service agency, and funds are
31 driven out by the central service model, the technology budget must
32 provide a statewide impact by agency by fund as a worksheet in the
33 technology budget file;

34 (ii) Full time equivalent staffing level to include job
35 classification assumptions;

36 (iii) Discreet financial budget codes to include at least the
37 appropriation index and program index;

39 (v) Anticipated deliverables;

40 (vi) Historical budget and expenditure detail by fiscal year; and

1 (vii) Maintenance and operations costs by fiscal year for at
2 least five years as a separate worksheet.

3 (c) If a project technology budget changes and a revised
4 technology budget is completed, a comparison of the revised
5 technology budget to the last approved technology budget must be
6 posted to the dashboard, to include a narrative rationale on what
7 changed, why, and how that impacts the project in scope, budget, and
8 schedule.

9 (5) (a) Each project must have an investment plan that includes:

10 (i) An organizational chart of the project management team that
11 identifies team members and their roles and responsibilities;

12 (ii) The office of the chief information officer staff assigned
13 to the project;

14 (iii) An implementation schedule covering activities, critical
15 milestones, and deliverables at each stage of the project for the
16 life of the project at each agency affected by the project;

17 (iv) Performance measures used to determine that the project is
18 on time, within budget, and meeting expectations for quality of work
19 product;

20 (v) Ongoing maintenance and operations cost of the project post
21 implementation and close out delineated by agency staffing,
22 contracted staffing, and service level agreements; and

23 (vi) Financial budget coding to include at least discreet
24 financial coding for the project.

25 (6) Projects with estimated costs greater than one hundred
26 million dollars from initiation to completion and implementation may
27 be divided into discrete subprojects as determined by the office of
28 the chief information officer, except for the one Washington project
29 which must be divided into the following discrete subprojects: Core
30 financials, expanding financials and procurement, budget, and human
31 resources. Each subproject must have a technology budget and
32 investment plan as provided in this section.

33 (7) (a) The office of the chief information officer shall maintain
34 an information technology project dashboard that provides updated
35 information each fiscal month on projects subject to this section.

17 (b) The dashboard must retain a roll up of the entire project
18 cost, including all subprojects, that can display subproject detail.
19 This includes coalition projects that are active.

20 (8) If the project affects more than one agency:

21 (a) A separate technology budget and investment plan must be
22 prepared for each agency; and

23 (b) The dashboard must contain a statewide project technology
24 budget roll up that includes each affected agency at the subproject
25 level.

26 (9) For any project that exceeds two million dollars in total
27 funds to complete, requires more than one biennium to complete, or is
28 financed through financial contracts, bonds, or other indebtedness:

29 (a) Quality assurance for the project must report independently
30 to the office of the chief information officer;

31 (b) The office of the chief information officer must review, and,
32 if necessary, revise the proposed project to ensure it is flexible
33 and adaptable to advances in technology;

34 (c) The technology budget must specifically identify the uses of
35 any financing proceeds. No more than thirty percent of the financing
36 proceeds may be used for payroll-related costs for state employees
37 assigned to project management, installation, testing, or training;

38 (d) The agency must consult with the office of the state

2 and the responsive bids from a solicitation may be financed; and

3 (e) The agency must consult with the contracting division of the
4 department of enterprise services for a review of all contracts and
5 agreements related to the project's information technology
6 procurements.

7 (10) The office of the chief information officer must evaluate
8 the project at each stage and certify whether the project is planned,
9 managed, and meeting deliverable targets as defined in the project's
10 approved technology budget and investment plan.

11 (11) The office of the chief information officer may suspend or
12 terminate a project at any time if it determines that the project is
13 not meeting or not expected to meet anticipated performance and
14 technology outcomes. Once suspension or termination occurs, the
15 agency shall unallot any unused funding and shall not make any
16 expenditure for the project without the approval of the office of
17 financial management. The office of the chief information officer
18 must report on July 1 and December 1 each calendar year any
19 suspension or termination of a project in the previous six month
20 period to the legislative fiscal committees.

21 (12) The office of the chief information officer, in consultation
22 with the office of financial management, may identify additional
23 projects to be subject to this section, including projects that are
24 not separately identified within an agency budget. The office of the
25 chief information officer must report on July 1 and December 1 each

5 under (a) and (b) of this subsection would cause the loss of any tax
6 exemption under federal law for interest on bonds issued under RCW
7 43.99N.020 shall be deposited in and used exclusively for the
8 purposes of the youth athletic facility account and shall not be
9 used, directly or indirectly, as a source of payment of principal of
10 or interest on bonds issued under RCW 43.99N.020, or to replace or
11 reimburse other funds used for that purpose.

12 (4) Any moneys in the stadium and exhibition center account not
13 required or permitted to be used for the purposes described in
14 subsection (3)(a) and (b) of this section shall be deposited in the
15 youth athletic facility account hereby created in the state treasury.
16 Expenditures from the account may be used only for purposes of grants
17 or loans to cities, counties, and qualified nonprofit organizations
18 for community outdoor athletic facilities. Only the director of the
19 recreation and conservation office or the director's designee may
20 authorize expenditures from the account. The account is subject to
21 allotment procedures under chapter 43.88 RCW, but an appropriation is
22 not required for expenditures. The athletic facility grants or loans
23 may be used for acquiring, developing, equipping, maintaining, and
24 improving community outdoor athletic facilities. Funds shall be
25 divided equally between the development of new community outdoor
26 athletic facilities, the improvement of existing community outdoor
27 athletic facilities, and the maintenance of existing community
28 outdoor athletic facilities. Cities, counties, and qualified
29 nonprofit organizations must submit proposals for grants or loans
30 from the account. To the extent that funds are available, cities,
31 counties, and qualified nonprofit organizations must meet eligibility
32 criteria as established by the director of the recreation and
33 conservation office. The grants and loans shall be awarded on a
34 competitive application process and the amount of the grant or loan
35 shall be in proportion to the population of the city or county for
36 where the community outdoor athletic facility is located. Grants or
37 loans awarded in any one year need not be distributed in that year.
38 In the 2009-2011 biennium, if there are not enough project
39 applications submitted in a category within the account to meet the
40 requirement of equal distribution of funds to each category, the

1 director of the recreation and conservation office may distribute any
2 remaining funds to other categories within the account. The director
3 of the recreation and conservation office may expend up to one and
4 one-half percent of the moneys deposited in the account created in
5 this subsection for administrative purposes. During the 2021-2023
6 fiscal biennium, the legislature may appropriate moneys from the
7 youth athletic facility account to support a task force to consider
8 ways to improve equitable access to K-12 schools' fields and athletic
9 facilities and local parks agency facilities with the goal of
10 increasing physical activity for youth and families. A portion of the
11 appropriation must be used to inventory K-12 school fields and
12 athletic facilities and park agency facilities.

29 (2) Except as otherwise provided in this chapter, the commission
30 shall provide the aforementioned training together with necessary
31 facilities, supplies, materials, and the board and room of

34 employing, county, city, or state law enforcement agency shall
35 reimburse the commission for twenty-five percent of the cost of
36 training its personnel. Additionally, to the extent funds are
37 provided for this purpose, the commission shall reimburse to
38 participating law enforcement agencies with ten or less full-time
39 commissioned patrol officers the cost of temporary replacement of

1 each officer who is enrolled in basic law enforcement training:

4 benefits received by the replaced officer during his or her training
5 period.

13 length for any corrections officers subject to the certification
14 requirement under RCW 43.101.096 who are hired on or after July 1,
15 2021, or on an earlier date set by the commission. The training shall
16 be successfully completed during the first six months of employment
17 of the personnel, unless otherwise extended or waived by the
18 commission, and shall be requisite to the continuation of employment.

19 (2) The commission shall provide the training required in this
20 section, together with facilities, supplies, materials, and the room
21 and board for noncommuting attendees, except during the 2017-2019
22 (~~and~~), 2019-2021, and 2021-2023 fiscal biennia, when the employing
23 county, municipal corporation, or state agency shall reimburse the
24 commission for twenty-five percent of the cost of training its
25 personnel.

26 (3)(a) Subsections (1) and (2) of this section do not apply to
27 the Washington state department of corrections prisons division. The
28 Washington state department of corrections is responsible for
29 identifying training standards, designing curricula and programs, and
30 providing the training for those corrections personnel employed by
31 it. In doing so, the secretary of the department of corrections shall
32 consult with staff development experts and correctional professionals
33 both inside and outside of the agency, to include soliciting input
34 from labor organizations.

35 (b) The commission and the department of corrections share the
36 responsibility of developing and defining training standards and

27 existence at the time of the fuel purchase, less proper deductions
28 for refunds and costs of collection as provided in RCW 46.68.090.

29 (2) The treasurer must place these funds in the general fund as
30 follows:

31 (a) Thirty-six percent must be credited to the ORV and nonhighway
32 vehicle account and administered by the department of natural
33 resources solely for acquisition, planning, development, maintenance,
34 and management of ORV, nonmotorized, and nonhighway road recreation
35 facilities, and information programs and maintenance of nonhighway
36 roads;

37 (b) Three and one-half percent must be credited to the ORV and

7 recreation facilities; and

8 (d) Fifty-eight and one-half percent must be credited to the
9 nonhighway and off-road vehicle activities program account to be
10 administered by the board for planning, acquisition, development,
11 maintenance, and management of ORV, nonmotorized, and nonhighway road
12 recreation facilities and for education, information, and law

14 expended in accordance with the following limitations:

15 (i) Not more than thirty percent may be expended for education,
16 information, and law enforcement programs under this chapter;

17 (ii) Not less than seventy percent may be expended for ORV,

19 provided in (d)(iii) of this subsection, of this amount:

2 sites, and to implement the recreation opportunities on department-
3 managed lands in the Reiter block and Ahtanum state forest, and to
4 the state parks and recreation commission. The legislature finds that
5 the appropriation of funds from the NOVA account during the 2009-2011
6 fiscal biennium for maintenance and operation of state parks or to
7 improve accessibility for boaters and off-road vehicle users at state
8 parks will benefit boaters and off-road vehicle users and others who
9 use nonhighway and nonmotorized recreational facilities. The
10 appropriations under this subsection are not required to follow the
11 specific distribution specified in subsection (2) of this section.

12 (5) During the 2021-2023 fiscal biennium, the legislature may

36 associated with marijuana use, and does not solely advocate an
37 abstinence-only approach;

38 (II) A grants program for local health departments or other local
39 community agencies that supports development and implementation of

1 coordinated intervention strategies for the prevention and reduction
2 of marijuana use by youth; and

3 (III) Media-based education campaigns across television,

7 marijuana use; and

8 (B) The Washington poison control center.

9 (ii) For each fiscal year, the legislature must appropriate a
10 minimum of nine million seven hundred fifty thousand dollars under

17 for the dissemination of such research.

18 (ii) For each fiscal year, except for the 2017-2019 and 2019-2021

27 be administered by the Washington basic health plan administrator and
28 used as provided under chapter 70.47 RCW;

29 (e) Five percent to the Washington state health care authority to

11 fiscal year to the treasurer for distribution to counties, cities,
12 and towns as follows:

13 (A) Thirty percent must be distributed to counties, cities, and
14 towns where licensed marijuana retailers are physically located. Each

16 this subsection (2)(g)(i)(A) based on the proportional share of the
17 total revenues generated in the individual jurisdiction from the
18 taxes collected under RCW 69.50.535, from licensed marijuana
19 retailers physically located in each jurisdiction. For purposes of
20 this subsection (2)(g)(i)(A), one hundred percent of the proportional
21 amount attributed to a retailer physically located in a city or town
22 must be distributed to the city or town.

23 (B) Seventy percent must be distributed to counties, cities, and
24 towns ratably on a per capita basis. Counties must receive sixty

21 states to pay for local jails and the kinds of services that are
22 provided to inmates in jails in other states, including identifying
23 the entity that is responsible for financing those services;

24 (e) Inmate's access to jail telecommunication, electronic media,
25 and commissary services, including the rates and fees charged by the

7 (10) The task force shall report findings and recommendations to
8 the governor and the appropriate committees of the legislature by
9 June 30, 2023.

