PART II
HUMAN SERVICES

Sec. 201. 2021 c 334 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the

1 federal government, historical utilization, economic data, and
2 clinical input constitute reliable data upon which to determine the
3 payment rates.

4 (4) The department shall to the maximum extent practicable use
5 the same system for delivery of spoken-language interpreter services
6 for social services appointments as the one established for medical
7 appointments in the health care authority. When contracting directly
8 with an individual to deliver spoken language interpreter services,
9 the department shall only contract with language access providers who
10 are working at a location in the state and who are state-certified or
11 state-authorized, except that when such a provider is not available,
12 the department may use a language access provider who meets other
13 certifications or standards deemed to meet state standards, including
14 interpreters in other states.

15 (5) Information technology projects or investments and proposed
16 projects or investments impacting time capture, payroll and payment
17 processes and systems, eligibility, case management, and
18 authorization systems within the department of social and health
19 services are subject to technical oversight by the office of the
20 chief information officer.

21 (6) (a) The department shall facilitate enrollment under the
22 medicaid expansion for clients applying for or receiving state funded
23 services from the department and its contractors. Prior to open
24 enrollment, the department shall coordinate with the health care
25 authority to provide referrals to the Washington health benefit
26 exchange for clients that will be ineligible for medicaid.

27 (b) To facilitate a single point of entry across public and
28 medical assistance programs, and to maximize the use of federal
29 funding, the health care authority, the department of social and
30 health services, and the health benefit exchange will coordinate
31 efforts to expand HealthPlanfinder access to public assistance and
32 medical eligibility staff. The department shall complete medicaid
33 applications in the HealthPlanfinder for households receiving or
34 applying for public assistance benefits.

35 (7) The health care authority, the health benefit exchange, the
36 department of social and health services, the department of health,
37 and the department of children, youth, and families shall work
38 together within existing resources to establish the health and human
39 services enterprise coalition (the coalition). The coalition, led by
40 the health care authority, must be a multi-organization collaborative

1 that provides strategic direction and federal funding guidance for
2 projects that have cross-organizational or enterprise impact,
3 including information technology projects that affect organizations
4 within the coalition. The office of the chief information officer
5 shall maintain a statewide perspective when collaborating with the
6 coalition to ensure that projects are planned for in a manner that
7 ensures the efficient use of state resources, support the adoption of
8 a cohesive technology and data architecture, and maximize((s))
9 federal financial participation. The work of the coalition is subject
10 to the conditions, limitations, and review provided in section 701 of
11 this act.

12 (8)(a) The appropriations to the department of social and health
13 services in this act must be expended for the programs and in the
14 amounts specified in this act. However, after May 1, 2022, unless
15 prohibited by this act, the department may transfer general fund—
16 state appropriations for fiscal year 2022 among programs and
17 subprograms after approval by the director of the office of financial
18 management. However, the department may not transfer state
19 appropriations that are provided solely for a specified purpose
20 except as expressly provided in (b) of this subsection.

21 (b) To the extent that transfers under (a) of this subsection are
22 insufficient to fund actual expenditures in excess of fiscal year
23 2022 in response to the COVID-19 pandemic or caseload forecasts and
24 utilization assumptions in the long-term care, developmental
25 disabilities, and public assistance programs, the department may
26 transfer state appropriations that are provided solely for a
27 specified purpose. The department may not transfer funds, and the
28 director of the office of financial management may not approve the
29 transfer, unless the transfer is consistent with the objective of
30 conserving, to the maximum extent possible, the expenditure of state
31 funds. The director of the office of financial management shall
32 notify the appropriate fiscal committees of the legislature in
33 writing seven days prior to approving any allotment modifications or
34 transfers under this subsection. The written notification shall
35 include a narrative explanation and justification of the changes,
36 along with expenditures and allotments by budget unit and
37 appropriation, both before and after any allotment modifications or
38 transfers.

1 (9) The department may not transfer appropriations for the
2 developmental disabilities program to any other program or
3 subprograms of the department of social and health services.

30 (ii) \$1,389,000 of the general fund—state appropriation for
31 fiscal year 2023 and \$1,278,000 of the general fund—federal
32 appropriation are provided solely for the implementation of an
33 agreement reached between the governor and the adult family home
34 council under the provisions of chapter 41.56 RCW for fiscal year
35 2023, as provided in section 937 of this act.

36 (f) The department may authorize a one-time waiver of all or any
37 portion of the licensing and processing fees required under RCW
38 70.128.060 in any case in which the department determines that an
39 adult family home is being relicensed because of exceptional

1 circumstances, such as death or incapacity of a provider, and that to
2 require the full payment of the licensing and processing fees would
3 present a hardship to the applicant. In these situations the
4 department is also granted the authority to waive the required
5 residential administrator training for a period of 120 days if
6 necessary to ensure continuity of care during the relicensing
7 process.

8 (g) Community residential cost reports that are submitted by or
9 on behalf of contracted agency providers are required to include
10 information about agency staffing including health insurance, wages,
11 number of positions, and turnover.

12 (h) Sufficient appropriations are provided to continue community
13 alternative placement beds that prioritize the transition of clients
14 who are ready for discharge from the state psychiatric hospitals, but
15 who have additional long-term care or developmental disability needs.

16 (i) Community alternative placement beds include enhanced service
17 facility beds, adult family home beds, skilled nursing facility beds,
18 shared supportive housing beds, state operated living alternative
19 beds, and assisted living facility beds.

20 (ii) Each client must receive an individualized assessment prior
21 to leaving one of the state psychiatric hospitals. The individualized
22 assessment must identify and authorize personal care, nursing care,
23 behavioral health stabilization, physical therapy, or other necessary
24 services to meet the unique needs of each client. It is the
25 expectation that, in most cases, staffing ratios in all community
26 alternative placement options described in (h)(i) of this subsection
27 will need to increase to meet the needs of clients leaving the state
28 psychiatric hospitals. If specialized training is necessary to meet
29 the needs of a client before he or she enters a community placement,
30 then the person centered service plan must also identify and
31 authorize this training.

32 (iii) When reviewing placement options, the department must
33 consider the safety of other residents, as well as the safety of
34 staff, in a facility. An initial evaluation of each placement,
35 including any documented safety concerns, must occur within thirty
36 days of a client leaving one of the state psychiatric hospitals and
37 entering one of the community placement options described in (h)(i)
38 of this subsection. At a minimum, the department must perform two
39 additional evaluations of each placement during the first year that a
40 client has lived in the facility.

1 (iv) In developing bed capacity, the department shall consider
2 the complex needs of individuals waiting for discharge from the state
3 psychiatric hospitals.

4 (i) Sufficient appropriations are provided for discharge case
5 managers stationed at the state psychiatric hospitals. Discharge case
6 managers will transition clients ready for hospital discharge into
7 less restrictive alternative community placements. The transition of
8 clients ready for discharge will free up bed capacity at the state
9 psychiatric hospitals.

10 (j) \$4,000 of the general fund—state appropriation for fiscal
11 year 2022, (~~(\$17,000)~~) \$37,000 of the general fund—state
12 appropriation for fiscal year 2023, and (~~(\$23,000)~~) \$42,000 of the
13 general fund—federal appropriation are provided solely for a cost of
14 living adjustment to the personal needs allowance pursuant to RCW
15 74.09.340.

16 (k) The department will work with the health care authority and
17 Washington state's managed care organizations to establish
18 recommendations for clients who live in the community to access the
19 developmental disabilities administration's facility-based
20 professionals to receive care covered under the state plan. If
21 feasible, these recommendations should detail how to enable facility-
22 based professionals to deliver services at mobile or brick-and-mortar
23 clinical settings in the community. The department must submit its
24 recommendations to the appropriate legislative committees no later
25 than December 1, (~~(2021)~~) 2022.

26 (l) The department of social and health services must claim the
27 enhanced federal medical assistance participation rate for home and
28 community-based services offered under section 9817 of the American

35 No. 1086 (behavioral health consumers). (~~(If the bill is not enacted~~
36 ~~by June 30, 2021, the amounts provided in this subsection shall~~

2 appropriation are provided solely to implement Second Substitute

7 year 2022, \$11,423,000 of the general fund—state appropriation for
8 fiscal year 2023, and \$15,262,000 of the general fund—federal
9 appropriation are provided solely to increase rates for community
10 residential service providers offering supported living, group home,
11 group training home, and licensed staff residential services to
12 individuals with developmental disabilities. The amounts provided in
13 this subsection (o) include funding to increase the provider rate by
14 2.0 percent effective January 1, 2022, and by an additional 2.0
15 percent effective January 1, 2023. Both 2.0 percent rate increases
16 must be used to support providers' ability to maintain direct care
17 staff wages above the statewide minimum wage.

18 (p) The annual certification renewal fee for community
19 residential service businesses is \$859 per client in fiscal year 2022
20 and \$859 per client in fiscal year 2023. The annual certification
21 renewal fee may not exceed the department's annual licensing and
22 oversight activity costs.

23 (q) The appropriations in this section include sufficient funding
24 to implement chapter 220, Laws of 2020 (adult family homes/8 beds). A
25 nonrefundable fee of \$485 shall be charged for each application to
26 increase bed capacity at an adult family home to seven or eight beds.

35 appropriation are provided solely for the development and
36 implementation of 13 enhanced respite beds across the state for
37 children. These services are intended to provide families and
38 caregivers with a break in caregiving, the opportunity for behavioral
39 stabilization of the child, and the ability to partner with the state

1 in the development of an individualized service plan that allows the
2 child to remain in his or her family home. The department must
3 provide the legislature with a respite utilization report in January
4 of each year that provides information about the number of children
5 who have used enhanced respite in the preceding year, as well as the
6 location and number of days per month that each respite bed was
7 occupied.

8 (t) \$2,025,000 of the general fund—state appropriation for fiscal
9 year 2022 and \$2,006,000 of the general fund—state appropriation for
10 fiscal year 2023 are provided solely for the development and
11 implementation of 13 community respite beds across the state for
12 adults. These services are intended to provide families and
13 caregivers with a break in caregiving and the opportunity for
14 stabilization of the individual in a community-based setting as an
15 alternative to using a residential habilitation center to provide
16 planned or emergent respite. The department must provide the
17 legislature with a respite utilization report by January of each year
18 that provides information about the number of individuals who have
19 used community respite in the preceding year, as well as the location

35 ~~shall lapse.)~~)

36 (w) Funding in this section is sufficient to implement chapter
37 352, laws of 2020 (developmental disabilities budgeting), including a
38 review of the no-paid services caseload and to update the information
39 to accurately reflect a current headcount of eligible persons and the

1 number of persons contacted who are currently interested in receiving
2 a paid service. It is the intent of the legislature that the
3 department will, as required in chapter 252, laws of 2020
4 (developmental disabilities budgeting), submit a report of this
5 information to the governor and the appropriate committees of the
6 legislature by December 1, 2021. It is also the intent of the

36 persons receiving medicaid-funded long-term services and supports and
37 persons receiving services related to developmental or intellectual
38 disabilities, and associated social and health services expenditures.
39 Where feasible, this analysis shall include service experiences and

1 expenditures of these populations within and across medicaid-funded
2 long-term services and supports, medicaid-funded medical programs,
3 medicaid-funded behavioral health programs, and medicare programs in
4 Washington state. The department analysis shall be developed in
5 consultation with relevant stakeholders, including but not limited to
6 the Washington state health care authority. The department shall
7 submit a final study report to the governor and appropriate
8 committees of the legislature by December 31, 2022.

9 (8) \$715,000 of the general fund—state appropriation for fiscal

1 **Sec. 210.** 2021 c 334 s 210 (uncodified) is amended to read as
2 follows:

3 **FOR THE STATE HEALTH CARE AUTHORITY**

4 (1)(a) During the 2021-2023 fiscal biennium, the health care
5 authority shall provide support and data as required by the office of
6 the state actuary in providing the legislature with health care
7 actuarial analysis, including providing any information in the
8 possession of the health care authority or available to the health
9 care authority through contracts with providers, plans, insurers,
10 consultants, or any other entities contracting with the health care
11 authority.

