

2SHB 1392 - H AMD 233

By Representative Schmidt

NOT ADOPTED 03/04/2023

1 On page 7, beginning on line 8, after "(b)" strike all material
2 through "repairs" on line 9 and insert "Prohibiting the sharing of
3 passcodes and passwords to protect the customer's privacy"

EFFECT: Modifies the written notice that a repair provider must either provide to the customer or post on their website or place of business to state that customers may take steps to safeguard their device data, including "prohibiting the sharing of passcodes or passwords to protect the customer's privacy" rather than "sharing only the passwords or access to functions necessary for the relevant repairs."