10 **Sec. 979.** RCW 70A.200.140 and 2020 c 20 s 1076 are each amended
11 to read as follows:

12 (1) There is hereby created an account within the state treasury
13 to be known as the waste reduction, recycling, and litter control
14 account. Moneys in the account may be spent only after appropriation.
15 Expenditures from the waste reduction, recycling, and litter control
16 account shall be used as follows:

17 (a) Forty percent to the department of ecology, primarily for use
18 by the departments of ecology, natural resources, revenue,
19 transportation, and corrections, and the parks and recreation
20 commission, for litter collection programs under RCW 70A.200.170. The
21 amount to the department of ecology shall also be used for a central
22 coordination function for litter control efforts statewide; to
23 support employment of youth in litter cleanup as intended in RCW
24 70A.200.020, and for litter pick up using other authorized agencies;
25 and for statewide public awareness programs under RCW 70A.200.150(7).
26 The amount to the department shall also be used to defray the costs
27 of administering the funding, coordination, and oversight of local
28 government programs for waste reduction, litter control, recycling,
29 and composting so that local governments can apply one hundred
30 percent of their funding to achieving program goals. The amount to
31 the department of revenue shall be used to enforce compliance with
32 the litter tax imposed in chapter 82.19 RCW;

33 (b) (i) Twenty percent to the department for local government
34 funding programs for waste reduction, litter control, recycling
35 activities, and composting activities by cities and counties under
36 RCW 70A.200.190, to be administered by the department of ecology;
37 (ii) any unspent funds under (b) (i) of this subsection may be used to
38 create and pay for a matching fund competitive grant program to be
39 used by local governments for the development and implementation of

1 contamination reduction and outreach plans for inclusion in
2 comprehensive solid waste management plans or by local governments
3 and nonprofit organizations for local or statewide education programs
4 designed to help the public with litter control, waste reduction,
5 recycling, and composting of primarily the products taxed under
6 chapter 82.19 RCW. Recipients under this subsection include programs
7 to reduce wasted food and food waste that are designed to achieve the
8 goals established in RCW 70A.205.715(1) and that are consistent with
9 the plan developed in RCW 70A.205.715(3). Grants must adhere to the
10 following requirements: (A) No grant may exceed sixty thousand
11 dollars; (B) grant recipients shall match the grant funding allocated
12 by the department by an amount equal to twenty-five percent of
13 eligible expenses. A local government's share of these costs may be
14 met by cash or contributed services; (C) the obligation of the
15 department to make grant payments is contingent upon the availability
16 of the amount of money appropriated for this subsection (1)(b); and
17 (D) grants are managed under the guidelines for existing grant
18 programs; and

19 (c) Forty percent to the department of ecology to: (i) Implement
20 activities under RCW 70A.200.150 for waste reduction, recycling, and
21 composting efforts; (ii) provide technical assistance to local
22 governments and commercial businesses to increase recycling markets
23 and recycling and composting programs primarily for the products
24 taxed under chapter 82.19 RCW designed to educate citizens about
25 waste reduction, litter control, and recyclable and compostable
26 products and programs; (iii) increase access to waste reduction,
27 composting, and recycling programs, particularly for food packaging
28 and plastic bags and appropriate composting techniques; and (iv) for
29 programs to reduce wasted food and food waste that are designed to
30 achieve the goals established in RCW 70A.205.715(1) and that are
31 consistent with the plan developed in RCW 70A.205.715(3).

32 (2) All taxes imposed in RCW 82.19.010 and fines and bail
33 forfeitures collected or received pursuant to this chapter shall be
34 deposited in the waste reduction, recycling, and litter control
35 account and used for the programs under subsection (1) of this
36 section.

37 (3) Not less than five percent and no more than ten percent of
38 the amount appropriated into the waste reduction, recycling, and
39 litter control account every biennium shall be reserved for capital
40 needs, including the purchase of vehicles for transporting crews and

1 for collecting litter and solid waste. Capital funds shall be
2 distributed among state agencies and local governments according to
3 the same criteria provided in RCW 70A.200.170 for the remainder of
4 the funds, so that the most effective waste reduction, litter
5 control, recycling, and composting programs receive the most funding.
6 The intent of this subsection is to provide funds for the purchase of
7 equipment that will enable the department to account for the greatest
8 return on investment in terms of reaching a zero litter goal.

9 (4) Funds in the waste reduction, recycling, and litter control
10 account, collected under chapter 82.19 RCW, must be prioritized for
11 the products identified under RCW 82.19.020 solely for the purposes
12 of recycling, composting, and litter collection, reduction, and
13 control programs.

14 (5) During the 2021-2023 fiscal biennium, Washington State
15 University may use funds in the waste reduction, recycling, and
16 litter control account, collected under chapter 82.19 RCW, to conduct
17 an organic waste study.

18 **Sec. 980.** RCW 71.24.580 and 2020 c 357 s 917 are each amended to
19 read as follows:

20 (1) The criminal justice treatment account is created in the
21 state treasury. Moneys in the account may be expended solely for: (a)
22 Substance use disorder treatment and treatment support services for
23 offenders with a substance use disorder that, if not treated, would
24 result in addiction, against whom charges are filed by a prosecuting
25 attorney in Washington state; (b) the provision of substance use
26 disorder treatment services and treatment support services for
27 nonviolent offenders within a drug court program; and (c) the
28 administrative and overhead costs associated with the operation of a
29 drug court. Amounts provided in this subsection must be used for
30 treatment and recovery support services for criminally involved
31 offenders and authorization of these services shall not be subject to
32 determinations of medical necessity. During the 2019-2021 and the
33 2021-2023 fiscal biennia, funding from the criminal justice treatment
34 account may be used to provide treatment and support services through
35 the conclusion of an individual's treatment plan to individuals
36 participating in a drug court program as of February 24, 2021, if
37 that individual wishes to continue treatment following dismissal of
38 charges they were facing under RCW 69.50.4013(1). Such participation
39 is voluntary and contingent upon substantial compliance with drug

1 court program requirements. During the 2017-2019 fiscal biennium, the
2 legislature may direct the state treasurer to make transfers of
3 moneys in the criminal justice treatment account to the state general
4 fund. During the 2019-2021 and 2021-2023 fiscal (~~biennium~~) biennia,
5 the legislature may appropriate from the account for municipal drug
6 courts and increased treatment options, and may direct the state
7 treasurer to make transfers of moneys in the criminal justice
8 treatment account to the home security fund account created in RCW
9 43.185C.060. Moneys in the account may be spent only after
10 appropriation.

11 (2) For purposes of this section:

12 (a) "Treatment" means services that are critical to a
13 participant's successful completion of his or her substance use
14 disorder treatment program, including but not limited to the recovery
15 support and other programmatic elements outlined in RCW 2.30.030
16 authorizing therapeutic courts; and

17 (b) "Treatment support" includes transportation to or from
18 inpatient or outpatient treatment services when no viable alternative
19 exists, and child care services that are necessary to ensure a
20 participant's ability to attend outpatient treatment sessions.

21 (3) Revenues to the criminal justice treatment account consist
22 of: (a) Funds transferred to the account pursuant to this section;
23 and (b) any other revenues appropriated to or deposited in the
24 account.

25 (4)(a) For the fiscal year beginning July 1, 2005, and each
26 subsequent fiscal year, the state treasurer shall transfer eight
27 million two hundred fifty thousand dollars from the general fund to
28 the criminal justice treatment account, divided into four equal
29 quarterly payments. For the fiscal year beginning July 1, 2006, and
30 each subsequent fiscal year, the amount transferred shall be
31 increased on an annual basis by the implicit price deflator as
32 published by the federal bureau of labor statistics.

33 (b) In each odd-numbered year, the legislature shall appropriate
34 the amount transferred to the criminal justice treatment account in
35 (a) of this subsection to the department for the purposes of
36 subsection (5) of this section.

37 (5) Moneys appropriated to the authority from the criminal
38 justice treatment account shall be distributed as specified in this
39 subsection. The authority may retain up to three percent of the

1 amount appropriated under subsection (4)(b) of this section for its
2 administrative costs.

3 (a) Seventy percent of amounts appropriated to the authority from
4 the account shall be distributed to counties pursuant to the
5 distribution formula adopted under this section. The authority, in
6 consultation with the department of corrections, the Washington state
7 association of counties, the Washington state association of drug
8 court professionals, the superior court judges' association, the
9 Washington association of prosecuting attorneys, representatives of
10 the criminal defense bar, representatives of substance use disorder
11 treatment providers, and any other person deemed by the authority to
12 be necessary, shall establish a fair and reasonable methodology for
13 distribution to counties of moneys in the criminal justice treatment
14 account. County or regional plans submitted for the expenditure of
15 formula funds must be approved by the panel established in (b) of
16 this subsection.

17 (b) Thirty percent of the amounts appropriated to the authority
18 from the account shall be distributed as grants for purposes of
19 treating offenders against whom charges are filed by a county
20 prosecuting attorney. The authority shall appoint a panel of
21 representatives from the Washington association of prosecuting
22 attorneys, the Washington association of sheriffs and police chiefs,
23 the superior court judges' association, the Washington state
24 association of counties, the Washington defender's association or the
25 Washington association of criminal defense lawyers, the department of
26 corrections, the Washington state association of drug court
27 professionals, and substance use disorder treatment providers. The
28 panel shall review county or regional plans for funding under (a) of
29 this subsection and grants approved under this subsection. The panel
30 shall attempt to ensure that treatment as funded by the grants is
31 available to offenders statewide.

32 (6) The county alcohol and drug coordinator, county prosecutor,
33 county sheriff, county superior court, a substance abuse treatment
34 provider appointed by the county legislative authority, a member of
35 the criminal defense bar appointed by the county legislative
36 authority, and, in counties with a drug court, a representative of
37 the drug court shall jointly submit a plan, approved by the county
38 legislative authority or authorities, to the panel established in
39 subsection (5)(b) of this section, for disposition of all the funds
40 provided from the criminal justice treatment account within that

1 county. The submitted plan should incorporate current evidence-based
2 practices in substance use disorder treatment. The funds shall be
3 used solely to provide approved alcohol and substance use disorder
4 treatment pursuant to RCW 71.24.560 and treatment support services.
5 No more than ten percent of the total moneys received under
6 subsections (4) and (5) of this section by a county or group of
7 counties participating in a regional agreement shall be spent for
8 treatment support services.

9 (7) Counties are encouraged to consider regional agreements and
10 submit regional plans for the efficient delivery of treatment under
11 this section.

12 (8) Moneys allocated under this section shall be used to
13 supplement, not supplant, other federal, state, and local funds used
14 for substance abuse treatment.

15 (9) If a region or county uses criminal justice treatment account
16 funds to support a therapeutic court, the therapeutic court must
17 allow the use of all medications approved by the federal food and
18 drug administration for the treatment of opioid use disorder as
19 deemed medically appropriate for a participant by a medical
20 professional. If appropriate medication-assisted treatment resources
21 are not available or accessible within the jurisdiction, the health
22 care authority's designee for assistance must assist the court with
23 acquiring the resource.

24 (10) Counties must meet the criteria established in RCW
25 2.30.030(3).

26 (11) The authority shall annually review and monitor the
27 expenditures made by any county or group of counties that receives
28 appropriated funds distributed under this section. Counties shall
29 repay any funds that are not spent in accordance with the
30 requirements of its contract with the authority.

31 **Sec. 981.** RCW 74.46.561 and 2020 c 357 s 918 are each amended to
32 read as follows:

33 (1) The legislature adopts a new system for establishing nursing
34 home payment rates beginning July 1, 2016. Any payments to nursing
35 homes for services provided after June 30, 2016, must be based on the
36 new system. The new system must be designed in such a manner as to
37 decrease administrative complexity associated with the payment
38 methodology, reward nursing homes providing care for high acuity

1 residents, incentivize quality care for residents of nursing homes,
2 and establish minimum staffing standards for direct care.

3 (2) The new system must be based primarily on industry-wide
4 costs, and have three main components: Direct care, indirect care,
5 and capital.

6 (3) The direct care component must include the direct care and
7 therapy care components of the previous system, along with food,
8 laundry, and dietary services. Direct care must be paid at a fixed
9 rate, based on one hundred percent or greater of statewide case mix
10 neutral median costs, but shall be set so that a nursing home
11 provider's direct care rate does not exceed one hundred eighteen
12 percent of its base year's direct care allowable costs except if the
13 provider is below the minimum staffing standard established in RCW
14 74.42.360(2). Direct care must be performance-adjusted for acuity
15 every six months, using case mix principles. Direct care must be
16 regionally adjusted using countywide wage index information available
17 through the United States department of labor's bureau of labor
18 statistics. There is no minimum occupancy for direct care. The direct
19 care component rate allocations calculated in accordance with this
20 section must be adjusted to the extent necessary to comply with RCW
21 74.46.421.

22 (4) The indirect care component must include the elements of
23 administrative expenses, maintenance costs, and housekeeping services
24 from the previous system. A minimum occupancy assumption of ninety
25 percent must be applied to indirect care. Indirect care must be paid
26 at a fixed rate, based on ninety percent or greater of statewide
27 median costs. The indirect care component rate allocations calculated
28 in accordance with this section must be adjusted to the extent
29 necessary to comply with RCW 74.46.421.

30 (5) The capital component must use a fair market rental system to
31 set a price per bed. The capital component must be adjusted for the
32 age of the facility, and must use a minimum occupancy assumption of
33 ninety percent.

34 (a) Beginning July 1, 2016, the fair rental rate allocation for
35 each facility must be determined by multiplying the allowable nursing
36 home square footage in (c) of this subsection by the RSMMeans rental
37 rate in (d) of this subsection and by the number of licensed beds
38 yielding the gross unadjusted building value. An equipment allowance
39 of ten percent must be added to the unadjusted building value. The
40 sum of the unadjusted building value and equipment allowance must

1 then be reduced by the average age of the facility as determined by
2 (e) of this subsection using a depreciation rate of one and one-half
3 percent. The depreciated building and equipment plus land valued at
4 ten percent of the gross unadjusted building value before
5 depreciation must then be multiplied by the rental rate at seven and
6 one-half percent to yield an allowable fair rental value for the
7 land, building, and equipment.

8 (b) The fair rental value determined in (a) of this subsection
9 must be divided by the greater of the actual total facility census
10 from the prior full calendar year or imputed census based on the
11 number of licensed beds at ninety percent occupancy.

12 (c) For the rate year beginning July 1, 2016, all facilities must
13 be reimbursed using four hundred square feet. For the rate year
14 beginning July 1, 2017, allowable nursing facility square footage
15 must be determined using the total nursing facility square footage as
16 reported on the medicaid cost reports submitted to the department in
17 compliance with this chapter. The maximum allowable square feet per
18 bed may not exceed four hundred fifty.