12 (b) Information technology projects or investments and proposed
13 projects or investments impacting time capture, payroll and payment
14 processes and systems, eligibility, case management, and
15 authorization systems within the health care authority are subject to
16 technical oversight by the office of the chief information officer.

17 (2) The health care authority shall not initiate any services
18 that require expenditure of state general fund moneys unless
19 expressly authorized in this act or other law. The health care
20 authority may seek, receive, and spend, under RCW 43.79.260 through
21 43.79.282, federal moneys not anticipated in this act as long as the
22 federal funding does not require expenditure of state moneys for the
23 program in excess of amounts anticipated in this act. If the health
24 care authority receives unanticipated unrestricted federal moneys,
25 those moneys shall be spent for services authorized in this act or in
26 any other legislation providing appropriation authority, and an equal
27 amount of appropriated state general fund moneys shall lapse. Upon
28 the lapsing of any moneys under this subsection, the office of
29 financial management shall notify the legislative fiscal committees.
30 As used in this subsection, "unrestricted federal moneys" includes
31 block grants and other funds that federal law does not require to be
32 spent on specifically defined projects or matched on a formula basis
33 by state funds.

34 (3)(a) The health care authority, the health benefit exchange,
35 the department of social and health services, the department of
36 health, and the department of children, youth, and families shall
37 work together within existing resources to establish the health and
38 human services enterprise coalition (the coalition). The coalition,
39 led by the health care authority, must be a multi-organization
40 collaborative that provides strategic direction and federal funding

1 guidance for projects that have cross-organizational or enterprise
2 impact, including information technology projects that affect
3 organizations within the coalition. The office of the chief
4 information officer shall maintain a statewide perspective when
5 collaborating with the coalition to ensure that projects are planned
6 for in a manner that ensures the efficient use of state resources,
7 supports the adoption of a cohesive technology and data architecture,
8 and maximizes federal financial participation. The work of the
9 coalition and any project identified as a coalition project is
10 subject to the conditions, limitations, and review provided in
11 section 701 of this act.

12 (b) The health care authority must submit a report on November 1,
13 2021, and annually thereafter, to the fiscal committees of the
14 legislature. The report must include, at a minimum:

15 (i) A list of active coalition projects as of July 1st of the
16 fiscal year. This must include all current and ongoing coalition
17 projects, which coalition agencies are involved in these projects,
18 and the funding being expended on each project, including in-kind
19 funding. For each project, the report must include which federal
20 requirements each coalition project is working to satisfy, and when
21 each project is anticipated to satisfy those requirements; and

22 (ii) A list of coalition projects that are planned in the current
23 and following fiscal year. This must include which coalition agencies
24 are involved in these projects, including the anticipated in-kind
25 funding by agency, and if a budget request will be submitted for
26 funding. This must reflect all funding required by fiscal year and by
27 fund source and include the budget outlook period.

28 (4) The appropriations to the health care authority in this act
29 shall be expended for the programs and in the amounts specified in
30 this act. However, after May 1, 2022, unless prohibited by this act,
31 the authority may transfer general fund—state appropriations for
32 fiscal year 2022 among programs after approval by the director of the
33 office of financial management. The authority must notify the fiscal
34 committees of the legislature prior to receiving approval from the
35 director of the office of financial management. To the extent that
36 appropriations in sections 211 through 215 of this act are
37 insufficient to fund actual expenditures in excess of caseload
38 forecast and utilization assumptions or for expenses in response to
39 the COVID-19 pandemic, the authority may transfer general fund—state
40 appropriations for fiscal year 2022 that are provided solely for a

1 specified purpose. The authority may not transfer funds, including
2 for expenses in response to the COVID-19 pandemic in fiscal year
3 2022, and the director of the office of financial management shall
4 not approve the transfer, unless the transfer is consistent with the
5 objective of conserving, to the maximum extent possible, the
6 expenditure of state funds. The director of the office of financial
7 management shall notify the appropriate fiscal committees of the
8 legislature in writing seven days prior to approving any allotment
9 modifications or transfers under this section. The written
10 notification must include a narrative explanation and justification
11 of changes, along with expenditures and allotments by budget unit and
12 appropriation, both before and after any allotment modifications and
13 transfers.

14 **Sec. 211.** 2021 c 334 s 211 (uncodified) is amended to read as

8 The appropriations in this section are subject to the following
9 conditions and limitations:

10 (1) The authority shall not accept or expend any federal funds
11 received under a medicaid transformation waiver under healthier
12 Washington except as described in subsections (2), (3), and (4) of
13 this section until specifically approved and appropriated by the
14 legislature. To ensure compliance with legislative directive budget
15 requirements and terms and conditions of the waiver, the authority
16 shall implement the waiver and reporting requirements with oversight
17 from the office of financial management. The legislature finds that
18 appropriate management of the innovation waiver requires better
19 analytic capability, transparency, consistency, timeliness, accuracy,
20 and lack of redundancy with other established measures and that the
21 patient must be considered first and foremost in the implementation
22 and execution of the demonstration waiver. In order to effectuate
23 these goals, the authority shall: (a) Require the Dr. Robert Bree
24 collaborative and the health technology assessment program to reduce
25 the administrative burden upon providers by only requiring
26 performance measures that are nonduplicative of other nationally
27 established measures. The joint select committee on health care
28 oversight will evaluate the measures chosen by the collaborative and
29 the health technology assessment program for effectiveness and
30 appropriateness; (b) develop a patient satisfaction survey with the
31 goal to gather information about whether it was beneficial for the
32 patient to use the center of excellence location in exchange for
33 additional out-of-pocket savings; (c) ensure patients and health care
34 providers have significant input into the implementation of the
35 demonstration waiver, in order to ensure improved patient health
36 outcomes; and (d) in cooperation with the department of social and
37 health services, consult with and provide notification of work on
38 applications for federal waivers, including details on waiver
39 duration, financial implications, and potential future impacts on the

1 state budget, to the joint select committee on health care oversight
2 prior to submitting waivers for federal approval. The authority shall
3 submit an application to the centers for medicaid and medicare
4 services to extend the duration of the medicaid transformation waiver
5 under healthier Washington as described in subsections (2), (3), and
6 (4) of this section by one year. If not extended, by federal
7 standard, the medicaid transformation demonstration waiver shall not
8 exceed the duration originally granted by the centers for medicare
9 and medicaid services and any programs created or funded by this
10 waiver do not create an entitlement.

11 (2) (a) No more than (~~(\$63,052,000)~~) \$78,409,000 of the general
12 fund—federal appropriation and no more than (~~(\$50,840,000)~~)
13 \$66,264,000 of the general fund—local appropriation may be expended
14 for transformation through accountable communities of health
15 described in initiative 1 of the medicaid transformation
16 demonstration wavier under healthier Washington, including preventing
17 youth drug use, opioid prevention and treatment, and physical and
18 behavioral health integration. Under this initiative, the authority
19 shall take into account local input regarding community needs. In
20 order to ensure transparency to the appropriate fiscal committees of
21 the legislature, the authority shall provide fiscal staff of the
22 legislature query ability into any database of the fiscal
23 intermediary that authority staff would be authorized to access. The
24 authority shall not increase general fund—state expenditures under
25 this initiative. The director shall also report to the fiscal
26 committees of the legislature all of the expenditures under this
27 subsection and shall provide such fiscal data in the time, manner,
28 and form requested by the legislative fiscal committees.

29 (b) No more than (~~(\$243,047,000)~~) \$198,909,000 of the general
30 fund—federal appropriation and no more than (~~(\$99,274,000)~~)
31 \$81,245,000 of the general fund—private/local appropriation may be
32 expended for the medicaid quality improvement program. Under federal
33 regulations, the medicaid quality improvement program is authorized
34 and allows states to design quality improvement programs for the
35 medicaid population in ways that support the state's quality goals.
36 Medicaid quality improvement program payments will not count against
37 the medicaid transformation demonstration waiver spending limits and
38 are excluded from the waiver's budget neutrality calculation. Apple
39 health managed care organizations and their partnering providers will

1 receive medicaid quality improvement program payments as they meet
2 designated milestones. Partnering providers and apple health managed
3 care organizations will work together to achieve medicaid quality
4 improvement program goals according to the performance period
5 timelines and reporting deadlines as set forth by the authority. The
6 authority shall only utilize the medicaid quality improvement program
7 to support the transformation waiver and shall not pursue its use for
8 other purposes. Any programs created or funded by the medicaid
9 quality improvement program does not create an entitlement. The
10 authority shall not increase general fund—state, federal, or private/
11 local expenditures under this program. The director shall report to
12 the joint select committee on health care oversight not less than
13 quarterly on financial and health outcomes. The director shall report
14 to the fiscal committees of the legislature all of the expenditures
15 under this subsection and shall provide such fiscal data in the time,
16 manner, and form requested by the legislative fiscal committees.

17 (3) No more than \$26,837,000 of the general fund—federal
18 appropriation and \$26,839,000 of the general fund—local appropriation
19 may be expended for tailored support for older adults and medicaid
20 alternative care described in initiative 2 of the medicaid
21 transformation demonstration waiver under healthier Washington as
22 well as administrative expenses for initiative 3. The authority shall
23 contract and provide funding to the department of social and health
24 services to administer initiative 2. The director in cooperation with
25 the secretary of the department of social and health services shall
26 report to the office of financial management all of the expenditures
27 of this section and shall provide such fiscal data in the time,
28 manner, and form requested. The authority shall not increase general
29 fund—state expenditures on this initiative.

30 (4) No more than (~~(\$50,389,000)~~) \$28,680,000 of the general fund—
31 federal appropriation and no more than (~~(\$22,862,000)~~) \$12,992,000 of
32 the general fund—local appropriation may be expended for supported
33 housing and employment services described in initiative 3a and 3b of
34 the medicaid transformation demonstration waiver under healthier
35 Washington. Under this initiative, the authority and the department
36 of social and health services shall ensure that allowable and
37 necessary services are provided to eligible clients as identified by
38 the department or its third party administrator. The authority shall
39 not increase general fund—state expenditures under this initiative.

1 The director shall report to the joint select committee on health
2 care oversight no less than quarterly on financial and health
3 outcomes. The director shall also report to the fiscal committees of
4 the legislature all of the expenditures of this subsection and shall
5 provide such fiscal data in the time, manner, and form requested by
6 the legislative fiscal committees.

7 (5) The authority shall submit an application to the centers for
8 medicare and medicaid services to renew the 1115 demonstration waiver
9 for an additional five years as described in subsections (2), (3),
10 and (4) of this section. The authority may not accept or expend any
11 federal funds received under an 1115 demonstration waiver except as
12 described in this section unless the legislature has appropriated the
13 federal funding. To ensure compliance with legislative requirements
14 and terms and conditions of the waiver, the authority shall implement
15 the renewal of the 1115 demonstration waiver and reporting
16 requirements with oversight from the office of financial management.
17 The legislature finds that appropriate management of the renewal of
18 the 1115 demonstration waiver as set forth in subsections (6), (7),
19 and (8) of this section requires sound, consistent, timely, and
20 transparent oversight and analytic review in addition to lack of
21 redundancy with other established measures. The patient must be
22 considered first and foremost in the implementation and execution of
23 the demonstration waiver. To accomplish these goals, the authority
24 shall develop consistent performance measures that focus on
25 population health and health outcomes. The authority shall limit the
26 number of projects that accountable communities of health may
27 participate in both under MQIP and initiative 1 to a maximum of six
28 and shall seek to develop common performance measures when possible.
29 The joint select committee on health care oversight will evaluate the
30 measures chosen: (a) For effectiveness and appropriateness; and (b)
31 to provide patients and health care providers with significant input
32 into the implementation of the demonstration waiver to promote
33 improved population health and patient health outcomes. In
34 cooperation with the department of social and health services, the
35 authority shall consult with and provide notification of work on
36 applications for federal waivers, including details on waiver
37 duration, financial implications, and potential future impacts on the
38 state budget to the joint select committee on health care oversight
39 prior to submitting these waivers for federal approval. Prior to
40 final approval or acceptance of funds by the authority, the authority

1 shall submit the special terms and conditions as submitted to the
2 centers for medicare and medicaid services and the anticipated budget
3 for the duration of the renewed waiver to the governor, the joint
4 select committee on health care, and the fiscal committees of the
5 legislature. By federal standard any programs created or funded by
6 this waiver do not create an entitlement.

