5 "(b) The department, in consultation with the department of
6 health, must carry out a literature review of studies assessing the
7 human health impacts of formaldehyde-releasing agents or chemicals
8 suspected or known to release formaldehyde. The department must
9 complete its review and submit a report to the appropriate committees
10 of the house of representatives and the senate by December 31, 2023,
11 that describes whether the literature review has found any scientific
12 evidence to support the contention that formaldehyde-releasing agents
13 pose a risk to human health."

EFFECT: Eliminates the restrictions on formaldehyde releasing agents in cosmetic products. Directs the department of ecology, in consultation with the department of health, to carry out a literature review and report to the appropriate committees of the legislature by December 31, 2023, regarding any identified evidence in support of the contention that formaldehyde-releasing agents post a risk to human health.