19 (d) Each facility must be paid at eighty-three percent or greater
20 of the median nursing facility RSMeans construction index value per
21 square foot. The department may use updated RSMeans construction
22 index information when more recent square footage data becomes
23 available. The statewide value per square foot must be indexed based
24 on facility zip code by multiplying the statewide value per square
25 foot times the appropriate zip code based index. For the purpose of
26 implementing this section, the value per square foot effective July
27 1, 2016, must be set so that the weighted average fair rental value
28 rate is not less than ten dollars and eighty cents per patient day.
29 The capital component rate allocations calculated in accordance with
30 this section must be adjusted to the extent necessary to comply with
31 RCW 74.46.421.

32 (e) The average age is the actual facility age reduced for
33 significant renovations. Significant renovations are defined as those
34 renovations that exceed two thousand dollars per bed in a calendar
35 year as reported on the annual cost report submitted in accordance
36 with this chapter. For the rate beginning July 1, 2016, the
37 department shall use renovation data back to 1994 as submitted on
38 facility cost reports. Beginning July 1, 2016, facility ages must be
39 reduced in future years if the value of the renovation completed in
40 any year exceeds two thousand dollars times the number of licensed

1 beds. The cost of the renovation must be divided by the accumulated
2 depreciation per bed in the year of the renovation to determine the
3 equivalent number of new replacement beds. The new age for the
4 facility is a weighted average with the replacement bed equivalents
5 reflecting an age of zero and the existing licensed beds, minus the
6 new bed equivalents, reflecting their age in the year of the
7 renovation. At no time may the depreciated age be less than zero or
8 greater than forty-four years.

9 (f) A nursing facility's capital component rate allocation must
10 be rebased annually, effective July 1, 2016, in accordance with this
11 section and this chapter.

12 (g) For the purposes of this subsection (5), "RSMeans" means
13 building construction costs data as published by Gordian.

14 (6) A quality incentive must be offered as a rate enhancement
15 beginning July 1, 2016.

16 (a) An enhancement no larger than five percent and no less than
17 one percent of the statewide average daily rate must be paid to
18 facilities that meet or exceed the standard established for the
19 quality incentive. All providers must have the opportunity to earn
20 the full quality incentive payment.

21 (b) The quality incentive component must be determined by
22 calculating an overall facility quality score composed of four to six
23 quality measures. For fiscal year 2017 there shall be four quality
24 measures, and for fiscal year 2018 there shall be six quality
25 measures. Initially, the quality incentive component must be based on
26 minimum data set quality measures for the percentage of long-stay
27 residents who self-report moderate to severe pain, the percentage of
28 high-risk long-stay residents with pressure ulcers, the percentage of
29 long-stay residents experiencing one or more falls with major injury,
30 and the percentage of long-stay residents with a urinary tract
31 infection. Quality measures must be reviewed on an annual basis by a
32 stakeholder work group established by the department. Upon review,
33 quality measures may be added or changed. The department may risk
34 adjust individual quality measures as it deems appropriate.

35 (c) The facility quality score must be point based, using at a
36 minimum the facility's most recent available three-quarter average
37 centers for medicare and medicaid services quality data. Point
38 thresholds for each quality measure must be established using the
39 corresponding statistical values for the quality measure point
40 determinants of eighty quality measure points, sixty quality measure

1 points, forty quality measure points, and twenty quality measure
2 points, identified in the most recent available five-star quality
3 rating system technical user's guide published by the (~~center[s]~~)
4 centers for medicare and medicaid services.

5 (d) Facilities meeting or exceeding the highest performance
6 threshold (top level) for a quality measure receive twenty-five
7 points. Facilities meeting the second highest performance threshold
8 receive twenty points. Facilities meeting the third level of
9 performance threshold receive fifteen points. Facilities in the
10 bottom performance threshold level receive no points. Points from all
11 quality measures must then be summed into a single aggregate quality
12 score for each facility.

13 (e) Facilities receiving an aggregate quality score of eighty
14 percent of the overall available total score or higher must be placed
15 in the highest tier (tier V), facilities receiving an aggregate score
16 of between seventy and seventy-nine percent of the overall available
17 total score must be placed in the second highest tier (tier IV),
18 facilities receiving an aggregate score of between sixty and sixty-
19 nine percent of the overall available total score must be placed in
20 the third highest tier (tier III), facilities receiving an aggregate
21 score of between fifty and fifty-nine percent of the overall
22 available total score must be placed in the fourth highest tier (tier
23 II), and facilities receiving less than fifty percent of the overall
24 available total score must be placed in the lowest tier (tier I).

25 (f) The tier system must be used to determine the amount of each
26 facility's per patient day quality incentive component. The per
27 patient day quality incentive component for tier IV is seventy-five
28 percent of the per patient day quality incentive component for tier
29 V, the per patient day quality incentive component for tier III is
30 fifty percent of the per patient day quality incentive component for
31 tier V, and the per patient day quality incentive component for tier
32 II is twenty-five percent of the per patient day quality incentive
33 component for tier V. Facilities in tier I receive no quality
34 incentive component.

35 (g) Tier system payments must be set in a manner that ensures
36 that the entire biennial appropriation for the quality incentive
37 program is allocated.

38 (h) Facilities with insufficient three-quarter average centers
39 for medicare and medicaid services quality data must be assigned to
40 the tier corresponding to their five-star quality rating. Facilities

1 with a five-star quality rating must be assigned to the highest tier
2 (tier V) and facilities with a one-star quality rating must be
3 assigned to the lowest tier (tier I). The use of a facility's five-
4 star quality rating shall only occur in the case of insufficient
5 centers for medicare and medicaid services minimum data set
6 information.

7 (i) The quality incentive rates must be adjusted semiannually on
8 July 1 and January 1 of each year using, at a minimum, the most
9 recent available three-quarter average centers for medicare and
10 medicaid services quality data.

11 (j) Beginning July 1, 2017, the percentage of short-stay
12 residents who newly received an antipsychotic medication must be
13 added as a quality measure. The department must determine the quality
14 incentive thresholds for this quality measure in a manner consistent
15 with those outlined in (b) through (h) of this subsection using the
16 centers for medicare and medicaid services quality data.

17 (k) Beginning July 1, 2017, the percentage of direct care staff
18 turnover must be added as a quality measure using the centers for
19 medicare and medicaid services' payroll-based journal and nursing
20 home facility payroll data. Turnover is defined as an employee
21 departure. The department must determine the quality incentive
22 thresholds for this quality measure using data from the centers for
23 medicare and medicaid services' payroll-based journal, unless such
24 data is not available, in which case the department shall use direct
25 care staffing turnover data from the most recent medicaid cost
26 report.

27 (7) Reimbursement of the safety net assessment imposed by chapter
28 74.48 RCW and paid in relation to medicaid residents must be
29 continued.

30 (8) (a) The direct care and indirect care components must be
31 rebased in even-numbered years, beginning with rates paid on July 1,
32 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar
33 year cost report. On a percentage basis, after rebasing, the
34 department must confirm that the statewide average daily rate has
35 increased at least as much as the average rate of inflation, as
36 determined by the skilled nursing facility market basket index
37 published by the centers for medicare and medicaid services, or a
38 comparable index. If after rebasing, the percentage increase to the
39 statewide average daily rate is less than the average rate of
40 inflation for the same time period, the department is authorized to

1 increase rates by the difference between the percentage increase
2 after rebasing and the average rate of inflation.

3 (b) It is the intention of the legislature that direct and
4 indirect care rates paid in fiscal year 2022 will be rebased using
5 the calendar year 2019 cost reports and that direct and indirect care
6 rates paid in fiscal year 2023 will be rebased using the calendar
7 year 2020 cost reports. For fiscal year 2021, in addition to the
8 rates generated by (a) of this subsection, an additional adjustment
9 is provided as established in this subsection (8)(b). Beginning May
10 1, 2020, and through June 30, 2021, the calendar year costs must be
11 adjusted for inflation by a twenty-four month consumer price index,
12 based on the most recently available monthly index for all urban
13 consumers, as published by the bureau of labor statistics. It is also
14 the intent of the legislature that, starting in fiscal year 2022, a
15 facility-specific rate add-on equal to the inflation adjustment that
16 facilities received solely in fiscal year 2021, must be added to the
17 rate. Beginning July 1, 2021, and through June 30, 2023, the calendar
18 year costs must be adjusted for inflation by a 24 month consumer
19 price index, based on the most recently available monthly index for
20 all urban consumers, as published by the bureau of labor statistics.
21 It is also the intent of the legislature that, starting in fiscal
22 year 2024, a facility-specific rate add-on equal to the inflation
23 adjustment that facilities received solely in fiscal year 2022 and
24 fiscal year 2023, must be added to the rate.

25 (c) To determine the necessity of regular inflationary
26 adjustments to the nursing facility rates, by December 1, 2020, the
27 department shall provide the appropriate policy and fiscal committees
28 of the legislature with a report that provides a review of rates paid
29 in 2017, 2018, and 2019 in comparison to costs incurred by nursing
30 facilities.

31 (9) The direct care component provided in subsection (3) of this
32 section is subject to the reconciliation and settlement process
33 provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to
34 rules established by the department, funds that are received through
35 the reconciliation and settlement process provided in RCW
36 74.46.022(6) must be used for technical assistance, specialized
37 training, or an increase to the quality enhancement established in
38 subsection (6) of this section. The legislature intends to review the
39 utility of maintaining the reconciliation and settlement process
40 under a price-based payment methodology, and may discontinue the

1 reconciliation and settlement process after the 2017-2019 fiscal
2 biennium.

3 (10) Compared to the rate in effect June 30, 2016, including all
4 cost components and rate add-ons, no facility may receive a rate
5 reduction of more than one percent on July 1, 2016, more than two
6 percent on July 1, 2017, or more than five percent on July 1, 2018.
7 To ensure that the appropriation for nursing homes remains cost
8 neutral, the department is authorized to cap the rate increase for
9 facilities in fiscal years 2017, 2018, and 2019.

10 **Sec. 982.** RCW 76.04.610 and 2019 c 415 s 981 are each amended to
11 read as follows:

12 (1) (a) If any owner of forestland within a forest protection zone
13 neglects or fails to provide adequate fire protection as required by
14 RCW 76.04.600, the department shall provide such protection and shall
15 annually impose the following assessments on each parcel of such
16 land: (i) A flat fee assessment of seventeen dollars and fifty cents;
17 and (ii) twenty-seven cents on each acre exceeding fifty acres.

18 (b) Assessors may, at their option, collect the assessment on tax
19 exempt lands. If the assessor elects not to collect the assessment,
20 the department may bill the landowner directly.

21 (2) An owner who has paid assessments on two or more parcels,
22 each containing fewer than fifty acres and each within the same
23 county, may obtain the following refund:

24 (a) If all the parcels together contain less than fifty acres,
25 then the refund is equal to the flat fee assessments paid, reduced by
26 the total of (i) seventeen dollars and (ii) the total of the amounts
27 retained by the county from such assessments under subsection (5) of
28 this section.

29 (b) If all the parcels together contain fifty or more acres, then
30 the refund is equal to the flat fee assessments paid, reduced by the
31 total of (i) seventeen dollars, (ii) twenty-seven cents for each acre
32 exceeding fifty acres, and (iii) the total of the amounts retained by
33 the county from such assessments under subsection (5) of this
34 section.

35 Applications for refunds shall be submitted to the department on
36 a form prescribed by the department and in the same year in which the
37 assessments were paid. The department may not provide refunds to
38 applicants who do not provide verification that all assessments and

1 property taxes on the property have been paid. Applications may be
2 made by mail.

3 In addition to the procedures under this subsection, property
4 owners with multiple parcels in a single county who qualify for a
5 refund under this section may apply to the department on an
6 application listing all the parcels owned in order to have the
7 assessment computed on all parcels but billed to a single parcel.
8 Property owners with the following number of parcels may apply to the
9 department in the year indicated:

10	Year	Number of Parcels
11	2002	10 or more parcels
12	2003	8 or more parcels
13	2004 and thereafter	6 or more parcels

14 The department must compute the correct assessment and allocate
15 one parcel in the county to use to collect the assessment. The county
16 must then bill the forest fire protection assessment on that one
17 allocated identified parcel. The landowner is responsible for
18 notifying the department of any changes in parcel ownership.

19 (3) Beginning January 1, 1991, under the administration and at
20 the discretion of the department up to two hundred thousand dollars
21 per year of this assessment shall be used in support of those rural
22 fire districts assisting the department in fire protection services
23 on forestlands.

24 (4) For the purpose of this chapter, the department may divide
25 the forestlands of the state, or any part thereof, into districts,
26 for fire protection and assessment purposes, may classify lands
27 according to the character of timber prevailing, and the fire hazard
28 existing, and place unprotected lands under the administration of the
29 proper district. Amounts paid or contracted to be paid by the
30 department for protection of forestlands from funds at its disposal
31 shall be a lien upon the property protected, unless reimbursed by the
32 owner within ten days after October 1st of the year in which they
33 were incurred. The department shall be prepared to make statement
34 thereof, upon request, to a forest owner whose own protection has not
35 been previously approved as to its adequacy, the department shall
36 report the same to the assessor of the county in which the property
37 is situated. The assessor shall extend the amounts upon the tax rolls
38 covering the property, and upon authorization from the department

1 shall levy the forest protection assessment against the amounts of
2 unimproved land as shown in each ownership on the county assessor's
3 records. The assessor may then segregate on the records to provide
4 that the improved land and improvements thereon carry the millage
5 levy designed to support the rural fire protection districts as
6 provided for in RCW 52.16.170.