7 (6) (a) \$32,434,000 of the general fund—federal appropriation and
8 \$40,296,000 of the general fund—local appropriation are provided
9 solely for accountable communities of health described in initiative
10 1 of the 1115 demonstration waiver and this is the maximum amount
11 that may be expended for this purpose. In renewing this initiative,
12 the authority shall consider local input regarding community needs
13 and shall limit total local projects to no more than six. To provide
14 transparency to the appropriate fiscal committees of the legislature,
15 the authority shall provide fiscal staff of the legislature query
16 ability into any database of the fiscal intermediary that authority
17 staff would be authorized to access. The authority shall not
18 supplement the amounts provided in this subsection with any general
19 fund—state moneys appropriated in this section or any moneys that may
20 be transferred pursuant to subsection (1) of this section. The
21 director shall report to the fiscal committees of the legislature all
22 expenditures under this subsection and provide such fiscal data in
23 the time, manner, and form requested by the legislative fiscal
24 committees.

25 (b) \$110,778,000 of the general fund—federal appropriation and
26 \$45,248,000 of the general fund—private/local appropriation are
27 provided solely for the medicaid quality improvement program and this
28 is the maximum amount that may be expended for this purpose. Medicaid
29 quality improvement program payments do not count against the 1115
30 demonstration waiver spending limits and are excluded from the
31 waiver's budget neutrality calculation. The authority may provide
32 medicaid quality improvement program payments to apple health managed
33 care organizations and their partnering providers as they meet
34 designated milestones. Partnering providers and apple health managed
35 care organizations must work together to achieve medicaid quality
36 improvement program goals according to the performance period
37 timelines and reporting deadlines as set forth by the authority. The
38 authority may only use the medicaid quality improvement program to
39 support accountable communities of health, tailored support for older

1 adults and medicaid alternative care, and foundational community
2 supports, also referred to as initiatives 1, 2, and 3, as described
3 in the 1115 demonstration waiver and may not pursue its use for other
4 purposes. Any programs created or funded by the medicaid quality
5 improvement program do not constitute an entitlement for clients or
6 providers. The authority shall not supplement the amounts provided in
7 this subsection with any general fund—state, general fund—federal,
8 or general fund—local moneys appropriated in this section or any
9 moneys that may be transferred pursuant to subsection (1) of this
10 section. The director shall report to the joint select committee on
11 health care oversight not less than quarterly on financial and health
12 outcomes. The director shall report to the fiscal committees of the
13 legislature all expenditures under this subsection and shall provide
14 such fiscal data in the time, manner, and form requested by the
15 legislative fiscal committees.

16 (c) In collaboration with the accountable communities of health,
17 the authority will submit a report to the governor and the joint
18 select committee on health care oversight describing how each of the
19 accountable community of health's work aligns with the community
20 needs assessment no later than December 1, 2022.

21 (d) Performance measures and payments for accountable communities
22 of health shall reflect accountability measures that demonstrate
23 progress toward transparent, measurable, and meaningful goals that
24 have an impact on improved population health and improved health
25 outcomes, including a path to financial sustainability. While these
26 goals may have variation to account for unique community
27 demographics, measures should be standardized when possible.

28 (7) \$19,902,000 of the general fund—federal appropriation and
29 \$19,903,000 of the general fund—local appropriation are provided
30 solely for tailored support for older adults and medicaid alternative
31 care described in initiative 2 of the 1115 demonstration waiver as
32 well as administrative expenses for initiative 3 and this is the
33 maximum amount that may be expended for this purpose. The authority
34 shall contract and provide funding to the department of social and
35 health services to administer initiative 2. The director in
36 cooperation with the secretary of the department of social and health
37 services shall report to the office of financial management all of
38 the expenditures of this section and shall provide such fiscal data
39 in the time, manner, and form requested. The authority shall not

1 supplement the amounts provided in this subsection with any general
2 fund—state moneys appropriated in this section or any moneys that may
3 be transferred pursuant to subsection (1) of this section.

4 (8) (a) \$13,325,000 of the general fund—federal appropriation and
5 \$7,318,000 of the general fund—local appropriation are provided
6 solely for supported housing and employment services described in
7 initiative 3a and 3b of the 1115 demonstration waiver and this is the
8 maximum amount that may be expended for this purpose. Under this
9 initiative, the authority and the department of social and health
10 services shall ensure that allowable and necessary services are
11 provided to eligible clients as identified by the department or its
12 third-party administrator. The authority and the department, in
13 consultation with the medicaid forecast work group, shall ensure that
14 reasonable reimbursements are established for services deemed
15 necessary within an identified limit per individual. The authority
16 shall not supplement the amounts provided in this subsection with any
17 general fund—state moneys appropriated in this section or any moneys
18 that may be transferred pursuant to subsection (1) of this section.
19 The director shall report to the joint select committee on health
20 care oversight no less than quarterly on financial and health
21 outcomes. The director shall also report to the fiscal committees of
22 the legislature all of the expenditures of this subsection and shall
23 provide such fiscal data in the time, manner, and form requested by
24 the legislative fiscal committees.

25 (b) The authority and the department shall seek additional
26 flexibilities for housing supports through the centers for medicare
27 and medicaid services and shall coordinate with the office of
28 financial management and the department of commerce to ensure that
29 services are not duplicated.

30 (c) The director shall report to the joint select committee on
31 health care oversight no less than quarterly on utilization and
32 caseload statistics for both supportive housing and employment
33 services and its progress toward increasing uptake and availability
34 for these services.

35 (9) \$202,000 of the general fund—state appropriation for fiscal
36 year 2023 is provided solely for supported employment services and
37 \$208,000 of the general fund—state appropriation for fiscal year 2023
38 is provided solely for supported housing services similar to the
39 services described in initiatives 3a and 3b of the 1115 demonstration

1 waiver to individuals who are ineligible for medicaid. Under these
2 initiatives, the authority and the department of social and health
3 services shall ensure that allowable and necessary services are
4 provided to eligible clients as identified by the authority or its
5 third-party administrator. Before authorizing services, eligibility
6 for initiative 3a or 3b of the 1115 demonstration waiver must first
7 be determined.

8 (10) The authority shall submit a plan to preserve the waiver
9 that allows for the full cost of stays in institutions for mental
10 diseases to be included in managed care rates by November 1, 2021, to
11 the appropriate committees of the legislature.

12 ~~((+6))~~ (11) The authority shall submit a plan to preserve the
13 waiver allowing for full federal financial participation for medical
14 clients in mental health facilities classified as institutions for
15 mental diseases by November 1, 2021, to the appropriate committees of
16 the legislature.

17 ~~((+7))~~ (12) Sufficient amounts are appropriated in this
18 subsection to implement the medicaid expansion as defined in the
19 social security act, section 1902(a)(10)(A)(i)(VIII).

20 ~~((+8))~~ (13) The legislature finds that medicaid payment rates,
21 as calculated by the health care authority pursuant to the
22 appropriations in this act, bear a reasonable relationship to the
23 costs incurred by efficiently and economically operated facilities
24 for providing quality services and will be sufficient to enlist
25 enough providers so that care and services are available to the
26 extent that such care and services are available to the general
27 population in the geographic area. The legislature finds that the
28 cost reports, payment data from the federal government, historical
29 utilization, economic data, and clinical input constitute reliable
30 data upon which to determine the payment rates.

31 ~~((+9))~~ (14) Based on quarterly expenditure reports and caseload
32 forecasts, if the health care authority estimates that expenditures
33 for the medical assistance program will exceed the appropriations,
34 the health care authority shall take steps including but not limited
35 to reduction of rates or elimination of optional services to reduce
36 expenditures so that total program costs do not exceed the annual
37 appropriation authority.

38 ~~((+10))~~ (15) In determining financial eligibility for medicaid-
39 funded services, the health care authority is authorized to disregard

1 recoveries by Holocaust survivors of insurance proceeds or other
2 assets, as defined in RCW 48.104.030.

3 ~~((11))~~ (16) The legislature affirms that it is in the state's
4 interest for Harborview medical center to remain an economically
5 viable component of the state's health care system.

6 (17) When a person is ineligible for medicaid solely by reason of
7 residence in an institution for mental diseases, the health care
8 authority shall provide the person with the same benefits as he or
9 she would receive if eligible for medicaid, using state-only funds to
10 the extent necessary.

11 ~~((12))~~ (18) \$3,997,000 of the general fund—state appropriation
12 for fiscal year 2022, \$4,261,000 of the general fund—state
13 appropriation for fiscal year 2023, and \$8,786,000 of the general
14 fund—federal appropriation are provided solely for low-income
15 disproportionate share hospital payments.

16 ~~((13))~~ (19) Within the amounts appropriated in this section,
17 the health care authority shall provide disproportionate share
18 hospital payments to hospitals that provide services to children in
19 the children's health program who are not eligible for services under
20 Title XIX or XXI of the federal social security act due to their
21 citizenship status.

22 ~~((14))~~ (20) \$7,000,000 of the general fund—federal
23 appropriation is provided solely for supplemental payments to nursing
24 homes operated by public hospital districts. The public hospital
25 district shall be responsible for providing the required nonfederal
26 match for the supplemental payment, and the payments shall not exceed
27 the maximum allowable under federal rules. It is the legislature's
28 intent that the payments shall be supplemental to and shall not in
29 any way offset or reduce the payments calculated and provided in
30 accordance with part E of chapter 74.46 RCW. It is the legislature's
31 further intent that costs otherwise allowable for rate-setting and
32 settlement against payments under chapter 74.46 RCW shall not be
33 disallowed solely because such costs have been paid by revenues
34 retained by the nursing home from these supplemental payments. The
35 supplemental payments are subject to retrospective interim and final
36 cost settlements based on the nursing homes' as-filed and final
37 medicare cost reports. The timing of the interim and final cost
38 settlements shall be at the health care authority's discretion.
39 During either the interim cost settlement or the final cost

1 settlement, the health care authority shall recoup from the public
2 hospital districts the supplemental payments that exceed the medicaid
3 cost limit and/or the medicare upper payment limit. The health care
4 authority shall apply federal rules for identifying the eligible
5 incurred medicaid costs and the medicare upper payment limit.

6 ~~((15))~~ (21) The health care authority shall continue the
7 inpatient hospital certified public expenditures program for the
8 2021-2023 fiscal biennium. The program shall apply to all public
9 hospitals, including those owned or operated by the state, except
10 those classified as critical access hospitals or state psychiatric
11 institutions. The health care authority shall submit reports to the
12 governor and legislature by November 1, 2021, and by November 1,
13 2022, that evaluate whether savings continue to exceed costs for this
14 program. If the certified public expenditures (CPE) program in its
15 current form is no longer cost-effective to maintain, the health care
16 authority shall submit a report to the governor and legislature
17 detailing cost-effective alternative uses of local, state, and
18 federal resources as a replacement for this program. During fiscal
19 year 2022 and fiscal year 2023, hospitals in the program shall be
20 paid and shall retain one hundred percent of the federal portion of
21 the allowable hospital cost for each medicaid inpatient fee-for-
22 service claim payable by medical assistance and one hundred percent
23 of the federal portion of the maximum disproportionate share hospital
24 payment allowable under federal regulations. For the purpose of
25 determining the amount of any state grant under this subsection,
26 payments will include the federal portion of medicaid program
27 supplemental payments received by the hospitals. Inpatient medicaid
28 payments shall be established using an allowable methodology that
29 approximates the cost of claims submitted by the hospitals. Payments
30 made to each hospital in the program in each fiscal year of the
31 biennium shall be compared to a baseline amount. The baseline amount
32 will be determined by the total of (a) the inpatient claim payment
33 amounts that would have been paid during the fiscal year had the
34 hospital not been in the CPE program based on the reimbursement rates
35 developed, implemented, and consistent with policies approved in the
36 2021-2023 biennial operating appropriations act and in effect on July
37 1, 2015, (b) one-half of the indigent assistance disproportionate
38 share hospital payment amounts paid to and retained by each hospital
39 during fiscal year 2005, and (c) all of the other disproportionate
40 share hospital payment amounts paid to and retained by each hospital

1 during fiscal year 2005 to the extent the same disproportionate share
2 hospital programs exist in the 2019-2021 fiscal biennium. If payments
3 during the fiscal year exceed the hospital's baseline amount, no
4 additional payments will be made to the hospital except the federal
5 portion of allowable disproportionate share hospital payments for
6 which the hospital can certify allowable match. If payments during
7 the fiscal year are less than the baseline amount, the hospital will
8 be paid a state grant equal to the difference between payments during
9 the fiscal year and the applicable baseline amount. Payment of the
10 state grant shall be made in the applicable fiscal year and
11 distributed in monthly payments. The grants will be recalculated and
12 redistributed as the baseline is updated during the fiscal year. The
13 grant payments are subject to an interim settlement within eleven
14 months after the end of the fiscal year. A final settlement shall be
15 performed. To the extent that either settlement determines that a
16 hospital has received funds in excess of what it would have received
17 as described in this subsection, the hospital must repay the excess
18 amounts to the state when requested. (~~(\$702,000)~~) \$425,000 of the
19 general fund—state appropriation for fiscal year 2022 and
20 (~~(\$649,000)~~) \$391,000 of the general fund—state appropriation for
21 fiscal year 2023 are provided solely for state grants for the
22 participating hospitals.