7 (5) The amounts assessed shall be collected at the time, in the
8 same manner, by the same procedure, and with the same penalties
9 attached that general state and county taxes on the same property are
10 collected, except that errors in assessments may be corrected at any
11 time by the department certifying them to the treasurer of the county
12 in which the land involved is situated. Assessments shall be known
13 and designated as assessments of the year in which the amounts became
14 reimbursable. Upon the collection of assessments the county treasurer
15 shall place fifty cents of the total assessments paid on a parcel for
16 fire protection into the county current expense fund to defray the
17 costs of listing, billing, and collecting these assessments. The
18 treasurer shall then transmit the balance to the department.
19 Collections shall be applied against expenses incurred in carrying
20 out the provisions of this section, including necessary and
21 reasonable administrative costs incurred by the department in the
22 enforcement of these provisions. The department may also expend sums
23 collected from owners of forestlands or received from any other
24 source for necessary administrative costs in connection with the
25 enforcement of RCW 76.04.660. During the 2017-2019 ~~((and))~~,
26 2019-2021, and 2021-2023 fiscal biennia, the legislature may
27 appropriate moneys from the account for department of natural
28 resources wildfire response and forest health activities.

29 (6) When land against which forest protection assessments are
30 outstanding is acquired for delinquent taxes and sold at public
31 auction, the state shall have a prior lien on the proceeds of sale
32 over and above the amount necessary to satisfy the county's
33 delinquent tax judgment. The county treasurer, in case the proceeds
34 of sale exceed the amount of the delinquent tax judgment, shall
35 immediately remit to the department the amount of the outstanding
36 forest protection assessments.

37 (7) All nonfederal public bodies owning or administering
38 forestland included in a forest protection zone shall pay the forest
39 protection assessments provided in this section and the special
40 forest fire suppression account assessments under RCW 76.04.630. The

1 forest protection assessments and special forest fire suppression
2 account assessments shall be payable by nonfederal public bodies from
3 available funds within thirty days following receipt of the written
4 notice from the department which is given after October 1st of the
5 year in which the protection was provided. Unpaid assessments are not
6 a lien against the nonfederal publicly owned land but shall
7 constitute a debt by the nonfederal public body to the department and
8 are subject to interest charges at the legal rate.

9 (8) A public body, having failed to previously pay the forest
10 protection assessments required of it by this section, which fails to
11 suppress a fire on or originating from forestlands owned or
12 administered by it, is liable for the costs of suppression incurred
13 by the department or its agent and is not entitled to reimbursement
14 of costs incurred by the public body in the suppression activities.

15 (9) The department may adopt rules to implement this section,
16 including, but not limited to, rules on levying and collecting forest
17 protection assessments.

18 **Sec. 983.** RCW 79.64.040 and 2019 c 415 s 984 are each amended to
19 read as follows:

20 (1) The board shall determine the amount deemed necessary in
21 order to achieve the purposes of this chapter and shall provide by
22 rule for the deduction of this amount from the moneys received from
23 all leases, sales, contracts, licenses, permits, easements, and
24 rights-of-way issued by the department and affecting state lands and
25 aquatic lands, except as provided in RCW 79.64.130, provided that no
26 deduction shall be made from the proceeds from agricultural college
27 lands.

28 (2) Moneys received as deposits from successful bidders, advance
29 payments, and security under RCW 79.15.100, 79.15.080, and 79.11.150
30 prior to December 1, 1981, which have not been subjected to deduction
31 under this section are not subject to deduction under this section.

32 (3) Except as otherwise provided in subsection (5) of this
33 section, the deductions authorized under this section shall not
34 exceed twenty-five percent of the moneys received by the department
35 in connection with any one transaction pertaining to state lands and
36 aquatic lands other than second-class tide and shore lands and the
37 beds of navigable waters, and fifty percent of the moneys received by
38 the department pertaining to second-class tide and shore lands and
39 the beds of navigable waters.

1 (4) In the event that the department sells logs using the
2 contract harvesting process described in RCW 79.15.500 through
3 79.15.530, the moneys received subject to this section are the net
4 proceeds from the contract harvesting sale.

5 (5) During the 2015-2017, 2017-2019, (~~and~~) 2019-2021, and
6 2021-2023 fiscal biennia, the board may increase the twenty-five
7 percent limitation up to thirty-two percent.

8 **Sec. 984.** RCW 79.64.110 and 2019 c 415 s 985 and 2019 c 309 s 1
9 are each reenacted and amended to read as follows:

10 (1) Any moneys derived from the lease of state forestlands or
11 from the sale of valuable materials, oils, gases, coal, minerals, or
12 fossils from those lands, except as provided in RCW 79.64.130, or the
13 appraised value of these resources when transferred to a public
14 agency under RCW 79.22.060, except as provided in RCW 79.22.060(4),
15 must be distributed as follows:

16 (a) For state forestlands acquired through RCW 79.22.040 or by
17 exchange for lands acquired through RCW 79.22.040:

18 (i) The expense incurred by the state for administration,
19 reforestation, and protection, not to exceed twenty-five percent,
20 which rate of percentage shall be determined by the board, must be
21 returned to the forest development account created in RCW 79.64.100.
22 During the 2017-2019 (~~and~~), 2019-2021, and 2021-2023 fiscal
23 biennia, the board may increase the twenty-five percent limitation up
24 to twenty-seven percent.

25 (ii) Any balance remaining must be paid to the county in which
26 the land is located or, for counties participating in a land pool
27 created under RCW 79.22.140, to each participating county
28 proportionate to its contribution of asset value to the land pool as
29 determined by the board. Payments made under this subsection are to
30 be paid, distributed, and prorated, except as otherwise provided in
31 this section, to the various funds in the same manner as general
32 taxes are paid and distributed during the year of payment. However,
33 in order to test county flexibility in distributing state forestland
34 revenue, a county may in its discretion pay, distribute, and prorate
35 payments made under this subsection of moneys derived from state
36 forestlands acquired by exchange between July 28, 2019, and June 30,
37 2020, for lands acquired through RCW 79.22.040, within the same
38 county, in the same manner as general taxes are paid and distributed

1 during the year of payment for the former state forestlands that were
2 subject to the exchange.

3 (iii) Any balance remaining, paid to a county with a population
4 of less than sixteen thousand, must first be applied to the reduction
5 of any indebtedness existing in the current expense fund of the
6 county during the year of payment.

7 (iv) With regard to moneys remaining under this subsection
8 (1)(a), within seven working days of receipt of these moneys, the
9 department shall certify to the state treasurer the amounts to be
10 distributed to the counties. The state treasurer shall distribute
11 funds to the counties four times per month, with no more than ten
12 days between each payment date.

13 (b) For state forestlands acquired through RCW 79.22.010 or by
14 exchange for lands acquired through RCW 79.22.010, except as provided
15 in RCW 79.64.120:

16 (i) Fifty percent shall be placed in the forest development
17 account.

18 (ii) Fifty percent shall be prorated and distributed to the state
19 general fund, to be dedicated for the benefit of the public schools,
20 to the county in which the land is located or, for counties
21 participating in a land pool created under RCW 79.22.140, to each
22 participating county proportionate to its contribution of asset value
23 to the land pool as determined by the board, and according to the
24 relative proportions of tax levies of all taxing districts in the
25 county. The portion to be distributed to the state general fund shall
26 be based on the regular school levy rate under RCW 84.52.065 (1) and
27 (2) and the levy rate for any maintenance and operation special
28 school levies. With regard to the portion to be distributed to the
29 counties, the department shall certify to the state treasurer the
30 amounts to be distributed within seven working days of receipt of the
31 money. The state treasurer shall distribute funds to the counties
32 four times per month, with no more than ten days between each payment
33 date. The money distributed to the county must be paid, distributed,
34 and prorated to the various other funds in the same manner as general
35 taxes are paid and distributed during the year of payment.

36 (2) A school district may transfer amounts deposited in its debt
37 service fund pursuant to this section into its capital projects fund
38 as authorized in RCW 28A.320.330.

1 **Sec. 985.** RCW 79.105.150 and 2019 c 415 s 986 are each amended
2 to read as follows:

3 (1) After deduction for management costs as provided in RCW
4 79.64.040 and payments to towns under RCW 79.115.150(2), all moneys
5 received by the state from the sale or lease of state-owned aquatic
6 lands and from the sale of valuable material from state-owned aquatic
7 lands shall be deposited in the aquatic lands enhancement account
8 which is hereby created in the state treasury. After appropriation,
9 these funds shall be used solely for aquatic lands enhancement
10 projects; for the purchase, improvement, or protection of aquatic
11 lands for public purposes; for providing and improving access to the
12 lands; and for volunteer cooperative fish and game projects. During
13 the 2017-2019 (~~and~~), 2019-2021, and 2021-2023 fiscal biennia, the
14 aquatic lands enhancement account may be used to support the
15 shellfish program, the ballast water program, hatcheries, the Puget
16 Sound toxic sampling program and steelhead mortality research at the
17 department of fish and wildlife, the knotweed program at the
18 department of agriculture, actions at the University of Washington
19 for reducing ocean acidification, which may include the creation of a
20 center on ocean acidification, the Puget SoundCorps program, and
21 support of the marine resource advisory council and the Washington
22 coastal marine advisory council. During the 2017-2019 and 2019-2021
23 fiscal biennia, the legislature may transfer from the aquatic lands
24 enhancement account to the geoduck aquaculture research account for
25 research related to shellfish aquaculture. During the 2015-2017
26 fiscal biennium, the legislature may transfer moneys from the aquatic
27 lands enhancement account to the marine resources stewardship trust
28 account.

29 (2) In providing grants for aquatic lands enhancement projects,
30 the recreation and conservation funding board shall:

31 (a) Require grant recipients to incorporate the environmental
32 benefits of the project into their grant applications;

33 (b) Utilize the statement of environmental benefits,
34 consideration, except as provided in RCW 79.105.610, of whether the
35 applicant is a Puget Sound partner, as defined in RCW 90.71.010,
36 whether a project is referenced in the action agenda developed by the
37 Puget Sound partnership under RCW 90.71.310, and except as otherwise
38 provided in RCW 79.105.630, and effective one calendar year following
39 the development and statewide availability of model evergreen
40 community management plans and ordinances under RCW 35.105.050,

1 whether the applicant is an entity that has been recognized, and what
2 gradation of recognition was received, in the evergreen community
3 recognition program created in RCW 35.105.030 in its prioritization
4 and selection process; and

5 (c) Develop appropriate outcome-focused performance measures to

20 appropriation and shall be used for purchase and development of land,
21 construction or improvement of range facilities, including fixed
22 structure construction or remodeling, equipment purchase, safety or
23 environmental improvements, noise abatement, and liability protection
24 for public and nonprofit firearm range training and practice
25 facilities.

26 Grant funds shall not be used for expendable shooting supplies,
27 or normal operating expenses. In making grants, the board shall give
28 priority to projects for noise abatement or safety improvement. Grant

36 Applicants for a grant from the firearms range account shall
37 provide matching funds in either cash or in-kind contributions. The
38 match must represent one dollar in value for each one dollar of the
39 grant except that in the case of a grant for noise abatement or

1 safety improvements the match must represent one dollar in value for
2 each two dollars of the grant. In-kind contributions include but are
3 not limited to labor, materials, and new property. Existing assets
4 and existing development may not apply to the match.

5 Applicants other than school districts or local or state
6 government must be registered as a nonprofit or not-for-profit
7 organization with the Washington secretary of state. The
8 organization's articles of incorporation must contain provisions for
9 the organization's structure, officers, legal address, and registered
10 agent.

11 Organizations requesting grants must provide the hours of range
12 availability for public and law enforcement use. The fee structure
13 will be submitted with the grant application.

14 Any nonprofit organization or agency accepting a grant under this
15 program will be required to pay back the entire grant amount to the
16 firearms range account if the use of the range facility is
17 discontinued less than ten years after the grant is accepted.

18 Entities receiving grants must make the facilities for which
19 grant funding is received open for hunter safety education classes
20 and firearm safety classes on a regular basis for no fee.

21 Government units or school districts applying for grants must
22 open their range facility on a regular basis for hunter safety
23 education classes and firearm safety classes.

24 The board shall adopt rules to implement chapter 195, Laws of

27 account may be used to implement chapter 74, Laws of 2017 (SHB 1100)
28 (concealed pistol licenses) and chapter 282, Laws of 2017 (SB 5268)
29 (concealed pistol license notices). During the 2021-2023 fiscal
30 biennium, expenditures from the firearms range account may be used to

32 licenses).

33 **Sec. 987.** RCW 82.14.310 and 2019 c 415 s 988 are each amended to
34 read as follows:

35 (1) The county criminal justice assistance account is created in
36 the state treasury. Beginning in fiscal year 2000, the state
37 treasurer must transfer into the county criminal justice assistance
38 account from the general fund the sum of twenty-three million two
39 hundred thousand dollars divided into four equal deposits occurring

1 on July 1, October 1, January 1, and April 1. For each fiscal year
2 thereafter, the state treasurer must increase the total transfer by
3 the fiscal growth factor, as defined in RCW 43.135.025, forecast for
4 that fiscal year by the office of financial management in November of
5 the preceding year.

6 (2) The moneys deposited in the county criminal justice
7 assistance account for distribution under this section, less any
8 moneys appropriated for purposes under subsections (4) and (5) of
9 this section, must be distributed at such times as distributions are
10 made under RCW 82.44.150 and on the relative basis of each county's
11 funding factor as determined under this subsection.

12 (a) A county's funding factor is the sum of:

13 (i) The population of the county, divided by one thousand, and
14 multiplied by two-tenths;

15 (ii) The crime rate of the county, multiplied by three-tenths;
16 and

17 (iii) The annual number of criminal cases filed in the county
18 superior court, for each one thousand in population, multiplied by
19 five-tenths.

20 (b) Under this section and RCW 82.14.320 and 82.14.330:

21 (i) The population of the county or city is as last determined by
22 the office of financial management;

23 (ii) The crime rate of the county or city is the annual
24 occurrence of specified criminal offenses, as calculated in the most
25 recent annual report on crime in Washington state as published by the
26 Washington association of sheriffs and police chiefs, for each one
27 thousand in population;

28 (iii) The annual number of criminal cases filed in the county
29 superior court must be determined by the most recent annual report of
30 the courts of Washington, as published by the administrative office
31 of the courts;

32 (iv) Distributions and eligibility for distributions in the
33 1989-1991 biennium must be based on 1988 figures for both the crime
34 rate as described under (ii) of this subsection and the annual number
35 of criminal cases that are filed as described under (iii) of this
36 subsection. Future distributions must be based on the most recent
37 figures for both the crime rate as described under (ii) of this
38 subsection and the annual number of criminal cases that are filed as
39 described under (iii) of this subsection.

1 (3) Moneys distributed under this section must be expended
2 exclusively for criminal justice purposes and may not be used to
3 replace or supplant existing funding. Criminal justice purposes are
4 defined as activities that substantially assist the criminal justice
5 system, which may include circumstances where ancillary benefit to
6 the civil or juvenile justice system occurs, and which includes (a)
7 domestic violence services such as those provided by domestic
8 violence programs, community advocates, and legal advocates, as
9 defined in RCW 70.123.020, and (b) during the 2001-2003 fiscal
10 biennium, juvenile dispositional hearings relating to petitions for
11 at-risk youth, truancy, and children in need of services. Existing
12 funding for purposes of this subsection is defined as calendar year
13 1989 actual operating expenditures for criminal justice purposes.
14 Calendar year 1989 actual operating expenditures for criminal justice
15 purposes exclude the following: Expenditures for extraordinary events
16 not likely to reoccur, changes in contract provisions for criminal
17 justice services, beyond the control of the local jurisdiction
18 receiving the services, and major nonrecurring capital expenditures.

19 (4) Not more than five percent of the funds deposited to the
20 county criminal justice assistance account may be available for
21 appropriations for enhancements to the state patrol crime laboratory
22 system and the continuing costs related to these enhancements. Funds
23 appropriated from this account for such enhancements may not supplant
24 existing funds from the state general fund.

25 (5) During the 2017-2019 fiscal biennium, the sum of one hundred
26 fifty-three thousand dollars, and during the 2019-2021 and 2021-2023
27 fiscal (~~biennium~~) biennia, the sum of five hundred ten thousand
28 dollars, may be appropriated for the Washington state patrol to
29 provide investigative assistance and report services to assist local
30 law enforcement agencies to prosecute criminals. It is the intent of
31 the legislature that this policy will be continued in subsequent
32 fiscal biennia.

33 **Sec. 988.** RCW 83.100.230 and 2019 c 415 s 990 are each amended
34 to read as follows:

35 The education legacy trust account is created in the state
36 treasury. Money in the account may be spent only after appropriation.
37 Expenditures from the account may be used only for support of the
38 common schools, and for expanding access to higher education through
39 funding for new enrollments and financial aid, and other educational

1 improvement efforts. During the 2015-2017, 2017-2019, ((and))
2 2019-2021, and 2021-2023 fiscal biennia appropriations from the
3 account may be made for support of early learning programs. It is the

5 subsequent fiscal biennia.

27 **Sec. 990.** RCW 43.70.--- and 2021 c 3 s 19 are each amended to
28 read as follows:

29 (1) The COVID-19 public health response account is created in the
30 custody of the state treasurer. The account shall consist of funds
31 appropriated by the legislature and grants received by the department
32 of health for activities in response to the coronavirus pandemic
33 (COVID-19). Only the secretary, or the secretary's designee, may
34 authorize expenditures from the account for costs related to the
35 public health response to COVID-19, subject to any limitations
36 imposed by grant funding deposited into the account. The COVID-19
37 public health response account is subject to allotment procedures
38 under chapter 43.88 RCW, but an appropriation is not required for
39 expenditures.

1 (2) (a) The legislature finds that a safe, efficient, and
2 effective delivery of vaccinations is of the utmost importance for
3 restoring societal and economic functions. As we learn more about the
4 virus, the vaccine, and challenges to vaccine allocation and
5 distribution, it is anticipated that the state's COVID-19 vaccination
6 distribution plan will evolve. To that end, the legislature has
7 provided flexibility by funding vaccine expenditure at the discretion
8 of the secretary and without an appropriation. However, to maintain
9 fiscal control and to ensure spending priorities align, the
10 department is required to collaborate and communicate with the chairs
11 and ranking members of the health care and fiscal committees of the
12 legislature and local health jurisdictions in advance of any
13 significant revision of the state's COVID-19 vaccination plan and to
14 provide regular updates on its implementation and spending.

15 (b) As part of the public health response to COVID-19, the
16 expenditures from the account must be used to effectively administer
17 the vaccine for COVID-19 and conduct testing and contact tracing. The
18 department must ensure that COVID-19 outreach is accessible,
19 culturally and linguistically appropriate, and that it includes
20 community-driven partnerships and strategies.

21 (c) When making expenditures for administering the vaccine for
22 COVID-19, the department must focus on identifying persons for
23 vaccination, prioritizing hard-to-reach communities, making the
24 vaccine accessible, and providing support to schools for safe
25 reopening.

26 (d) When making expenditures regarding testing and contact
27 tracing, the department must provide equitable access, prioritize
28 hard-to-reach communities, and provide support and resources to
29 facilitate the safe reopening of schools while minimizing community
30 spread of the virus.

31 (e) The department may also make expenditures from the account
32 related to developing the public health workforce using funds granted
33 by the federal government for that purpose in section 2501, the
34 American rescue plan act of 2021, P.L. 117-2.

35 (3) When making expenditures from the account, the department
36 must include an emphasis on public communication regarding the
37 availability and accessibility of the vaccine and testing, and the
38 importance of vaccine and testing availability to the safe reopening
39 of the state.

1 (4) (a) The department must report to the fiscal and health care
2 committees of the legislature on a monthly basis regarding its
3 COVID-19 response.

4 (b) To the extent that it is available, the report must include
5 data regarding vaccine distribution, testing, and contact tracing, as
6 follows:

7 (i) The number of vaccines administered per day, including
8 regional data regarding the location and age groups of persons
9 receiving the vaccine, specifically identifying hard-to-reach
10 communities in which vaccines were administered; and

11 (ii) The number of tests conducted per week, including data
12 specifically addressing testing conducted in hard-to-reach
13 communities.

14 (c) The first monthly report is due no later than one month from
15 the effective date of this section. Monthly reports are no longer
16 required upon the department's determination that the remaining
17 balance of the COVID-19 response account is less than \$100,000.

18 **Sec. 991.** RCW 41.26.450 and 2019 c 415 s 958 are each amended to
19 read as follows:

20 (1) Port districts established under Title 53 RCW and
21 institutions of higher education as defined in RCW 28B.10.016 shall
22 contribute both the employer and state shares of the cost of the
23 retirement system for any of their employees who are law enforcement
24 officers.

25 (2) Institutions of higher education shall contribute both the
26 employer and the state shares of the cost of the retirement system
27 for any of their employees who are firefighters.

28 (3) During fiscal years 2018 and 2019 and during the 2019-2021
29 and 2021-2023 fiscal (~~biennium~~) biennia:

30 When an employer charges a fee or recovers costs for work
31 performed by a plan member where:

32 (a) The member receives compensation that is includable as basic
33 salary under RCW 41.26.030(4) (b); and

34 (b) The service is provided, whether directly or indirectly, to
35 an entity that is not an "employer" under RCW 41.26.030(14) (b);
36 the employer shall contribute both the employer and state shares of
37 the cost of the retirement system contributions for that
38 compensation. Nothing in this subsection prevents an employer from

1 recovering the cost of the contribution from the entity receiving
2 services from the member.

3 **Sec. 992.** 2019 c 415 s 729 (uncodified) is amended to read as
4 follows:

14 of participating in specific topic discussions or subcommittees.

17 study and report completed in 2018-2019;

39 agencies, departments, and commissions identified in subsection
40 (2)(c) through (g) of this section. The state agencies, departments,

2 section may enter into an interagency agreement related to the
3 provision of staff support for the task force. Unless it is expressly
4 provided for in the agreement between the agencies, departments, and
5 commissions, nothing in this subsection requires staff of each of the
6 agencies, departments, and commissions identified in subsection
7 (1)(c) through (g) of this section to provide staff support to the
8 task force.

9 (6) Legislative members of the task force are reimbursed for
10 travel expenses in accordance with RCW 44.04.120. Nonlegislative
11 members are not entitled to be reimbursed for travel expenses if they
12 are elected officials or are participating on behalf of an employer,
13 governmental entity, or other organization. Any reimbursement for
14 other nonlegislative members is subject to chapter 43.03 RCW.

15 (7) The task force shall submit a preliminary report of

28 respective leaders. These senators must be current members of the
29 ways and means committee; and

30 (d) Two additional members of the house of representatives with
31 one member from each of the major caucuses of the house of
32 representatives appointed by their respective leaders. These

2 department must also continue to update, in collaboration with the
3 office of financial management's labor relations office, the staffing
4 committees, and state labor unions, an overall state hospital

37 of financial management and the appropriate committees of the
38 legislature. The reports must include an update from the hospital
39 staffing committees.

23 adult family home is being relicensed because of exceptional
24 circumstances, such as death or incapacity of a provider, and that to
25 require the full payment of the licensing and processing fees would
26 present a hardship to the applicant. In these situations the
27 department is also granted the authority to waive the required
28 residential administrator training for a period of 120 days if
29 necessary to ensure continuity of care during the relicensing
30 process.

35 **Sec. 1109.** 2020 c 357 s 210 (uncodified) is amended to read as
36 follows:

37 **FOR THE STATE HEALTH CARE AUTHORITY**

1 During the 2019-2021 fiscal biennium, the health care authority
2 shall provide support and data as required by the office of the state
3 actuary in providing the legislature with health care actuarial
4 analysis, including providing any information in the possession of
5 the health care authority or available to the health care authority
6 through contracts with providers, plans, insurers, consultants, or
7 any other entities contracting with the health care authority.

8 Information technology projects or investments and proposed
9 projects or investments impacting time capture, payroll and payment
10 processes and systems, eligibility, case management, and
11 authorization systems within the health care authority are subject to
12 technical oversight by the office of the chief information officer.

13 The health care authority shall not initiate any services that
14 require expenditure of state general fund moneys unless expressly
15 authorized in this act or other law. The health care authority may
16 seek, receive, and spend, under RCW 43.79.260 through 43.79.282,
17 federal moneys not anticipated in this act as long as the federal
18 funding does not require expenditure of state moneys for the program
19 in excess of amounts anticipated in this act. If the health care
20 authority receives unanticipated unrestricted federal moneys, those
21 moneys shall be spent for services authorized in this act or in any
22 other legislation providing appropriation authority, and an equal
23 amount of appropriated state general fund moneys shall lapse. Upon
24 the lapsing of any moneys under this subsection, the office of
25 financial management shall notify the legislative fiscal committees.
26 As used in this subsection, "unrestricted federal moneys" includes
27 block grants and other funds that federal law does not require to be
28 spent on specifically defined projects or matched on a formula basis
29 by state funds.

30 The health care authority, the health benefit exchange, the
31 department of social and health services, the department of health,
32 and the department of children, youth, and families shall work
33 together within existing resources to establish the health and human
34 services enterprise coalition (the coalition). The coalition, led by
35 the health care authority, must be a multi-organization collaborative
36 that provides strategic direction and federal funding guidance for
37 projects that have cross-organizational or enterprise impact,
38 including information technology projects that affect organizations
39 within the coalition. By October 31, 2019, the coalition must submit
40 a report to the governor and the legislature that describes the

1 coalition's plan for projects affecting the coalition organizations.
2 The report must include any information technology projects impacting
3 coalition organizations and, in collaboration with the office of the
4 chief information officer, provide: (1) The status of any information
5 technology projects currently being developed or implemented that
6 affect the coalition; (2) funding needs of these current and future
7 information technology projects; and (3) next steps for the
8 coalition's information technology projects. The office of the chief
9 information officer shall maintain a statewide perspective when
10 collaborating with the coalition to ensure that the development of
11 projects identified in this report are planned for in a manner that
12 ensures the efficient use of state resources and maximizes federal
13 financial participation. The work of the coalition is subject to the
14 conditions, limitations, and review provided in section 701 of this
15 act.