23 (~~(16)~~) (22) The health care authority shall seek public-private
24 partnerships and federal funds that are or may become available to
25 provide on-going support for outreach and education efforts under the
26 federal children's health insurance program reauthorization act of
27 2009.

28 (~~(17)~~) (23) The health care authority shall target funding for
29 maternity support services towards pregnant women with factors that
30 lead to higher rates of poor birth outcomes, including hypertension,
31 a preterm or low birth weight birth in the most recent previous
32 birth, a cognitive deficit or developmental disability, substance
33 abuse, severe mental illness, unhealthy weight or failure to gain
34 weight, tobacco use, or African American or Native American race. The
35 health care authority shall prioritize evidence-based practices for
36 delivery of maternity support services. To the extent practicable,
37 the health care authority shall develop a mechanism to increase
38 federal funding for maternity support services by leveraging local
39 public funding for those services.

1 ~~((18))~~ (24) The authority shall submit reports to the governor
2 and the legislature by September 15, 2021, and no later than
3 September 15, 2022, that delineate the number of individuals in
4 medicaid managed care, by carrier, age, gender, and eligibility
5 category, receiving preventative services and vaccinations. The
6 reports should include baseline and benchmark information from the
7 previous two fiscal years and should be inclusive of, but not limited
8 to, services recommended under the United States preventative
9 services task force, advisory committee on immunization practices,
10 early and periodic screening, diagnostic, and treatment (EPSDT)
11 guidelines, and other relevant preventative and vaccination medicaid
12 guidelines and requirements.

13 ~~((19))~~ (25) Managed care contracts must incorporate
14 accountability measures that monitor patient health and improved
15 health outcomes, and shall include an expectation that each patient
16 receive a wellness examination that documents the baseline health
17 status and allows for monitoring of health improvements and outcome
18 measures.

19 ~~((20))~~ (26) Sufficient amounts are appropriated in this section
20 for the authority to provide an adult dental benefit.

21 ~~((21))~~ (27) The health care authority shall coordinate with the
22 department of social and health services to provide referrals to the
23 Washington health benefit exchange for clients that will be
24 ineligible for medicaid.

25 ~~((22))~~ (28) To facilitate a single point of entry across public
26 and medical assistance programs, and to maximize the use of federal
27 funding, the health care authority, the department of social and
28 health services, and the health benefit exchange will coordinate
29 efforts to expand HealthPlanfinder access to public assistance and
30 medical eligibility staff. The health care authority shall complete
31 medicaid applications in the HealthPlanfinder for households
32 receiving or applying for medical assistance benefits.

33 ~~((23))~~ (29) \$90,000 of the general fund—state appropriation for
34 fiscal year 2022, \$90,000 of the general fund—state appropriation for
35 fiscal year 2023, and \$180,000 of the general fund—federal
36 appropriation are provided solely to continue operation by a
37 nonprofit organization of a toll-free hotline that assists families
38 to learn about and enroll in the apple health for kids program. By
39 November 15, 2022, the authority shall submit a report to the

1 appropriate committees to the legislature that provides, at a
2 minimum, information about the number of calls received by the
3 nonprofit organization in the previous year, the amount of time spent
4 on each call, comparisons to previous years, where available, and
5 information about what data is collected related to this service.

6 ~~((24))~~ (30) Within the amounts appropriated in this section,
7 the authority shall reimburse for primary care services provided by
8 naturopathic physicians.

9 ~~((25))~~ (31) Within the amounts appropriated in this section,
10 the authority shall continue to provide coverage for pregnant teens
11 that qualify under existing pregnancy medical programs, but whose
12 eligibility for pregnancy related services would otherwise end due to
13 the application of the new modified adjusted gross income eligibility
14 standard.

15 ~~((26))~~ (32) Sufficient amounts are appropriated in this section
16 to remove the mental health visit limit and to provide the shingles
17 vaccine and screening, brief intervention, and referral to treatment
18 benefits that are available in the medicaid alternative benefit plan
19 in the classic medicaid benefit plan.

20 ~~((27))~~ (33) The authority shall use revenue appropriated from
21 the dedicated marijuana fund for contracts with community health
22 centers under RCW 69.50.540 in lieu of general fund—state payments to
23 community health centers for services provided to medical assistance
24 clients, and it is the intent of the legislature that this policy
25 will be continued in subsequent fiscal biennia.

26 ~~((28))~~ (34) Beginning no later than January 1, 2018, for any
27 service eligible under the medicaid state plan for encounter
28 payments, managed care organizations at the request of a rural health
29 clinic shall pay the full published encounter rate directly to the
30 clinic. At no time will a managed care organization be at risk for or
31 have any right to the supplemental portion of the claim. Payments
32 will be reconciled on at least an annual basis between the managed
33 care organization and the authority, with final review and approval
34 by the authority.

35 ~~((29))~~ (35) Sufficient amounts are appropriated in this section
36 for the authority to provide a medicaid equivalent adult dental
37 benefit to clients enrolled in the medical care service program.

38 ~~((30))~~ (36) During the 2021-2023 fiscal biennium, sufficient
39 amounts are provided in this section for the authority to provide

1 services identical to those services covered by the Washington state
2 family planning waiver program as of August 2018 to individuals who:

- 3 (a) Are over nineteen years of age;
- 4 (b) Are at or below two hundred and sixty percent of the federal
5 poverty level as established in WAC 182-505-0100;
- 6 (c) Are not covered by other public or private insurance; and
- 7 (d) Need family planning services and are not currently covered
8 by or eligible for another medical assistance program for family
9 planning.

10 ~~((31))~~ (37) Sufficient amounts are appropriated within this
11 section for the authority to incorporate the expected outcomes and
12 criteria to measure the performance of service coordination
13 organizations as provided in chapter 70.320 RCW into contracts with
14 managed care organizations that provide services to clients. The
15 authority is directed to:

16 (a) Contract with an external quality improvement organization to
17 annually analyze the performance of managed care organizations
18 providing services to clients under this chapter based on seven
19 performance measures. The analysis required under this subsection
20 must:

21 (i) Measure managed care performance in four common measures
22 across each managed care organization, including:

23 (A) At least one common measure must be weighted towards having
24 the potential to impact managed care costs; and

25 (B) At least one common measure must be weighted towards
26 population health management, as defined by the measure; and

27 (ii) Measure managed care performance in an additional three
28 quality focus performance measures specific to a managed care
29 organization. Quality focus performance measures chosen by the
30 authority must:

31 (A) Be chosen from the statewide common measure set;

32 (B) Reflect specific measures where a managed care organization
33 has poor performance; and

34 (C) Be substantive and clinically meaningful in promoting health
35 status.

36 (b) The authority shall set the four common measures to be
37 analyzed across all managed care organizations.

38 (c) The authority shall set three quality focus performance
39 measures specific to each managed care organization. The authority
40 must determine performance measures for each managed care

1 organization based on the criteria established in (a)(ii) of this
2 subsection.

3 (d) By September 15, 2021, and annually thereafter, the authority
4 shall notify each managed care organization of the performance
5 measures for the organization for the subsequent plan year.

6 (e) Two percent of the total plan year funding appropriated to
7 each managed care organization that provides services to clients
8 under chapter 70.320 RCW shall be withheld. At least seventy-five
9 percent of the withhold shall be held contingent on each managed care
10 organization's performance on the seven performance measures
11 identified in this section. Each managed care organization may earn
12 back the annual withhold if the external quality improvement
13 organization finds that the managed care organization:

14 (i) Made statistically significant improvement in the seven
15 performance measures as compared to the preceding plan year; or

16 (ii) Scored in the top national medicaid quartile of the
17 performance measures.

18 (f) The amount of withhold annually paid to each managed care
19 organization shall be proportional to findings of statistically
20 significant improvement or top national medicaid quartile scoring by
21 a managed care organization.

22 (g) For no more than two of the four quality focus performance
23 measures, the authority may use an alternate methodology to
24 approximate top national medicaid quartile performance where top
25 quartile performance data is unavailable.

26 (h) For the purposes of this subsection, "external quality
27 improvement organization" means an organization that meets the
28 competence and independence requirements under 42 C.F.R. Sec.
29 438.354, as it existed on the effective date of this section.

30 (~~((32))~~) (38)(a) The authority shall ensure that appropriate
31 resources are dedicated to implementing the recommendations of the
32 centers for medicare and medicaid services center for program
33 integrity as provided to the authority in the January 2019 Washington
34 focused program integrity review final report. Additionally, the
35 authority shall:

36 (i) Work to ensure the efficient operations of the managed care
37 plans, including but not limited to, a deconflicting process for
38 audits with and among the managed care plans and the medicaid fraud
39 division at the attorney general's office, to ensure the authority
40 staff perform central audits of cases that appear across multiple

1 managed care plans, versus the audits performed by the individual
2 managed care plans or the fraud division; and

3 (ii) Remain accountable for operating in an effective and
4 efficient manner, including performing program integrity activities
5 that ensure high value in the medical assistance program in general
6 and in medicaid managed care specifically;

7 (A) Work with its contracted actuary and the medicaid forecast
8 work group to develop methods and metrics related to managed care
9 program integrity activity that shall be incorporated into annual
10 rate setting; and

11 (B) Work with the medicaid forecast work group to ensure the
12 results of program integrity activity are incorporated into the rate
13 setting process in a transparent, timely, measurable, quantifiable
14 manner.

15 (b) The authority shall submit a report to the governor and
16 appropriate committees of the legislature by October 1, 2021, that
17 includes, but is not limited to:

18 (i) Specific, quantified actions that have been taken, to date,
19 related to the recommendations of the centers for medicare and
20 medicaid services center for program integrity as provided to the
21 authority in the January 2019 Washington focused program integrity
22 review final report; and

23 (ii) Specific, quantified information regarding the steps taken
24 toward (a) (i), (iii), and (iv) of this subsection.

25 ~~((33))~~ (39) No later than December 31, 2021, the health care
26 authority, in partnership with the department of social and health
27 services as described in section 204(16) of this act, shall submit a
28 waiver request to the federal department of health and human services
29 to authorize presumptive medicaid eligibility determinations for
30 clients preparing for acute care hospital discharge who may need
31 long-term services and supports. The department and the authority
32 shall hold stakeholder discussions, including opportunities for
33 public review and comment, during development of the waiver request.
34 Upon submission of the waiver request, the department and the
35 authority shall submit a report to the governor and the appropriate
36 legislative committees that describes the request and identifies any
37 statutory changes that may be necessary if the federal government
38 approves the request.