16 The appropriations to the health care authority in this act shall
17 be expended for the programs and in the amounts specified in this
18 act. However, after May 1, (~~2020~~) 2021, unless prohibited by this
19 act, the authority may transfer general fund—state appropriations for
20 fiscal year (~~2020~~) 2021 among programs after approval by the
21 director of the office of financial management. The authority must
22 notify the fiscal committees of the legislature prior to receiving
23 approval from the director of the office of financial management. To
24 the extent that appropriations in sections 211 through 215 are
25 insufficient to fund actual expenditures in excess of caseload
26 forecast and utilization assumptions, the authority may transfer
27 general fund—state appropriations for fiscal year (~~2020~~) 2021 that
28 are provided solely for a specified purpose. The authority may also
29 transfer general fund—state appropriations for fiscal year 2020 that
30 are provided solely for a specified purpose within section 215 of
31 this act to cover any deficits in section 215 of this act resulting
32 from assumptions related to the return of \$35,000,000 in general fund
33 —state behavioral health organization reserves in fiscal year
34 (~~2020~~) 2021. The authority may not transfer funds, including for
35 expenses in response to the COVID-19 pandemic in fiscal year 2021,
36 and the director of the office of financial management shall not
37 approve the transfer, unless the transfer is consistent with the
38 objective of conserving, to the maximum extent possible, the
39 expenditure of state funds. The director of the office of financial

1 management shall notify the appropriate fiscal committees of the
2 legislature in writing seven days prior to approving any allotment
3 modifications or transfers under this section. The written
4 notification must include a narrative explanation and justification
5 of changes, along with expenditures and allotments by budget unit and
6 appropriation, both before and after any allotment modifications and
7 transfers.

36		<u>\$18,884,242,000</u>

37 The appropriations in this section are subject to the following
38 conditions and limitations:

1 (1) The authority shall not accept or expend any federal funds
2 received under a medicaid transformation waiver under healthier
3 Washington except as described in subsections (2) and (3) of this
4 section until specifically approved and appropriated by the
5 legislature. To ensure compliance with legislative directive budget
6 requirements and terms and conditions of the waiver, the authority
7 shall implement the waiver and reporting requirements with oversight
8 from the office of financial management. The legislature finds that
9 appropriate management of the innovation waiver requires better
10 analytic capability, transparency, consistency, timeliness, accuracy,
11 and lack of redundancy with other established measures and that the
12 patient must be considered first and foremost in the implementation
13 and execution of the demonstration waiver. In order to effectuate
14 these goals, the authority shall: (a) Require the Dr. Robert Bree
15 collaborative and the health technology assessment program to reduce
16 the administrative burden upon providers by only requiring
17 performance measures that are nonduplicative of other nationally
18 established measures. The joint select committee on health care
19 oversight will evaluate the measures chosen by the collaborative and
20 the health technology assessment program for effectiveness and
21 appropriateness; (b) develop a patient satisfaction survey with the
22 goal to gather information about whether it was beneficial for the
23 patient to use the center of excellence location in exchange for
24 additional out-of-pocket savings; (c) ensure patients and health care
25 providers have significant input into the implementation of the
26 demonstration waiver, in order to ensure improved patient health
27 outcomes; and (d) in cooperation with the department of social and
28 health services, consult with and provide notification of work on
29 applications for federal waivers, including details on waiver
30 duration, financial implications, and potential future impacts on the
31 state budget, to the joint select committee on health care oversight
32 prior to submitting waivers for federal approval. By federal
33 standard, the medicaid transformation demonstration waiver shall not
34 exceed the duration originally granted by the centers for medicare
35 and medicaid services and any programs created or funded by this
36 waiver do not create an entitlement. Beginning May 15, 2019, and
37 continuing through December 15, 2019, by the 15th of each month, the
38 director in consultation with the secretary shall report to the
39 fiscal chair of the appropriate committees of the legislature in the
40 manner and form requested the status of the medicaid transformation

1 waiver, including any anticipated or proposed changes to accruals or
2 expenditures.

3 (2) No more than (~~(\$153,357,000)~~) \$165,082,000 of the general
4 fund—federal appropriation and no more than (~~(\$86,190,000)~~)
5 \$112,949,000 of the general fund—local appropriation may be expended
6 for transformation through accountable communities of health
7 described in initiative 1 of the medicaid transformation
8 demonstration waiver under healthier Washington, including preventing
9 youth drug use, opioid prevention and treatment, and physical and
10 behavioral health integration. Under this initiative, the authority
11 shall take into account local input regarding community needs. In
12 order to ensure transparency to the appropriate fiscal committees of
13 the legislature, the authority shall provide fiscal staff of the
14 legislature query ability into any database of the fiscal
15 intermediary that authority staff would be authorized to access. The
16 authority shall not increase general fund—state expenditures under
17 this initiative. The director shall also report to the fiscal
18 committees of the legislature all of the expenditures under this
19 subsection and shall provide such fiscal data in the time, manner,
20 and form requested by the legislative fiscal committees. By December
21 15, 2019, the authority in collaboration with each accountable
22 community of health shall demonstrate how it will be self-sustaining
23 by the end of the demonstration waiver period, including sources of
24 outside funding, and provide this reporting to the joint select
25 committee on health care oversight. If by the third year of the
26 demonstration waiver there are not measurable, improved patient
27 outcomes and financial returns, the Washington state institute for
28 public policy will conduct an audit of the accountable communities of
29 health, in addition to the process set in place through the
30 independent evaluation required by the agreement with centers for
31 medicare and medicaid services.

32 (3) (a) No more than (~~(\$79,829,000)~~) \$67,896,000 of the general
33 fund—federal appropriation may be expended for supported housing and
34 employment services described in initiative 3a and 3b of the medicaid
35 transformation demonstration waiver under healthier Washington. Under
36 this initiative, the authority and the department of social and
37 health services shall ensure that allowable and necessary services
38 are provided to eligible clients as identified by the department or
39 its third party administrator. The authority and the department in

1 consultation with the medicaid forecast work group, shall ensure that
2 reasonable reimbursements are established for services deemed
3 necessary within an identified limit per individual. The authority
4 shall not increase general fund—state expenditures under this
5 initiative. The director shall report to the joint select committee
6 on health care oversight no less than quarterly on financial and
7 health outcomes. The director shall also report to the fiscal
8 committees of the legislature all of the expenditures of this
9 subsection and shall provide such fiscal data in the time, manner,
10 and form requested by the legislative fiscal committees.

11 (b) No more than (~~(\$89,476,000)~~) \$105,283,000 of the general fund
12 —federal appropriation and no more than (~~(\$36,548,000)~~) \$43,004,000
13 of the general fund—local appropriation may be expended for the
14 medicaid quality improvement program. Under federal regulations, the
15 medicaid quality improvement program is authorized and allows states
16 to design quality improvement programs for the medicaid population in
17 ways that support the state's quality goals. Medicaid quality
18 improvement program payments will not count against initiative 1 of
19 the medicaid transformation demonstration waiver spending limit and
20 are excluded from the waiver's budget neutrality calculation. Apple
21 health managed care organizations and their partnering providers will
22 receive medicaid quality improvement program payments as they meet
23 designated milestones. Partnering providers and apple health managed
24 care organizations will work together to achieve medicaid quality
25 improvement program goals according to the performance period
26 timelines and reporting deadlines as set forth by the authority. The
27 authority shall only utilize the medicaid quality improvement program
28 to support the transformation waiver and shall not pursue its use for
29 other purposes. Any programs created or funded by the medicaid
30 quality improvement program do not create an entitlement. The
31 authority shall not increase general fund—state, federal, or local
32 expenditures under this program. The director shall report to the
33 joint select committee on health care oversight not less than
34 quarterly on financial and health outcomes. The director shall report
35 to the fiscal committees of the legislature all of the expenditures
36 under this subsection and shall provide such fiscal data in the time,
37 manner, and form requested by the legislative fiscal committees.

38 (4) Annually, no later than November 1st, the authority shall
39 report to the governor and appropriate committees of the legislature:

1 (a) Savings attributed to behavioral and physical integration in
2 areas that are scheduled to integrate in the following calendar year,
3 and (b) savings attributed to behavioral and physical health
4 integration and the level of savings achieved in areas that have
5 integrated behavioral and physical health.

6 (5) Sufficient amounts are appropriated in this subsection to
7 implement the medicaid expansion as defined in the social security
8 act, section 1902(a)(10)(A)(i)(VIII).

9 (6) The legislature finds that medicaid payment rates, as
10 calculated by the health care authority pursuant to the
11 appropriations in this act, bear a reasonable relationship to the
12 costs incurred by efficiently and economically operated facilities
13 for providing quality services and will be sufficient to enlist
14 enough providers so that care and services are available to the
15 extent that such care and services are available to the general
16 population in the geographic area. The legislature finds that the
17 cost reports, payment data from the federal government, historical
18 utilization, economic data, and clinical input constitute reliable
19 data upon which to determine the payment rates.

20 (7) Based on quarterly expenditure reports and caseload
21 forecasts, if the health care authority estimates that expenditures
22 for the medical assistance program will exceed the appropriations,
23 the health care authority shall take steps including but not limited
24 to reduction of rates or elimination of optional services to reduce
25 expenditures so that total program costs do not exceed the annual
26 appropriation authority.

27 (8) In determining financial eligibility for medicaid-funded
28 services, the health care authority is authorized to disregard
29 recoveries by Holocaust survivors of insurance proceeds or other
30 assets, as defined in RCW 48.104.030.

31 (9) The legislature affirms that it is in the state's interest
32 for Harborview medical center to remain an economically viable
33 component of the state's health care system.

34 (10) When a person is ineligible for medicaid solely by reason of
35 residence in an institution for mental diseases, the health care
36 authority shall provide the person with the same benefits as he or
37 she would receive if eligible for medicaid, using state-only funds to
38 the extent necessary.

39 (11) \$4,261,000 of the general fund—state appropriation for
40 fiscal year 2020, (~~(\$4,261,000)~~) \$3,733,000 of the general fund—state

1 appropriation for fiscal year 2021, and (~~(\$8,522,000)~~) \$9,050,000 of
2 the general fund—federal appropriation are provided solely for low-
3 income disproportionate share hospital payments.

4 (12) Within the amounts appropriated in this section, the health
5 care authority shall provide disproportionate share hospital payments
6 to hospitals that provide services to children in the children's
7 health program who are not eligible for services under Title XIX or
8 XXI of the federal social security act due to their citizenship
9 status.

10 (13)(a) \$7,000,000 of the general fund—federal appropriation is
11 provided solely for supplemental payments to nursing homes operated
12 by public hospital districts. The public hospital district shall be
13 responsible for providing the required nonfederal match for the
14 supplemental payment, and the payments shall not exceed the maximum
15 allowable under federal rules. It is the legislature's intent that
16 the payments shall be supplemental to and shall not in any way offset
17 or reduce the payments calculated and provided in accordance with
18 part E of chapter 74.46 RCW. It is the legislature's further intent
19 that costs otherwise allowable for rate-setting and settlement
20 against payments under chapter 74.46 RCW shall not be disallowed
21 solely because such costs have been paid by revenues retained by the
22 nursing home from these supplemental payments. The supplemental
23 payments are subject to retrospective interim and final cost
24 settlements based on the nursing homes' as-filed and final medicare
25 cost reports. The timing of the interim and final cost settlements
26 shall be at the health care authority's discretion. During either the
27 interim cost settlement or the final cost settlement, the health care
28 authority shall recoup from the public hospital districts the
29 supplemental payments that exceed the medicaid cost limit and/or the
30 medicare upper payment limit. The health care authority shall apply
31 federal rules for identifying the eligible incurred medicaid costs
32 and the medicare upper payment limit.

33 (b) The authority, in consultation with the department of social
34 and health services and the nursing homes operated by public
35 hospitals in (a) of this subsection, must develop a plan with
36 recommendations for an upper payment limit calculation and the
37 supplemental payment model for nursing homes operated by a public
38 hospital district. The group must consider how to restructure
39 payments under (a) of this subsection, taking into consideration
40 alternate upper payment limit calculation. If upon completion of the

1 plan, the authority determines it can implement the recommendations
2 of the group within the amounts provided in (a) of this subsection,
3 the authority must submit a state plan amendment, if necessary, and
4 submit a report to the fiscal committees of the legislature no later
5 than September 30, 2020.

6 (c) \$193,000 of the general fund—state appropriation for fiscal
7 year 2020 is provided solely for the authority to provide a one-time
8 grant to a standalone skilled nursing facility operated by a public
9 hospital district in Grant county. This grant is provided as a one-
10 time offset to address the impact of the recoupment requirements of
11 this subsection (13).

12 (14) The health care authority shall continue the inpatient
13 hospital certified public expenditures program for the 2019-2021
14 fiscal biennium. The program shall apply to all public hospitals,
15 including those owned or operated by the state, except those
16 classified as critical access hospitals or state psychiatric
17 institutions. The health care authority shall submit reports to the
18 governor and legislature by November 1, 2020, and by November 1,
19 2021, that evaluate whether savings continue to exceed costs for this
20 program. If the certified public expenditures (CPE) program in its
21 current form is no longer cost-effective to maintain, the health care
22 authority shall submit a report to the governor and legislature
23 detailing cost-effective alternative uses of local, state, and
24 federal resources as a replacement for this program. During fiscal
25 year 2020 and fiscal year 2021, hospitals in the program shall be
26 paid and shall retain one hundred percent of the federal portion of
27 the allowable hospital cost for each medicaid inpatient fee-for-
28 service claim payable by medical assistance and one hundred percent
29 of the federal portion of the maximum disproportionate share hospital
30 payment allowable under federal regulations. Inpatient medicaid
31 payments shall be established using an allowable methodology that
32 approximates the cost of claims submitted by the hospitals. Payments
33 made to each hospital in the program in each fiscal year of the
34 biennium shall be compared to a baseline amount. The baseline amount
35 will be determined by the total of (a) the inpatient claim payment
36 amounts that would have been paid during the fiscal year had the
37 hospital not been in the CPE program based on the reimbursement rates
38 developed, implemented, and consistent with policies approved in the
39 2019-2021 biennial operating appropriations act and in effect on July
40 1, 2015, (b) one-half of the indigent assistance disproportionate

1 share hospital payment amounts paid to and retained by each hospital
2 during fiscal year 2005, and (c) all of the other disproportionate
3 share hospital payment amounts paid to and retained by each hospital
4 during fiscal year 2005 to the extent the same disproportionate share
5 hospital programs exist in the 2019-2021 fiscal biennium. If payments
6 during the fiscal year exceed the hospital's baseline amount, no
7 additional payments will be made to the hospital except the federal
8 portion of allowable disproportionate share hospital payments for
9 which the hospital can certify allowable match. If payments during
10 the fiscal year are less than the baseline amount, the hospital will
11 be paid a state grant equal to the difference between payments during
12 the fiscal year and the applicable baseline amount. Payment of the
13 state grant shall be made in the applicable fiscal year and
14 distributed in monthly payments. The grants will be recalculated and
15 redistributed as the baseline is updated during the fiscal year. The
16 grant payments are subject to an interim settlement within eleven
17 months after the end of the fiscal year. A final settlement shall be
18 performed. To the extent that either settlement determines that a
19 hospital has received funds in excess of what it would have received
20 as described in this subsection, the hospital must repay the excess
21 amounts to the state when requested. \$759,000 of the general fund—
22 state appropriation for fiscal year 2020 and (~~(\$740,000)~~) \$698,000 of
23 the general fund—state appropriation for fiscal year 2021 are
24 provided solely for state grants for the participating hospitals.

25 (15) The health care authority shall seek public-private

13 The appropriations in this section are subject to the following
14 conditions and limitations:

15 (1) For the purposes of this section, "behavioral health
16 entities" means managed care organizations and administrative
17 services organizations in regions where the authority is purchasing
18 medical and behavioral health services through fully integrated
19 contracts pursuant to RCW 71.24.380, and behavioral health
20 organizations in regions that have not yet transitioned to fully
21 integrated managed care.

22 (2) Within the amounts appropriated in this section, funding is
23 provided for implementation of the settlement agreement under
24 *Trueblood, et al. v. Department of Social and Health Services, et*
25 *al.*, United States District Court for the Western District of
26 Washington, Cause No. 14-cv-01178-MJP. In addition to amounts
27 provided solely for implementation of the settlement agreement, class
28 members must have access to supports and services funded throughout
29 this section for which they meet eligibility and medical necessity
30 requirements. The authority must include language in contracts that
31 requires regional behavioral health entities to develop and implement
32 plans for improving access to timely and appropriate treatment for
33 individuals with behavioral health needs and current or prior
34 criminal justice involvement who are eligible for services under
35 these contracts.

36 (3) \$15,605,000 of the general fund—state appropriation for
37 fiscal year 2020, \$15,754,000 of the general fund—state appropriation
38 for fiscal year 2021, and \$4,789,000 of the general fund—federal
39 appropriation are provided solely for the phase-in of the settlement

1 agreement under *Trueblood, et al. v. Department of Social and Health*
2 *Services, et al.*, United States District Court for the Western
3 District of Washington, Cause No. 14-cv-01178-MJP. The department, in
4 collaboration with the health care authority and the criminal justice
5 training commission, must implement the provisions of the settlement
6 agreement pursuant to the timeline and implementation plan provided
7 for under the settlement agreement. This includes implementing
8 provisions related to competency evaluations, competency restoration,
9 crisis diversion and supports, education and training, and workforce
10 development.

11 (4) \$7,657,000 of the general fund—state appropriation for fiscal
12 year 2020, \$11,544,000 of the general fund—state appropriation for
13 fiscal year 2021, and \$20,197,000 of the general fund—federal
14 appropriation are provided solely for the authority and behavioral
15 health entities to continue to contract for implementation of high-
16 intensity programs for assertive community treatment (PACT) teams. In
17 determining the proportion of medicaid and nonmedicaid funding
18 provided to behavioral health entities with PACT teams, the authority
19 shall consider the differences between behavioral health entities in
20 the percentages of services and other costs associated with the teams
21 that are not reimbursable under medicaid. The authority may allow
22 behavioral health entities which have nonmedicaid reimbursable costs
23 that are higher than the nonmedicaid allocation they receive under
24 this section to supplement these funds with local dollars or funds
25 received under subsection (7) of this section. The authority and
26 behavioral health entities shall maintain consistency with all
27 essential elements of the PACT evidence-based practice model in
28 programs funded under this section.

29 (5) From the general fund—state appropriations in this section,
30 the authority shall assure that behavioral health entities reimburse
31 the department of social and health services aging and long term
32 support administration for the general fund—state cost of medicaid
33 personal care services that enrolled behavioral health entity
34 consumers use because of their psychiatric disability.

35 (6) \$3,520,000 of the general fund—federal appropriation is
36 provided solely for the authority to maintain a pilot project to
37 incorporate peer bridging staff into behavioral health regional teams
38 that provide transitional services to individuals returning to their
39 communities.

1 (7) \$81,930,000 of the general fund—state appropriation for
2 fiscal year 2020 and \$85,122,000 of the general fund—state
3 appropriation for fiscal year 2021 are provided solely for persons
4 and services not covered by the medicaid program. To the extent
5 possible, levels of behavioral health entity spending must be
6 maintained in the following priority order: Crisis and commitment
7 services; community inpatient services; and residential care
8 services, including personal care and emergency housing assistance.
9 These amounts must be distributed to behavioral health entities as
10 follows:

11 (a) Of the amount provided for fiscal year 2020, seventy percent
12 must be distributed to behavioral health administrative service
13 organizations and thirty percent to managed care organizations. The
14 percentage of funding provided to each behavioral health
15 administrative services organization must be proportionate to the
16 fiscal year 2019 regional allocation of flexible nonmedicaid funds.

17 (b) \$3,939,000 of the fiscal year 2021 amounts must be
18 distributed to behavioral health administrative service
19 organizations. Of the remaining amount for fiscal year 2021, eighty
20 percent must be distributed to behavioral health administrative
21 service organizations and twenty percent to managed care
22 organizations. The percentage of funding provided to each behavioral
23 health administrative services organization must be proportionate to
24 the fiscal year 2020 regional allocation of flexible nonmedicaid
25 funds.

26 (c) The authority must include the following language in medicaid
27 contracts with behavioral health entities unless they are provided
28 formal notification from the center for medicaid and medicare
29 services that the language will result in the loss of federal
30 medicaid participation: "The contractor may voluntarily provide
31 services that are in addition to those covered under the state plan,
32 although the cost of these services cannot be included when
33 determining payment rates unless including these costs are
34 specifically allowed under federal law or an approved waiver."

35 (8) The authority is authorized to continue to contract directly,
36 rather than through contracts with behavioral health entities for
37 children's long-term inpatient facility services.

38 (9) \$1,204,000 of the general fund—state appropriation for fiscal
39 year 2020 and \$1,204,000 of the general fund—state appropriation for

1 fiscal year 2021 are provided solely to reimburse Pierce and Spokane
2 counties for the cost of conducting one hundred eighty-day commitment
3 hearings at the state psychiatric hospitals.

4 (10) Behavioral health entities may use local funds to earn
5 additional federal medicaid match, provided the locally matched rate
6 does not exceed the upper-bound of their federally allowable rate
7 range, and provided that the enhanced funding is used only to provide
8 medicaid state plan or waiver services to medicaid clients.
9 Additionally, behavioral health entities may use a portion of the
10 state funds allocated in accordance with subsection (7) of this
11 section to earn additional medicaid match, but only to the extent
12 that the application of such funds to medicaid services does not
13 diminish the level of crisis and commitment, community inpatient,
14 residential care, and outpatient services presently available to
15 persons not eligible for medicaid.

16 (11) \$2,291,000 of the general fund—state appropriation for
17 fiscal year 2020 and \$2,291,000 of the general fund—state
18 appropriation for fiscal year 2021 are provided solely for mental
19 health services for mentally ill offenders while confined in a county
20 or city jail and for facilitating access to programs that offer
21 mental health services upon release from confinement. The authority
22 must collect information from the behavioral health entities on their
23 plan for using these funds, the numbers of individuals served, and
24 the types of services provided and submit a report to the office of
25 financial management and the appropriate fiscal committees of the
26 legislature by December 1st of each year of the biennium.

27 (12) Within the amounts appropriated in this section, funding is
28 provided for the authority to develop and phase in intensive mental
29 health services for high needs youth consistent with the settlement
30 agreement in *T.R. v. Dreyfus and Porter*.

31 (13) The authority must establish minimum and maximum funding
32 levels for all reserves allowed under behavioral health organization
33 and administrative services organization contracts and include
34 contract language that clearly states the requirements and
35 limitations. The authority must monitor and ensure that behavioral
36 health organization and administrative services organization reserves
37 do not exceed maximum levels. The authority must monitor revenue and
38 expenditure reports and must require a behavioral health organization
39 or administrative services organization to submit a corrective action
40 plan on how it will spend its excess reserves within a reasonable

1 period of time, when its reported reserves exceed maximum levels
2 established under the contract. The authority must review and approve
3 such plans and monitor to ensure compliance. If the authority
4 determines that a behavioral health organization or administrative
5 services organization has failed to provide an adequate excess
6 reserve corrective action plan or is not complying with an approved
7 plan, the authority must reduce payments to the entity in accordance
8 with remedial actions provisions included in the contract. These
9 reductions in payments must continue until the authority determines
10 that the entity has come into substantial compliance with an approved
11 excess reserve corrective action plan.

12 (14) During the 2019-2021 fiscal biennium, any amounts provided
13 in this section that are used for case management services for
14 pregnant and parenting women must be contracted directly between the
15 authority and providers rather than through contracts with behavioral
16 health organizations.

17 (15) Within the amounts appropriated in this section, the
18 authority may contract with the University of Washington and
19 community-based providers for the provision of the parent-child
20 assistance program or other specialized chemical dependency case
21 management providers for pregnant, post-partum, and parenting women.
22 For all contractors: (a) Service and other outcome data must be
23 provided to the authority by request; and (b) indirect charges for
24 administering the program must not exceed ten percent of the total
25 contract amount.

26 (16) \$3,500,000 of the general fund—federal appropriation (from
27 the substance abuse prevention and treatment federal block grant) is
28 provided solely for the continued funding of existing county drug and
29 alcohol use prevention programs.

30 (17) Within the amounts provided in this section, behavioral
31 health entities must provide outpatient chemical dependency treatment
32 for offenders enrolled in the medicaid program who are supervised by
33 the department of corrections pursuant to a term of community
34 supervision. Contracts with behavioral health entities must require
35 that behavioral health entities include in their provider network
36 specialized expertise in the provision of manualized, evidence-based
37 chemical dependency treatment services for offenders. The department
38 of corrections and the authority must develop a memorandum of
39 understanding for department of corrections offenders on active
40 supervision who are medicaid eligible and meet medical necessity for

1 outpatient substance use disorder treatment. The agreement will
2 ensure that treatment services provided are coordinated, do not
3 result in duplication of services, and maintain access and quality of
4 care for the individuals being served. The authority must provide all
5 necessary data, access, and reports to the department of corrections
6 for all department of corrections offenders that receive medicaid
7 paid services.

8 (18) The criminal justice treatment account—state appropriation
9 is provided solely for treatment and treatment support services for
10 offenders with a substance use disorder pursuant to RCW 71.24.580.
11 The authority must offer counties the option to administer their
12 share of the distributions provided for under RCW 71.24.580(5)(a). If
13 a county is not interested in administering the funds, the authority
14 shall contract with behavioral health entities to administer these
15 funds consistent with the plans approved by local panels pursuant to
16 RCW 71.24.580(5)(b). The authority must provide a report to the
17 office of financial management and the appropriate committees of the
18 legislature which identifies the distribution of criminal justice
19 treatment account funds by September 30, 2019.

20 (19) No more than \$27,844,000 of the general fund—federal
21 appropriation may be expended for supported housing and employment
22 services described in initiative 3a and 3b of the medicaid
23 transformation demonstration waiver under healthier Washington. Under
24 this initiative, the authority and the department of social and
25 health services shall ensure that allowable and necessary services
26 are provided to eligible clients as identified by the authority or
27 its providers or third party administrator. The department and the
28 authority in consultation with the medicaid forecast work group,
29 shall ensure that reasonable reimbursements are established for
30 services deemed necessary within an identified limit per individual.
31 The authority shall not increase general fund—state expenditures
32 under this initiative. The secretary in collaboration with the
33 director of the authority shall report to the joint select committee
34 on health care oversight no less than quarterly on financial and
35 health outcomes. The secretary in cooperation with the director shall
36 also report to the fiscal committees of the legislature all of the
37 expenditures of this subsection and shall provide such fiscal data in
38 the time, manner, and form requested by the legislative fiscal
39 committees.