40 for fiscal year 2022, \$3,714,000 of the general fund—state

1 appropriation for fiscal year 2023, and \$11,009,000 of the general
2 fund—federal appropriation are provided solely to maintain and
3 increase access for behavioral health services through increased
4 provider rates. The rate increases are effective October 1, 2021, and
5 must be applied to the following codes for children and adults
6 enrolled in the medicaid program: 90832, 90833, 90834, 90837, H0004,

9 90785, and 90791. The authority may use a substitute code in the
10 event that any of the codes identified in this subsection are
11 discontinued and replaced with an updated code covering the same
12 service. Within the amounts provided in this subsection the authority
13 must:

14 (a) Implement this rate increase in accordance with the process
15 established in chapter 285, Laws of 2020 (EHB 2584) (behavioral
16 health rates);

17 (b) Raise the state fee-for-service rates for these codes by up
18 to 15 percent, except that the state medicaid rate may not exceed the
19 published medicare rate or an equivalent relative value unit rate if
20 a published medicare rate is not available;

21 (c) Require in contracts with managed care organizations that,
22 beginning October 2021, managed care organizations pay no lower than
23 the fee-for-service rate for these codes, and adjust managed care
24 capitation rates accordingly; and

25 (d) Not duplicate rate increases provided in subsections (~~((35)~~
26 ~~and (36))~~) (41) and (42) of this section.

27 (~~((35))~~) (41) \$19,664,000 of the general fund—state appropriation

30 fund—federal appropriation are provided solely to maintain and
31 increase access for primary care services for medicaid-enrolled
32 patients through increased provider rates beginning October 1, 2021.
33 Within the amounts provided in this subsection the authority must:

34 (a) Increase the medical assistance rates for adult primary care
35 services that are reimbursed solely at the existing medical
36 assistance rates on a fee-for-service basis, as well as through
37 managed care plans, by at least 15 percent above medical assistance
38 rates in effect on January 1, 2019;

1 (b) Increase the medical assistance rates for pediatric primary
2 care services that are reimbursed solely at the existing medical

21 pursuant to 42 C.F.R. Sec. 438.6(c)(1)(iii)(B), as existing on
22 January 1, 2019; and

23 (f) Not duplicate rate increases provided in subsections ~~((34)~~

31 reproductive health program family planning providers. The rate
32 increases are effective October 1, 2021, and must be applied to the

1 The appropriations in this section are subject to the following
2 conditions and limitations:

3 (1) The department of health shall not initiate any services that
4 will require expenditure of state general fund moneys unless
5 expressly authorized in this act or other law. The department of
6 health and the state board of health shall not implement any new or
7 amended rules pertaining to primary and secondary school facilities
8 until the rules and a final cost estimate have been presented to the
9 legislature, and the legislature has formally funded implementation
10 of the rules through the omnibus appropriations act or by statute.
11 The department may seek, receive, and spend, under RCW 43.79.260
12 through 43.79.282, federal moneys not anticipated in this act as long
13 as the federal funding does not require expenditure of state moneys
14 for the program in excess of amounts anticipated in this act. If the
15 department receives unanticipated unrestricted federal moneys, those
16 moneys shall be spent for services authorized in this act or in any
17 other legislation that provides appropriation authority, and an equal
18 amount of appropriated state moneys shall lapse. Upon the lapsing of
19 any moneys under this subsection, the office of financial management
20 shall notify the legislative fiscal committees. As used in this
21 subsection, "unrestricted federal moneys" includes block grants and
22 other funds that federal law does not require to be spent on
23 specifically defined projects or matched on a formula basis by state
24 funds.

25 (2) During the 2021-2023 fiscal biennium, each person subject to
26 RCW 43.70.110(3)(c) is required to pay only one surcharge of up to
27 twenty-five dollars annually for the purposes of RCW 43.70.112,
28 regardless of how many professional licenses the person holds.

29 (3) In accordance with RCW 43.70.110 and 71.24.037, the
30 department is authorized to adopt license and certification fees in
31 fiscal years 2022 and 2023 to support the costs of the regulatory
32 program. The department's fee schedule shall have differential rates
33 for providers with proof of accreditation from organizations that the
34 department has determined to have substantially equivalent standards
35 to those of the department, including but not limited to the joint
36 commission on accreditation of health care organizations, the
37 commission on accreditation of rehabilitation facilities, and the
38 council on accreditation. To reflect the reduced costs associated
39 with regulation of accredited programs, the department's fees for

1 organizations with such proof of accreditation must reflect the lower
2 costs of licensing for these programs than for other organizations
3 which are not accredited.

4 (4) Within the amounts appropriated in this section, and in
5 accordance with RCW 70.41.100, the department shall set fees to
6 include the full costs of the performance of inspections pursuant to

9 department is authorized to adopt fees for the review and approval of
10 mental health and substance use disorder treatment programs in fiscal
11 years 2022 and 2023 as necessary to support the costs of the
12 regulatory program. The department's fee schedule must have
13 differential rates for providers with proof of accreditation from
14 organizations that the department has determined to have
15 substantially equivalent standards to those of the department,
16 including but not limited to the joint commission on accreditation of
17 health care organizations, the commission on accreditation of
18 rehabilitation facilities, and the council on accreditation. To
19 reflect the reduced costs associated with regulation of accredited
20 programs, the department's fees for organizations with such proof of
21 accreditation must reflect the lower cost of licensing for these
22 programs than for other organizations which are not accredited.

23 (6) The health care authority, the health benefit exchange, the
24 department of social and health services, the department of health,
25 and the department of children, youth, and families shall work
26 together within existing resources to establish the health and human
27 services enterprise coalition (the coalition). The coalition, led by
28 the health care authority, must be a multi-organization collaborative
29 that provides strategic direction and federal funding guidance for
30 projects that have cross-organizational or enterprise impact,
31 including information technology projects that affect organizations
32 within the coalition. The office of the chief information officer
33 shall maintain a statewide perspective when collaborating with the
34 coalition to ensure that projects are planned for in a manner that
35 ensures the efficient use of state resources, supports the adoption
36 of a cohesive technology and data architecture, and maximizes federal
37 financial participation. The work of the coalition and any project
38 identified as a coalition project is subject to the conditions,
39 limitations, and review provided in section 701 of this act.

1 The appropriations in this section are subject to the following
2 conditions and limitations:

3 (1) (a) (~~(\$80,273,000)~~) \$82,040,000 of the general fund—state
4 appropriation for fiscal year 2022, (~~(\$119,932,000)~~) \$134,730,000 of
5 the general fund—state appropriation for fiscal year 2023,
6 \$24,070,000 of the education legacy trust account—state
7 appropriation, \$80,000,000 of the opportunity pathways account—state
8 appropriation, and \$25,452,000 of the general fund—federal
9 appropriation (CRRSA/GEER) are provided solely for the early
10 childhood education and assistance program. These amounts shall
11 support at least 15,162 slots in fiscal year 2022 and 15,912 slots in
12 fiscal year 2023. Of the total slots in each fiscal year, 100 slots
13 must be reserved for foster children to receive school-year-round
14 enrollment.

15 (b) Of the amounts provided in this subsection, \$14,930,000 of
16 the general fund—state appropriation for fiscal year 2023 and
17 \$14,889,000 of the general fund—federal appropriation (CRRSA/GEER)
18 are for a slot rate increase of ten percent beginning July 1, 2021.
19 The funding provided in this subsection is sufficient for the
20 department to increase rates according to inflation, pursuant to
21 Engrossed Second Substitute Senate Bill No. 5237 (child care & early
22 dev. exp.), beginning in fiscal year 2023 and annually thereafter.

23 (c) Of the amounts provided in this subsection, \$1,358,000 of the
24 general fund—state appropriation for fiscal year 2022 and \$4,612,000
25 of the general fund—state appropriation for fiscal year 2023 are
26 provided solely for the department to provide early childhood
27 education and assistance program services during summer 2022 to 2,212
28 part day program slots, including 2,011 slots in an in-person
29 learning program and 201 slots provided other additional services.

30 (d) Of the amounts provided in this subsection, \$9,327,000 of the
31 general fund—state appropriation for fiscal year 2023 is provided
32 solely for the conversion of 2,077 part day program slots to 1,765
33 full day slots and 312 extended day slots.

34 (e) Of the amounts provided in this subsection, \$409,000 of the
35 general fund—state appropriation for fiscal year 2022 and \$859,000 of
36 the general fund—state appropriation for fiscal year 2023 are
37 provided solely for a \$54 per slot quality support rate, which will
38 increase by 1.5 percent annually beginning in fiscal year 2024.

1 (f) The department of children, youth, and families must develop
2 a methodology to identify, at the school district level, the
3 geographic locations of where early childhood education and
4 assistance program slots are needed to meet the entitlement specified
5 in RCW 43.216.556. This methodology must be linked to the caseload
6 forecast produced by the caseload forecast council and must include
7 estimates of the number of slots needed at each school district and
8 the corresponding facility needs required to meet the entitlement in
9 accordance with RCW 43.216.556. This methodology must be included as
10 part of the budget submittal documentation required by RCW 43.88.030.

11 (2) \$200,000 of the general fund—state appropriation for fiscal
12 year 2022 and \$200,000 of the general fund—state appropriation for
13 fiscal year 2023 are provided solely to develop and provide
14 culturally relevant supports for parents, family, and other
15 caregivers.

16 (3) The department is the lead agency for and recipient of the
17 federal child care and development fund grant. Amounts within this
18 grant shall be used to fund child care licensing, quality
19 initiatives, agency administration, and other costs associated with
20 child care subsidies.

21 (4) The legislature recognizes that the federal government has
22 provided substantial additional funding through the coronavirus
23 response and relief supplemental appropriations act, P.L. 116-260,
24 division M. and the American rescue plan act of 2021, P.L. 117-2. The
25 purpose of the additional federal funding is to ensure access to
26 affordable child care and to stabilize and support child care
27 providers from the effects of the COVID-19 pandemic. The legislature
28 intends with the passage of Engrossed Second Substitute Senate Bill
29 No. 5237 (child care & early dev. exp.) to implement these federal
30 purposes by expanding eligibility for subsidized child care, reducing
31 parent copayments, increasing provider base rates to recognize
32 increased costs, and providing other financial support to stabilize
33 the child care sector to remain open or to reopen. The legislature
34 finds that the state lacked the fiscal capacity to make these
35 investments and the additional federal funding has provided the
36 opportunity to supplement state funding to expand and accelerate
37 child care access, affordability, and provider support as the state
38 navigates the COVID-19 pandemic and its aftermath.

1 (5) (~~(\$20,110,000 of the general fund state appropriation in~~
2 ~~fiscal year 2022, \$45,757,000)~~) \$50,861,000 of the general fund—state
3 appropriation in fiscal year 2023, \$8,482,000 of the workforce
4 education investment account—state appropriation, \$283,375,000 of the

7 general fund—federal appropriation (CRRSA), and (~~(\$111,252,000)~~)
8 \$153,814,000 of the general fund—federal appropriation (ARPA) are
9 provided solely for the working connections child care program under
10 RCW 43.216.135. Of the amounts provided in this subsection:

11 (a) The department of children, youth, and families shall work in
12 collaboration with the department of social and health services to
13 determine the appropriate amount of state expenditures for the
14 working connections child care program to claim towards the state's
15 maintenance of effort for the temporary assistance for needy families
16 program. The departments will also collaborate to track the average
17 monthly child care subsidy caseload and expenditures by fund type,
18 including child care development fund, general fund—state
19 appropriation, and temporary assistance for needy families for the
20 purpose of estimating the annual temporary assistance for needy
21 families reimbursement from the department of social and health
22 services to the department of children, youth, and families.
23 Effective December 1, 2022, and annually thereafter, the department
24 of children, youth, and families must report to the governor and the
25 appropriate fiscal and policy committees of the legislature the total
26 state contribution for the working connections child care program
27 claimed the previous fiscal year towards the state's maintenance of

21 (CRRSA), and \$99,918,000 of the general fund—federal appropriation
22 (ARPA) are provided solely for enhancements to the working child care
23 connections program, pursuant to Engrossed Second Substitute Senate
24 Bill No. 5237 (child care & early dev. exp.). Of the amounts provided
25 in this subsection:

26 (i) \$28,759,000 of the general fund—federal appropriation

20 allocations so that, for the purpose of distributing insurance
21 benefits, full-time equivalent employees may be calculated on the
22 basis of 630 hours of work per year, with no individual employee
23 counted as more than one full-time equivalent. The number of benefit
24 units is determined as follows:

25 (a) The number of certificated staff units determined in

20 adopted in a public meeting to reduce or delay any portion of its
21 basic education allocation for any school year. The superintendent of
22 public instruction shall approve such reduction or delay if it does

26 assistance pursuant to chapter 28A.500 RCW.