1 (20) \$6,858,000 of the general fund—state appropriation for
2 fiscal year 2020, \$6,858,000 of the general fund—state appropriation
3 for fiscal year 2021, and \$8,046,000 of the general fund—federal
4 appropriation are provided solely to maintain new crisis triage or
5 stabilization centers. Services in these facilities may include
6 crisis stabilization and intervention, individual counseling, peer
7 support, medication management, education, and referral assistance.
8 The authority shall monitor each center's effectiveness at lowering
9 the rate of state psychiatric hospital admissions.

10 (21) \$1,125,000 of the general fund—federal appropriation is
11 provided solely for the authority to develop a memorandum of
12 understanding with the department of health for implementation of
13 chapter 297, Laws of 2017 (opioid treatment programs). The authority
14 must use these amounts to reimburse the department of health for
15 costs incurred through the implementation of the bill.

16 (22) \$6,655,000 of the general fund—state appropriation for
17 fiscal year 2020, (~~(\$10,015,000)~~) \$9,074,000 of the general fund—
18 state appropriation for fiscal year 2021, and (~~(\$12,965,000)~~)
19 \$12,024,000 of the general fund—federal appropriation are provided
20 solely for the operation of secure withdrawal management and
21 stabilization facilities. The authority may not use any of these
22 amounts for services in facilities that are subject to federal
23 funding restrictions that apply to institutions for mental diseases,
24 unless they have received a waiver that allows for full federal
25 participation in these facilities. Within these amounts, funding is
26 provided to increase the fee for service rate for these facilities up
27 to \$650 per day. The authority must require in contracts with
28 behavioral health entities that, beginning in calendar year 2020,
29 they pay no lower than the fee for service rate. The authority must
30 coordinate with regional behavioral health entities to identify and
31 implement purchasing strategies or regulatory changes that increase
32 access to services for individuals with complex behavioral health
33 needs at secure withdrawal management and stabilization facilities.

34 (23) \$23,090,000 of the general fund—state appropriation for
35 fiscal year 2020, \$23,090,000 of the general fund—state appropriation
36 for fiscal year 2021, and \$92,444,000 of the general fund—federal
37 appropriation are provided solely to maintain the enhancement of
38 community-based behavioral health services that was funded in fiscal
39 year 2019. Twenty percent of the general fund—state appropriation

1 amounts for each regional service area must be contracted to the
2 behavioral health administrative services organizations and used to
3 increase their nonmedicaid funding and the remainder must be used to
4 increase medicaid rates above FY 2018 levels. Effective January 2020,
5 the medicaid funding is intended to increase rates for behavioral
6 health services provided by licensed and certified community
7 behavioral health agencies as defined by the department of health.
8 This funding must be allocated to the managed care organizations
9 proportionate to their medicaid enrollees. The authority must require
10 the managed care organizations to provide a report on their
11 implementation of this funding. The authority must submit a report to
12 the legislature by December 1, 2020, summarizing how this funding was
13 used and provide information for future options of increasing
14 behavioral health provider rates through directed payments. The
15 report must identify different mechanisms for implementing directed
16 payment for behavioral health providers including but not limited to
17 minimum fee schedules, across the board percentage increases, and
18 value-based payments. The report must provide a description of each
19 of the mechanisms considered, the timeline that would be required for
20 implementing the mechanism, and whether and how the mechanism is
21 expected to have a differential impact on different providers. The
22 report must also summarize the information provided by managed care
23 organizations in implementing the funding provided under this
24 section.

29 solely for the department to contract with community hospitals or
30 freestanding evaluation and treatment centers to provide long-term
31 inpatient care beds as defined in RCW 71.24.025. Within these
32 amounts, the authority must meet the requirements for reimbursing
33 counties for the judicial services for patients being served in these
34 settings in accordance with RCW 71.05.730. The authority must
35 coordinate with the department of social and health services in
36 developing the contract requirements, selecting contractors, and
37 establishing processes for identifying patients that will be admitted
38 to these facilities.

1 (a) Sufficient amounts are provided in fiscal year 2020 for the
2 authority to reimburse community hospitals serving medicaid clients
3 in long-term inpatient care beds as defined in RCW 71.24.025 at a
4 rate of \$1,171 per day, or the hospital's current psychiatric
5 inpatient per diem rate, whichever is higher. In fiscal year 2020,
6 the rate paid to hospitals in this subsection cannot exceed one-
7 hundred percent of the hospitals eligible costs based on their most
8 recently completed medicare cost report.

24 reflects a five percent increase from their fiscal year 2020 rate for
25 serving medicaid clients in long-term inpatient care beds as defined
26 in RCW 71.24.025.

27 ~~((e))~~ (c) The authority in collaboration with the Washington
28 state hospital association must convene a work group to further
29 refine the methodology for reimbursing community hospitals serving
30 these clients. The authority must provide a report to the appropriate
31 committees of the legislature by December 1, 2020. The report must
32 include options for incorporating additional factors into future rate
33 adjustments and identify where there may be overlap within the
34 different options. The report must include the following areas and
35 provide a description of the option and the methodology and

34 amounts proportionate to the number of bed days for medicaid clients
35 in institutions for mental diseases that were excluded from
36 behavioral health entity calendar year 2019 capitation rates because
37 they exceeded the amounts allowed under federal regulations. The
38 authority must also use these amounts to directly pay for costs that
39 are ineligible for medicaid reimbursement in institutions of mental

1 disease facilities for American Indian and Alaska Natives who opt to
2 receive behavioral health services on a fee-for-service basis. The
3 amounts used for these individuals must be reduced from the
4 allocation of the behavioral health entities where the individual
5 resides. If a behavioral health entity receives more funding through
6 this subsection than is needed to pay for the cost of their medicaid
7 clients in institutions for mental diseases, they must use the

9 the medicaid program. The authority must submit an application for a
10 waiver to allow, by July 1, 2020, for full federal participation for

15 (30) The authority must require all behavioral health

9 protectiveness, such as no net loss standards, have been sufficient

Funds in the account are provided solely for the information technology projects shown in LEAP omnibus documents IT-2019, dated April 25, 2019, and IT-2020, dated March 9, 2020, which is hereby incorporated by reference. To facilitate the transfer of moneys from other funds and accounts that are associated with projects contained in LEAP omnibus documents IT-2019, dated April 25, 2019, and IT-2020, dated March 9, 2020, the state treasurer is directed to transfer moneys from other funds and accounts to the information technology investment revolving account in accordance with schedules provided by the office of financial management. To facilitate transfer of unused moneys originally from other funds and accounts that were deposited into the information technology revolving account as associated with these same projects, and that are not expended by June 30, 2021, the state treasurer is directed to transfer money from other funds and accounts out of the information technology investment revolving account and deposit into the fund or account of origin in accordance with schedules provided by the office of financial management. However, restricted federal funds and qualified employee benefit and pension funds may be transferred only to the extent permitted by law, and will otherwise remain outside the

1 information technology investment account. The projects affected
2 remain subject to the other provisions of this section.

3 (2) Agencies must apply to the office of financial management and
4 the office of the chief information officer to receive funding from
5 the information technology investment revolving account. The office
6 of financial management must notify the fiscal committees of the
7 legislature of the receipt of each application and may not approve a
8 funding request for ten business days from the date of notification.

9 (3) Allocations and allotments of information technology
10 investment revolving account must be made for discrete stages of
11 projects as determined by the technology budget approved by the
12 office of the state chief information officer and office of financial
13 management. Fifteen percent of total funding allocated by the office
14 of financial management, or another amount as defined jointly by the
15 office of financial management and the office of the state chief
16 information officer, will be retained in the account, but remain
17 allocated to that project. The retained funding will be released to
18 the agency only after successful completion of that stage of the
19 project. For the military department enhanced 911 next generation
20 project and the one Washington project, the amount retained is
21 increased to at least twenty percent of total funding allocated for
22 any stage of that project.

23 (4) (a) Each project must have a technology budget. The technology
24 budget must use a method similar to the state capital budget,
25 identifying project costs, each fund source, and anticipated
26 deliverables through each stage of the entire project investment and
27 across fiscal periods and biennia from project onset through
28 implementation and close out.

29 (b) As part of the development of a technology budget and at each
30 request for funding, the agency shall submit detailed financial
31 information to the office of financial management and the office of
32 the state chief information officer. The technology budget must
33 describe the total cost of the project by fiscal month to include and
34 identify:

- 35 (i) Fund sources;
- 36 (ii) Full time equivalent staffing level to include job
37 classification assumptions;
- 38 (iii) A discreet appropriation index and program index;
- 39 (iv) Object and subobject codes of expenditures; and
- 40 (v) Anticipated deliverables.

1 (c) If a project technology budget changes and a revised
2 technology budget is completed, a comparison of the revised
3 technology budget to the last approved technology budget must be
4 posted to the dashboard, to include a narrative rationale on what
5 changed, why, and how that impacts the project in scope, budget, and
6 schedule.

7 (5) (a) Each project must have an investment plan that includes:

8 (i) An organizational chart of the project management team that
9 identifies team members and their roles and responsibilities;

10 (ii) The office of the state chief information officer staff
11 assigned to the project;

12 (iii) An implementation schedule covering activities, critical
13 milestones, and deliverables at each stage of the project for the
14 life of the project at each agency affected by the project;

15 (iv) Performance measures used to determine that the project is
16 on time, within budget, and meeting expectations for quality of work
17 product;

18 (v) Ongoing maintenance and operations cost of the project post
19 implementation and close out delineated by agency staffing,
20 contracted staffing, and service level agreements; and

21 (vi) Financial budget coding to include at least discreet program
22 index and subobject codes.

23 (6) Projects with estimated costs greater than one hundred
24 million dollars from initiation to completion and implementation may
25 be divided into discrete subprojects as determined by the office of
26 the state chief information officer, except for the one Washington
27 project which must be divided into the following discrete
28 subprojects: Core financials, expanding financials and procurement,
29 budget, and human resources. Each subproject must have a technology
30 budget and investment plan as provided in this section.

31 (7) (a) The office of the state chief information officer shall
32 maintain an information technology project dashboard that provides
33 updated information each fiscal month on projects subject to this
34 section. This includes, at least:

35 (i) Project changes each fiscal month;

36 (ii) Noting if the project has a completed market requirements
37 document;

38 (iii) Financial status of information technology projects under
39 oversight;

40 (iv) Coordination with agencies;

1 (v) Monthly quality assurance reports, if applicable;
2 (vi) Monthly office of the state chief information officer status
3 reports;
4 (vii) Historical project budget and expenditures through fiscal
5 year 2019;
6 (viii) Budget and expenditures each fiscal month; and
7 (ix) Estimated annual maintenance and operations costs by fiscal
8 year.
9 (b) The dashboard must retain a roll up of the entire project
10 cost, including all subprojects, that can be displayed the subproject
11 detail.
12 (8) If the project affects more than one agency:
13 (a) A separate technology budget and investment plan must be
14 prepared for each agency; and
15 (b) The dashboard must contain a statewide project technology
16 budget roll up that includes each affected agency at the subproject
17 level.
18 (9) For any project that exceeds two million dollars in total
19 funds to complete, requires more than one biennium to complete, or is
20 financed through financial contracts, bonds, or other indebtedness:
21 (a) Quality assurance for the project must report independently
22 to the office of the chief information officer;
23 (b) The office of the chief information officer must review, and,
24 if necessary, revise the proposed project to ensure it is flexible
25 and adaptable to advances in technology;
26 (c) The technology budget must specifically identify the uses of
27 any financing proceeds. No more than thirty percent of the financing
28 proceeds may be used for payroll-related costs for state employees
29 assigned to project management, installation, testing, or training;
30 (d) The agency must consult with the office of the state
31 treasurer during the competitive procurement process to evaluate
32 early in the process whether products and services to be solicited
33 and the responsive bids from a solicitation may be financed; and
34 (e) The agency must consult with the contracting division of the
35 department of enterprise services for a review of all contracts and
36 agreements related to the project's information technology
37 procurements.
38 (10) The office of the state chief information officer must
39 evaluate the project at each stage and certify whether the project is

1 planned, managed, and meeting deliverable targets as defined in the
2 project's approved technology budget and investment plan.

3 (11) The office of the state chief information officer may
4 suspend or terminate a project at any time if it determines that the
5 project is not meeting or not expected to meet anticipated
6 performance and technology outcomes. Once suspension or termination
7 occurs, the agency shall unallot any unused funding and shall not
8 make any expenditure for the project without the approval of the
9 office of financial management. The office of the state chief
10 information officer must report on July 1 and December 1 each
11 calendar year, beginning July 1, 2020, any suspension or termination
12 of a project in the previous six month period to the legislative
13 fiscal committees.

14 (12) The office of the state chief information officer, in
15 consultation with the office of financial management, may identify
16 additional projects to be subject to this section, including projects
17 that are not separately identified within an agency budget. The
18 office of the state chief information officer must report on July 1
19 and December 1 each calendar year, beginning July 1, 2020, any
20 additional projects to be subjected to this section that were
21 identified in the previous six month period to the legislative fiscal
22 committees.

23 (13) Any cost to administer or implement this section for
24 projects listed in subsection (1) of this section, must be paid from
25 the information technology investment revolving account. For any
26 other information technology project made subject to the conditions,
27 limitations, and review of this section, the cost to implement this
28 section must be paid from the funds for that project.