27 (15) The superintendent may distribute funding for the following
28 programs outside the basic education formula during fiscal years 2022
29 and 2023 as follows:

30 (a) \$650,000 of the general fund—state appropriation for fiscal

20 school district and institution of higher education enrollment
21 consistent with the running start course requirements provided in
22 chapter 202, Laws of 2015 (dual credit education opportunities). In
23 calculating the combined 1.2 FTE, the office of the superintendent of
24 public instruction may average the participating student's September
25 through June enrollment to account for differences in the start and
26 end dates for courses provided by the high school and higher
27 education institution. Additionally, the office of the superintendent
28 of public instruction, in consultation with the state board for
29 community and technical colleges, the student achievement council,

31 fiscal committees of the legislature on the combined FTE experience
32 of students participating in the running start program, including
33 course load analyses at both the high school and community and
34 technical college system.

17 (b) Career and technical education program full-time equivalent
18 enrollment shall be reported on the same monthly basis as the
19 enrollment for students eligible for basic support, and payments

23 (21) Funding in this section is sufficient to provide full
24 general apportionment payments to school districts eligible for
25 federal forest revenues as provided in RCW 28A.520.020. For the

35 district must submit an academic and student well-being recovery plan
36 to the office of the superintendent of public instruction as required
37 in section 12(3), chapter 3, Laws of 2021, and must also report
38 progress on implementing the plan in a manner identified by the
39 superintendent.

1 (a) The office of the superintendent of public instruction must
2 calculate a relief per pupil amount for each district defined as: The
3 quotient from dividing the total funding allocated to each district
4 from the federal relief funds, as defined in (b) of this subsection,
5 by a school district's total enrollment as defined in (c) of this
6 subsection. A school district with a relief per pupil amount less
7 than \$500 shall receive the difference between \$500 and the relief
8 per pupil amount, multiplied by the school district's total
9 enrollment.

10 (b) For the purposes of this subsection, federal relief funds
11 allocated to school districts include:

19 (c) For the purposes of this subsection, a school district's
20 total enrollment means the district's 2019-20 school year annual
21 average full-time equivalent student enrollment, excluding full-time
22 equivalent student enrollments for which funds are separately
23 calculated and allocated under RCW 28A.232.020, 28A.600.310(4),
24 28A.245.020, and 28A.175.110.

25 (d) For the purposes of this subsection, this subsection applies

6 read as follows:

7 (1)(a) In determining whether an individual is of appropriate

11 enforcement agencies with the individual for the purpose of
12 establishing a pattern of conduct, behavior, or inaction with regard

17 be disclosed to a provider licensed under this chapter.

18 (b) The department may not deny or delay a license to provide
19 child care and early learning services under this chapter to an
20 individual solely because of a founded finding of physical abuse or
21 negligent treatment or maltreatment involving the individual revealed
22 in the background check process or solely because the individual's
23 child was found by a court to be dependent as a result of a finding
24 that the individual abused or neglected their child pursuant to RCW
25 13.34.030(6)(b) when that founded finding or court finding is
26 accompanied by a certificate of parental improvement as defined in
27 chapter 74.13 RCW related to the same incident.

3 pursuant to this section must pay for the cost of this check as
4 follows: The fee established by the Washington state patrol for the
5 criminal background history check, including the cost of obtaining
6 the fingerprints; and a fee paid to the department for the cost of
7 administering the individual-based/portable background check

9 into the individual-based/portable background check clearance account
10 established in RCW 43.216.273. The licensee may, but need not, pay
11 these costs on behalf of a prospective employee or reimburse the
12 prospective employee for these costs. The licensee and the
13 prospective employee may share these costs.

14 (c) The secretary shall use the fingerprint criminal history
15 record check information solely for the purpose of determining
16 eligibility for a license and for determining the character,
17 suitability, and competence of those persons or agencies, excluding
18 parents, not required to be licensed who are authorized to care for
19 children.

27 care, must submit a new background application to the department. The
28 department must require persons submitting a new background
29 application pursuant to this subsection (2)(e) to pay a fee to the
30 department for the cost of administering the individual-based/
31 portable background check clearance registry. This fee must be paid
32 into the individual-based/portable background check clearance account
33 established in RCW 43.216.273. The licensee may, but need not, pay
34 these costs on behalf of a prospective employee or reimburse the
35 prospective employee for these costs. The licensee and the
36 prospective employee may share these costs.

37 (f) The department shall issue a background check clearance card
38 or certificate to the applicant if after the completion of a
39 background check the department concludes the applicant is qualified
40 for unsupervised access to children in child care. The background

1 check clearance card or certificate is valid for three years from the
2 date of issuance. A valid card or certificate must be accepted by a
3 potential employer as proof that the applicant has successfully
4 completed a background check as required under this chapter. For
5 purposes of renewal of the background clearance card or certificate,
6 all agency licensees holding a license, persons who are employees,
7 and persons who have been previously qualified by the department,
8 must submit a new background application to the department on a date
9 to be determined by the department. ((The)) Except during fiscal year

20 the home of the provider or in the home of the child or children for
21 periods of less than twenty-four hours or, if necessary due to the
22 nature of the parent's work, for periods equal to or greater than
23 twenty-four hours;

24 (ii) Receive child care subsidies; and

25 (iii) Are exempt from licensing under this chapter.

26 (i) The applicant and agency shall maintain on-site for
27 inspection a copy of the background check clearance card or
28 certificate.

29 (j) Individuals who have been issued a background check clearance
30 card or certificate shall report nonconviction and conviction
31 information to the department within twenty-four hours of the event
32 constituting the nonconviction or conviction information.

33 (k) The department shall investigate and conduct a
34 redetermination of an applicant's or licensee's background clearance
35 if the department receives a complaint or information from
36 individuals, a law enforcement agency, or other federal, state, or
37 local government agency. Subject to the requirements contained in RCW
38 43.216.325 and 43.216.327 and based on a determination that an
39 individual lacks the appropriate character, suitability, or
40 competence to provide child care or early learning services to

1 children, the department may: (i) Invalidate the background card or
2 certificate; or (ii) suspend, modify, or revoke any license
3 authorized by this chapter.

4 (3) To satisfy the shared background check requirements of the
5 department of children, youth, and families, the office of the
6 superintendent of public instruction, and the department of social
7 and health services, each department shall share federal fingerprint-
8 based background check results as permitted under the law. The
9 purpose of this provision is to allow these departments to fulfill
10 their joint background check responsibility of checking any
11 individual who may have unsupervised access to vulnerable adults,
12 children, or juveniles. These departments may not share the federal
13 background check results with any other state agency or person.

14 (4) Individuals who have completed a fingerprint background check
15 as required by the office of the superintendent of public
16 instruction, consistent with RCW 28A.400.303, and have been
17 continuously employed by the same school district or educational
18 service district, can meet the requirements in subsection (2) of this
19 section by providing a true and accurate copy of their Washington
20 state patrol and federal bureau of investigation background check
21 report results to the department or if the school district or the
22 educational service district provides an affidavit to the department
23 that the individual has been authorized to work by the school
24 district or educational service district after completing a record
25 check consistent with RCW 28A.400.303. The department may require
26 that additional background checks be completed that do not require
27 additional fingerprinting and, except during fiscal year 2023, may
28 charge a fee for these additional background checks.

29 **Sec. 954.** RCW 43.348.080 and 2019 c 445 s 403 are each amended
30 to read as follows:

31 (1) The Andy Hill cancer research endowment fund match transfer
32 account is created in the custody of the state treasury to be used
33 solely and exclusively for the program created in RCW 43.348.040.
34 Moneys in the account may be spent only after appropriation. The

7 enforcement agency, as determined by the department of revenue. Tax
8 collections include any cigarette tax, other tobacco product tax, and

16 received by the department for this purpose.

17 (4) Each fiscal biennium, the legislature must appropriate to the
18 department of commerce such amounts as estimated to be the balance of
19 the account to provide state matching funds.

20 (5) Expenditures, in the form of matching funds, from the account
21 may be made only upon receipt of proof from the program administrator
22 of nonstate or private contributions to the fund for the program.
23 Expenditures, in the form of matching funds, may not exceed the total
24 amount of nonstate or private contributions.

25 (6) The department must enter into an appropriate agreement with
26 the program administrator to demonstrate exchange of consideration
27 for the matching funds.

28 (7) Moneys expended into the account in fiscal year 2023 pursuant
29 to section 707 of this act are not subject to the requirements of
30 subsections (5) and (6) of this section.

31 **Sec. 955.** RCW 50A.10.030 and 2019 c 13 s 21 are each amended to
32 read as follows:

33 (1)(a) Beginning January 1, 2019, the department shall assess for
34 each individual in employment with an employer and for each
35 individual electing coverage a premium based on the amount of the
36 individual's wages subject to subsection (4) of this section.

37 (b) The premium rate for family leave benefits shall be equal to
38 one-third of the total premium rate.

1 (c) The premium rate for medical leave benefits shall be equal to
2 two-thirds of the total premium rate.

3 (2) For calendar year 2022 and thereafter, the commissioner shall
4 determine the percentage of paid claims related to family leave
5 benefits and the percentage of paid claims related to medical leave
6 benefits and adjust the premium rates set in subsection (1)(b) and
7 (c) of this section by the proportional share of paid claims.

8 (3)(a) Beginning January 1, 2019, and ending December 31, 2020,
9 the total premium rate shall be four-tenths of one percent of the
10 individual's wages subject to subsection (4) of this section.

11 (b) For family leave premiums, an employer may deduct from the
12 wages of each employee up to the full amount of the premium required.

14 wages of each employee up to forty-five percent of the full amount of
15 the premium required.

16 (d) An employer may elect to pay all or any portion of the
17 employee's share of the premium for family leave or medical leave
18 benefits, or both.

19 (4) The commissioner must annually set a maximum limit on the
20 amount of wages that is subject to a premium assessment under this
21 section that is equal to the maximum wages subject to taxation for
22 social security as determined by the social security administration.

27 the premiums, the employer is then eligible for assistance under RCW
28 50A.24.010.

29 (6) For calendar year 2021 and thereafter, the total premium rate
30 shall be based on the family and medical leave insurance account
31 balance ratio as of September 30th of the previous year. The
32 commissioner shall calculate the account balance ratio by dividing
33 the balance of the family and medical leave insurance account by
34 total covered wages paid by employers and those electing coverage.
35 The division shall be carried to the fourth decimal place with the
36 remaining fraction disregarded unless it amounts to five hundred-
37 thousandths or more, in which case the fourth decimal place shall be
38 rounded to the next higher digit. If the account balance ratio is:

39 (a) Zero to nine hundredths of one percent, the premium is six

1 (b) One tenth of one percent to nineteen hundredths of one
2 percent, the premium is five tenths of one percent of the

11 percent, the premium is two tenths of one percent of the individual's
12 wages; or

13 (f) Five tenths of one percent or greater, the premium is one
14 tenth of one percent of the individual's wages.

15 (7) Beginning January 1, 2021, if the account balance ratio
16 calculated in subsection (6) of this section is below five hundredths
17 of one percent, the commissioner must assess a solvency surcharge at
18 the lowest rate necessary to provide revenue to pay for the
19 administrative and benefit costs of family and medical leave, for the
20 calendar year, as determined by the commissioner. The solvency
21 surcharge shall be at least one-tenth of one percent and no more than
22 six-tenths of one percent and be added to the total premium rate for
23 family and medical leave benefits. Any projected expenditures of
24 general fund moneys into the family and medical leave insurance
25 account pursuant to section 715 of this act must be excluded from the
26 commissioner's determination of the necessary revenue to pay the
27 administrative and benefit costs of family and medical leave for the
28 calendar year.

29 (8) (a) The employer must collect from the employees the premiums
30 and any surcharges provided under this section through payroll
31 deductions and remit the amounts collected to the department.

32 (b) In collecting employee premiums through payroll deductions,
33 the employer shall act as the agent of the employees and shall remit
34 the amounts to the department as required by this title.

35 (c) On September 30th of each year, the department shall average
36 the number of employees reported by an employer over the last four
37 completed calendar quarters to determine the size of the employer for
38 the next calendar year for the purposes of this section and RCW

2 intervals as provided in this title and directed by the department.

3 (10) Premiums collected under this section are placed in trust
4 for the employees and employers that the program is intended to
5 assist.

6 (11) A city, code city, town, county, or political subdivision
7 may not enact a charter, ordinance, regulation, rule, or resolution:

8 (a) Creating a paid family or medical leave insurance program
9 that alters or amends the requirements of this title for any private

25 activities under RCW 70A.200.150 for waste reduction, recycling, and
26 composting efforts; (ii) provide technical assistance to local
27 governments and commercial businesses to increase recycling markets
28 and recycling and composting programs primarily for the products
29 taxed under chapter 82.19 RCW designed to educate citizens about
30 waste reduction, litter control, and recyclable and compostable
31 products and programs; (iii) increase access to waste reduction,
32 composting, and recycling programs, particularly for food packaging
33 and plastic bags and appropriate composting techniques; and (iv) for
34 programs to reduce wasted food and food waste that are designed to
35 achieve the goals established in RCW 70A.205.715(1) and that are
36 consistent with the plan developed in RCW 70A.205.715(3).

37 (2) All taxes imposed in RCW 82.19.010 and fines and bail
38 forfeitures collected or received pursuant to this chapter shall be
39 deposited in the waste reduction, recycling, and litter control

1 account and used for the programs under subsection (1) of this
2 section.

3 (3) Not less than five percent and no more than ten percent of
4 the amount appropriated into the waste reduction, recycling, and
5 litter control account every biennium shall be reserved for capital
6 needs, including the purchase of vehicles for transporting crews and
7 for collecting litter and solid waste. Capital funds shall be
8 distributed among state agencies and local governments according to
9 the same criteria provided in RCW 70A.200.170 for the remainder of
10 the funds, so that the most effective waste reduction, litter
11 control, recycling, and composting programs receive the most funding.
12 The intent of this subsection is to provide funds for the purchase of
13 equipment that will enable the department to account for the greatest
14 return on investment in terms of reaching a zero litter goal.

15 (4) Funds in the waste reduction, recycling, and litter control
16 account, collected under chapter 82.19 RCW, must be prioritized for
17 the products identified under RCW 82.19.020 solely for the purposes
18 of recycling, composting, and litter collection, reduction, and
19 control programs.

20 (5) During the 2021-2023 fiscal biennium, Washington State
21 University may use funds in the waste reduction, recycling, and
22 litter control account, collected under chapter 82.19 RCW, to conduct
23 an organic waste study.

24 (6) During the 2021-2023 fiscal biennium, and as an exception to
25 the distribution of expenditures otherwise required in this section,
26 the department of ecology may use funds in the waste reduction,
27 recycling, and litter control account to continue a series of food
28 waste reduction campaigns and to continue to invest in litter
29 prevention campaigns.

30 **Sec. 957.** RCW 74.46.561 and 2021 c 334 s 993 are each amended to
31 read as follows:

32 (1) The legislature adopts a new system for establishing nursing
33 home payment rates beginning July 1, 2016. Any payments to nursing
34 homes for services provided after June 30, 2016, must be based on the
35 new system. The new system must be designed in such a manner as to
36 decrease administrative complexity associated with the payment
37 methodology, reward nursing homes providing care for high acuity
38 residents, incentivize quality care for residents of nursing homes,
39 and establish minimum staffing standards for direct care.

1 (2) The new system must be based primarily on industry-wide
2 costs, and have three main components: Direct care, indirect care,
3 and capital.

4 (3) The direct care component must include the direct care and
5 therapy care components of the previous system, along with food,
6 laundry, and dietary services. Direct care must be paid at a fixed
7 rate, based on one hundred percent or greater of statewide case mix
8 neutral median costs, but for fiscal year 2023 shall be capped so
9 that a nursing home provider's direct care rate does not exceed one
10 hundred thirty percent of its base year's direct care allowable costs
11 except if the provider is below the minimum staffing standard
12 established in RCW 74.42.360(2). The legislature intends to remove
13 the cap on direct care rates by June 30, 2027. Direct care must be
14 performance-adjusted for acuity every six months, using case mix
15 principles. Direct care must be regionally adjusted using countywide
16 wage index information available through the United States department
17 of labor's bureau of labor statistics. There is no minimum occupancy
18 for direct care. The direct care component rate allocations
19 calculated in accordance with this section must be adjusted to the
20 extent necessary to comply with RCW 74.46.421.

21 (4) The indirect care component must include the elements of
22 administrative expenses, maintenance costs, and housekeeping services
23 from the previous system. A minimum occupancy assumption of ninety
24 percent must be applied to indirect care, except during fiscal year
25 2023 when the minimum occupancy assumption must be 80 percent.
26 Indirect care must be paid at a fixed rate, based on ninety percent
27 or greater of statewide median costs. The indirect care component
28 rate allocations calculated in accordance with this section must be
29 adjusted to the extent necessary to comply with RCW 74.46.421.

30 (5) The capital component must use a fair market rental system to
31 set a price per bed. The capital component must be adjusted for the
32 age of the facility, and must use a minimum occupancy assumption of
33 ninety percent.

34 (a) Beginning July 1, 2016, the fair rental rate allocation for
35 each facility must be determined by multiplying the allowable nursing
36 home square footage in (c) of this subsection by the RSMMeans rental
37 rate in (d) of this subsection and by the number of licensed beds
38 yielding the gross unadjusted building value. An equipment allowance
39 of ten percent must be added to the unadjusted building value. The
40 sum of the unadjusted building value and equipment allowance must

1 then be reduced by the average age of the facility as determined by
2 (e) of this subsection using a depreciation rate of one and one-half
3 percent. The depreciated building and equipment plus land valued at
4 ten percent of the gross unadjusted building value before
5 depreciation must then be multiplied by the rental rate at seven and
6 one-half percent to yield an allowable fair rental value for the
7 land, building, and equipment.

8 (b) The fair rental value determined in (a) of this subsection
9 must be divided by the greater of the actual total facility census
10 from the prior full calendar year or imputed census based on the
11 number of licensed beds at ninety percent occupancy.

12 (c) For the rate year beginning July 1, 2016, all facilities must
13 be reimbursed using four hundred square feet. For the rate year
14 beginning July 1, 2017, allowable nursing facility square footage
15 must be determined using the total nursing facility square footage as
16 reported on the medicaid cost reports submitted to the department in
17 compliance with this chapter. The maximum allowable square feet per
18 bed may not exceed four hundred fifty.

19 (d) Each facility must be paid at eighty-three percent or greater
20 of the median nursing facility RSMeans construction index value per
21 square foot. The department may use updated RSMeans construction
22 index information when more recent square footage data becomes
23 available. The statewide value per square foot must be indexed based
24 on facility zip code by multiplying the statewide value per square
25 foot times the appropriate zip code based index. For the purpose of
26 implementing this section, the value per square foot effective July
27 1, 2016, must be set so that the weighted average fair rental value
28 rate is not less than ten dollars and eighty cents per patient day.
29 The capital component rate allocations calculated in accordance with
30 this section must be adjusted to the extent necessary to comply with
31 RCW 74.46.421.

32 (e) The average age is the actual facility age reduced for
33 significant renovations. Significant renovations are defined as those
34 renovations that exceed two thousand dollars per bed in a calendar
35 year as reported on the annual cost report submitted in accordance
36 with this chapter. For the rate beginning July 1, 2016, the
37 department shall use renovation data back to 1994 as submitted on
38 facility cost reports. Beginning July 1, 2016, facility ages must be
39 reduced in future years if the value of the renovation completed in
40 any year exceeds two thousand dollars times the number of licensed

1 beds. The cost of the renovation must be divided by the accumulated
2 depreciation per bed in the year of the renovation to determine the
3 equivalent number of new replacement beds. The new age for the
4 facility is a weighted average with the replacement bed equivalents
5 reflecting an age of zero and the existing licensed beds, minus the
6 new bed equivalents, reflecting their age in the year of the
7 renovation. At no time may the depreciated age be less than zero or
8 greater than forty-four years.

9 (f) A nursing facility's capital component rate allocation must
10 be rebased annually, effective July 1, 2016, in accordance with this
11 section and this chapter.

12 (g) For the purposes of this subsection (5), "RSMeans" means
13 building construction costs data as published by Gordian.

14 (6) A quality incentive must be offered as a rate enhancement
15 beginning July 1, 2016.

16 (a) An enhancement no larger than five percent and no less than
17 one percent of the statewide average daily rate must be paid to
18 facilities that meet or exceed the standard established for the
19 quality incentive. All providers must have the opportunity to earn
20 the full quality incentive payment.

21 (b) The quality incentive component must be determined by
22 calculating an overall facility quality score composed of four to six
23 quality measures. For fiscal year 2017 there shall be four quality
24 measures, and for fiscal year 2018 there shall be six quality
25 measures. Initially, the quality incentive component must be based on
26 minimum data set quality measures for the percentage of long-stay
27 residents who self-report moderate to severe pain, the percentage of
28 high-risk long-stay residents with pressure ulcers, the percentage of
29 long-stay residents experiencing one or more falls with major injury,
30 and the percentage of long-stay residents with a urinary tract
31 infection. Quality measures must be reviewed on an annual basis by a
32 stakeholder work group established by the department. Upon review,
33 quality measures may be added or changed. The department may risk
34 adjust individual quality measures as it deems appropriate.

35 (c) The facility quality score must be point based, using at a
36 minimum the facility's most recent available three-quarter average
37 centers for medicare and medicaid services quality data. Point
38 thresholds for each quality measure must be established using the
39 corresponding statistical values for the quality measure point
40 determinants of eighty quality measure points, sixty quality measure

1 points, forty quality measure points, and twenty quality measure
2 points, identified in the most recent available five-star quality
3 rating system technical user's guide published by the centers for
4 medicare and medicaid services.

5 (d) Facilities meeting or exceeding the highest performance
6 threshold (top level) for a quality measure receive twenty-five
7 points. Facilities meeting the second highest performance threshold
8 receive twenty points. Facilities meeting the third level of
9 performance threshold receive fifteen points. Facilities in the
10 bottom performance threshold level receive no points. Points from all
11 quality measures must then be summed into a single aggregate quality
12 score for each facility.

13 (e) Facilities receiving an aggregate quality score of eighty
14 percent of the overall available total score or higher must be placed
15 in the highest tier (tier V), facilities receiving an aggregate score
16 of between seventy and seventy-nine percent of the overall available
17 total score must be placed in the second highest tier (tier IV),
18 facilities receiving an aggregate score of between sixty and sixty-
19 nine percent of the overall available total score must be placed in
20 the third highest tier (tier III), facilities receiving an aggregate
21 score of between fifty and fifty-nine percent of the overall
22 available total score must be placed in the fourth highest tier (tier
23 II), and facilities receiving less than fifty percent of the overall
24 available total score must be placed in the lowest tier (tier I).

25 (f) The tier system must be used to determine the amount of each
26 facility's per patient day quality incentive component. The per
27 patient day quality incentive component for tier IV is seventy-five
28 percent of the per patient day quality incentive component for tier
29 V, the per patient day quality incentive component for tier III is
30 fifty percent of the per patient day quality incentive component for
31 tier V, and the per patient day quality incentive component for tier
32 II is twenty-five percent of the per patient day quality incentive
33 component for tier V. Facilities in tier I receive no quality
34 incentive component.

35 (g) Tier system payments must be set in a manner that ensures
36 that the entire biennial appropriation for the quality incentive
37 program is allocated.

38 (h) Facilities with insufficient three-quarter average centers
39 for medicare and medicaid services quality data must be assigned to
40 the tier corresponding to their five-star quality rating. Facilities

1 with a five-star quality rating must be assigned to the highest tier
2 (tier V) and facilities with a one-star quality rating must be
3 assigned to the lowest tier (tier I). The use of a facility's five-
4 star quality rating shall only occur in the case of insufficient
5 centers for medicare and medicaid services minimum data set
6 information.

7 (i) The quality incentive rates must be adjusted semiannually on
8 July 1 and January 1 of each year using, at a minimum, the most
9 recent available three-quarter average centers for medicare and
10 medicaid services quality data.

11 (j) Beginning July 1, 2017, the percentage of short-stay
12 residents who newly received an antipsychotic medication must be
13 added as a quality measure. The department must determine the quality
14 incentive thresholds for this quality measure in a manner consistent
15 with those outlined in (b) through (h) of this subsection using the
16 centers for medicare and medicaid services quality data.

17 (k) Beginning July 1, 2017, the percentage of direct care staff
18 turnover must be added as a quality measure using the centers for
19 medicare and medicaid services' payroll-based journal and nursing
20 home facility payroll data. Turnover is defined as an employee
21 departure. The department must determine the quality incentive
22 thresholds for this quality measure using data from the centers for
23 medicare and medicaid services' payroll-based journal, unless such
24 data is not available, in which case the department shall use direct
25 care staffing turnover data from the most recent medicaid cost
26 report.

27 (7) Reimbursement of the safety net assessment imposed by chapter
28 74.48 RCW and paid in relation to medicaid residents must be
29 continued.

30 (8) (a) The direct care and indirect care components must be
31 rebased in even-numbered years, beginning with rates paid on July 1,
32 2016. Rates paid on July 1, 2016, must be based on the 2014 calendar
33 year cost report. On a percentage basis, after rebasing, the
34 department must confirm that the statewide average daily rate has
35 increased at least as much as the average rate of inflation, as
36 determined by the skilled nursing facility market basket index
37 published by the centers for medicare and medicaid services, or a
38 comparable index. If after rebasing, the percentage increase to the
39 statewide average daily rate is less than the average rate of
40 inflation for the same time period, the department is authorized to

1 increase rates by the difference between the percentage increase
2 after rebasing and the average rate of inflation.

3 (b) It is the intention of the legislature that direct and
4 indirect care rates paid in fiscal year 2022 will be rebased using
5 the calendar year 2019 cost reports. For fiscal year 2021, in
6 addition to the rates generated by (a) of this subsection, an
7 additional adjustment is provided as established in this subsection
8 (8)(b). Beginning May 1, 2020, and through June 30, 2021, the
9 calendar year costs must be adjusted for inflation by a twenty-four
10 month consumer price index, based on the most recently available
11 monthly index for all urban consumers, as published by the bureau of
12 labor statistics. It is also the intent of the legislature that,
13 starting in fiscal year 2022, a facility-specific rate add-on equal
14 to the inflation adjustment that facilities received solely in fiscal
15 year 2021, must be added to the rate.

16 (c) To determine the necessity of regular inflationary
17 adjustments to the nursing facility rates, by December 1, 2020, the
18 department shall provide the appropriate policy and fiscal committees
19 of the legislature with a report that provides a review of rates paid
20 in 2017, 2018, and 2019 in comparison to costs incurred by nursing
21 facilities.

22 (9) The direct care component provided in subsection (3) of this
23 section is subject to the reconciliation and settlement process
24 provided in RCW 74.46.022(6). Beginning July 1, 2016, pursuant to
25 rules established by the department, funds that are received through
26 the reconciliation and settlement process provided in RCW
27 74.46.022(6) must be used for technical assistance, specialized
28 training, or an increase to the quality enhancement established in
29 subsection (6) of this section. The legislature intends to review the
30 utility of maintaining the reconciliation and settlement process
31 under a price-based payment methodology, and may discontinue the
32 reconciliation and settlement process after the 2017-2019 fiscal
33 biennium.

34 (10) Compared to the rate in effect June 30, 2016, including all
35 cost components and rate add-ons, no facility may receive a rate
36 reduction of more than one percent on July 1, 2016, more than two
37 percent on July 1, 2017, or more than five percent on July 1, 2018.
38 To ensure that the appropriation for nursing homes remains cost
39 neutral, the department is authorized to cap the rate increase for
40 facilities in fiscal years 2017, 2018, and 2019.

1 **Sec. 958.** RCW 76.04.516 and 2021 c 298 s 3 are each amended to
2 read as follows:

3 (1) By December 1st of each even-numbered year, and in compliance
4 with RCW 43.01.036, the department must report to the governor and
5 legislature on the following:

6 (a) The type and amount of the expenditures made, by fiscal year,
7 and for what purpose, from the wildfire response, forest restoration,
8 and community resilience account created in RCW 76.04.511 and from
9 expenditures made from the general fund for implementation of this
10 act;

11 (b) The amount of unexpended and unobligated funds in the
12 wildfire response, forest restoration, and community resilience
13 account and recommendations for the disbursement to local districts;

14 (c) Progress on implementation of the wildland fire protection
15 10-year strategic plan including, but not limited to, how investments
16 are reducing human-caused wildfire starts, lowering the size and
17 scale and geography of catastrophic wildfires, reducing the
18 communities, landscapes, and population at risk, and creating
19 resilient landscapes and communities;

20 (d) Progress on implementation of the 20-year forest health
21 strategic plan as established through the forest health assessment
22 and treatment framework pursuant to RCW 76.06.200 including, but not
23 limited to: Assessment of fire prone lands and communities that are
24 in need of forest health treatments; forest health treatments
25 prioritized and conducted by landowner type, geography, and risk
26 level; estimated value of any merchantable materials from forest
27 health treatments; and number of acres treated by treatment type,
28 including the use of prescribed fire;

29 (e) Progress on developing markets for forest residuals and
30 biomass generated from forest health treatments.

31 (2) The department must include recommendations on any
32 adjustments that may be necessary or advisable to the mechanism of
33 funding dispensation as created under chapter 298, Laws of 2021.

34 (3) The report required in this section should support existing
35 department assessments pursuant to RCW 79.10.530 and 76.06.200.

36 (4) (a) (i) Prior to the determination of the 2025-2034 sustainable
37 harvest calculation as required by RCW 79.10.320, the department must
38 hire an independent third-party contractor to assist it in updating
39 its forest inventory by increasing the intensity of forest sample
40 plots on all forestlands over the next two biennium. The department's

1 sustainable harvest calculation technical advisory committee must be
2 involved in the design, development, and implementation of this
3 forest inventory update.

4 (ii) For purposes of this subsection, "forest inventory" means
5 the collection of sample data to estimate a range of forest
6 attributes including, but not limited to, standing volume, stored
7 carbon, habitat attributes, age classes, tree species, and other
8 inventory attributes, including information needed to estimate rates
9 of tree growth and associated carbon sequestration on department
10 lands.

11 (iii) The department's sustainable harvest calculation technical
12 advisory committee must bring forward recommendations for regular
13 maintenance and updates to the forest inventory on a ten-year basis.

14 (b) Prior to the determination of the 2025-2034 sustainable
15 harvest calculation as required by RCW 79.10.320, the department must
16 hire a third-party contractor to review, analyze, and advise the
17 department's forest growth and yield modeling, specific to all types
18 of forested acres managed by the department. The department's
19 sustainable harvest calculation technical advisory committee must be
20 involved in the design, review, and analysis of the department's
21 forest growth and yield modeling.

22 (c) Prior to the determination of the 2025-2034 sustainable
23 harvest calculation as required by RCW 79.10.320 and in the absence
24 of any litigation, pending or in progress, against the department's
25 sustainable harvest calculation, the joint legislative audit and
26 review committee established in chapter 44.28 RCW must oversee and
27 conduct an independent review of the methodologies and data being
28 utilized by the department in the development of the sustainable
29 harvest calculation, including the associated forest inventory,
30 forest growth, harvest and yield data, and modeling techniques that
31 impact harvest levels. In carrying out the review, the joint
32 legislative audit and review committee shall:

33 (i) Retain one or more contractors with expertise in forest
34 inventories, forest growth and yield modeling, and operational
35 research modeling in forest harvest scheduling to conduct the
36 technical review;

37 (ii) Be a member of department's sustainable harvest calculation
38 technical advisory committee, along with one of its contractors
39 selected in (c) (i) of this subsection; and

1 (iii) Prior to the department's determination of the sustainable
2 harvest (~~(calculation)~~) calculation under RCW 79.10.320, ensure
3 that a completed independent review and report with findings and
4 recommendations is submitted to the board of natural resources and
5 the legislature.

6 (d) Upon receiving the report from the joint legislative audit
7 and review committee required under (c)(iii) of this subsection, the
8 board of natural resources shall determine whether modifications are
9 necessary to the sustainable harvest calculation prior to approving
10 harvest level under RCW 79.10.320.

11 **Sec. 959.** RCW 79A.80.020 and 2017 c 121 s 1 are each amended to
12 read as follows:

13 (1) Except as otherwise provided in this chapter, a discover pass
14 is required for any motor vehicle to:

15 (a) Park at any recreation site or lands; or

16 (b) Operate on any recreation site or lands.

17 (2) Except as provided in RCW 79A.80.110 and for fiscal year
18 2023, the cost of a discover pass is thirty dollars. Every four years
19 the office of financial management must review the cost of the
20 discover pass and, if necessary, recommend to the legislature an
21 adjustment to the cost of the discover pass to account for inflation.

22 (3) A discover pass is valid for one year beginning from the date
23 that the discover pass is marked for activation. The activation date
24 may differ from the purchase date pursuant to any policies developed
25 by the agencies.

26 (4) Sales of discover passes must be consistent with RCW
27 79A.80.100.

28 (5) The discover pass must contain space for two motor vehicle
29 license plate numbers. A discover pass is valid only for those
30 vehicle license plate numbers written on the pass. However, the
31 agencies may offer for sale a family discover pass that is fully
32 transferable among vehicles and does not require the placement of a
33 license plate number on the pass to be valid. The agencies must
34 collectively set a price for the sale of a family discover pass that
35 is no more than fifty dollars. A discover pass is valid only for use
36 with one motor vehicle at any one time.

37 (6)(a) One complimentary discover pass must be provided to a
38 volunteer who performed twenty-four hours of service on agency-
39 sanctioned volunteer projects in a year. The agency must provide

1 vouchers to volunteers identifying the number of volunteer hours they
2 have provided for each project. The vouchers may be brought to an
3 agency to be redeemed for a discover pass.

4 (b) Married spouses under chapter 26.04 RCW may present an agency
5 with combined vouchers demonstrating the collective performance of
6 twenty-four hours of service on agency-sanctioned volunteer projects
7 in a year to be redeemed for a single complimentary discover pass.

8 (7) For fiscal year 2023, a discover pass must be provided to the
9 public free of charge. The commission must provide discover passes to
10 all vendor sites for distribution. The commission must provide the
11 department of licensing discover passes to make available to all
12 people who are purchasing vehicle licensing within fiscal year 2023.

13 **Sec. 960.** 2021 c 334 s 939 (uncodified) is amended to read as
14 follows:

15 **~~COLLECTIVE BARGAINING AGREEMENT—HIGHLINE COMMUNITY COLLEGE—WPEA~~**

16 (1) An agreement has been reached between Highline Community
17 College and the Washington public employees association under the
18 provisions of chapter 41.80 RCW for the 2021-2023 fiscal biennium.
19 Funding is provided to fund the agreement, which does not include
20 either a general wage increase or mandatory employee furloughs.

21 (2) For fiscal year 2023 employees covered by Washington public
22 employees association at the Highline Community College are included
23 in the coalition agreement in sec. 912 of this act.

24 NEW SECTION. **Sec. 961.** If any provision of this act or its
25 application to any person or circumstance is held invalid, the
26 remainder of the act or the application of the provision to other
27 persons or circumstances is not affected.

28 NEW SECTION. **Sec. 962.** This act is necessary for the immediate
29 preservation of the public peace, health, or safety, or support of
30 the state government and its existing public institutions, and takes
31 effect immediately.
